UNCOMMON SCHOLARSHIP TUITION ESTIMATION SHEET

Date: _____ FOO Number: _____

We recognize how difficult it is today for adult learners to find the financial support they need to further their careers and personal vocations. We, at Concordia, have created these scholarships to ease the burden and help you reach you God-given potential. When estimating tuition, here are a few things to be mindful of:

- Note the tuition rate for the academic year in which you will be taking the course.
- Note any extra fees.
- Books are not included.
- Should you change employment or the scholarship no longer qualify, the projected estimate may change.
- Actual costs vary. This worksheet does not provide a comprehensive overview of all possible variables.

We filled out an example to get you started.

First, make sure it is an eligible course.	*Most eligible courses are 3 credits.*	*Enter the cost per credit of the applicable academic year for your program. Amounts vary.*	*This is the total tuition of the course.*	*Look up which Uncommon Scholarship you qualify for. Amounts vary.*	
Course	**Number of Credits**	**Cost per credit**	**Total**	**Scholarship Amount**	**Estimate**
Language and Literacy	*3*	*$596*	*$1,788*	*$450 (Academic)*	*$1,388*
