Dear Students, Instructors, Supervisors and Staff,

Welcome to the Social Work Field Education, also known as the Signature Pedagogy of the field of Social Work. The BSW program was established at Concordia University in 1978. The program is accredited by the Council on Social Work Education (CSWE) through June 2018. This Field Education Manual has been designed as a guide for student interns, Field Instructors, task supervisors, and other field agency staff. It is your primary guide for field-related information including policies and procedures, roles and responsibilities, and standard forms used in the field.

It is the responsibility of all persons involved in field instruction to be familiar with the manual, and to keep it as a reference.\(^1\) Any questions should be directed to the Coordinator for the field education program, Sara Koeferl, Sara.Koeferl@cuw.edu, the BSW Coordinator, Sarah.Collins@cuw.edu, or to the Chair of the Department of Social Work, Dr. Elizabeth Talbot, Elizabeth.Talbot@cuw.edu.

All BSW students are required to abide by policies set forth in the Student Handbook and the Field Manual. Professional conduct is expected at all times and compliance with the NASW Code of Ethics, the CUW Student Code of Conduct, and the Department of Social Work Code of Conduct.

The BSW program is designed to prepare professional social workers who identify as social workers in their work with society, and with individuals and families. The BSW curriculum will provide you with knowledge, methods and skills used in social work practice. It is considered the knowledge base of the profession, and a knowledge base that every social worker has when graduating from a CSWE accredited program.

With this knowledge base, graduates are able to respond to a wide range of social problems and work in multiple areas of practice. As a professional social worker, the BSW is prepared for graduate level work in an MSW program. The BSW is eligible to request advanced standing, reducing the credits required for the MSW degree by one year. CUW has an MSW program and welcomes the Department’s BSW graduates to apply for advanced standing.

As a professional social worker upon graduation, we are confident that you will represent well the Christian faith and Concordia University.

Sincerely,

Elizabeth Talbot, Ph.D., M.S., M.S.W., LCSW
Professor & Chair, Department of Social Work

Mission Statements

Concordia University System Mission and Purpose: Concordia University System builds national identity, enables cooperative endeavors and enhances the strength of the colleges and universities of the Lutheran Church – Missouri Synod as they engage students of diverse ages and cultures in quality, Christ-centered, value-oriented, Lutheran higher education for lives of service to church and community.

Concordia University Wisconsin Mission Statement. Concordia University is a Lutheran higher education community committed to helping students’ development in mind, body, and spirit for service to Christ in the church and the world.

The School of Health Professions (SHP) Mission. The School of Health Professions is dedicated to serving the diverse health needs of individuals and communities by providing a rigorous, experiential, collaborative education that prepares outstanding health professionals who integrate faith, professional excellence and service.

CUW Department of Social Work BSW Program Mission. To prepare graduates for baccalaureate level, generalist, Social Work practice, within the context of faith, service and social justice.

Generalist Practice

Generalist Social Work practitioners work with individuals, families, groups, communities, and organizations in a variety of Social Work settings. Generalist practitioners view clients and client systems from a strengths perspective in order to recognize, support, and build upon the innate capabilities of all human beings. They use a professional problem solving process to engage, assess, broker services, advocate, counsel, educate, and organize with and on behalf of the client and client systems. In addition, generalist practitioners engage in community and organizational development. Finally, generalist practitioners evaluate service outcomes in order to continually improve the provision and quality of services most appropriate to client needs.

Social Workers also embrace six core values. These values are service, social justice, the dignity and worth of each person, the importance of human relationships, integrity, and competence.

BSW Program Goals

1. Prepare students for professional generalist practice.
2. Prepare students for practice within the nine areas of competency as defined by the Council on Social Work Education (CSWE).
3. Encourage students to draw on the foundations of Christianity in faith, service, and social justice, and to provide leadership in the provision of service and solidarity for all persons, especially marginalized or oppressed groups.
4. Develop students with strong practice skills built on the knowledge base of the profession.
5. Support students in their understanding of and ability to apply the NASW Code of Ethics when practicing, and in their understanding of the relationship between the code of ethics and Christianity.
6. Prepare students who can apply research and/or evidence-based practice in practice settings, and in evaluating the effectiveness of practice and programs.

**Resources to Review in the Social Work Student Handbook**

Before proceeding, please review the following sections of your Social Work Student Handbook, as they are equally important and apply to your Field Experience, as well as the rest of your Social Work Program and studies.

- NASW Code of Ethics
- Grievance Policies and Procedures
- Harassment Policy
- Concordia University Policies
- Social Work Student Rights and Responsibilities
- Termination Policies
- Service Learning and IPE Requirements
CSWE Competencies

The BSW program is accredited by the Council on Social Work Education (CSWE). All accredited programs strive to assist students in the development of the nine (9) competencies and their associated behaviors. The competencies and behaviors are consistent with the goals of the BSW program and are as follows:

**Competency 1 - Demonstrate Ethical & Professional Behavior**

Social Workers understand the value base of the profession and its ethical standards, as well as relevant laws and regulations that may impact practice at the micro, mezzo, and macro levels. Social Workers understand frameworks of ethical decision-making and how to apply principles of critical thinking to those frameworks in practice, research, and policy arenas. Social Workers recognize personal values and the distinction between personal and professional values. They also understand how their personal experiences and affective reactions influence their professional judgment and behavior. Social Workers understand the profession’s history, its mission, and the roles and responsibilities of the profession. Social Workers also understand the role of other professions when engaged in interprofessional teams. Social Workers recognize the importance of life-long learning and are committed to continually updating their skills to ensure they are relevant and effective. Social Workers also understand emerging forms of technology and the ethical use of technology in Social Work practice. Social Workers:

- Make ethical decisions by applying the standards of the NASW Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics as appropriate to context.
- Use reflection and self-regulation to manage personal values and maintain professionalism in practice situations.
- Demonstrate professional demeanor in behavior, appearance, and oral, written, and electronic communication.
- Use technology ethically and appropriately to facilitate practice outcomes.
- Use supervision and consultation to guide professional judgment and behavior.

**Competency 2 - Engage Diversity and Difference in Practice**

Social Workers understand how diversity and difference characterize and shape the human experience and are critical to the formation of identity. The dimensions of diversity are understood as the intersectionality of multiple factors including but not limited to age, class, color, culture, disability and ability, ethnicity, gender, gender identity and expression, immigration status, marital status, political ideology, race, religion/spirituality, sex, sexual orientation, and tribal sovereign status. Social Workers understand that, as a consequence of difference, a person’s life experiences may include oppression, poverty, marginalization, and alienation as well as privilege, power, and acclaim. Social Workers also understand the forms
and mechanisms of oppression and discrimination and recognize the extent to which a culture’s structures and values, including social, economic, political, and cultural exclusions, may oppress, marginalize, alienate, or create privilege and power. Social Workers:

- Apply and communicate understanding of the importance of diversity and difference in shaping life experiences in practice at the micro, mezzo, and macro levels.
- Present themselves as learners and engage clients and constituencies as experts of their own experiences.
- Apply self-awareness and self-regulation to manage the influence of personal biases and values in working with diverse clients and constituencies.

**Competency 3 - Advance Human Rights and Social, Economic, and Environmental Justice**

Social Workers understand that every person regardless of position in society has fundamental human rights such as freedom, safety, privacy, an adequate standard of living, health care, and education. Social Workers understand the global interconnections of oppression and human rights violations, and are knowledgeable about theories of human need and social justice and strategies to promote social and economic justice and human rights. Social Workers understand strategies designed to eliminate oppressive structural barriers to ensure that social goods, rights, and responsibilities are distributed equitably and that civil, political, environmental, economic, social, and cultural human rights are protected. Social Workers:

- Apply their understanding of social, economic, and environmental justice to advocate for human rights at the individual and system levels
- Engage in practices that advance social, economic, and environmental justice

**Competency 4 - Engage in Practice-informed Research and Research-informed Practice**

Social Workers understand quantitative and qualitative research methods and their respective roles in advancing a science of Social Work and in evaluating their practice. Social Workers know the principles of logic, scientific inquiry, and culturally informed and ethical approaches to building knowledge. Social Workers understand that evidence that informs practice derives from multi-disciplinary sources and multiple ways of knowing. They also understand the processes for translating research findings into effective practice. Social Workers:

- Use practice experience and theory to inform scientific inquiry and research
- Apply critical thinking to engage in analysis of quantitative and qualitative research
- Use and translate research evidence to inform and improve practice, policy, and service delivery.

**Competency 5 - Engage in Policy Practice**

Social Workers understand that human rights and social justice, as well as social welfare and services, are mediated by policy and its implementation at the federal, state, and local levels.
Social Workers understand the history and current structures of social policies and services, the role of policy in service delivery, and the role of practice in policy development. Social Workers understand their role in policy development and implementation within their practice settings at the micro, mezzo, and macro levels and they actively engage in policy practice to effect change within those settings. Social Workers recognize and understand the historical, social, cultural, economic, organizational, environmental, and global influences that affect social policy. They are also knowledgeable about policy formulation, analysis, implementation, and evaluation.

Social Workers:

- Identify social policy at the local, state, and federal level that impacts well-being, service delivery, and access to social services
- Assess how social welfare and economic policies impact the delivery of and access to social services
- Apply critical thinking to analyze, formulate, and advocate for policies that advance human rights and social, economic, and environmental justice

**Competency 6 - Engage with Individuals, Families, Groups, Organizations, and Communities**

Social Workers understand that engagement is an ongoing component of the dynamic and interactive process of Social Work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social Workers value the importance of human relationships. Social Workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge to facilitate engagement with clients and constituencies, including individuals, families, groups, organizations, and communities. Social Workers understand strategies to engage diverse clients and constituencies to advance practice effectiveness. Social Workers understand how their personal experiences and affective reactions may impact their ability to effectively engage with diverse clients and constituencies. Social Workers value principles of relationship-building and interprofessional collaboration to facilitate engagement with clients, constituencies, and other professionals as appropriate. Social Workers:

- Apply knowledge of human behavior and the social environment, person-in-environment, and other multidisciplinary theoretical frameworks to engage with clients and constituencies
- Use empathy, reflection, and interpersonal skills to effectively engage diverse clients and constituencies

**Competency 7 - Assess Individuals, Families, Groups, Organizations, and Communities**

Social Workers understand that assessment is an ongoing component of the dynamic and interactive process of Social Work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social Workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge in the assessment of
diverse clients and constituencies, including individuals, families, groups, organizations, and communities. Social Workers understand methods of assessment with diverse clients and constituencies to advance practice effectiveness. Social Workers recognize the implications of the larger practice context in the assessment process and value the importance of interprofessional collaboration in this process. Social Workers understand how their personal experiences and affective reactions may affect their assessment and decision-making. Social Workers:

- Collect and organize data, and apply critical thinking to interpret information from clients and constituencies
- Apply knowledge of human behavior and the social environment, person-in-environment, and other multidisciplinary theoretical frameworks in the analysis of assessment data from clients and constituencies
- Develop mutually agreed-on intervention goals and objectives based on the critical assessment of strengths, needs, and challenges within clients and constituencies;
- Select appropriate intervention strategies based on the assessment, research knowledge, and values and preferences of clients and constituencies

**Competency 8 - Intervene with Individuals, Families, Groups, Organizations and Communities**

Social Workers understand that intervention is an ongoing component of the dynamic and interactive process of Social Work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social Workers are knowledgeable about evidence-informed interventions to achieve the goals of clients and constituencies, including individuals, families, groups, organizations, and communities. Social Workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge to effectively intervene with clients and constituencies. Social Workers understand methods of identifying, analyzing and implementing evidence-informed interventions to achieve client and constituency goals. Social Workers value the importance of inter-professional teamwork and communication in interventions, recognizing that beneficial outcomes may require interdisciplinary, inter-professional, and inter-organizational collaboration. Social Workers:

- Critically choose and implement interventions to achieve practice goals and enhance capacities of clients and constituencies
- Apply knowledge of human behavior and the social environment, person-in-environment, and other multidisciplinary theoretical frameworks in interventions with clients and constituencies
- Use inter-professional collaborations as appropriate to achieve beneficial practice outcomes
- Negotiate, mediate, and advocate with and on behalf of diverse clients and constituencies
- Facilitate effective transitions and endings that advance mutually agreed-on goals
Competency 9 - Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities

Social Workers understand that evaluation is an ongoing component of the dynamic and interactive process of Social Work practice with, and on behalf of, diverse individuals, families, groups, organizations and communities. Social Workers recognize the importance of evaluating processes and outcomes to advance practice, policy, and service delivery effectiveness. Social Workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge in evaluating outcomes. Social Workers understand qualitative and quantitative methods for evaluating outcomes and practice effectiveness. Social Workers:

- Select and use appropriate methods for evaluation of outcomes
- Apply knowledge of human behavior and the social environment, person-in-environment, and other multidisciplinary theoretical frameworks in the evaluation of outcomes
- Critically analyze, monitor, and evaluate intervention and program processes and outcomes
- Apply evaluation findings to improve practice effectiveness at the micro, mezzo, and macro levels.

Field Placement Policies & Procedures

The following sections outline the policies and procedures that inform and guide field placements. If you have any questions regarding these sections or anything within this manual, please contact the Field Coordinator.

Code of Ethics

The faculty of the Department of Social Work adhere to the NASW Code of Ethics and expects all BSW students to conduct themselves in accordance with the Code of Ethics at all times. The Code of Ethics can be found at [http://www.naswdc.org](http://www.naswdc.org) and students will receive a hard copy with this manual.

Reasonable Effort for Field Placement

The Department of Social Work will make reasonable efforts to work with a student to find a suitable field placement, but does not guarantee an internship for students. Should a student not be accepted for a field placement after reasonable efforts by the school, a Formal Student Review will be initiated by the Field Coordinator. Reasonable efforts for a placement in an internship are considered to be:

- Offering the student three (3) field placement referrals, all of which the student refuses
- Three (3) post-interview rejections of a student by potential field agencies
- A student refuses (3) offers for a field placement
Student Review and Termination from Field

Because the field placement has consequences that also affect the well-being of clients, students who receive a “B-” or lower in their field placement or irregularly attend their scheduled hours may be terminated from the program. The Field Coordinator has the responsibility for determining the final grade for the field placement. Therefore, throughout the field placement process any concerns about student functioning should be addressed. This is especially the case during the midterm and final evaluation meetings with the student, Field Instructor, and Field Coordinator. If a student receives a “B-” or lower at the midterm or final evaluation, a student review will result.

In the event a student does not complete all of the required placement hours by the end of the semester, a grade of “C” or lower will be entered. The student, Field Coordinator, and Field Supervisor will agree on a plan and a date when the missed hours will be completed and the grade will be changed. Regardless, the student must complete all of the field hours within three weeks of the end of the semester. If the student does not complete the hours, the grade of “C” or lower will stand and a student review will be initiated by the Field Coordinator.

The student review begins with a written notice by the Field Coordinator outlining the concerns regarding the student’s performance in field. The student will then be required to attend a formal student review. During the review meeting, issues associated with field, concerns, and options will be addressed. The student will bring a written plan of corrective action to the meeting. The individuals invited to the student review will include the student, the Field Coordinator, and the Chair of the Department of Social Work. If the student does not demonstrate significant improvement, the student may be terminated from the placement and/or the Social Work program. Options as a result of the student review include:

1. Return to placement with a written plan of action in place.
2. Dismissal from the current field placement with an opportunity to repeat the field sequence. The field sequence can be repeated only one time in a future semester. Failure to receive a “B” or higher in a second placement will result in dismissal from the Social Work major.
3. Immediate dismissal from the Social Work major.

If a student has been terminated from the field placement as a result of conduct, excessive tardiness, absences, unprofessional behavior or any reason beyond expected professional behavior, the student is not guaranteed another field placement.

If the student is given the opportunity for a second field placement, the Department cannot guarantee a placement can be located, and cannot guarantee the placement will be in the same academic year. A student may need to wait until the following academic year to be placed in another agency, due to the date the student review occurs, the nature of the issue that created the termination, and the availability of appropriate field agencies willing to take a student intern. The recommendations of the Chair and Field Coordinator in attendance at the student review may be that the student must wait until the next academic year before a placement will be
attempted again; or that the student be given the opportunity to seek counseling or other corrective measures before another field placement can be attempted.

All field placements must be within driving distance of Concordia University-Wisconsin and within the State of Wisconsin. Please note that agencies who accept student interns are volunteers who have agreed to provide students with a valuable field experience. They are not required to continue with student interns they feel are not appropriate for their field setting. Agencies have the right to fire interns or terminate the internship for any reason they deem necessary.

**Criminal Background Check/ Drug and Alcohol Screening**

It is the Policy of the School of Health Professions that every student must complete a criminal background check by the agency identified by the University. Traditional students at the Mequon campus will complete the background check the summer prior to their senior year. Adult students at the Accelerated Learning Centers will complete their background check during the admission process. Students are responsible for paying for the background check and for providing access to the report to the Department of Social Work.

Students need to be aware that certain convictions may preclude a student from being accepted into a placement. Depending on the seriousness of the conviction, the student may also be prohibited from seeking licensure and/or certification in the State of Wisconsin and other states. Placement agencies have the right to decline a student for acceptance as a student intern. Students who are unable to obtain a placement may not successfully complete the Bachelor of Social Work (BSW) program. In addition to CUW’s background check, students may be subject to a background check and/or a drug and alcohol screening at their placement location.

If a student has concerns related to results of the background check, they should contact the Field Coordinator at the Mequon Campus and/or their Admissions Counselor at the Accelerated Learning Centers PRIOR to the background screening. Students may also contact the Social Worker Licensure Board with specific questions. Once the background check is completed, should anything occur that would affect the outcome of a background check, students must notify the Field Coordinator or Admissions Counselor as soon as possible.

**The Field Instruction Sequence: General Information**

Students begin the field instruction sequence in the fall semester of the senior year. Students’ complete both semesters of their field education at the same agency. During both semesters, students spend a minimum of 16 hours per week at the agency for a minimum total of 432 clock hours of field instruction. Field students make a commitment to remain with the agency until the end of each semester.

Students begin their field placement at the start of their senior year and are required to enroll in SW 327 Field Education I for the fall semester and SW 427 Field Education II for the spring semester. Each field education course is equivalent to three (3) credit hours. Students earn
six (6) credit hours for the field education component of their Social Work education. Concurrent to each field education class, students enroll in the seminar sequence of SW 328 Field Seminar I and SW 428 Field Seminar II, earning three (3) credits per course. The seminar format provides for the integration of field experiences with classroom learning through discussion and assignments. In the students’ second semester of senior year, they will also be enrolled in SW 490 Senior Integrative Seminar, an integrating course for field education and previous Social Work classes.

Prior to enrolling in the field instruction, students will have successfully completed the following Social Work courses with a “C” or better:

SW 225 Social Work & Social Welfare*
SW 235 Introduction to Child Welfare*
SW 306 Social Welfare Policy & Programs
SW 326 & 426 Skills & Methods of Social Work Practice I & II
SW 346 & 347 Human Behavior & the Social Environment I & II
SW 310 & 410 Research Methods I & II
SW 436 Skills & Methods of Social Work Practice III (Accelerated Students only)

*Previously SW 100 Introduction to Social Work and SW 205 Introduction to Social Welfare

The students’ goal in the field instruction sequence is to achieve competence at the beginning level of professional Social Work practice.

Field instruction is limited to traditional and accelerated students who are formally admitted to the Social Work program and have completed all prerequisites for Field Education, including maintaining the program’s minimum GPA requirements. Program admission requires a minimum cumulative GPA of 2.5 and a 2.75 GPA in Social Work classes, a written application including a personal narrative, and a personal interview with the Program Director or ALC Admissions Counselor. Admitted students must maintain the program’s minimum GPA requirements in order to be given or remain in a field placement. Students are also required to submit a background check; traditional students complete it the summer prior to their senior year and accelerated students complete it during the program admission process.

**Preparation for Field Placement**

Traditional BSW students will prepare for their field experience in their junior year by attending the Fall Orientation and subsequent workshops throughout the fall and spring semesters. Accelerated BSW students will prepare by attending a field orientation the year prior to their field placement, as well as subsequent workshops in person, via video conferencing and/or videos on Blackboard. Participation in these Field Preparation Workshops is mandatory, as students will learn and develop skills to support their efforts in obtaining a placement. The Field Coordinator will work with both traditional and accelerated students individually and in groups throughout this process.
**Procedure for Field Placement**

The procedures for field placement are as sequenced:

1. Field Orientation during the Fall Orientation
2. Completion of the Application for Field Placement Form.
3. The Application form will be submitted to the Field Coordinator by the first Friday in October.
4. A meeting between the student and Field Coordinator will occur in October to discuss the student’s strengths and interests in field work.
5. The Field Coordinator and the student will explore possible available internship placements, which would have the potential to be a good match.
6. The creation of a professional resume which will be completed by the Friday prior to the fall final exam week.
7. The Field Coordinator will give final approval of the student’s resume before it will be sent to any potential placement agencies.
8. Potential placement agency(s) are identified by Field Coordinator and student interest in the agency(s) is verified.
9. Initial contact with Field Agency is made by Field Coordinator and willingness to supervise a student intern is confirmed.
10. Field Coordinator gives student Field Agency contact information to submit resume
11. Within 48 hours of obtaining contact information student will submit resume to Field Agency contact person.
12. Field Agency contact determines whether to interview student.
13. Field Agency and student schedule interview.
14. Field Agency will notify student of placement decision to either decline or accept intern.
15. Student is to inform Field Coordinator of placement decision within 24 hours.

Final assignments to agencies are based on the outcome of the pre-placement interview, consultation with the Field Coordinator and the student. In the event a placement is not confirmed, the student will again discuss placement with the Field Coordinator and the process is repeated. If the student is denied a placement after three pre-placement interviews because of his or her presentation or readiness, a field assessment will take place within the Department of Social Work to determine if a student’s placement in field instruction is appropriate.

The Field Coordinator will be responsible for initiating formal confirmation via telephone, email, and/or letter. Field materials for the Field Instructor will be prepared and distributed at the field orientation, which is generally conducted in August.

**Field Placement Sites**

The Department of Social Work has developed field placement sites to meet the learning needs and interests of the BSW students. These agencies and organizations have agreed to
interview students for possible field placements. Field placement sites are available within driving distance of the university campus and Accelerated Learning Centers. We are able to work with and develop contracts with agencies in communities in Wisconsin, where students are residing and with agencies that will assist the student in pursuing a practice interest.

**Field Education Hour Requirements**

Field agencies are an integral part of the BSW student’s education. Field education is considered the signature pedagogy of Social Work. It provides the student with supervised professional practice, making it a valuable cornerstone in Social Work education. Field education allows students to develop practice skills and apply Social Work theory to real life practice situations. Augmented by professional supervision in the field and academic mentoring through field education seminar classes, BSW students learn to develop useful skills and begin to establish their professional identities. Over the course of two semesters in one field placement, students complete a total of at least 432 clock hours as student interns. Students are expected to complete 216 hours in both the fall semester and in the spring semester, and are expected to make up missed field days within two weeks.

**Selection of Field Placement Agencies**

The criteria listed below are consistent with guidelines from the Council on Social Work Education (CSWE) and with the mission of Concordia University Wisconsin’s BSW program. The BSW program seeks formal affiliations with public and private non-profit agencies whose policies and programs are consistent with the mission of the Social Work program. In addition, community agencies and organizations are selected based on their ability to provide learning opportunities in which students gain practice experience through guided instruction and supervision in activities and settings that reflect the learning needs for foundation level students. The following criteria are used to assess an organization’s capacity to provide appropriate field placements:

1. Commitment to actively participate as a community partner with Concordia University Wisconsin in providing generalist learning experiences for students giving them the opportunity to practice Social Work activities with supervision.
2. The agency’s mission, purpose and practice are compatible with the NASW Code of Ethics.
3. The agency adheres to a non-discrimination policy with respect to race, age, color, religion, national origin, gender, disability, sexual orientation, veteran status or disability.
4. Willingness to assign activities to students that meet the behaviors associated with the nine (9) competencies at the generalist level of education.
5. The agency has a Social Work focus.
6. Provides an on-site BSW Field Instructor with a minimum of two years of post BSW experience in a Social Work position, and has an expertise in the supervised areas of practice. There may be exceptional situations when an on-site BSW Field Instructor is not
available, but unique learning opportunities are available within an agency. In those situations, the CUW Field Coordinator will work with the agency to locate an off-site supervisor to provide the necessary supervision. The decisions will be made on a case-by-case basis. In situations where the supervisor does not meet the two-year practice requirement and off-site supervisor is unavailable, the Field Coordinator will supplement the supervision of the student as needed through more frequent contact with the student and the supervisor. Consultation with the BSW Advisory Committee may occur in order to determine if any other supervision resources are available for the placement.

7. The agency allows time for the Field Instructor to provide the student with a minimum of one hour per week of individual supervision, to read and evaluate the student’s progress, and to participate in the universities sponsored orientation and trainings.

8. The field agency completes and renew the necessary paperwork and documentation required of all field agencies.

9. The willingness and time to devote to students. Students are placed in one agency internship for two consecutive semesters during the academic year, fall and spring semesters. Only in extenuating circumstances will a student leave a placement before the internship is complete.

10. The ability to serve in a teaching, mentoring and modeling role with students, organize learning tasks, and assist in the development and evaluation of the student /agency learning contract.

11. As available, provides opportunities for students to learn about and practice with persons from marginalized populations including, for example: Native Americans, persons of color, people with disabilities, LGBTQ persons, older adults, persons living in poverty, abused or neglected children, persons diagnosed with a mental illness, persons who are homeless, victims of domestic violence, survivors of human trafficking, and other underserved populations.

12. Provides the necessary structure and supports to enhance student learning such as administrative support and assistance, i.e., a desk, a phone, private space to see clients, etc.

13. Be free of any NASW sanctions and any licensing sanctions if applicable.

**Process for Selection of Field Agencies**

The potential field agency’s capability to provide the necessary learning experiences and supervision is assessed and approved by the Field Coordinator. The process is as follows:

1. Potential field placement agencies can be identified by community members, Social Work faculty, students, and members of the BSW Advisory Board.

2. Identified agencies are sent information about the BSW program along with criteria for selection of field placement sites.

3. Potential field placement sites meet with the Field Coordinator to further discuss the placement opportunity and agency requirements.
4. An important determination is the agency’s ability to provide the necessary learning experiences, time, and resources to meet the educational needs of students. A determination is made concerning the appropriateness of the learning experiences and availability of qualified Field Instructors.

5. If this determination is mutually acceptable to the agency and the Field Coordinator, two University contracts for field placement are provided and signed by the agency and University leadership. When all required signatures are received, the agency and the University each receive a copy of the contract with original signatures.

6. Field Instructor Credential forms will be completed and submitted at the same time the contracts are being completed.

7. Students will interview with the agency. It is the agency’s decision to accept a student intern. If the agency agrees to accept the student and the student accepts the placement, the Field Coordinator will call the agency to confirm and a confirmation letter will be sent.

Selection of Field Instructors and Task Supervisors

Field Instructors

The significance of the field experience as preparation for professional Social Work practice requires those responsible for supervising the student to have appropriate Social Work qualifications. To meet the challenges of educating Social Work students, the Field Instructor should have earned at least one degree from a CSWE accredited Social Work program (BSW or MSW). If the Field Instructor does not have this background, other arrangements may be established to provide a Social Work focus.

The BSW/MSW Field Instructor contracts with the University and student to teach and monitor learning processes and practice in the field agency and in the community. It is essential that they have sanction of the placement agency and the Department of Social Work to serve in this capacity. Additional criteria for selection of Field Instructors include:

- An interest, willingness and availability to work with students
- Ability to organize learning tasks and serve in a teaching role in generalist Social Work practice
- Holds a BSW and/or MSW from a CSWE accredited program
- Has a minimum of two years post BSW/MSW Social Work practice experience
- Has experience and expertise in the type of Social Work practice(s) in which supervision is needed
- If possible, has at least one year of supervision, field instruction, or task supervision experience
- Supportive of the Department of Social Work BSW program
- Has the capacity to stimulate and support students in the learning process
- Free of any NASW sanctions and Social Work licensing standards violations
Task Supervisors

In some situations a task supervisor may be assigned to work alongside a BSW Field Instructor to provide support and task supervision for the BSW student. This may occur when the task supervisor has expertise in a certain area related to the student’s learning goals, but they may not have the degree or qualifications to provide sole field instruction. In other instances, a task supervisor may work in coordination with an off-site Field Instructor (see policy on the selection of an off-site Field Instructors). If there is an off-site Field Instructor, the task supervisor serves as the day-to-day supervisor, mentor and teacher. The Field Instructor and the task supervisor should meet a minimum of one time each month. The student is primarily responsible to the Field Instructor for completion of the Learning Contract. It is important for the Task Supervisor and the Field Instructor to work together closely to ensure that learning objectives are being monitored and satisfactorily achieved. Criteria for selection of task supervisors include:

- An interest and willingness to work with the student and Field Instructor in developing learning activities and monitoring student progress toward these goals
- Experience and expertise in areas of practice designated within the learning contract
- Skill in teaching
- Ability to conceptualize and apply concepts consistent with the theoretical framework

Field Instructors and task supervisors must have a completed Field Instructor Information form on file with the CUW Department of Social Work to provide documentation of their credentials.

Roles and Responsibilities

Student Responsibilities

The student is the central person in the field placement experience and is expected to play an active role in planning and implementing his/her learning experiences in the field practicum. They are expected to actively seek out the types of learning experiences that will help integrate the classroom learning and enable the development and expansion of professional skills. The student is expected to mutually engage in this process with the Field Instructor.

The following specific student responsibilities are important for creating optimal learning conditions in the field, the classroom and the CUW Social Work Environment:

1. Familiarity with the BSW Field Manual and Student Handbook, CSWE competencies, NASW Code of Ethics, theoretical frameworks, and CUW and the Department of Social Work’s Codes of Conduct.
2. Follows the Department of Social Work’s timelines in completion of all requirements for field instruction including, but not limited to the following:
   - *Field Placement Application* by the first Friday in October junior year.
   - A professional resume by the Friday prior to the fall final exam week.
   - Pre-placement interview and internship acceptance.
• Background check completed within 60 days of internship start.
• The Learning Contract must be completed by the date indicated in the SW 328 and SW 428 Field Seminar syllabi and submitted to the Field Coordinator.
• Midterm placement evaluations completed by the date indicated in SW 328 and SW 428 Field Seminar syllabi.
• Final evaluations completed by the date indicated in SW 328 and SW 428 syllabi.
• If a student leaves a field placement prior to completion, a final evaluation will be required.
• Verification of Hours form submitted at the end of each semester. Students will not be issued a grade for the semester until they have completed the required number of semester hours in their field placement. The university does not approve of an incomplete, except in extenuating circumstances. As a result, a grade of “C” or lower will be issued until the semester hours are completed and the appropriate paperwork has been submitted.

3. Actively participate in the field placement process by identifying his/her learning needs and preferences.
4. Schedules interviews with potential placement sites and obtains any additional information that will facilitate the selection process of a field agency.
5. Conducts oneself in a manner that demonstrates respect for and accountability to the field placement agency, client systems, the community, and professional student colleagues as described in CUW and the Department of Social Work’s Codes of Conduct.
6. Abides by field agency policies and procedures.
7. Adheres to the NASW Code of Ethics surrounding confidentiality and privacy laws and guidelines related to client data and information, and professional behavior.
8. Adherence to the attendance policies for seminars and placements as established by the program.
9. Prepares for and actively participates in weekly field supervision and self-assessment.
10. Initiates and follows through with all learning activities developed in collaboration with agency Field Instructor.
11. Completes adequate recording to document the quality and effectiveness of the student’s work as well as progress toward achieving the competency behaviors. This information is shared with the Field Instructor.
12. Meets all obligations to the field placement agency, its clients, and community members and tracks and records practice hours within the field placement agency.
13. Seeks assistance from the agency Field Instructor and the Field Coordinator if problems arise. The student is responsible for taking such action as soon as any concerns arise.
14. Takes responsibility to receive and respond to email at the CUW email address.
15. Takes responsibility for being present at the agency when scheduled and for being on time.
16. Dress appropriately according to the nature of the field setting.
17. Participate fully in planned activities including conferences, seminars, and work assignments.
18. Call the agency if unable to report to work. Plans for making up the time must be made with the agency supervisor **within two weeks of absence**.
19. Students are allowed up to two (2) unapproved absences from their placement each semester. **A third unapproved absence will result in a Student Review.** Students should make every effort to attend all scheduled hours at their field placement.
20. Adhere to the holiday policy: university holidays and vacations will be observed, however the student needs to discuss holidays and vacation days with the Field Instructor in advance. The student may choose to work during the holidays, university breaks, or on weekends. Liability insurance remains in place when CUW is not in formal session.
21. Provide or make arrangements for transportation connected to field placements.
22. Ask questions of the Field Instructor in a timely manner when uncertain, confused, or frustrated.
23. Follow confidentiality guidelines established by the agency and adhere to professional ethics as defined in the NASW Code of Ethics.
24. Complete weekly journal assignments and submit them to the Field Coordinator.
25. Attend and participate in weekly field seminars scheduled by the Field Coordinator.
26. Actively participate in indirect service activities (such as planning and organizational tasks) that are appropriate for Social Workers.
27. Students are subject to the authority, policies, and regulations of the University. During their field placement, they are also subject to the same applicable rules, regulations and policies as are established for agency employees in matters relating to the welfare of clients.
28. Students are expected to assume new responsibilities and to take appropriate risks that will enhance learning. A successful placement is the result of the student’s demonstration of skills, behavior, knowledge, and initiatives.
29. Students are **not** employees of the agency. Students have the status of learners, and will not replace agency personnel, nor give service to clients apart from their field placement responsibilities.

**Agency Responsibilities**

A successful field placement experience is directly correlated with a strong and effective working relationship between the Department of Social Work and the field agency and staff. The success of the partnership is dependent on the commitment of the field agency to provide a quality field experience, the skills of the Field Instructor and task supervisor, and the support from the Department of Social Work. The following outlines the key responsibilities of the field agency, the Field Instructor, and task supervisor.
By agreeing to host a BSW field student, the agency agrees to the following specific responsibilities:

1. Completes the paperwork to document the suitability of the field placement, the Field Instructor’s credentials, and the agency’s policy of non-discrimination.
2. Provides a qualified Field Instructor in accordance with guidelines set forth by the Department of Social Work.
3. Provides the necessary time for the Field Instructor and task supervisor to complete their responsibilities related to the field instruction.
4. Provides the student with the necessary supports to complete their field placement including work space and administrative support.
5. Relates to the student in their student learner role and not as though they were a paid employee.
6. Offers the student opportunities to integrate the nine (9) competencies and associated behaviors through learning activities, and within an organizational structure.
7. Familiarizes the student with the agency’s personal safety policies and protocol. It is assumed that all human service agencies have policies and procedures to ensure the personal safety of staff and clients.
8. Understands that students are not employees of the agency. Recognizes that students have the status of learners and will not utilize the intern to replace agency personnel or expect that they will give service to clients apart from their field placement responsibilities.

Field Instructor & Task Supervisor Responsibilities

Field Instructors are primarily responsible for educating Social Work students in the context of the field placement. The Social Work Department looks to Field Instructors to provide a variety of learning experiences for their students. Ideally, the undergraduate Social Work student will receive a broad experience with their field practicum. The process of teaching requires thought, planning, and creativity. Assignments for the student will be influenced by the service demands of the agency. Field Instructors are expected to provide opportunities to help students move toward increasing autonomy as learners, to develop accountability as professional Social Workers, and to assist students in taking responsibility for their own learning.

The functions and responsibilities of the Field Instructor are as follows:

1. Introduce the student to staff members and provide an orientation to the field setting, familiarizing the student with:
   a. The functions, policies, and goals of the department, agency, and institution.
   b. The relationship of the agency to the community and other agencies.
   c. The agency’s expectations of the student.
2. Develop a learning climate and environment for the student in the agency through a learning/teaching plan or structure.
3. Give assignments consistent with the skills of a generalist Social Worker and designed to promote the student’s learning and professional development.

4. Provide the student the opportunity to observe other staff members at work in specific situations (i.e., interviewing and other Social Work tasks).

5. Arrange for the student to attend staff and interdisciplinary meetings when appropriate.

6. Arrange for weekly supervisory conferences with the student to discuss the application of basic Social Work concepts, values, and skills in field assignments.

7. Give the student an opportunity to work with individuals, families, groups, and in the community.

8. Serve as a professional role model.

9. Provide ongoing supervision and evaluations of the student throughout the placement.

10. Participate in two, three-way conferences with student and Field Coordinator, scheduled throughout the semester. Conferences can be scheduled as in-person meetings or as conference calls.

12. Recommend a grade for the student’s performance; however, the final grade will be determined by the Field Coordinator.

13. Inform the Field Coordinator of any problems or questions as soon as they become evident.

14. When possible, participate in meetings or seminars offered by Concordia University Wisconsin Department of Social Work.

**Field Coordinator Responsibilities**

The functions and responsibilities of the Field Coordinator are as follows:

1. Participate in the process of having students interview for field assignments. The Field Coordinator facilitates the field experience and provides information to students and agencies in this process.

2. Assure that students assigned to the agency will meet the academic standards of the University.

3. Assume responsibility for the approval of student learning experiences in accordance with the policies of the University and the agency.

4. Orient students prior to the field placement start date and review the Field Manual, focusing on various topics including: student responsibilities, professional behavior, Learning Contract, Recording for Learning (RFL) process, and Verification of Hours. If a student is unable to attend the group orientation, an individual meeting will be scheduled for the dissemination of information.

5. Orient Field Instructors 1 month prior to the internship start date and review the Field Manual, focusing on various topics: Field Instructor responsibilities, student professional behavior, Learning Contract activities to meet the Competencies, Recording for Learning (RFL) process, and Verification of Hours form. If a Field Instructor is unable to attend
the group orientation, an individual meeting will be scheduled for the dissemination of information.

6. Monitor the progress of students through monthly Check-in forms completed by the Field Instructors; weekly student contact through the Seminar case consultation; and in-person student evaluation meetings held at the Field Agency. Telephone contact will occur as needed to meet the students’ and Field Instructors’ needs.

7. Field Agencies will be invited the program’s annual Field Fair to describe their agency mission, role of interns, and provide an opportunity for initial contact to future Social Work students.

8. Monitor the progress of the student in the field placement through student journals, telephone contact with the field supervisor, and individual meetings with the students.

9. Promote three-way open communication between students, Field Instructors and Field Coordinator related to suggestions for improving aspects of the field experience and dealing with student limitations. Student limitations will be addressed through a joint plan designed to meet this limitation.

10. Intervene when requested or needed to resolve any conflicts related to the field program that may arise between and among students, Field Instructors, community members or faculty.

11. Withdraw any student from the agency for reasons of health and/or performance provided that such request is not based upon unlawful discrimination.

12. Provide a grade to each student at the end of the semester. The final grade is based upon the Field Instructor’s evaluation, the student’s progress towards the goals of their Learning Contract, and the meetings held with the student and Field Instructor during the placement. Ultimately, the determination of the final grade is the responsibility of the Field Coordinator.

**Attending Conferences as Field Time**

While completing the internship, students may have the opportunity to attend professional conferences, seminars, trainings, or other type of professional development activities. If these activities relate to the learning contract and competencies, and support professional growth and development, the student may include the hours spent in these activities toward the internship hours. **As soon as possible prior to the activity, the student should consult with their individual Field Instructor and the Field Coordinator for permission.** The Department encourages and supports student growth in multiple ways, and supports participation in professional development activities.
The Learning Contract

The student learning contract is initially developed at the beginning of the fall semester. The student’s level of goal achievement and learning needs will be reviewed at regular intervals: Fall Final Evaluation; Beginning of Spring Semester; Spring Mid-Term Evaluation and Spring Final Evaluation. The contract and its reviews are due by the date indicated in the SW 328 and SW 428 syllabi. The learning contract reflects the Council on Social Work Education competencies. The contract should be developed by the student in consultation with the Field Instructor and CUW Field Coordinator. The student has ultimate responsibility for the contract and its timely completion.

The Learning Contract needs to reflect desirable, achievable goals. Time frames should be noted next to the goals under each Competency. It is helpful to have goals that are concrete and measurable, as this can serve as a benchmark for competency in the field experience. An example of a student learning contract will be posted on Blackboard. Students are advised to consult the supervisor to incorporate any agency-specific goals. The learning contract must be given directly to the Field Coordinator as indicated in the SW 328 and SW 428 syllabi. Late submissions will result in a lower grade if the learning contract is not received by the last Friday in September. This document serves as the basis for discussion at each field conference visit. The learning contract is to be signed by the student, Field Instructor, and Field Coordinator.

The on-site visits by the Field Coordinator will take place 2 times during the course of the field placement. Visits are a combination of in-person visits and conference calls, depending on the needs of the student and the agency. Recently recruited agencies may need more in-person contact until they develop a routine in working with students. Additional visits are at the discretion of the Field Coordinator.

The purpose of the site visit/conference calls are to confirm, clarify, or modify goals and ways of meeting the goals. This is done through sharing, questioning, and feedback. The Learning Contract is a working document that is the basis for the conference and one method used to evaluate the student’s progress in the field experience. Prior to the site visit, the evaluation should be completed so a dialogue can take place regarding the student’s field performance. The Field Coordinator is responsible for setting up a date and time that is agreeable to all participants involved with the site visit.

Student Evaluation

Performance evaluation is an ongoing process that starts with the student’s first day of field placement and culminates in a final written assessment at the conclusion of the semester. Evaluation provides students with a regular and predictable time when issues are discussed, performance is assessed, and goals are reviewed and defined. It occurs in both verbal and written formats.

Ongoing evaluation will take place during weekly scheduled supervision sessions between the student and Field Instructor. The evaluation is the Field Instructor’s assessment of
the student’s progress as well as the identification of where further improvement is needed. A student will be evaluated on the basis of personal and professional growth observed by the Field Instructor relative to the CSWE Competencies.

The required written evaluations occur twice each semester, at mid-term and at the completion of each semester. These evaluations are completed by the Field Instructor in collaboration with the student. The evaluation should not be a surprise to the student. Field Instructors and students need to respond to all sections of the evaluation, unless the section does not apply to the student’s current placement activities. The section should be marked “NA.” However, there should be a discussion to determine if there are ways that the student will have this experience at a future date. The student’s section needs to reflect specific learning processes that support the CSWE standards. Evaluations will not be accepted which have not been fully completed. The Verification of Hours form needs to accompany the semester evaluation, and include the hours worked with the Field Instructor’s signature next to all entries.

Students and Field Instructors are required to sign the evaluation to indicate the evaluation has been read and discussed. If the student is not in agreement with the evaluation, a statement indicating “non-agreement” should be made by the student on the evaluation form.

The Field Coordinator reviews all field materials and confers with the student and Field Instructor on the required documents. The Field Coordinator assigns the grade the student is to receive from the field experience. A student who receives a “B-” or lower in the field experience will automatically be subject to a student review with the BSW Coordinator and Field Coordinator. The purpose of this meeting is to assist the student in identifying methods that can result in a successful field experience. A student will need to bring a formal written statement of concrete solutions they feel will assist them in having a successful field experience.

Because the field placement has consequences that also affect the well-being of clients being served, students who receive a “B-” or lower in their field placement or irregularly attends their scheduled hours may be terminated from the program. The Field Coordinator has the responsibility of determining the final grade for the field placement. Therefore, throughout the field placement process, any concerns about student functioning should be addressed. This is especially the case during the midterm and final evaluation meetings with the student, Field Instructor and Field Coordinator. If a student receives a “B-” or lower at the midterm or final evaluation, a student review will be conducted. This review begins with a written notice by the Field Coordinator outlining the concerns regarding the student’s performance in the field experience. The student will then be required to attend a formal student review. During the review meeting, concerns associated with the field experience, and/or possible options will be addressed. The student will bring a written plan of corrective action. The meeting will consist of the student, the Field Coordinator, and the Social Work Program Director. If the student does not demonstrate significant improvement, the student may be terminated from the placement and/or the Social Work major.

Options as a result of the student review include:
1. Return to placement with a written plan of action in place.
2. Dismissal from the current field placement with an opportunity to repeat the field sequence one additional time in a future semester. Failure to receive a “B” or higher in a second placement will result in dismissal from the Social Work major.
3. Immediate dismissal from the Social Work major.

Safety Issues

Guidelines for Risk Prevention and Management Strategies for Social Work Interns

With increasing concerns about violence in American society, safety issues and the potential for violence affect both Social Workers and the clients they serve.

Students will need to work with their agency in identifying policy and procedures related to field safety. Every agency will be somewhat different and the student needs to become familiar with the specific agency policy. Most agency policies will:

- Provide guidelines and resources to increase safety awareness among Social Work students.
- Help students to be better prepared to handle potentially dangerous situations.
- Stimulate discussion among students, faculty, and Field Instructors about the presence of violence in Social Work settings.
- Provide strategies and/or training that can be utilized to reduce the risk of violence.
- Provide general guidelines for risk reduction and dealing with potentially violent or dangerous situations.
- Suggest general risk reduction guidelines for Social Work students.

Agency policy and safety risk factors will be discussed in field experience seminar class. It is very difficult to predict when dangerous behavior will occur. Should a student experience a situation where he/she feels at risk or unsafe, the student needs to notify the Field Instructor as soon as possible, if not immediately. In addition, the student needs to contact either the BSW Coordinator, or the Field Coordinator immediately.

The goals of risk prevention and management strategies should be to:

- Protect the student, staff, and others in the environment.
- Help the individual gain control with the least amount of pain and guilt.
- Help the individual focus on the source of anger, fear, frustration, etc.
- Assist the individual to express these feelings verbally, rather than in actions.

Each field situation is unique. Appreciate realistic limitations. Keep your work area as safe as possible. When needed, alert available staff members that assistance may be required before entering a potential crisis situation. Always let your Field Instructor know when you leave the agency to make a home visit or off site meeting, and at what time they can expect you to return.
General Personal Risk Reduction Guidelines for Social Work Students:

Social Work students find themselves in all sorts of situations in various locations during their field placements. The following guidelines may help you reduce your personal risk to unwanted situations.

**Awareness** – You must be aware of where you are and what is going on around you.

**Body Language** – Walk confidently and be alert; keep your head up; stand straight.

**Environment** – Be aware and think. Don’t walk alone in an unfamiliar area, if possible.

**Vehicle Safety** – Park your car in the agency lot or designated “safe” parking area. Lock your car. Do not park in alleys or side streets; use main streets. Be particularly aware of your parking situations while on field visits or in unfamiliar neighborhoods.

**Cell Phone** – Always carry the agency issued phone and/or your personal cell phone in your front pocket, not buried in a purse or bag. Make sure it is fully charged and do not hesitate to use it in an emergency.

**On-Line Resources**

Students are encouraged to visit the following websites, as well as search the internet for additional material that may be helpful.

Briefly explain why you selected these areas:

What are your career goals?
Do you drive? ___ Yes ___ No  
Do you have access to a car? ___ Yes ___ No

Can you provide proof of car insurance? ___ Yes ___ No

* Please note, during your field placement, you may be asked to transport clients in your personal car. CUW does not support nor provide liability coverage to students when transporting clients. If transporting client is required of the Field Agency during your internship hours the Field Agency will need to provide liability coverage to interns. A signed legal agreement between CUW and the Field Agency will need to be completed indicating liability coverage by the Field Agency prior to approval of the placement.

Please identify any languages that you speak fluently/sign (other than English):

Do you hold any certifications or licenses? ___ Yes ___ No
If yes, please list:

Are there any concerns about field placement that you would like the department to be aware of prior to making your placement? ___Yes ___No  
If yes, please explain:
On separate sheet of paper, please provide additional information about yourself that may impact selection of a field placement site:

1. Describe your completion of IPE and Service Learning hours (Traditional Students):
   # completed, # remaining, and places where completed.
2. Describe your attendance history for completed classes.
3. How did you manage barriers, if any, to attendance and meeting deadlines for assignments?
4. Any legal arrests or citations? Please explain in detail.
5. How do you care for yourself during stressful periods?

The Department of Social Work will make reasonable efforts to work with a student to find a suitable field placement, but does not guarantee an internship for students. Should a student not be accepted for a field placement after reasonable efforts by the school, a Formal Student Review will be initiated by the Field Coordinator. Reasonable efforts for a placement in an internship are considered to be:

- Offering the student three (3) field placement referrals, all of which the student refuses
- Three (3) post-interview rejections of a student by potential field agencies.
- A student refuses three (3) offers for field placement

The faculty of the Department of Social Work adhere to the NASW Code of Ethics and expects all BSW students to conduct themselves in accordance with the Code of Ethics at all times.

I understand that I am expected to demonstrate professional conduct according to the NASW Code of Ethics in my social work field placement, BSW coursework and future career. I understand a violation of the NASW Code of Ethics may prevent me from completing my Field Education or BSW program.

Further, I agree to abide by the policies and procedures set forth in the Field Manual and agree to represent myself, the Social Work program and Concordia University Wisconsin in a professional, ethical and respectful manner.

THE LEARNING CONTRACT

The Learning Contract is an agreement between the student, field instructor, and faculty liaison. Its purpose is to establish a baseline learning agreement that will guide the student’s Social Work field experience. Working from the nine Competencies, the student, field instructor, and faculty liaison will design practice foundation goals towards which the student will work.

STUDENT SCHEDULE COMMITMENT FOR FIELD PLACEMENT

Below, please indicate your planned weekly schedule for your field placement. Remember to inform your field instructor in advance of any CUW breaks or vacation dates to plan for these events, and notify as soon as possible if ill. **To complete the 216 hours a semester, a target of 16 hours per week will typically meet the requirement for the semester.**

Total Weekly Hours ______

Field Instructors and students are expected to schedule a one hour meeting weekly to discuss the learning experience and development of competencies.

The student, agency field instructor, and faculty liaison will each receive copies of this completed contract.

EVALUATION

The evaluation of a student's field performance is an ongoing process and occurs in both on-going verbal and written feedback. Written evaluations occur twice a semester, at mid-term and again at the completion of the semester (the final). This process helps students, field instructors, and CUW faculty to determine future goals, successful learning, levels of achievement, and areas that need additional instruction, experience, or effort. Students will also be asked to complete a self-evaluation form prior to the formal evaluation review with you and the faculty liaison. The final grade for field placement is assigned by the faculty liaison.

**Please refer to the Field Manual for complete descriptions of the nine competencies.**

Please refer to the Learning Agreement and use the following criteria to rate the student.

You will find bulleted qualifiers under each of the behaviors. Please note that the bullets listed are only suggestions to highlight and help you identify the behaviors of your student. Keep in mind that the rating should reflect the student’s progress at this point in the overall internship. If the student’s internship experience does not include tasks or activities related to the competency circle NA. Please complete the questions at the end of the evaluation. No further write-up is necessary. After you and the student have reviewed the evaluation, sign it and submit it to the field office.

Rating Scale Criteria

| 1 | Demonstrates no competency in this area |
| 2 | Demonstrates minimal competency, little knowledge or skill, limited evidence of growth or change, rarely demonstrates progress on tasks and behaviors, and takes little initiative for learning. |
| 3 | Developing competence with assistance, with some coaching or prompting demonstrates some skill, marginal competency working towards improvement, beginning level of skill development, needs continued practice and assistance, progress on tasks and behaviors is inconsistent, inconsistently takes initiative for learning. |
| 4 | Emerging competency, demonstrates the ability to independently apply skills in simple situations, moderate competency, demonstrating ongoing progress, adequate performance just needs more practice, takes initiative for learning. |
| 5 | Demonstrates the competency to begin independent Social Work practice, demonstrates the ability to apply skills in complex situations, consistent growth and change, demonstrates the ability to complete assigned tasks and activities, takes full responsibility for learning |
| 0 | Does not relate to the student’s internship experience or not sufficient experience to evaluate skill level. |

Appendix H – Department of Social Work Professional Readiness Checklist & Code of Conduct

Professional Readiness Checklist for Undergraduate Social Work Students

Becoming a professional Social Worker is a process that begins when a student becomes a Social Work major. Students are expected to commit to learning, modeling professional social work behavior, values, and ethics in the classroom, field education, campus events, etc. Failure to demonstrate the markers of professional behavior may impede a student’s progress in the program and result in actions up to and including termination from the program. Professional readiness differs from the academic review that occurs at multiple points throughout the program. The Professional Readiness Checklist is not based on academic markers but is based on the indicators/markers that are necessary for professional development and behavior consistent with those demonstrated by professional Social Workers.

Markers of professional behavior include, but are not limited to, the following:

1. Treating your classmates as colleagues and extending professional communication, respect, value for diversity.
2. Timeliness in meeting deadlines for coursework, program requests and field education.
3. Understanding how excessive leaves and absences impact learning, relationships, and work with clients.
4. Being on time and prioritizing responsibilities.
5. Practicing healthy work/life balance. Social work students should display an ability to deal with life stressors effectively, using proper self-care skills and advocacy skills with their colleagues, peers and others.
6. Being proactive in seeking out help and assistance prior to a deadline or a medical or emotional issue interfering with performance.
7. Utilizing effective and timely communication skills.
8. Accessing supportive CUW services when needed (i.e., counseling, health care, Learning Resource Center).
9. Exploring and understanding how one’s own values, belief systems and past experiences impact work as a social worker, class assignments and activities.
10. Adhering to classroom expectations as outlined in course syllabi.
11. Displaying proper ethics and boundaries in and out of the classroom.
12. Proper and ethical use of social media and social networking, maintaining the guidelines of confidentiality at all times when writing about class experiences, field work, volunteer work or agency information.

The above list is provided as an easy to read checklist that includes some of the important behaviors and standards from the Department of Social Work Code of Conduct. Social Work Students must increasingly demonstrate these markers throughout their BSW education or risk penalties up to and including dismissal from the program. Please keep these standards in mind in both your educational and professional careers. The following pages include the Department of Social Work Code of Conduct which provides more details on the standards and behaviors expected of Social Work students.
Department of Social Work Student Code of Conduct

The Council on Social Work Education (CSWE) requires Social Work programs to establish policies and standards to determine if students are competent and capable of practicing in the field as a Social Worker. The Department of Social Work expects its students to abide by the CUW Code of Student conduct, [www.cuw.edu/consumerinformation](http://www.cuw.edu/consumerinformation), adhere to and comply with the NASW Code of Ethics, [www.nasw.org](http://www.nasw.org), and increasingly demonstrate professional maturity as they matriculate through the social work program.

The following are professional standards with areas of concern that may indicate a student is unable or unwilling to follow the standards for professional Social Work set forth by the profession. The following is not all inclusive and is subject to amendment. Failure to comply with these professional standards will result in a student review and potentially dismissal from the social work program. The Department of Social Work reserves the right to refuse enrollment or continuation in the Social Work Program, to any student, who in the judgment of the faculty, has displayed evidence of poor academic performance and behavior that would be detrimental to the welfare of the clients whom s/he would serve.
