- During my time at Concordia, I truly enjoyed every experience. I love how the school made commuters feel welcome, loved and valued just as much as students living on campus. I appreciated all the devotions that were given. I truly appreciated all of my religion courses. I feel like they brought me closer to God and gave me a better understanding of how to use my faith more in my everyday life. This school was amazing and I enjoyed every moment of the curriculum.
- I would like to work for a few years and I then plan to attend graduate school at CUW for computer science and MBA. I really love the education that I have obtained as I am a student that transferred from Cardinal Stritch University. I really love the innovation to take my classes online as I had to work fulltime to pay for my education. Great job CUW!!!!

## Traditional Bachelor's Degree

- I am glad that CUW offered online class (I started pre-pandemic), otherwise I would not have been able to go back to school.

My dissertation chair, Dr. (Redacted), was critical to my success. She challenged me to be my best while supporting me at every step of the way. She was the perfect chair for my doctoral journey.
- In addition to my coursework, the mentorship of Dr. Redacted made the entire experience worth it. She truly is a blessing and a gift to CUW. I don't think I would've had the experience I did if it wasn't for her.
- I am a different person today because of my experience at Concordia. There WAS a faith aspect in every class, which helped me to realize the Lutheran Christian foundation of CUW, which was my hope. The dissertation process was grueling but excellent. The entire program and journey were excellent beyond my expectations. Thank you! I thank God!!
