Concordia University is one of ten colleges or universities in the Concordia University System, which is owned and operated by The Lutheran Church - Missouri Synod.

Mission Statement

Concordia University is a Lutheran higher education community committed to helping students develop in mind, body, and spirit for service to Christ in the Church and the world.

Vision Statement

The faculty, leadership, staff, students, and alumni carry out Concordia's mission each and every day as we pursue a vibrant path to the future.

Our vision is to be well known nationally and internationally as a premier Lutheran Christian university, widely recognized for meaningful integration of faith and learning. Our alumni will assume significant servant leadership responsibilities in the Church and communities across the nation and around the world.

Concordia's Vision Is Vigorously Pursued In Four Critical Ways:

We are a **Faith and Learning Centered** Higher Education Community.

Concordia students learn in innovative Christ-centered environments that are guided by comprehensive assessment. Our faculty, staff and University administrators are role models and servant leaders. Our Christian faculty excel in teaching and mentoring, and successfully connect to faith to learning. Our academic programs are rigorous and diverse, consistent with the needs of the Church and our communities.

We plan for **Purposeful Growth**.

Students grow as they develop in mind, body and spirit. Concordia grows as we reach more people with our mission. Our campuses, facilities, human and financial resources, and infrastructure expand to support a robust student experience in a welcoming environment that results in the professional, social, academic and spiritual formation of all Concordians.

We Make an Impact Through **Service and Leadership**.

Concordia impacts the Church and the world, developing globally-minded citizens who transform lives, influence communities, and value their neighbors near and far, through Christ-like service and leadership.

We Champion **Access and Opportunity** for all Learners.

We provide access to the highest value higher education experience. As a result, Concordia students discover and develop their vocations. Rigorous assessment of our academic offerings, university services, delivery systems, and market and organizational performance result in continuous improvement of the Concordia experience, which enables our students to pursue and persist in their chosen career paths.

Admission - Traditional Program

GENERAL INFORMATION

Concordia University Wisconsin admits qualified students of any race, color, or national or ethnic origin to all programs and activities and is nondiscriminatory in the administration of its policies and programs.

To be considered for admission to Concordia University Wisconsin a student must be a graduate of a regionally accredited high school or one approved by its state university. Requests for exceptions to this requirement may be submitted by candidates who are otherwise qualified.

ENTRANCE REQUIREMENTS

Each entering student must submit evidence of adequate preparation for college. A minimum of sixteen (16) units of secondary school work is required of which at least eleven (11) should be in basic liberal arts areas and should be distributed as follows:

English: At least three units of English but four are strongly recommended.

Mathematics: Two units of college preparatory mathematics, preferable, one each in algebra and geometry.

Social Studies: Two units in social studies, preferably one each in world history and American history.

Natural Science: Two units of science, preferably, one each in biology, physics or chemistry.

Liberal Arts Electives: Two units of the same foreign language or additional units in one or more of the areas above or in fine arts.

Miscellaneous Electives: Five units from any area of academic study. The student will find it to his/her advantage if the majority of this work is additional work in the areas listed above. German or Latin is recommended for the preseminary student.

Required is a minimum entrance grade point average of 2.5 which is based on at least:

- 3 units of English
- 2 units of Mathematics (Algebra and Geometry)
- 2 units of Science (Biology, Chemistry, Physics)
- 2 units of Social Studies (American History plus one elective)

However, certain programs require a higher grade point average. The University accepts the ESL Academic Report as satisfaction of English language proficiency for international students.

PROCEDURE FOR ADMISSION

An application should be filed during the student's senior year in high school; however, later applications may be considered if space is available. Students may enter at the beginning of any term. The formal application can be completed online through our website at www.cuw.edu/apply.

The application consists of the following documents and information:

1. The completed application form.
2. Official secondary transcript (6 or more semesters) including test records. A FINAL TRANSCRIPT IS TO BE SUBMITTED AFTER GRADUATION.

3. Official transcript from each college attended.
4. Report of ACT scores from American College Testing Program. Information concerning this program may be obtained by writing American College Testing Program, P.O. Box 168, Iowa City, Iowa 52240, or may be available from the high school guidance department. The SAT (Scholastic Aptitude Test) may be accepted in lieu of the ACT.
5. International students must present a minimum TOEFL score of 173 on the computer based test for regular acceptance. Any International Student who can not present a 173 TOEFL must test through the International Office for placement and may be required to enroll in the ESL program. International students also need to submit two recommendation letters from previous teachers.

CONDITIONAL ADMISSION

An applicant whose overall grade average and test scores indicate areas of academic concern and are not eligible for regular admission (2.5 CPGA/18ACT). However, upon the recommendation of the Vice President of Enrollment Services and with the approval of the Admissions Committee, an applicant may be granted Conditional admission. Specific program progression requirements may additionally apply to this status. The individual is considered to be on academic probation. Failure to attain a C average (2.00 G.P.A.) during the conditional semester may result in dismissal.

SPECIAL ADMISSION

1. Individuals registering on a full or part-time basis for courses without the intention of receiving a degree are classified as non-degree students. The work can be for audit or for credit but does not automatically apply toward a degree program.
2. A person still attending high school may enroll as a special student in a course for audit or for credit after securing the appropriate approvals.

Non-degree students who desire to make application for acceptance into a degree program must follow the regular application procedures for degree students. At the time of such application, credits earned as a nondegree student will be reviewed and the student apprised of how the credits can be used in meeting degree requirements.

ADVANCED STANDING

The University will recognize unusual secondary school work by means of advanced placement, and will grant credit to those who have taken especially enriched or accelerated courses before entering college or who have appropriate vocational or professional experience. Applicants qualify for such credit by satisfactory achievement on college-approved placement examinations, including the College Board Advanced Placement Tests, CLEP (College Level Examination Program), or faculty-authored challenge examinations. College credit total a maximum of 30 semester credits may be earned by satisfactorily completing such examinations.

Retroactive credit is available in foreign languages, wherein credit may be given for pre-college foreign language study if the student takes the next highest level of the foreign language at this university and achieves a C or better. The student must request credit for the lower level course(s) that were bypassed.

For further information please contact the Registrar.

TRANSFER POLICY

Transfer students applying for transfer credit at Concordia University Wisconsin are subject to the following requirements:

They must furnish the Admission Office with an official college transcript from each college attended. They must complete one semester satisfactorily at Concordia University Wisconsin before the award of transfer credit becomes final. Transfer credit may be awarded for each course in which the student received a grade of "C-" or better provided that the course is similar to one being given at Concordia University or is one which could be considered an elective. A student may receive a waiver of a course in which a grade of "D" was received at another college, but credit will not be granted. The Office of the Registrar will issue a statement showing the transfer credit allowed, established on the basis of an individual review of each student's transcripts.

Normally only credits from a regionally accredited institution will be considered for transfer. Any exceptions will be made on an individual basis. In some cases there are articulated agreements that govern the transfer of credits.

Transfer students must take entrance and other examinations in the same way as entering freshmen. Transfer credits are not used in calculating the student's grade point average.

A maximum of 70 semester credits will be accepted in a transfer from a two-year college. A maximum of 90 semester credits will be accepted in transfer from a four-year college/university. Some programs may have different requirements. Transfer students may be required to submit scores from either the Scholastic Aptitude Test or the American College Test. They may also be required to submit their official high school transcript.

Questions not answered by the above may be addressed to the Registrar.

Graduate and Adult Education undergraduate students are admitted under policies and procedures articulated in their individual catalogs.

Tuition and Fees

Concordia University seeks to keep costs as low as is consistent with sound education requirements and proper provision for the daily needs of the student. Student costs for an education depends also on his/her living and spending habits. Payment of fees is an integral part of the registration. A student will not be fully registered and cannot attend class until full payment of fees has been made. A student will not be permitted to register if previous financial obligations have not been met, nor will any student receive an official statement of credits grades or a degree/diploma if all obligations have not been satisfied.

The University reserves the right to modify fees without advance notice.

REGULAR FEES

Please contact the Admission or Business offices for current tuition and room and board charges.

ROOM AND BOARD FEES

Room fees cover the cost of furniture, utilities and maintenance. Board fees pay for meals in the university dining hall during the regular semester, not including vacations. A room security deposit will be assessed to resident students, refundable under the terms of the housing contract after proper checkout, assuming no damage claims.

Students not enrolled for Winterim may apply for room and board on a pro-rated basis.

SPECIAL FEES

Application Fee and Tuition Deposit

The initial application for admission must be accompanied by a non-refundable fee of \$35.00. This is assessed only on the original application and will be applied to the tuition upon enrollment. An applicant, upon receipt of notification of acceptance, is to forward a tuition deposit of \$100.00. It is non-refundable.

Graduation Fee

A fee is assessed to senior status students to cover graduation expenses, based on the current fee schedule.

Student Government Program Fee

This fee is allocated upon the recommendation of the Student Government Association. The fee is administered by the Board for the support of student organizations, activities, and endeavors. Individuals, groups, and organizations may petition the Student Government Association for funding.

Student Teaching and Course Fees

An additional course fee is charged for Student Teaching. The fee is assessed at the current fee schedule amount. Any other course that carries a special fee will be listed in the course description.

Overload Fee

A student will be assessed the per credit overload fee for the amount of credits that exceed 18 in a semester.

Applied Music Fee

An additional per credit fee is assessed for certain applied music courses as found listed in the catalog descriptions. The fee is assessed at the current fee schedule amount.

Transcript Fee

A fee is charged for each transcript provided.

Independent Study Fee

A fee will be assessed for independent study proposals to cover special instructional costs. A full-time student will be assessed \$130 per credit during the fall or spring semesters for independent study credits up to an 18 credit load. All fall or spring independent study credits which result in more than 18 credits in a semester are charged the current per credit fee. The student's account balance must be at zero to sign up for an independent study class.

Practicum/Internship Fee

In the fall and spring semester, practicum/internships will be assessed \$65/credits if the semester credits are over 18. If the semester credits are fewer than 18, there is no additional fee. A \$65 per credit fee will be assessed for summer practicum/internships.

HHP Class, Laboratory and Activity Fees

Additional charge for Labs & specialized activities may be applied where appropriate.

Winterim Tuition

Full-time students attending both the fall and spring semesters are entitled to the Winterim offering at the current

Winterim fee schedule. Students who are not enrolled and attending Winterim classes are not permitted to use housing facilities during this time. Room and board fees will be pro-rated for students desiring housing, but who do not live in the dormitory both semesters.

METHODS OF PAYMENTS

1. The University requires full payment of each semester’s charges by August 15 or January 15 before the semester’s classes.
2. Notification from the Financial Aid Office of grants, scholarships, or a Guaranteed Student loan will be accepted in lieu of payment by cash. Only one-half of such aid will be credited to the student’s account for each semester.
3. Failing to observe this schedule or to make other satisfactory arrangements with the Business Office, the student will forfeit the right to begin or continue work at Concordia.
4. If students must rely on others for financial resources, they are held responsible for seeing to it that financial sponsors observe the payment schedule.
5. All fee payments should be addressed to Concordia University Wisconsin, 12800 N. Lake Shore Drive, Mequon, Wisconsin 53097. ATTN: Accounts Receivable. Please include the student ID # on payments.

BUDGET PAYMENT PLAN

Lutheran Church Extension Fund Joyful Response Program

Tuition Payments may be made automatically each month, for a maximum of 4 payments per semester, from your LCEF Steward Account or a checking or savings account to CUW. A Joyful Response program enrollment form must be completed each semester and returned to CUW. Contact the business office at 262-243-4556.

TUITION REFUND - TRADITIONAL PROGRAM

Students who withdraw from the University, or from one or more classes, will receive a pro-rated refund of educational fees and board fees, according to the following schedule (a week runs Monday to Sunday):

During first week of classes.	80 percent
During second week of classes.	75 percent
During third week of classes.	60 percent
During fourth week of classes.	40 percent
During fifth week of classes	20 percent
After fifth week	none

Students who are charged for Summer and Winterim class but then withdraw will receive refunds on a pro-rated basis as follows:

During first day of class.	80 percent
During second day of class	75 percent
During third day of class.	60 percent
During fourth day of class	40 percent
During fifth day of class	20 percent
After fifth day of class	none

ROOM

Students who choose to live on campus will be required to sign a housing agreement effective for both the Fall and Spring semesters and have a room deposit on file. The deposit will be forfeited, in addition to any damages assessed and/or any outstanding balance owed to the University, if the student cancels prior to the midpoint of Spring semester. Students who withdraw from a room prior to or after the start of a semester will not receive any refund of the room fee.

BOARD

Students who choose to live on-campus will be required to select a per semester meal plan. Students who withdraw from their room after the start of a semester will be able to receive a pro-rated refund of meal plan fees according to the following schedule (a week runs Monday to Sunday)

During the first week of classes.	90 percent
During the second week of classes	80 percent
During the third week of classes	70 percent
During the fourth week of classes.	60 percent
During the fifth week of classes.	50 percent
During the sixth week of classes	40 percent
During the seventh week of classes.	30 percent
During the eighth week of classes.	20 percent
During the ninth week of classes.	10 percent
During the tenth week of classes.	0 percent

Financial Aid Information

STUDENT FINANCIAL AID

Concordia believes that the talents, hopes and ambitions of our students are among the most valuable resources our church and nation possess. With this in mind, Concordia continues to promote scholarship, loan, and employment opportunities for its qualified, deserving students who must find funds to attend college. The fundamental purpose of the financial aid program at Concordia is, therefore, to make it possible for students who would normally be deprived of a college education because of inadequate funds to attend Concordia. The amount of financial aid awarded is based mainly on the applicant's financial need. As a general rule the primary financial responsibility lies with the student and parents. Therefore, in order to help determine student need and make it possible to grant aid fairly, the parents of aid applicants are asked to file the Free Application for Federal Student Aid (FAFSA). On the basis of this financial information, the University is able to determine the difference between University costs and the amount a student and parents can reasonably be expected to provide. This difference is defined as need. If a student is independent according to the Federal Department of Education definition, the student would submit a financial statement without parental information.

GRANTS

The following grants (non-repayable funds) offered at Concordia are based primarily on the undergraduate student's demonstrated financial need.

PELL GRANTS

A federal Pell Grant provides funds to help pay for higher education. Awards range from \$200 to \$5,775 per year. The actual amount the student receives depends on the financial information reported on the Free Application for Federal Student Aid (FAFSA), whether a full-time or part-time student, and the cost of education. An application must be filed annually through the Office of Financial Aid, Concordia University Wisconsin.

WISCONSIN TUITION GRANT PROGRAM

Wisconsin residents attending Concordia are eligible to apply for the Wisconsin Tuition Grant. The purpose of the grant is "to provide the Wisconsin student with greater freedom of education choice, thus enabling students to follow a path of self-development in harmony with their desires and the welfare of society." The amount of the grant is based on the student's financial need and the tuition at Concordia. Grants range up to \$2,900 per year. An application should be filed BY APRIL 1ST through the Office of Financial Aid, Concordia University Wisconsin.

CUW SCHOLARSHIPS

Concordia does encourage, through scholarships, those students who present a strong composite picture of outstanding academic achievement, unusual diligence, consecrated creativity, and self-sacrificing service.

Scholarship Stipulation Scholarship	Church Vocation Scholarship	Art/Music Theatre Scholarship	Presidential Scholarship	Regent
application for financial aid required deadline March 15	yes	yes	yes	yes
full-time student status required	yes	yes	yes	yes

minimum high school GPA/ACT	3.0/18	3.25/18	3.60/21	3.0/18
annual amount of scholarship	up to \$1,200	up to \$3,000	up to \$12,000	up to \$8,000
cumulative GPA required for renewal	2.50	2.50	2.50	2.50
other requirements	Lutheran Church Missouri Synod membership	participation in music group	n/a	n/a
contact for possible nomination	no one, nomination is automatic	appropriate department	admissions department	admissions department
nomination deadline	none	January 15	March 15	March 15

Church vocation scholarships are awarded to eligible incoming students regardless of their grade level. The other scholarships are awarded only to persons entering Concordia for the first time. However, the scholarships may be renewed if renewal criteria are met.

SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG)

A Federal Supplemental Educational Opportunity Grant (FSEOG) is a grant to help pay for education after high school. It is for undergraduates only and it does not have to be paid back.

Awards average \$500, depending on need, the availability of FSEOG funds, and the amount of other aid the student is receiving. FAFSA must be filed annually, are not automatically renewed, and should be made through the Office of Financial Aid, Concordia University Wisconsin.

CONCORDIA UNIVERSITY GRANTS - SCHOLARSHIPS

Through the generosity of many friends of Concordia University, numerous endowments have been established. The earnings of which financially assist students on the basis of merit and/or need. These grants and scholarships range from \$100 to \$4000 per year. Additional information about the nature of the endowments and program eligibility is available from the Financial Aid Department.

CONGREGATIONAL GRANTS, Lutheran Church - Missouri Synod

In an indirect way, your congregation is assisting you with your educational expenses. Concordia receives financial support from The Lutheran Church-Missouri Synod of which your congregation is a contributing member. Hence, your tuition at Concordia is about one thousand dollars less than the tuition at most independent colleges.

In addition, many congregations directly assist their students with some educational expenses. Some students receive as much as \$2,000 from their congregation each year; however, the average amount received is closer to \$700. Concordia encourages you to inquire about possible assistance through your pastor.

DISTRICT GRANTS

Most districts of The Lutheran Church-Missouri Synod, through their Board of Student Aid and/or Recruitment, provide grants to students preparing for a church vocation. Grants, and on occasion loans, are awarded in amounts ranging from \$100 to \$1000 per year. The contact person and address for your district may be obtained from Concordia, your pastor, or the Lutheran Annual. Application deadlines vary by district.

SELF HELP

STUDENT EMPLOYMENT

Campus employment opportunities are available for students who wish to be employed. Generally fifteen hours of work per week should be considered the absolute maximum for full time students. A reasonable amount of employment could possibly improve the scholastic achievement of many students, as well as provide some financial resources for the student. Student employees will be paid via normal pay checks and pay periods. Students interested in on-campus employment can apply via the Falconry web site through the Career Services office. Concordia participates in the Federal Work Study Program, which enhances the opportunities for employment.

LOANS

In some cases it is advisable for students to borrow in order to finance their education, provided they borrow only what is needed to maintain a minimum living standard. Students should use caution in borrowing and generally should not rely primarily on loans. Students who borrow will need to complete a promissory note for a Direct Student Loan via federal web site or from the Financial Aid Office. This loan program allows students to begin repayment after they graduate or after they discontinue their education. No interest accrues for the subsidized loan while the student is enrolled in school as at least a half-time student. Repayment begins six months after the student terminates his education. Interest then begins at an annual rate of 6.8% or less. A Federal PLUS loan is a program for parents. They may borrow up to the cost of education minus any other financial assistance. The interest rate on PLUS is 6.84% with repayment beginning within 60 days after second disbursement. This program operates through Concordia's Financial Aid Office.

VETERANS EDUCATIONAL ASSISTANCE

Concordia University in Mequon is approved as an educational institution at which students may receive veteran's benefits. Prospective students who have been in the Armed Forces should check with their local V.A. office for more complete details. They must file for benefits in Milwaukee if they have made no prior claims. If a claim file has already been established, they should file with that particular V.A. office.

HOW TO APPLY FOR AID

A Free Application for Federal Student Aid (FAFSA) is necessary for application for scholarships, grants, loans, or employment from Concordia. These forms need to be completed annually for possible renewal of financial assistance. The FAFSA is to be completed after January 1 and returned for processing to the address indicated on the FAFSA.

Signed copies of you and your parent's previous year's Federal Income Tax Returns are also required if federal verification is required. Within one month after your complete application has been received at Concordia, you will be advised as to the various types of financial assistance for which you are eligible. These include employment, loans, grants, and scholarships administered by Concordia. If you are accepted for admission, a firm financial commitment will be made to you. Students are encouraged to apply as early as they can, applications received by March 30th will receive full consideration for all Concordia assistance which is available. Applications received after that date will be subject to the limitations of available Concordia resources. As a general rule, one half of the grants, scholarships, and loans are applied toward each semester's tuition and fees. If you have any questions or need any forms, write or phone the Financial Aid Office. Detailed information is also available in the form of a fourteen page flipchart on the CUW web site. Any of the above forms are available on the CUW Financial Aid Website.

RENEWAL OF FINANCIAL AID

Concordia makes every effort to continue assistance to a student through his/her years of college. Renewal is based upon the following guidelines:

1. The non-need application must be filed with the Office of Financial Aid by March 30 (if not submitting the FAFSA). Late applications will be accepted and funded according to the availability of Concordia funds.
2. Free Application for Federal Student Aid (FAFSA) are encouraged to be filed between January 1 and March 1 in order to assure a timely application.
3. Renewal of scholarships, grants, campus employment, and loans depends upon Financial Aid, and the availability of funds and renewal criterion, including FAFSA results.
4. Any award or any portion thereof may be either declined by a student or revoked by Concordia if such assistance is not to the advantage of the student or the University.
5. As funds available must be divided among all deserving students, grants, scholarships, employment, or loans may not always be renewed in their original amounts.
6. You must be making satisfactory academic progress as defined below and maintain at least a 2.00 grade point average.

FINANCIAL AID GOOD STANDING AND SATISFACTORY PROGRESS POLICY

Concordia University Wisconsin is required to establish and consistently apply standards of good standing and satisfactory progress to all students who receive funds from Title IV programs of federal financial assistance. These standards are applied to all students, in all levels, and in all programs, even to students in periods they are not receiving federal aid. This federal requirement is meant to ensure that only those students who make good progress toward their degree or certificate objective continue to receive financial assistance.

The following policies of good standing and satisfactory progress have an appeal procedure for use by anyone whose financial aid eligibility is terminated as a result of the Financial Aid Good Standing or Satisfactory Progress Policy. Those students affected will receive written notice of the appeal procedure which is detailed in Section E. Both standards of Good Standing and Satisfactory Academic Progress must be met in order for a student to continue receiving financial aid. No part of this policy has an effect on any student's academic record either at this University or any other. Listed below is the financial aid Satisfactory Academic Progress policy, the academic Good Standing is located in the Academic Catalog.

A. Good Standing: A student enrolled in Concordia University Wisconsin is considered in good standing if allowed to continue in that degree or certificate program at Concordia University Wisconsin. Detailed information pertaining to the minimum academic requirements of the University can be obtained by referring to the appropriate section of the University's catalog; this includes both GPA expectations and the maximum length of time to complete a degree for graduate programs. Students who are not in Good Standing with the University academic probationary policies are not eligible to attend Concordia or obtain financial aid.

B. Satisfactory Academic Progress: Satisfactory academic progress is defined as successfully completing cumulative course requirements for a minimum of 67% of the cumulative number credits attempted (this includes transfer credits that are being used towards a student's program), thereby making it possible for a student to make good progress toward a degree or certificate objective. "Successfully completing course requirements" is interpreted to mean that a grade of at least D- or P is received by a student. Incompletes, withdrawals/no credits, and audits, are considered unsatisfactory. Students repeating a course will be evaluated on the basis of whether or not the class taken in the given term is passed. However, incompletes, which are later changed into a grade of at least D- or P are satisfactory for Financial Aid Satisfactory Academic Progress policy purposes (please note that D- is only "satisfactory" by financial aid standards not by University academic standards). **It is the student's responsibility to notify the Financial Aid Office of such changes to previously incomplete grades.** Progress is also calculated on the basis of, the student having a cumulative GPA of 2.0 or better, this qualitative standard is reviewed again every term. Students repeating a course will have the lower grade omitted for cumulative calculations.

C. Normal Completion Time: As a full time student, your eligibility for financial aid continues for a number of years equal to 150% of the normal completion time for the degree or certificate you are seeking to earn. This is tracked on the basis of the number of credits attempted. Transfer credits that are accepted, and used towards a degree, are included in the 150% criteria. The normal completion time for particular degrees or certificates are as follows (this is calculated in years, based on a student attending full-time each term):

Doctorate in Physical Therapy	3 years	Bachelor's Degree	
		Education	5 years
Master's Degree	3 years	All other programs	4 years
Masters in Occupational Therapy	6 years	Certificate Programs	
		Lay Ministry	4 years
		Medical Assistant	1 year

D. Financial Aid Eligibility Warning Statuses: When a student does not successfully complete a minimum of 67% of cumulative credits earned versus attempted or does not have a CGPA of 2.0, financial aid eligibility status of “WARNING” is imposed. Aid automatically continues through one semester of financial aid eligibility status of “WARNING”. If a student does not make satisfactory progress during the semester of financial aid eligibility status of “WARNING”, or the student has reached the 150% of normal completion time, the student’s eligibility for financial aid in later semesters is terminated. Eligibility can be regained by raising the completion rate of credits attempted to 67% and CGPA to above 2.0, unless terminated for exceeding the 150% of normal completion time. The appeal procedure detailed in Section E exists for those students whose aid eligibility is terminated.

E. Appeal Procedure: Upon receiving a completed Satisfactory Academic Progress (SAP) appeal form from a student whose financial aid eligibility has been terminated according to the provisions of section D, the Director of Financial Aid may reinstate the student’s eligibility. The appeal form will be sent to the student who was terminated, by official University delivery, and must be completed by the student and by the student’s academic advisor. Students can only appeal this status under one of the following extraordinary circumstances; illness, injury, death of family member or close friend, short term hardship, change of academic major (for completion time extension), or other significant extraordinary circumstance. The appeal must also include evidence that the academic advisor believes that the student can be successful, as well as including a plan from the student detailing what the extraordinary circumstance(s) were/are and their plan to be successful in future terms. Completed appeal forms must be returned to the Financial Aid Office, and will be reviewed by the Director of Financial Aid, or their designee. The outcome of student’s appeals will be sent via official University delivery. Students reinstated will be placed on Satisfactory Academic Progress “Probation”, and if they do not meet the standards in the next term will be terminated again. In circumstances where a student has appealed and is unable to meet both the 67% completion rate and the 2.0 CGPA requirements for SAP the outcome of the appeal may include an academic plan. This plan which will be created from the SAP appeal process will outline specific criteria that a student must meet during the semesters that this plan covers. Students who do not meet these criteria will be SAP terminated.

F. Tracking Systems: Those students placed on eligibility warning status or whose eligibility for aid has been terminated will have their progress tracked in the next semester. Once satisfactory progress is resumed, full eligibility for aid consideration will be reinstated and the student’s name removed from the tracking system. A student’s current SAP status is available for review at any time on their CUW portal account.

Student Services

STUDENT LIFE

Student life at Concordia is full of opportunities for the students to find and express themselves in their own way. Indeed, the whole educational venture is directed toward and dependent upon the individual student. What happens in the classroom, in the residence halls, and in the community is what a Concordia education is all about.

This may be accomplished in many ways. Students may elect to be a part of student leadership structure and serve on one of the student activity committees. They may decide to develop skills in the performing and creative arts and take part in some of the many dramatic, musical, artistic, and literary pursuits available on campus. They may want to participate in intercollegiate or intramural athletics, religious or service activities, and social programs. The co-curricular program at Concordia is designed to help explore many avenues.

CHRISTIAN SERVICE AND WORSHIP

Concordia, in its Christian service and worship program, endeavors to give the students a real purpose in life, to believe more firmly in the redemption wrought by Jesus Christ, and to learn to live their lives more fully and more understandingly as constrained by the love of Jesus Christ.

Chapel services are held Monday through Friday, as well as a Sunday morning worship service. Staff, faculty and students participate in these services through songs and messages, chancel dramas and other special presentations, along with guest speakers who have broad backgrounds in Christian service.

Devotions are held in the residence halls and personal Bible study is encouraged. In the classroom environment, faculty members seek to conduct classes emphasizing Christian growth and maturity along with the attainment of academic goals. Numerous opportunities exist on and off campus for students who seek to serve the University and its larger community. A variety of Christian service opportunities help individuals to express service through such related activities as tutoring fellow students, sharing the problems of the aged in area rest homes or joining with local churches in evangelism outreaches.

CO-CURRICULAR ACTIVITIES

The co-curricular activities of the University are under the supervision of the Vice-President of Student Life. Faculty advisors and/or student leaders in the areas of Spiritual Life and Student Life do most of the planning for co-curricular activities.

Even though co-curricular activities are on a voluntary basis and no college credit is granted, except for specific music activities, students who do participate are afforded the opportunity to explore their leadership potential and learn basic skills of organization, planning, implementation, and evaluation.

Co-curricular activities include lectures, concerts, dances, exhibits, forums, and other social functions. Campus organizations and clubs include religious, music, dramatic, business, nursing and recreational.

Drama is an exciting area of campus life. Productions have included musicals, children's theatre, one-act plays and a variety of other dramatic offerings.

The Concordia student has a wide range of musical activities to choose from. The student can audition for a role in a musical drama and participate in a full range of musical activity in choral, handbell, or instrumental ensembles.

INTRAMURALS

A healthy balance between mental and physical activity is at the root of Concordia's intramural offerings. Exercise and competition can also help men and women grow and mature, whether possessing many athletic talents or very few. The important result of participation will be fun.

To help make maximum use of leisure time, Concordia provides extensive intramural opportunities through a program of leagues, tournaments, and recreational free play.

ATHLETICS

Concordia University Wisconsin currently offers a variety of 21 sports on the intercollegiate level.

The Falcons compete in a several conferences and associations. Men's Hockey competes in the Midwest Collegiate Hockey Association, the women compete in the Northern Collegiate Hockey Association, men's lacrosse is a member of the Midwest Lacrosse conference, the women compete in the Midwest Women's Lacrosse Conference, wrestling is a member of the Midwest Wrestling Association, and the remaining sports all participate in the Northern Athletics Conference.

Both the men and women's teams have enjoyed success in their respective conferences. The Falcons have an excellent coaching staff and a rapidly growing, competitive athletic program.

The entire Concordia Athletic Department is governed by the NCAA Division III as of August 31, 1997.

HOUSING

Residence halls at Concordia are in a real sense living/learning centers. They are minicommunities largely directed and managed by students serving in the capacities of Resident Assistants. A Resident Director for each residence hall serves in a supervisory capacity and is responsible to the Director of Residence Life.

The University provides a desk, chair, wardrobe, bed, and micro-fridge. The resident must furnish his/her own desk lamp, blankets, linens, pillows, towels, and toilet articles. Students who desire to stay in University housing should obtain further information from the Office of Residence Life. Each resident must make application for housing and sign a housing contract before taking up residence.

GUIDANCE AND COUNSELING

At Concordia University every student receives personal consideration and attention. A Director of Counseling supervises the counseling activities on the campus. The director serves as a counselor for students desiring personal counseling. Students are referred to agencies in the community as individual need warrants.

HEALTH SERVICES

The University's concern for holistic growth and general well being of the campus community is further demonstrated through the maintenance of a health service. The professional services of a registered nurse, nurse practitioner, or medical assistant are contracted on a part-time basis.

The Health Service is operated at set hours for evaluation and treatment of minor illness, first aid, and consultation regarding health matters. A physician serves as a consultant and for referral. The Health Service instructs and supplies selected personnel with materials for dealing with minor problems. Serious illness and emergencies are referred to local professional health care agencies.

All Concordia students are encouraged to carry adequate health and accident insurance, either through the university or individual policies. Varsity athletes are required to show evidence of adequate coverage as a prerequisite for varsity participation. International students are also required to show evidence of adequate medical insurance coverage.

The Athletic Training Department works in conjunction with the Health Center for the health and well-being of Concordia's students, staff, and faculty. The Athletic Training Department is staffed by Board Certified Athletic Trainers, as well as student workers who are pursuing certification by the National Athletic Trainers' Association Board of Certification.

The Athletic Training Department offers first aid and rehabilitation care for soft tissue and bone injuries as well as after various orthopedic surgical procedures. Students, faculty, and staff can utilize this care by calling 243.4369 or stopping by the athletic training facility at the north end of the fieldhouse to make an appointment. Following a thorough evaluation of the injury or complaint, a plan for rehabilitation care will be provided. Modalities such as ultrasound, hydrocollators, and electric stimulation may be utilized to assist with the plan of care, along with specific exercises, flexibility, and functional assessment and correction.

BOOKSTORE

The CUW Bookstore is located in the Student Union. Textbooks, supplies, greeting cards, clothing, gifts, and personal drug store items can be purchased in the CUW Bookstore. Also available for delivery are special order balloon and gift packages. Textbooks are available to purchase one week before classes begin each semester. Also, textbooks can be reserved on the bookstore web site approximately one month prior to the start of the fall and spring semester for undergraduate classes. Textbook buybacks take place twice each semester. One buy back takes place mid semester, and the other takes place during finals week at the end of each semester. An outside company performs textbook buybacks and also determines the price in which students receive for textbooks from each buyback.

For a listing of hours, questions, or additional information, contact the CUW Bookstore at 262-243-4349.

COMPUTING FACILITIES

Concordia University Wisconsin has a number of student computer laboratories available for general usage. Computer lab and e-mail access is free to all CUW students who fill out the appropriate form and agree to abide by the university's ethical use guidelines established for computer users. Laser printing is also free of charge. All of our computers are connected to the internet.

Over 200 current PC's and Mac's are available for student use in six labs and other specified locations on campus. Some labs are open to students 24 hours a day 7 days a week. Concordia's labs provide a variety of popular software application packages.

MAIL SERVICES

Individual mailboxes, located on the lower level of Heidelberg Hall, are provided for all resident students at no charge. The student resident's mailing address (different than the "administration" address) is:

(Student's name) MB # _____
700 W. Highland Rd. Mequon, WI 53092-3304

Stamp sales and other outbound mailing and shipping services are also available to the campus community in lower Stuenkel Hall.

PLACEMENT

Concordia University appoints several staff members as placement officers as an integral part of its service to students and graduates. Careful efforts are made to match the talents and desires of the student with the special needs of the prospective employer. Academic advisors or program directors considering the career goals of the student will refer the candidate to the appropriate placement officer.

LEARNING RESOURCE CENTER

The Learning Resource Center (LRC) provides a variety of free services that aim to increase students' academic success. The LRC houses tutoring, the Supplemental Instruction program, the Writing Center, and Disability Support Services.

Tutoring – One-to-one tutoring is available for most courses. Tutors are typically upperclassmen who have demonstrated mastery of the course subject matter.

Supplemental Instruction (SI) – SI is an internationally renowned program that facilitates peer-led, structured group study sessions. SI is associated with traditionally difficult courses, and is available to students of all ability levels.

Writing Center – Writing Center consultants work with students at any stage of the writing process. For example. Consultants will work one-on-one with students to generate topic ideas, gather support for the thesis, check documentation formatting, and evaluate the paper for organization and clarity.

Disability Support Services (DSS) – DSS coordinates accommodations for students with disabilities in accordance with the university's compliance responsibilities under the law. Accommodation determinations for all students with documented disabilities will be made on a case-by-case basis.

LIBRARY

The Library has the primary goal of meeting the information needs of CUW students as they participate in the University's programs of study in pursuit of Christian education at the undergraduate and graduate levels. The Library works together with the faculty and administration to select, acquire, and make available materials and resources consistent with fulfilling the University's mission of providing excellence in Christian education.

CAREER SERVICES

Career Services provides assistance to all students and alumni by offering various resources and tools to help them accomplish their career goals. Available resources include resume and cover letter assistance, job search and salary negotiation strategies, career counseling, and an on-line job board. Career Services has adapted its services to meet the needs of off-campus students and now offers an e-critique resume option, Skype appointments and on-line tools. Visit the Career Services website at www.cuw.edu/careers to view a complete list of resources and services available.

The Office of International Student Services (OISS) & Study Abroad

NATURE AND SCOPE OF THE OFFICE

OISS provides students with opportunities to study away from the Concordia University Wisconsin campuses. Concordia's students are eligible to participate in the Concordia University Systems Visiting Student Program, which allows them to spend a semester or two at another of the system's ten colleges. The Office is also responsible for coordinating and promoting international opportunities for the university community as well as distributing global education grants among students to encourage international study.

MISSION STATEMENT FOR INTERNATIONAL STUDY

The Office of International Study seeks to help students gain a global perspective and develop the ability to interact with people of other cultures within a quality academic program.

ELIGIBILITY FOR GLOBAL EDUCATION GRANTS

The Office of National & International Study will distribute a finite number of global education grants to students who meet, among others, the following qualifications: a full-time student; have earned 60 undergraduate or 21 graduate credits from CUW; be a citizen or permanent resident of the United States; and participate in the international experience for university credit. Please check with the Office of National & International Study or its web page on CUW web site for complete information and/or an application.

Academic Policies

CLASSIFICATION OF STUDENTS

Full-time: Enrolled for 12 or more hours **Part-time:** Enrolled for less than 12 hours

Degree: Seeking an Associate in Arts, a Bachelor of Arts, a Bachelor of Science degree, or a Bachelor of Social Work

Non-Degree: Not seeking a degree

Church Vocation Students: Full-time students who are preparing themselves for one of the church vocations within The Lutheran Church-Missouri Synod and have maintained a grade point average of at least 2.00.

Part-time students are not eligible to participate in intercollegiate competition or to hold any campus office.

A student enrolled in a degree program must matriculate through admissions. Upon his/her acceptance, the University is committed to do all it can to help the student successfully complete his/her chosen program. Accordingly, each degree seeking student is assigned to an advisor.

A non-degree student wishing to change to degree status shall make application to the Vice President of Enrollment Services (cf. Special Admissions).

Classification is determined by the total number of credits completed including those accepted by Concordia from other college or university and is established as follows:

Freshman	0 - 29
Sophomore	30 - 59
Junior	60 - 89
Senior	90 - graduation

STUDENT COURSE LOAD FOR FULL-TIME STUDENT

	Minimum	Average	Maximum
Regular Semester	12	15	18
Winterim	2	3	4
Summer	3	3	6

ACADEMIC ADVISING

Upon matriculation to the University, each degree student is assigned a faculty/staff member as his/her personal academic advisor. Advisors are constantly kept informed of changes in the curriculum and thus are in a good position to help their advisees make decisions relating to their academic needs. However, it remains the responsibility of the student to ascertain that he or she is meeting all the requirements of the program and for the degree.

The advisor has both the professional training and responsibility to offer sound advice to his/her advisees. All questions relating to a student's academic program at the University should be directed to their academic advisor. Prior to the assignment, additional information about the academic advisor/advisee responsibilities or advising resources may be found on the CUW website at www.cuw.edu.

ACADEMIC ETHICS

Mutual respect and concern for one another in the atmosphere of a Christian caring community is the basic principle which should govern the relationship between student and instructor. Faculty are professional in their expectations of academic excellence and students respond with an appropriate level of effort and commitment. Unprofessional conduct and unethical behavioral are serious breaches of the academic contract. The ethics code of the university provides for due process, and grievance procedures are detailed in the Student Handbook.

GRADING

Formal reports of the student's progress are available at the close of each semester.

The following grade point systems is used in connection with these grades:

A — equals 4.00 points per credit	P — 0.0 points pass in pass-fail course, not computed in grade point average, credits counted.
A- — equals 3.67 points per credit	NC — 0.0 points, failure in pass-fail course, not computed in grade point average, no credit earned.
B+ — equals 3.33 points per credit	W — 0.0 points, withdrawn without penalty, not computed in grade point average. Given for withdrawal previous to withdrawal deadline, and for certain extenuating circumstances thereafter, such as illness.
B — equals 3.00 points per credit	WF — 0.0 points, withdrawn with penalty, is computed in grade point average. Given for withdrawal after the withdrawal deadline under unauthorized conditions.
B- — equals 2.67 points per credit	I — 0.0 points, incomplete, not computed in grade point average, (see policy on incomplete grades below)
C+ — equals 2.33 points per credit	
C — equals 2.00 points per credit	
C- — equals 1.67 points per credit	
D+ — equals 1.33 points per credit	
D — equals 1.00 points per credit	
D- — equals 0.67 points per credit	
F — equals 0.00 points per credit	

FINAL EXAM EXEMPTIONS

Exemptions to final examinations may be offered to students carrying an A for the course at the discretion of the instructor. First semester freshmen are not eligible for exemptions. Second semester freshmen and sophomores can be exempted from one exam per semester. Juniors and seniors can be exempted from no more than 2 exams per semester. If an instructor offers exemptions and students elect to take them, the instructor must submit the name of the course and the names of students taking the exemption to the office of the Senior Vice President of Academics before the second last week of the semester.

INCOMPLETE GRADES

An incomplete grade given in any term (i.e., first and second semester, Winterim, Summer Session) becomes a failing grade if the work is not completed within three weeks after the end of the final examination period for that term or by the time agreed to between the instructor and student. Requests for extension of time to resolve an I grade will be approved only when the instructor is satisfied that circumstances prompting the request justify waiving this three-week policy. In unusual circumstances, beyond the control of the student and the approval of the instructor, incomplete grades can be held for one semester.

INDIVIDUAL INSTRUCTION/INDEPENDENT STUDY PROPOSALS

Independent study proposals must be processed 60 days prior to the beginning of the new semester.

TRANSCRIPTS

An “Official” transcript is one bearing the seal of the University and the signature of the Registrar or his/her representative. Official transcripts are not normally given to students or alumni, but are mailed directly to institutions or persons considering the applicant for admission or for employment.

An “Unofficial” transcript is one given to the student whose credits are listed thereon and is marked “unofficial” or “student copy.” Concordia University accepts no responsibility for the accuracy of an unofficial transcript after it has been issued.

Federal regulations require the student’s signature before the record can be released. You can access the transcript request form by visiting our website: www.cuw.edu

CLASS ADDS-DROPS

A student may add a course before no more than 15% of the scheduled class periods have occurred. The table below is a guide for the various courses and the maximum times of meeting after which registrations are not permitted. Consent of the instructor must also be secured.

A regular semester class may be dropped without penalty through the end of tenth week of class (for seven week classes - end of the fifth week). Failure to withdraw from a class will result in a WF grade.

A full-time student may register through the last day of the first full week (5 days) of classes in the semester. The instructor’s signature is required after the first week.

Course Credit	Value	Class Periods
1/2		1
1		2
2		4
3		6
4		8
5		10

AUDITS POLICY

An audited class will appear on the transcript as a zero-grade point class with a grade of AU, and no credits earned. Students may sign up to audit a traditional class before the semester starts as long as there is room in the class; after the semester starts, students may change their registration status from enrolled for credit to audit up until the drop deadline. Students taking accelerated classes must register as an audit before the class starts. The university offers audits on a space-available basis, and programs/majors/instructors have the ability to not allow audits: such policies need to be stated in writing. Self-paced online classes cannot be audited.

A student who audits a course has access to the in-class (and/or online) didactic portions of the course. The student is expected to attend class, but the student is not required to participate in any of the course’s assessment activities, and the instructor is not required to assess the student’s progress in the course (that includes the formulation of a comprehensive assessment such as a course grade). The university does not require, expect, or allow the student with a documented disability – other than a physical disability – to participate in its disability services process, as the students will not take part in the university’s course assessment. Skills courses, such as foreign language, applied music, and some art courses are not available for audit.

CHANGE OF NAME OR ADDRESS

Students are to promptly notify the Registrar in writing of any change in name or address.

ACADEMIC HONORS

The Vice President of Academics' Scholastic Honors List

The Vice President of Academics’ Scholastic Honors List for the University is composed each semester of those full time student(s) who have a semester grade point average of 3.6 or above.

Graduation with Honors

A candidate who achieves a cumulative grade point average of 3.90 or better will be graduated **Summa Cum Laude**; one who achieves a cumulative grade point average of 3.80 or better will be graduated **Magna Cum Laude**; and one who achieves a cumulative grade point average of 3.60 or better will be graduated **Cum Laude**.

Awards

Concordia considers it right and proper to recognize through special awards unusual proficiency and performance in a certain area of learning as well as in worthwhile and purposeful co-curricular activity. Many such awards are given annually to students who have demonstrated exceptional achievement or who have made unusual contributions. From time to time, friends of Concordia have established such awards and have usually stipulated conditions under which the respective award should be given. Since in these instances the recognition aspect is more important than the financial element, Concordia has listed these as awards rather than scholarships. Such awards include:

American Bicentennial Award in Business Administration
 Walter W. Stuenkel Award
 E.R. Brann Citizenship Award
 Science Awards
 William Schickard Award in Computer Science
 Moeller Award in English, German, Greek,
 Hebrew, Latin, and Spanish
 Religion Award
 Northup-Bartelt Memorial Music Award
 Wall Street Journal Award

Nightingale Nursing Award
 Charles W. Finke Health and Human Performance Award
 Marsha Konz Student Educator Award
 Marsha Konz Graduate Educator Award
 Student Life Awards
 Charles W. Finke Physical Education Award
 CUW Visual Arts Award
 Sarah Kierkegaard Philosophy Award
 Zondervan Publishing House Award in Greek,
 Hebrew, Theology

ACADEMIC PROBATION AND DISMISSAL POLICY

In general, a traditional undergraduate student is considered in good academic standing if s/he maintains a cumulative grade point average (GPA) of 2.0 or higher. Academic standing is assessed at the end of each semester. When a student's cumulative GPA dips below 2.0, s/he is placed on academic probation. The student remains on probation if subsequent semester GPAs are 2.0 or above, but his/her cumulative GPA remains below 2.0. However, if at any time on probation, the student's semester GPA again dips below 2.0, s/he will be dismissed from the University. Furthermore, students must have a 2.0 GPA or higher in order to graduate. It should be noted, however, that some undergraduate programs have their own standards for academic good standing and program completion, which work in conjunction with the aforementioned general standards.

Appeal Process

Traditional undergraduate students who are dismissed from a particular academic program, but not from the University, may appeal their dismissal within the process established by their program. Students who are dismissed from their program and whose appeal was denied by their program may only appeal to the Academic Office if they believe that their program's appeal process was not properly followed. If that is the case, the student will present an argument in writing to the Academic Office. The appropriate Chief Academic Officer (CAO) or designee will examine the request, and if s/he ascertains that due process was not followed, s/he may return the appeal to the program for reconsideration. This decision will be communicated to the student within 10 working days of receiving his/her request.

Students who are dismissed from the University may schedule an appeal with the Traditional Undergraduate Academic Appeals Committee (TUAAC) through the Academic Office. In advance of their appeal appearance, students must send a letter to the Academic Office that explains why they were not successful and what they plan to do to improve their academic performance should they be readmitted. In most cases, the TUAAC will render a decision immediately after meeting with the student. Students who lose their appeal must sit out at least one semester, after which they may re-apply for admission. Their re-application will be enhanced if they can demonstrate academic success at another school in the intervening period. The TUAAC on the Mequon campus consists of the AVP of Academics for Student Success (who chairs the committee), the Registrar or designee, the Director of Advising and Retention, the Director of the Learning Resource Center, a representative from Student Life, the student's Student Success advisor (if applicable), the student's academic advisor, and one of the student's instructors.

All dismissed students may appeal a decision to the President of the University in writing within 5 working days of the decision only if they can demonstrate that due process was not followed.

ACADEMIC DISHONESTY POLICY

- 1) **First instance:** The faculty member determines the penalty. This may include any of the following: an opportunity to redo the assignment or test, a reduced grade on the assignment or test, a failing grade on the assignment or test, a lower grade in the course, a failing grade in the course, or removal of the student from the course.
- 2) **Second instance:** The faculty member determines the penalty, and the campus-specific Chief Academic Officer (CAO) or designee connects with the student at which time additional sanctions may be imposed.
- 3) **Third instance:** The faculty member determines the penalty, and the Academic Conduct Board (ACB) meets with the student at which time additional sanctions may be imposed, including suspension or expulsion. On the Mequon campus the ACB consists of the CAO at Mequon, AVP of Academics for Student Success, and the Dean of the School in which the student resides. If the student is an adult learner, the appropriate Center Director joins the ACB. If the student is a graduate student, the appropriate Program Director joins the ACB. The decision of the ACB is final.

Appeal Process

On the Mequon campus students may appeal a faculty-issued academic dishonesty decision or penalty in writing to the Dean of the School in which the course was offered within 15 working days of receiving the report. The Dean (in consultation with the Department Chair or Program Director or Center Director) will consider the appeal and render a decision within 10 working days of receiving the appeal and issue a written response to the student.

GENERAL ACADEMIC GRIEVANCES

The steps listed below are to be carried out with an attitude of Christian love and concern for academic, moral, and spiritual growth. Face-to-face meetings are encouraged throughout the process, but may not be possible because of the situation.

Step I: The student meets with the instructor to resolve the matter informally.

Step II: Traditional undergraduate students submit a written grievance to the Department Chair of the program in which the course was taught within 10 working days after meeting with the instructor. Upon receipt of the student's grievance, the Department Chair will notify the instructor, who will then have 10 working days to submit a written explanation of the incident to the Department Chair. Within 5 working days of receiving the instructor's report, the Department Chair will send a written response to the student and the instructor. Adult learners follow this step with their Center Director. Graduate students follow this step with their Program Director.

Step III: If the student is still not satisfied, s/he may file a written complaint with the Dean of the School in which the course was taught within 10 working days of receiving the step II report. The Dean or campus Dean will render a decision and send a written response to the student, the instructor, and the Step II University official within 10 working days of receiving the grievance.

GRADUATION

Concordia University confers the degree of Bachelor of Arts, Bachelor of Science or Bachelor of Social Work on a student of good character who has met the following requirements:

1. accumulated a cumulative grade point average of 2.00 or better for all credited work completed at Concordia.
2. earned a minimum of 36 semester credits of academic work on campus, at least 12 of which should be in the major and 6 in the minor, and have spent the last two semesters in residence including the one immediately prior to graduation. Residence is defined as registration for course work.
3. satisfied any program specific requirements.
4. met all financial obligations to the University.
5. every candidate is expected to attend graduation exercises. Requests for excuse in extenuating circumstances should be directed to the Registrar.

Concordia University confers the degree of Associate in Arts on a student of good character who has met the following requirements:

1. a cumulative grade point average of (2.00) or better for all credited work completed at Concordia University.
2. completed all necessary degree requirements for the program in which the student is enrolled.
3. spent at least two semesters in residence, including the one immediately prior to graduation. Evening division degree candidates need not meet residency requirements, but instead must complete a minimum of 18 semester hours of academic work on campus.
4. filed application for candidacy before registering for the final semester.
5. met all financial obligations to the University.
6. every candidate is expected to attend graduation exercises. Requests for excuse in extenuating circumstances should be directed to the Registrar.

Students must be enrolled in sufficient course(s) during their final semester at CUW to anticipate receiving their degree.

WITHDRAWAL FROM THE UNIVERSITY

Students who wish to withdraw from the University during a term must notify the Director of Academic Advising and Retention Services. If withdrawal is authorized, the student will receive the notation "W" on their permanent academic record for each course in which they are in good academic standing; for each course, in which the student is doing failing work, they receive the notation "WF." In the event that a student is seriously injured/ill, receives an official leave of absence, or cannot continue for any acceptable reason, the student will receive a "W" in all registered courses. A student who discontinues attending classes without official permission to withdraw will receive a grade of "WF" for all registered courses.

All students who are dismissed for conduct/behavioral reasons are to leave the campus and remain away until permission to return is granted. Any deviation from this policy may result in forfeiting the possibility of readmission. Requests for exceptions are to be addressed to the Vice President of Student Life.

Students dismissed for academic reasons are able to be on campus visiting unless otherwise noted in their dismissal. Students wishing to return to the University must wait at least one semester before re-applying for admission through the Office of the Vice President of Enrollment Services.

WINTERIM

Winterim offers students the opportunity either to explore topics not in their regular course of studies or to take courses that are part of their Core, major, or minor programs. Students pay a reduced per credit tuition for these three week January courses. 2-3 credits are typical; 4 is maximum.

Academic Programs

ACCREDITATION

Concordia University is accredited by the Higher Learning Commission, and a member of the North Central Association of Colleges and Schools.

The Higher Learning Commission
230 South La Salle Street, Suite 7-500, Chicago, IL 60604-1413
(312) 263-0456, www.ncahigherlearningcommission.org

The elementary and secondary teacher education programs are approved by the Wisconsin State Department of Public Instruction. Graduates may be appropriately placed in private or public institutions.

The nursing program is approved by the Wisconsin State Board of Nursing and the National League for Nursing.

Concordia University Wisconsin is registered as a Private Institution with the Minnesota Office of Higher Education pursuant to sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

The following agencies have accredited various programs of Concordia University Wisconsin:

Accreditation Council for Occupational Therapy Education (ACOTE)
of the American Occupational Therapy Association (Graduate Occupational Therapy)
Commission on Accreditation of Allied Health Education Programs (Undergraduate Medical Assisting)
Commission on Accreditation of Physical Therapy Education (Graduate Physical Therapy)
Commission on Collegiate Nursing Education (Undergraduate & Graduate Nursing)
Council on Social Work Accreditation (Undergraduate Social Work)
Joint Review Committee on Educational Programs in Athletic Training and the commission on
Accreditation of Allied Health Education Programs (Athletic Training Education Program)
Joint Review Committee on Education in Radiologic Technology (Undergraduate Radiologic Technology)
The Commission on Collegiate Nursing Education (Undergraduate & Graduate Nursing)
Wisconsin Department of Public Instruction (Undergraduate & Graduate Teacher Education)
Wisconsin State Board of Nursing (Undergraduate Nursing)

THE BACCALAUREATE DEGREE

The curriculum design for the baccalaureate degree normally consists of four parts:

1. The core curriculum - 48 credits.
2. A major - minimum of 30 credits.

Accounting	Economics	Individualized	Philosophy
Actuarial Science	Elementary Education	Information Technology	Photography
Art	English	Interior Design	Political Science
Art Education (K-12)	Environmental Studies	International Business	Pre-Seminary Studies
Athletic Training	Environmental Health and	Justice & Public Policy	Physical Education (K-12)
Biblical Languages	Water Quality Technology	Lay Ministry	Psychology
Biology	Exercise Physiology	Management	Public Relations
Biomedical Sciences	Finance	Marketing	Radiologic Technology
Business Communication	General Business	Mass Communication	Rehabilitation Science
Business Education K-12	German	Mathematics	Secondary Education
Computer Information	Graphic Design	Missions	Social Work
Sciences	History	Multimedia Communication	Spanish
Computer Science	Horticulture	Music	Special Education
Chemistry	Hospitality &	Music Education (K-12)	Sport & Recreation
Diagnostic Medical	Event Management	Natural Science	Management
Sonography	Humanities	Nursing	Theological Languages
Early Childhood Education	Illustration	Parish Music	Theology

Refer to the Table of Contents on page 1 for more information on these majors and minors.

3. A minor - minimum of 18 credits (21 cr. minimum for Education majors). Must be different than major.

Accounting	English as a Second Language	Lay Ministry	Science Education
Adaptive Education	Environmental Science	Legal Studies	Social Science
Art	Environmental Studies	Management	Social Studies
Athletic Coaching	Finance	Managerial Accounting	Social Welfare
Bioethics	Forensic Accounting	Marketing	Spanish
Biology	General Business	Mass Communication	Speech Communication
Business Communication	German	Mathematics	Sport Recreation Management
Chemistry	Health Education	Missions	Theatre
Christian Thought	History	Multimedia Communication	Theological Languages
Computer Information Sciences	Hospitality & Event Management	Music	Theology
Computer Science	Human Resource Management	Philosophy	Urban Education
Economics	Humanities	Psychology	Women's Studies
Educational Studies	Individualized	Political Science	Youth Ministry
English	Justice and Public Policy	Public Relations	
		Science	

4. Electives to reach a minimum total of 126 credit hours, which is the required minimum to receive a bachelors degree from Concordia University Wisconsin.

THE CORE CURRICULUM

The Common Core

All students take these particular courses, for a total of 15 credits.

Writing	(3 credits)	Civilization & Worldviews: History	(3 credits)
Bible Content	(3 credits)	Civilization & Worldviews: Literature	(3 credits)
Christian Doctrine	(3 credits)		

The Narrative Core

In each category, students choose from several courses which satisfy that particular competence, for a total of 12 credits.

Communications (Speech, Interpersonal)	(3 credits)	Citizenship (Pol. Sci., Economics)	(3 credits)
Culture	(3 credits)	Philosophical Foundations	(3 credits)

The Elective Core

Students choose from a range of courses, in light of their interests and program requirements, for a total of 21 credits.

Mathematics	(3 credits)	Physical Education	(2 credits)	Social Science	(3 credits)
Creative Arts	(3 credits)	Lab Science	(4 credits)	Theology Elective	(3 credits)
Language	(3 credits)				

ASSOCIATE IN ARTS DEGREE

I. CORE CURRICULUM 36 crs.

- Liberal Arts Preparation — 3 crs.
- Theology — 6 crs.
- Communications — 6 crs.
 - Introduction to Writing — 3 crs.
 - Public Speaking — 3 crs.
- Social Science — 3 crs.
 - General Psychology or Introduction to Sociology or Interpersonal Communication — 3 crs.
- Humanities — 6 crs. (Choose Two Areas)
 - History or Literature or Creative Arts Elective — 3 crs.

Cross Culture Course — 3 crs.

- Cultural Geography, Anthropology, Non-Western History, OR Foreign Language
- Science elective (with Lab) — 4 crs.
- Mathematics/Computer Science elective — 3 crs.
- Physical Education — 2 crs.
 - Introduction to Lifetime Fitness — 1 cr.
 - Physical Education Activity elective — 1 cr.

II. PROFESSIONAL COLLATERAL Minimum 27 crs.

ADVANCED TRANSFER CORE

1. All students holding an accredited Associate Degree will be granted Advanced Transfer status.
2. Students presenting at least 63 acceptable transfer credits from an accredited college (but not holding an associate degree) will be granted Advanced Transfer status.

Transfer Core Requirements:

Social Sciences — 9 Credits

(History, political science, sociology, psychology, anthropology, cultural geography, cross-cultural studies, economics)

Humanities and The Arts — 6 Credits (Literature, music, art, drama, dance, philosophy)

Mathematics and Communication — 6 Credits

Writing Course (Speech, foreign languages, linguistics, computer languages, sign languages, mathematics)

Theology — 6 Credits

Science — 4 Credits (Biology, chemistry, geology, geography, astronomy, physics or physical geography with a lab)

Total Transfer Core Requirement — 31 Credits

RESERVE OFFICER TRAINING CORPS**Air Force Reserve Officers Training Corps**

Concordia University students have the opportunity to fully participate in the Air Force Reserve Officers Training Corps program. Students enrolled in the Air Force ROTC program attend AFROTC courses at Marquette University.

Through the program, Concordia offers its students the opportunity to prepare for initial active duty assignments as Air Force Commissioned Officers. In order to receive a commission, AFROTC cadets must complete all university requirements for a degree and courses specified by the Air Force. AFROTC offers four-, three-, two-, and one-year programs leading to a commission as an Air Force officer. Four-year program students complete the general military course, the professional officer course, in addition to a four-week summer field training between their second and third years in the program. Two-year students complete only the professional officer course. One-year students complete a seven-week field training session.

AFROTC College Scholarship and Scholarship Actions Programs: These programs provide scholarships to selected students participating in AFROTC. While participating in AFROTC, students receive \$250-400 per month along with paid tuition, fees, and a fixed textbook reimbursement.

For more information, contact the Department of Aerospace Studies at Marquette University (414) 288-7882.

Army Reserve Officer Training Course

Concordia University students have the opportunity to fully participate in the Army Reserve Officer Training Course (AROTC) program. Students in the program attend AROTC courses at Marquette University. This program prepares Concordia University students for commissions in the U.S. Army, Army National Guard, or the U.S. Army Reserve.

There are two program options a four- or two-year program. The four-year program is divided into two phases: the basic course (taken during the freshman and sophomore years) and the advanced course (taken during the junior and senior years). The two-year program is designed for students at four-year institutions who did not take AROTC during the first two years of college, students entering a postgraduate course of study, or students who have prior military service. Students enrolling in the advanced course who have not taken the basic course will begin their training with a five-week paid summer session at Fort Knox called the Leader's Training Course or a one-week program held at Marquette called Accelerated Cadet Commissioning Training.

The Army offers a number of scholarship opportunities to Concordia University students enrolled in the ROTC program. There are two-year, three-year, and four-year active duty scholarships as well as two-year U.S. Army Reserve and National Guard scholarships available. These scholarships are awarded on a competitive basis by the Department of Military Science at Marquette University and can be applied to tuition expenses at Concordia University. In addition to the scholarships, all contracted students in the advanced course receive a \$250-400 monthly stipend.

Prospective students interested in the Army ROTC program are encouraged to visit the Army ROTC website www.armyrotc.com, the Marquette Army ROTC website www.mu.edu/rotc/army/html, or contact our Enrollment and Scholarship Officer at Marquette University (414) 288-2046.

COOPERATIVE PROGRAMS

Concordia University Wisconsin enables students to enrich their academic preparation by taking courses at other higher education institutions with which CUW has a written agreement. Consult the Registrar's Office for eligibility and guidelines.

PROGRAM CHANGES

Requirements are subject to change in programs, majors or minors.

THE INDIVIDUALIZED MAJOR AND MINOR

(Major 30 cr. minimum) (Minor 18 cr. minimum)

An exception to the requirement of a readymade major may be granted to a limited number of capable students with special needs or interests. For example, the student whose particular academic interests or career goals may better be served by a distinctive and flexible, but related grouping of courses, that provide for sustained contact with some problem or topic, may develop an appropriate major within the existing resources of the college.

Such self-designated proposals are initiated by the student with the aid of the mentor or academic advisor, developed with the assistance of a professor from an appropriate field, and submitted to the Academic Council for evaluation and recommendation. Final action rests with the Vice President of Academics. If approved, a copy of the plan must be filed in the student's records by the Registrar.

School of Arts and Sciences

Art

ART MAJOR 61 crs.

The Art Major consists of 61 credit hours of course work including a wide variety of studio courses, and courses in art history, aesthetics, and portfolio preparation. Art majors experiment with a variety of materials and techniques to encourage artistic and cognitive growth while mastering media as means of personal expression. In addition to the 48-credit Liberal Arts core requirements and required courses listed below, all art majors must complete requirements for a minor. A Business or Marketing Minor is strongly recommended to help students develop the skills they will need to channel their talents into a successful career. Program requirements include purchase of a Mac laptop (available at reduced prices via my.cuw.edu).

Required Courses — 46 crs.

GD 100 Digital Design I — 3 crs.
 ART 110/111 Design Fundamentals **OR**
 2D Composition — 3 crs.
 ART 131 Photography I — 3 crs.
 ART 145 Drawing for Art Majors — 3 crs.
 ART 210 3D Design — 3 crs.
 ART 230 Printmaking I — 3 crs.
 ART 245 Drawing II — 3 crs.
 ART 258 Ceramics I — 3 crs.
 ART 265 Acrylic Painting — 3 crs.
 ART 275 Sculpture I — 3 crs.
 ART 285 Art History I — 3 crs.
 ART 286 Art History II — 3 crs.
 ART 290-298 Applied Design — 3 crs.

ART 365 Watercolor Painting — 3 crs.
 PHIL 381 Aesthetics — 3 crs.
 ART 450 Senior Portfolio/Show — 1 cr.

Concentration — 6 crs.

ART 401/402 Independent studio work in area of concentration

Electives — 9 crs.

Choose 6 credits from the following:
 ART 222 Outdoor Drawing & Painting — 3 crs.
 ART 231 Photography II — 3 crs.
 ART 276 Sculpture II — 3 crs.
 ART 225 History of Architecture — 3 crs.
 ART 290-298 Applied Design — 3 crs.
 ART 430 Art Internship

ART MINOR (non-licensable) 21 crs. (22 crs. if participating in the Senior Show)

The Art Minor is chosen by majors from many fields. An art minor is particularly of value to majors in Elementary Education, Early Childhood Education, or Communication. Students pursuing the Art Minor take a variety of studio courses and complete work in art history. In addition to the 48-credit Liberal Arts core requirements, art minors complete the following courses.

Design (Choose 1)

GD 100 Digital Design Fundamentals — 3 crs.
 ART 100 Design Fundamentals — 3 crs.
 ART 210 3D Design (offered Spring of odd-numbered years only) — 3 crs.

Drawing

ART 145 Drawing for Art Majors — 3 crs.
 ART 246 Color & Media Dynamics — 3 crs.

Art History

ART 285 Art History I (offered Fall of odd-numbered years only) — 3 crs.
 ART 286 Art History II (offered Spring of even-numbered years only) — 3 crs.

Studio Electives (Choose 2)

Note: one elective must be a GD course if GD100 was not taken as Design option above

ART450 Senior Show (Optional)

(offered Spring semester only) — 1 cr.

ART EDUCATION (K-12) MAJOR 103 - 109 crs.

The Art Education Major consists of 101-107 credit hours of course work, dependent upon whether the student chooses a public school or Lutheran education focus. In both cases coursework blends studio and education courses to fully prepare students for a rewarding career in art education. Upon successful completion of all coursework, including a semester of student teaching, art education majors earn full licensure by the State of Wisconsin to teach art at the elementary and secondary levels (K-12). Program requirements include purchase of a Mac laptop (available at reduced prices via my.cuw.edu). In addition to requirements for the 52-credit K-12 Education core, art education majors complete the following required coursework in the areas of art, education, and art education.

Required Art Department Courses — 42 crs.

ART 145 Drawing I (for Art Majors) — 3 crs.
 ART 110/111 Design Fundamentals **OR**
 2D Composition — 3 crs.

INTERIOR DESIGN MAJOR 46 crs.

The Interior Design Major consists of course work completed through a cooperative program with Milwaukee Area Technical College (MATC). MATC-Mequon Campus is just a 5-minute drive from Concordia and offers two unique choices to prepare students for an exciting career designing residential and commercial interiors; Interior Design Foundations and Interior Design Specializations. In addition to the 48-credit Liberal Arts core requirements (completed on the Concordia Campus) and required courses listed below, all interior design majors must complete requirements for a minor. To develop skills necessary for the most successful career, an Art or Business minor is strongly recommended. Students selecting the Business Minor should work closely with their advisor regarding appropriate core source choices.

For specific information about MATC courses, please visit the MATC website at <http://oncampus.matc.edu/catalog/index1.htm>.

PHOTOGRAPHY MAJOR 52 crs.

The Photography Major consists of 52 credit hours of course work, 18 of which are completed through a cooperative program with the Milwaukee Institute of Art & Design (MIAD). MIAD is just a 25-minute drive from our Mequon Campus and offers the very latest in photographic concepts and technologies. Photography students have access to darkroom facilities on the Concordia campus and MIAD campus. In addition to the 48-credit Liberal Arts core and required courses listed below, all photography majors must complete requirements for a minor (18-21 credits). To help students develop vital skills for a successful career in photography, recommended minors are Multimedia, Marketing or Business. Program requirements include purchase of a Mac laptop (available at reduced prices via my.cuw.edu).

For specific information about MIAD courses please visit the MIAD website at www.miad.edu.

OUR MISSION: To help students in Concordia's Communication Department grow in their understanding and application of communication skills for service to Christ in the Church and the world.

COMMUNICATION VOCATIONS: The Communication Department prepares graduates for media, non-profit, government, or corporate jobs in media or media-related fields.

MAJORS: Students majoring in Communication earn a total of 45-48 credits in majors including Mass Communication and Multimedia Communication and the forthcoming tracks in Theatre, Journalism and Social Media, and more. Students majoring in Communication take 24 credits in the Communication Core and 21-24 credits in the major they choose. The Communication Core emphasizes writing, speaking, interpersonal, and small-group communication skill. Students will apply theoretical and practical knowledge in a senior seminar project and by participating in a 3-credit internship.

The **Mass Communication Major/Minor** provides a broad-based liberal arts approach to better understanding and using radio, television, film, video, and print media. An emphasis is placed on giving students skills in writing and editing skills across the various media.

The **Multimedia Major/Minor** challenges students with innovative technology associated with film and video production, animation, and multimedia production. Student-made productions showcase the marketable skills learned in this hands-on, highly practical major. ***Students in this program are required to purchase a Macintosh computer and software (at educational discount) for multimedia production;*** the cost is approximately \$3,000 and may be eligible for financial aid as a tuition expense.

MINORS: The Communication Department *offers minors for students majoring in a non-Communication field.* Each of our tracks (Mass Communication and Multimedia Communication) may be taken as a minor by students regardless of their major. Finally, a 21-credit Speech Communication Minor licensed by the Department of Public Instruction is offered through our Education Division in association with their Elementary and Secondary Education program. (See School of Education.)

COMMUNICATION CORE 24 crs. (Required for all Majors)

All Communication majors take the Common Core and choose at least one of two specializations (Mass Communication or Multimedia) as their major. They may double major by completing a second specialization among those below. Each of the four specializations may be selected as a minor by students majoring in a non-Communication major. Classes required in more than one major/minor may be used to "double dip" or fulfill requirements in each Communication major/minor without the need to substitute a different class.

COMM 105 Public Speaking
(taken in Narrative Core) — 3 crs.

COMM 460 Cross Cultural Communication
(taken as Culture in Narrative Core) — 3 crs.

COMM 201 Interpersonal Communication — 3 crs.

COMM 265 Journalism — 3 crs.

COMM 280 Careers in Communication — 3 crs.

COMM 385 Interviewing Principles — 3 crs.

COMM 470 Internship — 3 crs.

COMM 490 Senior Seminar — 3 crs.

MASS COMMUNICATION MAJOR OR MINOR

The **Mass Communication Major** (45 credits) is fulfilled by taking the following courses plus the 24 credit Communication Core. The **Mass Communication Minor** (21 credits) is earned by completing each of the classes in this list.

COMM 191/193 Beacon **and** WCUW
(at least 1 credit each) — 3 crs.

COMM 250 Intro to Mass Communication — 3 crs.

COMM 321 Media Writing — 3 crs.

COMM 329 Film History **OR**

COMM 371 Philosophy & Film — 3 crs.

COMM 339 Film and Video Production **OR**

COMM 351 Radio Production — 3 crs.

COMM 270 Sports Journalism **OR**

COMM 439 Advanced Film & Video Production **OR**

COMM 347 Animation — 3 crs.

Elective Majors and Minors should choose 3 credits of COMM electives. Minors must take a second choice from the courses above not taken.

MULTIMEDIA MAJOR OR MINOR

The *Multimedia Major* (45 credits plus ART 110/ART 111) is fulfilled by taking the following courses plus the 24 credit Communication Core. The *Multimedia Minor* (4 credits) is earned by completing each of the classes in this list.

ART 110 Design I (2 Dim Design) **OR**
 ART 111 2-D Design
 (each fulfills Creative Arts requirement in
 Distributive Core) — 3 crs.
 COMM 322 Multimedia Design — 3 crs.
 COMM 339 Film and Video Production — 3 crs.
 COMM 347 Animation — 3 crs.

COMM 348 Multimedia Production — 3 crs.
 COMM 439 Advanced Film & Video Production — 3 crs.
 COMM 448 Advanced Multimedia Production — 3 crs.
 ELECTIVE Choose from: ART 131, ART 231,
 COMM 329, GD 100, GD 110, GD 360, MIAD DS 330,
 or 3 credit Multimedia Internship — 3 crs.

Computer Science

Computer science and information technology are the foundations of 21st century technology. From movies to music, from automobiles to virtual worlds, computer scientists and information technologists create and apply the technology that empowers society.

Computer science and information technology focus on real world problem solving. These programs are not just for geeks. CS and IT are for creative people who love to imagine possibilities, solve problems and make a difference in their service to Christ in the church and world.

The computer scientist is a person who is concerned with creating computer systems, with an emphasis on software, which will assist other people in solving problems. The computer scientist is proficient with current software applications and hardware technologies; however, more importantly, the computer scientist possesses a deep understanding of the concepts underlying current computer technology. The computer scientist is chiefly concerned with algorithms: general methods of solving problems. Computer scientists must be creative; they must be able to discover innovative ways to apply problem solving techniques to new and diverse situations.

The information technologist is a person who is concerned with applying and managing current computing technology so other people can solve problems productively and efficiently. The information technologist is able to specify and manage the computing resources used in a business. Today every business and enterprise requires information technology to function competitively in the global economy. Succinctly, IT is the engine powering current information systems, and encompasses hardware, software, and people. Information technologists must empathize with their users in order to provide great technological solutions which not only work but are usable.

The computer science department offers a number of majors and minors in order to match student interests and abilities with meaningful vocations. See www.cs.cuw.edu for the latest information on Computer Science programs.

COMPUTER SCIENCE MAJOR

The BS degree program in Computer Science is designed for students who want to create software and design computer systems. Students interested in programming or working for software development firms should pursue this degree. This program provides students with a deep understanding of creating algorithms, programming, and heuristic problem solving.

This program prepares students for vocations in high-tech and computer firms such as software engineer, network developer, database administrator, application developer, computer scientist, researcher, and graduate student.

The BS in CS is also suitable for students who want to design and create systems for businesses that aren't "computer specific," such as financial, healthcare, manufacturing, service and retail. This program prepares students for vocations such as programmer/analyst, software engineer, network administrator, systems analyst, software quality engineer, web developer, and information specialist.

The CS major is the option chosen by most students who want to become professional software developers.

The computer science student should begin the Computer Science major program with a strong high school background in Mathematics, Science, and English.

Core Curriculum 48 credits

Any Calculus course is required for mathematics
 Any 4 credit physical science course is required for lab science
 SCI 275 is required for philosophical foundations

Professional Core 9 credits

MATH 205 Statistics I
 MATH 220 Discrete Mathematics
 PHIL 211 Elementary Logic

Major 42 credits

Required: 36 credits

CSC 150 Foundations of Computer Science
 CSC 175 Informatics: Application of Technology
 CSC 200 Foundations of Programming
 CSC 250 Computer Science Theory and Practice I
 CSC 300 Computer Science Theory and Practice II
 CSC 325 Computer Organization and Architecture I
 CSC 350 Computer Operating Systems
 CSC 370 Software Engineering
 CSC 450 Systems Software

CSC 470 Programming Languages

CSC 490 Senior Seminar I

CSC 491 Senior Seminar II

Electives: minimum of 6 credits

additional CSC courses approved by the department chair;
consult with your advisor for approval**Minor** 18 credits +**Free Electives** 12 credits +**Program total** (minimum) for BS degree — **129 credits****INFORMATION TECHNOLOGY MAJOR**

The BS degree program in Information Technology is designed for students who are interested in specifying, managing and applying technology for their organization. An IT graduate responds to the practical, ongoing demands of a business for computing resources. Because all organizations utilize technology, the IT graduate solves problems by supporting the business and other employees in their quest for information.

This program prepares students for vocations such as system administrator, network administrator, computer support engineer, technologist, information system trainer, technical marketing professional, communications engineer, telecommunications specialist, computer operations and data center director.

Core Curriculum 48 credits

SCI 275 is required for philosophical foundations

Note: IT majors cannot use CSC 150 to satisfy the core mathematics requirement

Professional Core 3 credits

PHIL 211 Elementary Logic

Major 40 credits

Required: 28 credits

CSC 150 Foundations of Computer Science
 CSC 175 Informatics: Application of Technology
 CSC 180 Readings in Science and Technology
 CSC 200 Foundations of Programming

CSC 250 Computer Science Theory and Practice I

CSC 313 The IT Experience (1 credit)

CSC 370 Software Engineering

CSC 410 Ethical Computing

CSC 430 Database Systems

CSC 491 Senior Seminar II

Electives: minimum of 12 credits

additional CSC courses approved by the department chair;
consult with your advisor for approval**Minor** 18 credits +**Free Electives** 17 credits +**Program total** (minimum) for BS degree — **126 credits****COMPUTER SCIENCE MINOR PROGRAMS**

Computer Science is the study of computerized problem solving. A computer science minor is an excellent supplement to any major as it enhances the student's problem solving skills and abilities. People who understand computer science concepts are in great demand in our present information age. Note that a business major and a computer science or information technology minor is equivalent to an "MIS" degree offered at many institutions.

COMPUTER SCIENCE MINOR, 21 CREDITS

CSC 150 Foundations of Computer Science
 CSC 175 Informatics: Application of Technology
 CSC 200 Foundations of Programming
 CSC 250 Computer Science Theory and Practice
 CSC 370 Software Engineering

ATHLETIC COACHING MINOR 29 crs.

Required Core:

BIO 181 Functional Anatomy & Physiology I
(satisfies core life science requirement) – 4 crs.

Required Courses – 25 - 27 crs.

HHP 209 First Aid and CPR – 2 crs.
HHP 272 Introduction to Athletic Training
with Lab – 3 crs.
HHP 275 Administration and Organization of Sport – 3 crs.
HHP 280 Psychology of Sport – 3 crs.
HHP 371 Exercise Physiology – 3 crs.

HHP 373 Motor Development – 3 crs.
HHP 375 Biomechanics – 3 crs.

Coaching Theory Electives (2 credits each) – 4 crs.

Choose two of the following:

HHP 281 Theory & Techniques of Coaching Softball
HHP 282 Theory & Techniques of Coaching Basketball
HHP 284 Theory & Techniques of Coaching Football
HHP 286 Theory & Techniques of Coaching Track & Field
HHP 287 Theory & Techniques of Coaching Soccer
HHP 288 Theory & Techniques of Coaching Volleyball
HHP 290 Theory & Techniques of Coaching Wrestling
HHP 490 Coaching Practicum – 1 - 3 crs.

MASTER OF SCIENCE IN ATHLETIC TRAINING

GENERAL ACADEMIC INFORMATION

The Master of Science in Athletic Training (MSAT) program at Concordia University Wisconsin (CUW) is a five-year Entry-Level Athletic Training Program. The objective of this program is to prepare graduates to enter into variety of employment settings and to render health care to diverse individuals engaged in physical activity.

The MSAT program at CUW is designed to satisfy all of the requirements set forth by the Commission on Accreditation of Athletic Training Education (CAATE) for an accredited program, as well as the graduation requirements for CUW. Meeting the CAATE requirements will allow the Athletic Training Student to take the Board of Certification (BOC) Computer Based Examination, which one must pass in order to practice professionally as an athletic trainer. The students who complete this program will be awarded a Bachelor of Science in Sports Medicine degree and a Master of Science in Athletic Training degree.

There are two main components to the MSAT program:

1. Classroom Education: The MSAT program consists of CUW undergraduate level core courses, athletic training undergraduate and graduate level core courses, and approved graduate level elective courses.
2. Clinical Education: The MSAT program enhances the classroom education with extensive hands-on clinical experiences in a variety of settings. The students in the MSAT program will complete approximately four years of clinical rotations, concentrated during the second, third, fourth, and fifth years.

CURRICULUM

Athletic Training Core Curriculum

100 Credits

BIO 182:	Anatomy and Physiology II (4 credits)
EXPH 470:	Exercise Physiology (4 credits)
HHP 130:	Advanced Weight Training (2 credits)
HHP 171:	Introduction to Exercise Science (1 credit)
HHP 342:	Nutrition for Wellness and Performance (3 credits)
MSAT 115:	Medical Terminology for the Health Professions (1 credit)
MSAT 163:	Freshman Fast Track I (1 credit) (not required)
MSAT 164:	Freshman Fast Track II (1 credit) (not required)
MSAT 205:	First Aid and Emergency Procedures (3 credits)
MSAT 210:	Health Care Delivery (2 credits)
MSAT 272/273:	Introduction to Athletic Training with Lab (3 credits)
MSAT 289:	Athletic Training Seminar (1 credit) (taken 4 consecutive semesters)
MSAT 291:	Athletic Training Practicum I (3 credits)
MSAT 292:	Athletic Training Practicum II (3 credits)
MSAT 301/302:	Rehabilitation Techniques of Athletic Injuries with Lab (3 credits)
MSAT 303/304:	Therapeutic Modalities with Lab (3 credits)
MSAT 312:	Administration and Organization of Athletic Training (3 credits)
MSAT 330:	Manual Muscle Testing (2 credits)
MSAT 348:	Palpatory Anatomy of the Human Body (2 credits)
MSAT 372/374:	Recognition and Evaluation of Athletic Injuries I with Lab (3 credits)
MSAT 376/378:	Recognition and Evaluation of Athletic Injuries II with Lab (3 credits)
MSAT 391:	Athletic Training Practicum III (3 credits)
MSAT 392:	Athletic Training Practicum IV (3 credits)
MSAT 403:	Advanced Injury Management (3 credits)
MSAT 408:	Pharmacology and Ergogenic Aids (3 credits)
MSAT 491:	Athletic Training Practicum V (3 credits)
MSAT 492:	Athletic Training Practicum VI (3 credits)
MSAT 501:	Manual Based Exam and Treatment (3 credits)
MSAT 510:	Pathophysiology and General Medicine (3 credits)
MSAT 530:	Psychosocial Aspects of Athletic Training (3 credits)
MSES 540:	Applied Kinesiology (3 credits)
MSES 569:	Research Methods (3 credits)
MSES 820:	Statistics (3 credits)

Capstone/Thesis/Internship (3 credits, taken for 2 semesters = 6 credits total)

Electives (Graduate level courses)**9 credits**

Select 3 courses from the Approved List of Electives (9 credits)

ADMISSION PROCESS

The Master of Science in Athletic Training (MSAT) program is a selective program that accepts up to approximately twenty students each year. The model used is an 8:1 ratio (Student : Preceptor ratio). This model promotes educational quality, provides the students with opportunities for hands-on learning, and maintains compliance with CAATE accreditation standards.

Prospective Athletic Training Students will formally apply to the Athletic Training Program during the spring semester of their first year of coursework. Once admitted to the program, the students will complete the remaining four years of core curriculum and athletic training coursework.

NOTE: Following admission to the Athletic Training Program, students may be responsible for obtaining and submitting background checks, flu shots, and any other relevant requirements in order to be eligible for certain clinical education rotations in the health care setting.

During the first year at Concordia University Wisconsin, applicants must meet the following minimum requirements to be considered for admission to the MSAT program:

1. Earn a Cumulative Grade Point Average (CGPA) of 3.00 in all major course work.
2. Earn a Cumulative Grade Point Average (CGPA) of 2.75 in all course work.
3. Complete the Athletic Training Program application by the specified date.
4. Interview with Athletic Training Program Admissions Committee.
5. Complete and pass the following courses with a grade of B (3.0) or higher::
 - a. HHP 130 (Advanced Weight Training): with a grade of B (3.0) or higher
 - b. HHP 171 (Intro to Exercise Science): with a grade of a B (3.0) or higher
 - c. MSAT 115 (Medical Terminology): with a grade of B (3.0) or higher
 - d. MSAT 205 (First Aid & Emergency Procedures): with a grade of a B (3.0) or higher
 - e. MSAT 210 (Health Care Delivery): with a grade of B (3.0) or higher
 - f. MSAT 272/273 (Intro to Athletic Training): with a grade of a B (3.0) or higher
6. Complete and pass the following courses with a grade of C (2.0) or higher:
 - a. BIO 181 & 182 (Anatomy & Physiology I & II)

RETENTION STANDARDS

Once admitted to the MSAT program, all Athletic Training Students must meet the following Retention Standards:

1. Maintain a Cumulative Grade Point Average (CGPA) of 3.00 in major course work.
2. Maintain a Cumulative Grade Point Average (CGPA) of 2.75 in all course work.
3. Must pass all Practicum courses (MSAT 291, MSAT 292, MSAT 391, MSAT 392, MSAT 491, MSAT 492) with a grade of a B (3.0) or higher.
4. Must pass all required athletic training courses, in sequence, in order to progress in the Athletic Training Program. If a student does not pass a course during a particular semester, that student cannot progress in the program until the course has been re-taken and the student has passed the course. Students who do not pass an athletic training course during the first attempt may re-take that course one additional time in an effort to pass the class. Students will not be allowed to take any athletic training course more than two times.
5. Maintain required and scheduled clinical experience hours.
6. Must follow all Athletic Training Program Policies and Procedures in the Athletic Training Program Handbook.

EXERCISE PHYSIOLOGY MAJOR 55 crs.

The Exercise Physiology major at Concordia prepares students to understand how the body responds and adapts to the stress of physical exertion. A thorough knowledge of exercise physiology enables one to understand the physiological mechanisms responsible for the acute and chronic response to physical activity. This knowledge can be used by students as they enter the workforce in health and fitness industries, strength and conditioning programs, clinical exercise physiology settings or entry into professional/graduate studies such as Concordia's Doctorate of Physical Therapy program or master's/doctoral work in the exercise sciences.

Coursework in the Exercise Physiology major includes a strong foundation in the sciences plus significant hands-on laboratory work assessing cardiovascular, neuromuscular, and pulmonary responses in Concordia's Exercise Physiology Laboratory. Emphases in this major include both clinical exercise physiology and strength and conditioning. Students will be prepared to sit for nationally recognized certification exams offered through the American College of Sports Medicine and the National Strength and Conditioning Association. Opportunities are available to participate in developing and conducting research projects in the exercise physiology laboratory and/or to pursue internships to gain additional practical experiences in their preferred field.

Required Courses – 55- 58 Credits

BIO 181 Functional Human Anatomy & Physiology I w/lab – 4 crs.
 BIO 182 Functional Human Anatomy & Physiology II w/ lab – 4 crs.
 BIO 285 Pathophysiology – 3 crs.
 HHP 171 Intro to Ex Science – 1 cr.
 HHP 209 First Aid & CPR – 2 crs.
 HHP 280 Psychology of Sport – 3 crs.
 HHP 342 Nutrition for Wellness & Perf. – 3 crs.
 EXPH 470 Exercise Physiology I – 4 crs.
 HHP 373 Motor Development – 3 crs.
 HHP 375 Biomechanics – 3 crs.
 EXPH 442 Exercise Testing & Presc. – 4 crs.
 EXPH 471 Adv. Exercise Physiology – 4 crs.
 EXPH 475 Seminar in Exercise Phys. – 2 crs.

EXPH 480 Strength and Conditioning Program Design – 3 crs.
 EXPH 494 Exercise & Chronic Disease – 3 crs.
 MATH 205 Statistics – 3 crs.
 PHIL 350 Bioethical Dilemmas – 3 crs.
 EXPH 495 Senior Seminar – 3 crs.
 and/or EXPH 460 Internship (3-6 cr.)

Recommended Courses:

BIO 470 Human Physiology – 4 crs.

Required Courses for PT + 16 Credits

CHEM 141 General Chemistry I – 4 crs.
 CHEM 142 General Chemistry II – 4 crs.
 PHYS 151 General Physics I – 4 crs.
 PHYS 152 General Physics II – 4 crs.

Although CHEM 141/142, PHYS 151/152, and BIO 470 are recommended for all Exercise Physiology majors, only Pre Physical Therapy are required to take them for admittance into a Physical Therapy program. Students should check with their advisor for further information on options within the Exercise Physiology curriculum.

History**HISTORY MAJOR 36 crs.****Required Courses:**

U.S. History – 6 crs.
 European History – 6 crs.
 Non-Western/Global History – 6 crs.
 HIST 385 Historical Methods – 3 crs.
 HIST 490 Senior Seminar – 3 crs.
AND (the student must choose one of the following)
I. Emphasis in American History
 U.S. History – 9 crs.
 European or Non-western/Global history – 3 crs.
OR II. Emphasis in European History
 European history – 9 crs.
 U.S. or Non-western/Global history – 3 crs.
OR III. Emphasis in Global History
 Non-western/Global history – 9 crs.
 U.S. or European history – 3 crs.

HISTORY MINOR 21 crs.**Required Courses:**

U.S. History – 3 crs.
 European History – 3 crs.
 Non-Western/Global History – 3 crs.
 HIST 385 Historical Methods – 3 crs.
AND (the student must choose one of the following)
I. Emphasis in American History
 U.S. History – 6 crs.
 European or Non-western/Global history – 3 crs.
OR II. Emphasis in European History
 European history – 6 crs.
 U.S. or Non-western/Global history – 3 crs.
OR III. Emphasis in Global History
 Non-western/Global history – 6 crs.
 U.S. or European history – 3 crs.

Liberal Arts

LIBERAL ARTS CORE (existing) 48 credit hours

LIBERAL ARTS MAJOR 56 - 57 credit hours

Courses selected must NOT have been taken as part of the Liberal Arts Core.

English – 9 credit hours

(must include at least one writing course)

ENG 245 Advanced Writing

Choose one of these three classes:

ENG 341 American Literature I or

ENG 342 American Literature II or

ENG 347 World Literature I

Choose one of these three classes:

ENG 344 English Literature I or

ENG 345 English Literature II or

ENG 465 Shakespeare

History – 6 credit hours

HIST 153 American Civilization

HIST 163 Non-Western World

HIST 385 Historical Methods

Mathematics/Computer Science – 6 credit hours

Select from:

MATH 128 College Algebra

MATH 150 Trigonometry

MATH 201 Calculus I

MATH 202 Calculus II

MATH 203 Calculus III

MATH 205 Statistics I

MATH 305 Statistics II

CSC 150 Foundations of Computer Science

(must precede other CS courses)

CSC 175 Advanced Software Applications

CSC 180 Readings in Science and Technology

CSC 200 Foundations of Programming

Communication – 3 credit hours

COMM 105 Public Speaking or

COMM 201 Interpersonal Communication

Art/Music/Theatre – 6 credit hours

Select from:

MUS 171 Creative Arts Music

MUS 240 Music Theory I

Music Ensembles

ART 2xx Studio Courses at the 200 level or above

ART 381 Aesthetics

Physical Development – 2 credit hours

Select from:

HHP 105 Introduction to Lifetime Fitness (Wellness Program)

HHP 149 Wellness Boot Camp

HHP 260 Personal, Family and Community Health

HHP 265 Healthy Lifestyles

HHP 280 Psychology of Sport

HHP 342 Nutrition and Wellness

HHP 361 Technology in Health and Human Performance

HHP 373 Exercise Physiology

HHP 373 Motor Development

Any combination of Activity courses

Language – 6 credit hours

Any two course sequence in a single language.

Theology – 6 credit hours

Any REL courses other than the basic courses in biblical content or doctrine (i.e., other than REL 100, 110, 201, 203, 204), and without “double-dipping” with the third core theology course.

Suggested:

REL 310 Religion in America Today

REL 333 A Survey of Christian Thought

REL 376 Christian Ethics

REL 410 World Religions.

Philosophy – 3 credit hours

Any PHIL course in the 200-300 range.

Natural Science (SCI 100 for core) 3 - 4 credit hours

BIO 140 General Biology

BIO 256 Environmental Science

BIO 367 Ecology of the Tropics

PHYS 107 Astronomy

SCI 135 Earth Science

SCI 195 Meteorology

SCI 246 Oceanography

Social Science

SOC 203 Contemporary Social Problems – 3 credit hours

Senior Seminar (in selected discipline) – 3 credit hours

Mathematics

MATHEMATICS MAJOR 40 crs.

Required Courses:

CSC 150 Foundations of Computer Science – 3 crs.
 MATH 201 Calculus I – 4 crs.
 MATH 202 Calculus II – 4 crs.
 MATH 203 Calculus III – 4 crs.
 MATH 205 Statistics I* – 3 crs.
 MATH 220 Discrete Mathematics – 3 crs.
 MATH 305 Statistics II – 3 crs.
 MATH 321 Abstract Algebra – 3 crs.
 MATH 325 Linear Algebra and Differential Equ. – 4 crs.
 MATH 331 Geometry – 3 crs.
 MATH 441 Real Analysis – 3 crs.
 MATH 490 Seminar – 3 crs.

MATHEMATICS MINOR 21 crs.

Required Courses:

MATH 201 Calculus I – 4 crs.
 MATH 202 Calculus II – 4 crs.
 MATH 203 Calculus III – 4 crs.
 MATH 205 Statistics I* – 3 crs.
 Electives - 6 crs.**

* Statistics I satisfies the mathematics requirement in the core.

** Choose from: MATH 220, MATH 305, MATH 325, MATH 321, MATH 331, or MATH 441 or MATH 470.

Modern Languages

ENGLISH AS A SECOND LANGUAGE

This program is directed to assist non-English speaking students to improve their communication skills. The areas of concentration are reading, writing and conversation. The curriculum in ESL is designed to prepare individuals to attend regular college classes or to return to their homes with a strong background and experience in communicating in English and in the cultural aspects of America.

International students must present a minimum of 500 TOEFL for regular acceptance. Any International Student who can not present a 500 TOEFL must test through the International Office for placement and may be required to enroll in the ESL program.

GERMAN MAJOR 34 crs.

Required Courses:

GER 201 Intermediate German I – 3 crs.
 GER 202 Intermediate German II – 3 crs.
 GER 301 German Conversation and Composition – 3 crs.
 GER 306 German Lit. from 1750 to the 20th Century – 3 crs.
 GER 307 Applied German Linguistics – 3 crs.
 GER 331 Advanced German Grammar – 3 crs.
 GER 361 German Civilization and Culture – 3 crs.
 GER 490 Senior Seminar/Capstone Course – 3 crs.
 Advanced German Language (study abroad) – 10 crs.

GERMAN MINOR 21 crs.

Required Courses:

GER 201 Intermediate German I – 3 crs.
 GER 202 Intermediate German II – 3 crs.
 GER 301 German Conversation and Composition – 3 crs.
 GER 306 German Lit. from 1750 to the 20th Century – 3 crs.
 GER 331 Advanced German Grammar – 3 crs.
 GER 361 German Civilization and Culture – 3 crs.
 German Elective – 3 crs.

SIGN LANGUAGE INTERPRETING

The Sign Language Interpreting major is a cooperative program with Milwaukee Area Technical College (MATC). Students who follow this joint program may receive two degrees: an Associate's Degree from MATC and the Bachelor's Degree, Sign Language Interpreting, from Concordia University. A student matriculating first at Concordia University will take most courses on the Concordia campus during the first two semesters, while most of the third, fourth, fifth, and sixth semesters will be at MATC. The final two semesters will again be at Concordia. Contact the Admissions department for additional information about this program.

SPANISH MAJOR (Non-Education) 33 crs.

SPAN 201 Intermediate Spanish I – 3 crs.
 SPAN 202 Intermediate Spanish II – 3 crs.
 SPAN 301 Conversation & Composition – 3 crs.
 SPAN 307 Applied Linguistics – 3 crs.
 SPAN 331 Advanced Grammar & Composition – 3 crs.
 SPAN 490 Seminar/Capstone – 3 crs.
 Upper level electives in Spanish – 15 crs.

A semester or summer of study abroad is also required for a major.
 Required courses for the major may be fulfilled during study abroad.
 Span 101 and Span 102 do not count toward the major.

SPANISH MINOR (Non-Education) 24 crs.

SPAN 201 Intermediate Spanish I – 3 crs.
 SPAN 202 Intermediate Spanish II – 3 crs.
 SPAN 301 Conversation & Composition – 3 crs.
 SPAN 307 Applied Linguistics – 3 crs.
 SPAN 331 Advanced Grammar & Composition – 3 crs.
 Upper level electives in Spanish – 9 crs.

Span 101 and Span 102 do not count toward the minor.

Music

MISSION STATEMENT

The CUW Music Department contributes to the spiritual, artistic, cultural, academic and co-curricular life aspects to campus life at the University. In doing so, the faculty is committed to blending talent and fellowship to the highest degrees of professional artistry in praise of the Lord's name. We additionally hope to impact our surrounding community while fulfilling our mission.

AUDITION PROCEDURES FOR ALL MUSIC MAJORS

To gain degree-seeking status as a music major, a student must:

1. Successfully pass the following:
 - a. Qualifying audition with performance of two contrasting works on his/her principal instrument (to be completed at the end of two semesters of study);
 - b. For vocalists, aural examination of sight-reading, and tonal memory ability.
 - c. For instrumentalists, sight reading and scales.
2. Prepare a portfolio for musical activities (solo and ensemble) and examples of music course work. This portfolio is to be:
 - a. Presented at the time of the audition;
 - b. Returned to the student for additions to be made throughout the student's undergraduate career.
3. Transfer students will have their transcripts evaluated by the music faculty for determination of credited coursework and hours.
4. The deadline for auditioning is the end of the 2nd semester from the time of declaration. There are three possible results for an audition:
 - a. Active - This grants formal acceptance into upper division status.
 - b. Provisional - A repeat of the audition is requested by the Faculty at the end of the next semester to show more progress.
 - c. Fail - The student is not accepted as a music major.

MUSIC MAJOR 40 crs.

Required Courses:

MUS 080 Concert/Recital
Attendance (each semester) – 0 crs.
MUS 240 Music Theory I – 3 crs.
MUS 241 Music Theory II – 3 crs.
MUS 242 Music Theory III – 3 crs.
MUS 243 Music Theory IV – 3 crs.
MUS 271 Music History I – 3 crs.
MUS 272 Music History II – 3 crs.
MUS 273 Music History III – 3 crs.
Applied Music (studio) – 8 crs.
MUS 250 Beginning Conducting – 3 crs.
Choose one:
MUS 351 Advanced Conducting **OR**
MUS 445 Composing and Arranging – 3 crs.
*Electives (may include ensemble) – 3 crs.
MUS 499 Recital – 2 crs.

*Music Majors must participate in ensembles every semester of residency (at least 3 semesters for credit)

MUSIC MINOR 24 crs.

Required Courses:

MUS 240 Music Theory I – 3 crs.
MUS 241 Music Theory II – 3 crs.
MUS 242 Music Theory III - 3 crs.
MUS 271 Music History I – 3 crs.
MUS 272 Music History II – 3 crs.
Applied Music (studio) – 3 crs.
Choose one:
MUS 250 Beginning Conducting **OR**
MUS 445 Composing and Arranging – 3 crs.
*Electives (may include ensemble) – 3 crs.

PARISH MUSIC PROGRAM (LCMS Rosterable) 53 crs.

Required Core Courses:

Common Core:
Bible Content: REL 201 Old Testament — 3 crs.
Christian Doctrine: REL 204 Biblical Theology — 3 crs.

Narrative Core:
Communications: COMM 201
Interpersonal Communications — 3 crs.

Elective Core:

Creative Arts: Participation in musical ensembles – 3 crs.
 MUS 180 Chapel Ringers
 MUS 181 Wind Ensemble
 MUS 182 Concordia Chorale
 MUS 184 Kammerchor
 MUS 185 The Alleluia Ringers
 MUS 186 Small Ensemble
 MUS 187 Falcon Pep Band
 MUS 188 Jazz Ensemble
 MUS 190 String Ensemble/Chamber Orchestra
 MUS 191 Selah
 MUS 192 University Band
 Theology Elective: – 3 crs.

Required Courses:

MUS 080 Concert/Recital Attendance
 (each semester) – 0 crs.
 Ensemble (additional to core) – 6 crs.
 Music Theory I, II, III, IV (3 crs. each) – 12 crs.
 MUS 240, 241, 242, 243
 Music History I, II (3 crs. each) – 6 crs.
 MUS 271, 272

A Parish Music major with a Lay Ministry minor provides students with another option to serve the Church as church musicians. Upon graduation, students may be placed on the roster of Synod as Lay Ministry. Please see Lay Ministry Certification - combined with related majors in the catalog under Lay Ministry for this option.

K-12 Music Education (Instrumental and Choral) see Education Department section.

Music Therapy Equivalency While studying music at CUW, you have the opportunity to concurrently work toward a Music Therapy Equivalency through Alverno College. The Equivalency option allows you to focus on specific courses required to become a board certified music therapist. The student will follow the CUW Liberal Arts Music Major curriculum.

Natural Sciences

BIOLOGY MAJOR 56 crs.**Required Core Courses:**

Lab Science: CHEM 141 General Chemistry I

Mathematics: MATH 205 Statistics I

Philosophical Foundations:

PHIL 240 Environmental Ethics **OR**

PHIL 350 Bioethical Dilemmas in Contemporary Society **OR** SCI 275 Cosmogony

Recommended Core Courses:

Social Science: PSY 101 General Psychology

Citizenship: JPP/LEGL 230 Environmental Law

Culture: BIO 367 Ecology of the Tropics

Required Courses: 42 credits

BIO 141 General Biology I – 4 crs. **OR**

BIO 151 Functional Human Biology I – 4 crs.

BIO 240 Zoology – 4 crs.

BIO 244 Botany – 4 crs.

BIO 260 Microbiology – 4 crs.

BIO 348 Genetics – 4 crs.

BIO 490 Biology Senior Seminar – 2 crs. (1 cr./semester)

CHEM 141 General Chemistry I – (taken in core)

CHEM 142 General Chemistry II – 4 crs.

CHEM 241 Organic Chemistry I – 4 crs.

CHEM 242 Organic Chemistry II – 4 crs.

PHYS 151 Physics I – 4 crs.

PHYS 152 Physics II – 4 crs.

Conducting: (3 crs each) – 6 crs.

MUS 250 Beginning Conducting

MUS 351 Advanced Conducting

Applied Music (min. 4 crs. Organ) – 8 crs.

Organ, Piano and/or Voice

MUS 445 Composing and Arranging – 3 crs.

MUS 461 Music in Worship – 3 crs.

MUS 465 Survey of Christian Hymnody – 3 crs.

MUS 491 Parish Music Practicum/Internship

(120 hours) – 3 crs.

Choose one of the following two: – 3 crs.

MUS 422 Organ Literature **OR**

MUS 485 Handbell Methods and Materials **OR**

Additional required courses for LC-MS Roster – 9 crs.

REL 203 New Testament – 3 crs.

REL 312 Office of the Church Worker – 3 crs.

REL 404 Theology of the Lutheran Confessions – 3 crs.

(These nine credits may be part of a Theology minor or elective credits.)

Electives—Choose a minimum of 14 crs. from the following:

BIO 142 General Biology II – 4 crs. **OR**

BIO 152 Functional Human Biology II – 4 crs.

BIO 156 Environmental Science – 4 crs.

BIO 171 Human Anatomy & Physiology I – 4 crs. **OR**

BIO 181 Functional Anatomy & Physiology I – 4 crs.

BIO 172 Human Anatomy & Physiology II – 4 crs. **OR**

BIO 182 Functional Anatomy & Physiology II – 4 crs.

BIO 285 Pathophysiology – 3 crs.

BIO 301 Advanced Functional Anatomy & Physiology

BIO 321 Cell Biology – 4 crs.

BIO 367 Ecology of the Tropics – 3 crs.

(If not taken in the core)

BIO 368 Ecology of the Tropics Lab – 1 cr.

BIO 370 Ornithology – 4 crs.

BIO 381 Histology – 3 crs.

BIO 399 Biology Internship – 1-4 crs.

BIO 410 Ecology – 4 crs.

BIO 417 Plant Anatomy – 4 crs.

BIO 420 Molecular Genetics – 4 crs.

BIO 430 Pharmacology – 3 crs.

BIO 444 Systematics – 4 crs.

BIO 445 Biological Methods – 4 crs.

BIO 470 Human Physiology – 4 crs.

BIO 499 Undergraduate Research – 1 - 4 crs.

CHEM 361 Environmental Chemistry and Toxicology – 3 crs.

CHEM 425 Biochemistry – 4 crs.

SCI 275 Cosmogony – 3 crs.

(Elective if not taken in Narrative Core)

With approval from the Biology Department on an individual basis, a student may use a 4 credit upper-level chemistry course in place of one of the courses listed here.

BIOLOGY MINOR 24 crs.

A biology minor is offered to those students who want a more detailed knowledge of living organisms/systems and how they affect the world in which we live. This minor is not available to students majoring in Environmental Science or Natural Science. The biology minor must take the following:

Required Core Course:

Lab Science: CHEM 105 Elements of General and Biological Chemistry — 4 crs.

Required Courses: 24 credits

BIO 141 General Biology I **OR**

BIO 151 Functional Human Biology I **OR**

SCI 152 Life Sciences – 4 crs.

BIO 146 Essentials of Anatomy and Physiology – 4 crs.

BIO 240 Zoology – 4 crs.

BIO 244 Botany – 4 crs.

BIO 156 Environmental Science **OR**

BIO 410 Ecology – 4 crs.

BIO 348 Genetics – 4 crs.

BIOMEDICAL SCIENCES MAJOR 61 crs.

The Biomedical Sciences Major, which combines human health sciences with Concordia University Wisconsin's distinctive core curriculum with courses in theology, humanities and social sciences, should provide students with the intellectual, scientific, and ethical tools to succeed in advanced studies in the health sciences or proceed directly into the growing field of biotechnology and drug development.

Required Core Courses:

Lab Science: CHEM 141 General Chemistry I

Mathematics: MATH 205 Statistics I

Social Science: PSY 101 General Psychology

Philosophical Foundations: PHIL 350 Bioethical Dilemmas in Contemporary Society

BIOMEDICAL SCIENCES GENERAL REQUIREMENTS

(38 Crs + 10 Crs Associated Classes In Core Curriculum)

BIO 151 Functional Human Biology I – 4 crs.

BIO 152 Functional Human Biology II – 4 crs.

BIO 260 Microbiology – 4 crs.

BIO 321 Cell Biology – 4 crs.

BIO 348 Genetics – 4 crs.

BIO 490 Senior Seminar – 2 crs.

(1 credit course taken twice)

CHEM 141 General Chemistry I – 4 crs.

(taken in Elective Core)

CHEM 142 General Chemistry II – 4 crs.

CHEM 241 Organic Chemistry I – 4 crs. **OR**

CHEM 215 Survey of Organic Chemistry – 4 crs.

PHYS 151 Physics I – 4 crs.

PHYS 152 Physics II – 4 crs.

PHIL 350 Bioethical Dilemmas in Contemporary

Society - 3 crs. (taken in Narrative Core)

MATH 205 Statistics - 3 crs. (taken in Elective core)

And Complete One Of The Following 3 Tracks:**1. PRE-MEDICAL TRACK**

(23-24 crs + 3 crs associated class in core curriculum)

BIO 171 Human Anatomy & Physiology I – 4 crs. **OR**

BIO 181 Functional Anatomy & Physiology I – 4 crs.

BIO 172 Human Anatomy & Physiology II – 4 crs. **OR**

BIO 182 Functional Anatomy & Physiology II – 4 crs.

CHEM 242 Organic Chemistry II – 4 crs.

CHEM 425 Biochemistry – 4 crs.

PSY 101 General Psychology – 3 crs. (taken in Elective

Core) Additional 7 crs. from electives

Other classes strongly recommend:

(don't count towards major)

SOC 101 Introduction to Sociology – 3 crs.

MATH 201 Calculus I – 4 crs

2. HUMAN BIOLOGY TRACK

(23-26 crs+3 crs associated class in core curriculum)

BIO 171 Human Anatomy & Physiology I – 4 crs. OR
 BIO 181 Functional Anatomy & Physiology I – 4 crs.
 BIO 172 Human Anatomy & Physiology II – 4 crs. OR
 BIO 182 Functional Anatomy & Physiology II – 4 crs.
 PSY 101 General Psychology – 3 crs. (taken in Elective Core)

3. RESEARCH TRACK (23-24 CREDITS)

CHEM 242 Organic Chemistry II – 4 crs. AND
 CHEM 425 Biochemistry – 4 crs.
 BIO 420 Molecular Genetics – 4 crs.
 Additional 8 crs. from electives
 MATH 201 Calculus I (strongly recommended)

ELECTIVES

BIO 285 Pathophysiology – 3 crs.
 BIO 301 Advanced Functional Anatomy &
 Physiology – 4 crs.
 BIO 351 Immunology – 3 crs.
 BIO 367/368 Ecology of the Tropics (with lab) – 4 crs.
 BIO 381 Histology – 3 crs.
 BIO 399 Biology Internship* - 1 - 4 crs.
 BIO 420 Molecular Genetics – 4 crs.
 BIO 430 Pharmacology – 3 crs.

*No more than 3 credits of 399 and/or 499 may count towards major requirements

AND Select 5 classes from following: (15 - 18 crs.)

BIO 285 Pathophysiology – 3 crs.
 BIO 351 Immunology – 3 crs.
 BIO 381 Histology – 3 crs.
 BIO 430 Pharmacology – 3 crs.
 BIO 470 Human Physiology – 4 crs.

Up to 2 additional classes from electives

AND Select at least 3 credits:

BIO 399 Biology Internship – 1- 3 crs.
 BIO 445 Biological Methods – 4 crs.
 BIO 499 Undergraduate Research – 1- 3 crs.
 CHEM 399 Chemistry Internship – 1-3 crs.
 CHEM 499 Undergraduate Research – 1-3 crs.

BIO 445 Biological Methods – 4 crs.
 BIO 470 Human Physiology – 4 crs. I
 BIO 499 Undergraduate Research* – 1 - 4 crs.
 CHEM 242 Organic Chemistry II – 4 crs.
 CHEM 361 Environmental Chemistry
 and Toxicology – 3 crs.
 CHEM 399 Chemistry Internship* – 1 - 4 crs.
 CHEM 499 Undergraduate Research* – 1 - 4 crs.
 HPP 417 Advanced Exercise Physiology – 4 crs.
 PHIL 309 History and Philosophy of Science – 3 crs.
 SCI 275 Cosmogony – 3 crs

CHEMISTRY MAJOR 46 crs.

Concordia offers a chemistry major that meets the requirements for certification by the American Chemical Society. This major includes 46 credits of chemistry and 16 credits of supplementary coursework (physics and mathematics). A student seeking a degree in chemistry must take:

Required Core Courses:

Lab Science: CHEM 141 General Chemistry I – 4 crs.
 Mathematics: MATH 201 Calculus I – 4 crs.

Required Courses: 46 crs.

CHEM 142 General Chemistry II – 4 crs.
 CHEM 241 Organic Chemistry I – 4 crs.
 CHEM 242 Organic Chemistry II – 4 crs.
 CHEM 225 Analytical Chemistry – 4 crs.
 CHEM 235 Descriptive Inorganic Chemistry – 4 crs.
 CHEM 341 Physical Chemistry I – 4 crs.
 CHEM 342 Physical Chemistry II – 4 crs.
 CHEM 425 Biochemistry – 4 crs.
 CHEM 490 Chemistry Senior Seminar – 2 crs.
 (1 credit per semester)
 MATH 202 Calculus II – 4 crs.
 PHYS 151 General Physics I – 4 crs.
 PHYS 152, General Physics II – 4 crs.

The chemistry major must also complete at least 8 credits from the following:

CHEM 399 Chemistry Internship – 1 - 4 crs.
 CHEM 435 Advanced Organic Chemistry – 4 crs.
 CHEM 445 Advanced Inorganic Chemistry – 4 crs.
 CHEM 455 Instrumental Analysis – 4 crs.
 CHEM 499 Undergraduate Research – up to 4 credits,
 1-3 credits per semester.

With approval from the Chemistry Department on an individual basis, a student may use a 4 credit upper-level biology course in place of one of the courses listed here.

CHEMISTRY MINOR 23 crs.

A chemistry minor is offered to students in a secondary education curriculum, but may be of interest to other students who desire a more in-depth understanding of the importance of chemistry in today's technological world. Students are expected to have a mastery of the concepts covered in MATH 121. A student seeking a minor in chemistry at CUW must take:

Required Courses:

CHEM 141 General Chemistry I – 4 crs.
CHEM 142 General Chemistry II – 4 crs.

and at least two chemistry electives from each category below (total of at least 15 credits)

Category I:

*CHEM 215 Survey of Organic Chem – 4 crs.
*CHEM 241 Organic Chemistry I – 4 crs.
*CHEM 242 Organic Chemistry II – 4 crs.
CHEM 425 Biochemistry – 4 crs.
CHEM 435 Advanced Organic Chemistry – 4 crs.

Category II:

CHEM 225 Analytical Chemistry – 4 crs.
CHEM 235 Descriptive Inorganic Chemistry – 4 crs.
CHEM 341 Physical Chemistry I – 4 crs.
CHEM 342 Physical Chemistry II – 4 crs.
CHEM 361 Environmental Chemistry & Toxicology – 3 crs.
CHEM 445 Advanced Inorganic Chemistry – 4 crs.
CHEM 455 Instrumental Analysis – 4 crs.

*either CHEM 215 or CHEM 241/242 can be counted toward the minor.

ENVIRONMENTAL HEALTH AND WATER QUALITY TECHNOLOGY MAJOR 44 crs.

The Environmental Health and Water Quality Technology Major consists of 50 credit hours of course work completed through a cooperative program with Milwaukee Area Technical College (MATC). MATC-Mequon Campus is just a 5-minute drive from Concordia. In addition to the CUW Liberal Arts core requirements and required courses listed below, all environmental and pollution control technology majors must complete requirements for a CUW Minor. Required core courses may be taken at either MATC or CUW.

For specific information about MATC courses and degree requirements, please visit the MATC website at <http://oncampus.matc.edu/catalog/index1.htm>.

Required Core Courses:**Science:**

BIO 156 Environmental Science – 4 crs.

Philosophical Foundation:

PHIL 240 Environmental Ethics – 3 crs.

Mathematics:

MATH 205 Statistics I – 3 crs.

Citizenship:

LEGL 230 Environmental Law – 3 crs.

Required Courses:

ENVHEL 101 Introduction to Environmental Health – 2 crs.
ENVHEL 102 Environmental Biology – 4 crs.
ENVHEL 109 Applied Environmental Chemistry – 4 crs.
ENVHEL 142 Principles of Water Resources – 3 crs.

ENVHEL 145 Water/Wastewater Operations – Municipal – 3 crs.

ENVHEL 173 Environmental Bacteriology – 3 crs.

ENVHEL 104 Industrial Hygiene Technology – 4 crs.

ENVHEL 111 Water and Wastewater Analysis – 4 crs.

ENVHEL 115 Air Pollution Technology – 4 crs.

ENVHEL 146 Water/Wastewater Operations – Industrial – 3 crs.

ENVHEL 105 Fundamentals of Hazardous Materials Control – 4 crs.

ENVHEL 119 Food and Dairy Quality Control – 3 crs.

ENVHEL 143 Interpersonal Communication Skills and Environmental Management – 3 crs.

Suggested Electives: 6crs.

ENVHEL 126 Environmental Lab Project – 3 crs.

ENVHEL 127 Environmental Field Project – 3 crs.

ENVIRONMENTAL STUDIES MAJOR 47 crs.**Required Core Courses:**

Citizenship: LEGL/JPP 230 Environmental Law

Culture: BIO 367 Ecology of the Tropics

Philosophical Foundation:

PHIL 240 Environmental Ethics

Mathematics: MATH 205 Statistics I

Lab Science: BIO 156 Environmental Science

ENVIRONMENTAL STUDIES MINOR 23 - 24 crs.**Required Courses:**

BIO 141 General Biology I **OR**
SCI 152 Life Sciences – 4 crs.
BIO 156 Environmental Science – 4 crs.
BIO 410 Ecology – 4 crs.

CHEM 105 Elements of General and Biological Chemistry – 4 crs.
SCI 235 Earth Science – 4 crs.
Elective subject to Science Faculty approval – 3 - 4 crs.

Biological Science – 19 crs.

BIO 244 Botany – 4 crs.
 BIO 240 Zoology – 4 crs.
 BIO 348 Genetics – 4 crs.
 BIO 399 Internship – 2 crs.
 BIO 410 Ecology – 4 crs.
 BIO 490 Biology Senior Seminar – 1 cr.

Physical and Earth Science - 15 crs.

CHEM 105 Elements of General and
 Biological Chemistry – 4 crs.
 CHEM 361 Environmental Chemistry/Toxicology – 3 crs.
 SCI 246 Oceanography – 4 crs.
 SCI 235 Earth Science – 4 crs.

Electives in Major – Choose a minimum of 13 crs. from the following:

BIO 260 Microbiology - 3 crs.
 BIO 368 Ecology of the Tropics Lab –1 cr.
 BIO 370 Ornithology – 4 crs.
 BIO 399 Biology Internship – 1 - 4 crs.
 BIO 417 Plant Anatomy – 4 crs.
 SCI 195 Meteorology – 3 crs.
 SCI 275 Cosmogony – 3 crs.
 ART 222 Outdoor Drawing and Painting – 3 crs.
 POLS 221 Environmental Policies – 3 crs.
 CHEM - any chemistry course above the 105 level
 PHYS - any physics course 3 – 4 crs.

HORTICULTURE MAJOR 43 crs.

The Horticulture Major consists of course work completed through a cooperative program with Milwaukee Area Technical College (MATC). MATC-Mequon Campus is just a 5-minute drive from Concordia and offers three unique choices to prepare students for an exciting career in horticulture: Design Track, Maintenance Track, or Construction Track. (Current MATC catalog is the official source for Major Courses and their descriptions.) In addition to the CUW Liberal Arts core requirements and required courses listed below, all horticulture majors must complete requirements for a CUW Minor. Required core courses may be taken at either MATC or CUW.

For specific information about MATC courses and degree requirements, please visit the MATC website at <http://oncampus.matc.edu/catalog/index1.htm>.

REQUIRED HORTICULTURE COURSES (MATC CAMPUS) – 31 Crs:

* courses common to all horticulture students

REQUIRED CORE COURSES (CUW CAMPUS):**Philosophical Foundation:**

PHIL 240 Environmental Ethics

Mathematics:

MATH 205 Statistics I

Science:

BIO 156 Environmental Science

Citizenship:

JPP/LEGL 230 Environmental Law

Recommended Core Courses:

Culture: BIO 367 Ecology of the Tropics

*HORT 111 Introduction to Horticulture – 3 crs.
 *HORT 112 Horticulture Soils – 3 crs.
 *HORT 114 Woody Ornamental Plants – 3 crs.
 *HORT 116 Landscape Equipment – 3 crs.
 *HORT 113 Ornamental Plant Healthcare – 3 crs.
 *HORT 159 Survey of Herbaceous Plants – 2 crs.

*HORT 122 Landscape Design I – 3 crs.
 *HORT 126 Landscape Estimating & Bidding – 3 crs.
 *HORT 118 Landscape Business Principles – 3 crs.
 *HORT 125 Landscape Maintenance Applications – 3 crs.
 *HORT 132 Communications & Marketing – 2 crs.

After completing the courses outlined above, students will select a specialized track:

DESIGN TRACK – 12 Crs.

HORT 119 Landscape Construction 1 – 3 crs.
 HORT 123 Landscape Design 2 – 3 crs.
 HORT 160 Landscape Plants Trees – 2 crs.
 HORT 161 Landscape Plants Shrubs – 2 crs.
 HORT 124 Landscape Design III – 2 crs.

MAINTENANCE TRACK – 12 Crs.

HORT 133 Turf Management & Related Equipment – 3 crs.
 HORT 160 Landscape Plants Trees – 2 crs.
 HORT 127 Arboriculture 1 – 3 crs.
 HORT 161 Landscape Plants Shrubs – 2 crs.
 HORT 171 Exterior Plant Pests – 2 crs.

CONSTRUCTION TRACK – 12 Crs.

HORT 119 Landscape Construction 1 – 3 crs.
 HORT 117 Landscape Equipment 2 – 3 crs.
 HORT 121 Irrigation, Lighting, and Ponds – 3 crs.
 HORT 120 Landscape Construction 2 – 3 crs.

SUGGESTED ELECTIVES:

HORT 128 Arboriculture II - Tree Climbing and Pruning
 HORT 140 CAD Landscape Design I
 HORT 163 Native Plants - Fall
 HORT 152 Greenhouse Production - Spring

NATURAL SCIENCE MAJOR 54 crs.**Required Core Courses:****Philosophical Foundation:**

PHIL 240 Environmental Ethics

Mathematics: MATH 205 Statistics I**Science:** SCI 235 Earth Science**Recommended Core Courses:****Citizenship:** LEGL 230 Environmental Law**Culture:** BIO 367 Ecology of the Tropics**Social Science:** PSY 101 General Psychology

OPTION I: BIOLOGY/ENVIRONMENTAL SCIENCE EMPHASIS**Biology/Environmental Science Subcategory — Choose 25 crs. from the following:**

BIO 141 General Biology I **OR**
 SCI 152 Life Sciences – 4 crs.
 BIO 146 Essentials of Anatomy/Physiology – 4 crs.
 BIO 240 Zoology – 4 crs.
 BIO 244 Botany – 4 crs.
 BIO 156 Environmental Science – 4 crs.
 BIO 348 Genetics – 4 crs.
 BIO 490 Biology Senior Seminar – 1 cr. (Fall Semester)

Earth Science Subcategory – 13 crs.

PHYS 107 Astronomy – 3 crs.
 SCI 195 Meteorology – 3 crs.

SCI 246 Oceanography – 4 crs.
 SCI 275 Cosmogony – 3 crs.

Physical Science Subcategory – Choose 16 crs.

PHYS 121 Elementary Physics - 4 crs.
 PHYS 151 Physics I – 4 crs.
 PHYS 152 Physics II - 4 crs.
 SCI 151 Physical Sciences – 4 crs.
 CHEM 105 Elements of General and Biological Chemistry - 4 crs.
 CHEM 141 General Chemistry I – 4 crs.
 CHEM 142 General Chemistry II – 4 crs.
 CHEM 215 Survey of Organic Chemistry - 4 crs.
 CHEM 361 Environmental Chemistry and Toxicology – 3 crs.

OPTION II: PHYSICAL SCIENCE EMPHASIS**Physical Science Subcategory – 23 crs.**

PHYS 151 Physics I – 4 crs.
 PHYS 152 Physics II – 4 crs.
 CHEM 141 General Chemistry I – 4 crs.
 CHEM 142 General Chemistry II – 4 crs.
 CHEM 215 Survey of Organic Chemistry – 4 crs.
 CHEM 361 Environmental Chemistry and Toxicology – 3 crs.

Earth Science Subcategory – 13 crs.

PHYS 107 Astronomy – 3 crs.
 SCI 195 Meteorology – 3 crs.
 SCI 246 Oceanography – 4 crs.
 SCI 275 Cosmogony – 3 crs.

Biology/Environmental Science Subcategory - Choose 17 crs.

BIO 141 General Biology I **OR**
 SCI 152 Life Sciences – 4 crs.
 BIO 142 General Biology II – 4 crs.
 BIO 146 Essentials of Anatomy/Physiology – 4 crs.
 BIO 156 Environmental Science – 4 crs.
 BIO 240 Zoology – 4 crs.
 BIO 244 Botany – 4 crs.
 BIO 260 Microbiology - 4 crs.
 BIO 367 Ecology of the Tropics – 3 crs.
 BIO 368 Ecology of the Tropics Lab – 1 cr.
 BIO 410 Ecology – 4 crs.
 BIO 490 Biology Senior Seminar – 1 cr.
 (Fall Semester -REQUIRED)

SCIENCE MINOR 23 - 24 crs.

This minor is not available to students majoring in Environmental Studies or Natural Science.

BIO 141 General Biology I **OR**
 SCI 152 Life Sciences – 4 crs.
 BIO 146 Essentials of Anatomy and Physiology – 4 crs.
 BIO 156 Environmental Science – 4 crs.

CHEM 105 Elements of General and Biological Chemistry – 4 crs.
 SCI 235 Earth Science – 4 crs.
 Elective Subject to Science Faculty approval – 3 - 4 crs.

Pre-Professional Studies**PRE-MEDICAL CURRICULUM**

Medical colleges give preference to students who have completed a four-year degree program. Medical colleges recognize and encourage a broad background in the liberal arts, including a variety of humanities and social science courses. Admission requirements vary among medical colleges; therefore, each student is advised to obtain catalogs from three or more medical colleges and then plan college work at Concordia to meet requirements. The successful completion of the required pre-medical courses does not assure admission to any college of medicine because the number of candidates exceeds the number that can be admitted. Medical colleges base selections on the quality of the student's college record, the Medical College Admission Test (MCAT), recommendations, and the results of a personal interview. It is important that a Concordia student interested in pursuing a pre-medical course of study articulate this early in his/her college experience to the appropriate advisor, so that all requirements can be met.

For additional Pre-Professional Programs (Pre-Pharmacy, Pre-PA, Pre-PT) please see current CUW publications for prerequisites.

Philosophy

Philosophy encourages clear and critical thinking, and a rational approach to problem-solving using conceptual analysis, dialogue, and argument. Due to the interdisciplinary character of philosophy, the minor is a valuable complement to most majors (in particular, Art, History, English, Natural Science, Theology, Psychology, Social Work). The Philosophy major is complemented by the following recommended minors: computer science, history, political science, mass communications, legal studies, English, and pre-seminary studies.

The emphasis on the careful statement and evaluation of arguments makes a philosophy minor or major good preparation for those pursuing graduate and professional study, as well as for those entering careers in government, law, political advocacy, and journalism. Society needs individuals who are able to communicate clearly, to evaluate and construct arguments for or against a viewpoint, and to question received ideas.

PHILOSOPHY MINOR AND MAJOR

Core (required of both minor and major): 12 crs.

- REL 201 The Old Testament (Bible Content) – 3 crs.
- REL 204 Biblical Theology (Christian Doctrine) – 3 crs.
- REL XXX Theology elective – 3 crs.
- PHIL 101 Philosophy: Theory and Practice – 3 crs.

PHILOSOPHY MINOR: 21 CRS.

Required Courses for Philosophy Minor (12 crs.)

- PHIL 201 Central Texts of Philosophy – 3 crs.
- PHIL 211 Elementary Logic OR
PHIL 325 Christian Apologetics – 3 crs.
- PHIL 250 Moral Philosophy – 3 crs.
- REL 203 The New Testament (to complete the pair with REL 201 in the core) – 3 crs.

Elective Courses for Philosophy Minor (9 crs.)

- PHIL XXX Philosophy electives – up to 12 crs.
- ENG 475 Literary Criticism – 3 crs.
- SCI 275 Cosmogony – 3 crs.

Other approved courses relevant to the student's special area of interest in philosophy (e.g. a relevant history course if they are interested in philosophy of history, a relevant science course if interested in philosophy of science).

PHILOSOPHY MAJOR: 36 CRS.

Required Courses for Philosophy Major (27 crs.)

- PHIL 201 Central Texts of Philosophy – 3 crs.
- PHIL 211 Elementary Logic – 3 crs.
- PHIL 250 Moral Philosophy – 3 crs.
- PHIL 325 Christian Apologetics – 3 crs.
- PHIL 400 Ancient Philosophy – 3 crs.
- PHIL 450 Modern Philosophy – 3 crs.
- REL 203 The New Testament (to complete the pair with REL 201 in the core) – 3 crs.
- REL 490 Senior Seminar I – 3 crs.
- REL 491 Senior Seminar II – 3 crs.

Elective Courses for Philosophy Major (9 crs.)

- PHIL XXX Philosophy electives – up to 6 crs.
- ENG 350 Classical and Modern Rhetoric – 3 crs.
- ENG 475 Literary Criticism – 3 crs.
- POLS 410 The Christian and Politics – 3 crs.
- REL 333 A Survey of Christian Thought – 3 crs.
- REL 388 Varieties of Belief – 3 crs.

Psychology

PSYCHOLOGY MAJOR 37 crs.

Required Core Courses:

- COMM 105 Public Speaking
- MATH 205 Statistics I
- BIO 146 Essentials of Anatomy and Physiology

Required Courses:

- PSY 101 General Psychology – 3 crs.
- Development Course (any one) – 3 crs.
 - PSY 221 Child Development
 - PSY 222 Adolescent Development
 - PSY 223 Adult Development
 - PSY 230 Lifespan Development
- PSY 201 Interpersonal Communication – 3 crs.
- PSY 205 Theories of Learning – 3 crs.

PSY 310 Theories of Personality – 3 crs.

PSY 315 Social Psychology – 3 crs.

PSY 245 Experimental Psychology
and Research Methods – 3 crs.

PSY 425 Abnormal Psychology – 3 crs.

PSY 450 Psychology Practicum – 3 crs.

PSY 490 Senior Seminar – 3 crs.

PSY 492 Research Proposal – 1 cr.

Two 300 or 400 Level Psychology Electives* – 6 crs.

*Principles of Counseling is a recommended elective to be taken during spring of junior year.

Admission to Senior Status in Psychology

The following criteria have been established for students to be admitted to Senior Status in the Psychology program. (Application is generally made in the second semester of the junior year.)

1. Successful completion of 95 semester hours of credit
2. Cumulative GPA of 2.75 (will apply to students admitted, beginning in 2011)
3. GPA of 3.0 for Psychology coursework (will apply to students admitted, beginning in 2011)
4. Submission of completed application form (will apply to students admitted, beginning Fall 2013)
5. Completion of professional portfolio (will apply to students admitted, beginning Fall 2013)
6. Completion of application interview (will apply to students admitted, beginning Fall 2013)

Placement into clinical or professional practicum settings requires that a student be knowledgeable, confident, and demonstrate the highest potential for success. Enrollment in the Psychology Practicum, Research Proposal and Senior Seminar requires a student to be well-grounded in psychological theory/practice and to be capable of conducting research in the field. Students must meet the requirements above for Senior Status in the Psychology program before they may enroll in Practicum, Research Proposal and Senior Seminar.

PSYCHOLOGY MINOR 24 crs.**Required Core Courses:**

MATH 205 Statistics I

Required Courses:

General Psychology – 3 crs.

Development Course (any one) – 3 crs.

PSY 221 Child Development

PSY 222 Adolescent Development

PSY 223 Adult Development

PSY 230 Lifespan Development

PSY 205 Theories of Learning – 3 crs.

PSY 310 Theories of Personality – 3 crs.

PSY 315 Social Psychology – 3 crs.

PSY 245 Experimental Psychology

and Research Methods – 3 crs.

PSY 425 Abnormal Psychology – 3 crs.

One 300 or 400 Psychology Elective – 3 crs.

Political Science**POLITICAL SCIENCE MAJOR 37 - 40 crs.**

The Political Science major equips students to love and serve their neighbors in political and government vocations. Students will learn how to improve the lives of others through individual, group, and government efforts. Graduates with a Political Science major will understand government and ways to improve the political system, as their actions and attitudes are informed by the teachings of Christ.

The Political Science major consists of 37-40 credits, including 31-34 required credits and credits that are chosen from a list of approved electives. All students are required to complete an internship of least 3 credits at the local, state, or national political level. Majors will complete a three-course sequence of Experimental Psychology (PSY 245), Research Proposal (POLS 492), and Senior Seminar (POLS 490), culminating in a thesis. Students must also complete a minor. The Political Science majors prepares students for graduate and professional study as well as for careers in government, law, journalism, non-profit agencies, education, and the military.

Required Core Courses:

MATH 205 Statistics I

PSY 101 General Psychology

Required Courses – 30-33 crs.

POLS 101 Introduction to Political Science – 3 crs.

POLS 201 American Government – 3 crs.

POLS 300 Comparative Politics – 3 crs.

POLS 310 International Relations – 3 crs.

POLS 359 Constitutional Law – 3 crs.

POLS 410 The Christian and Politics – 3 crs.

POLS 480 Internship – 3 to 6 crs.

POLS 490 Senior Seminar – 3 crs.

POLS 492 Research Proposal – 1 crs.

PSY 245 Experimental Psychology – 3 crs.

Policy course – students must complete one of the following:

POLS 221 Environmental Policy – 3 crs.

LEGL 230 Environmental Law – 3 crs.

POLS 285 American Politics and Health Care Policy – 3 crs.

Electives – 6 crs. minimum

Includes any course below not already counted in the major, including:

POLS 221 Environmental Policy – 3 crs.

LEGL 230 Environmental Law – 3 crs.

POLS 255 The Presidency – 3 crs.

POLS 285 American Politics and Health Care Policy – 3 crs.

POLS 491 Special Topics in Politics – 3 crs. (up to 6 total)

JPP 104 Introduction to Courts – 3 crs.

JPP 288 Terrorism – 3 crs.

JPP 414 White Collar/Financial Crimes – 3 crs.

POLITICAL SCIENCE MINOR 18 crs.

Students must take three required courses and then select three other Political Science courses.

Required Courses – 9 crs.

POLS 101 Introduction to Political Science – 3 crs.

POLS 201 American Government – 3 crs.

POLS 410 The Christian and Politics – 3 crs.

POLS 310 International Relations – 3 crs.

POLS 221 Environmental Policy – 3 crs.

LEGL 230 Environmental Law – 3 crs.

POLS 285 American Politics and Health Care Policy – 3 crs.

POLS 359 Constitutional Law – 3 crs.

POLS 491 Special Topics in Politics – 3 crs. (up to 6 total)

Electives – 9 crs.

POLS 255 The Presidency – 3 crs.

POLS 300 Comparative Politics – 3 crs.

PRE-LAW CURRICULUM

Most accredited law schools prefer a baccalaureate degree in the liberal arts. Law students are expected to attain a high level of scholarship. During the final year at Concordia, pre-law students must take the Law School Admission Test (LSAT), and apply to the law school of their choice. Early contact with the law school of their choice is recommended. The Association of American Law Schools avoids prescribing particular courses for a pre-law program. The Association calls attention to the quality of the undergraduate experience, which it believes is fundamental to the better attainment of legal competence.

Religion

BIBLICAL LANGUAGES FOR TRANSLATION AND MISSIONS MAJOR 30 crs.

Core: Courses taken as part of the core curriculum must include the following:

Bible Content:	REL 201 Old Testament	Culture:	GRK 201 Greek I
Christian Doctrine:	REL 204 Biblical Theology	Language:	GRK 202 Greek II
Theology Elective:	REL 210 The Great Commission		

Major - 30 crs.

ANTH 201 Cultural Anthropology OR	HEB 302 Hebrew II – 3 crs.
REL 326 Missions II – 3 crs.	HEB 401 Hebrew III – 3 crs.
COMM 460 Cross Cultural Communication –3 crs.	HEB 402 Hebrew IV – 3 crs.
GRK 303 Greek III – 3 crs.	REL 203 New Testament – 3 crs.
GRK 304 Greek IV – 3 crs.	REL 316 World Missions I – 3 crs.
HEB 301 Hebrew I – 3 crs.	

BIBLICAL STUDIES EMPHASIS 23-25 crs. (Liberal Arts: Associates of Arts, at CUA A only)

The Biblical Studies emphasis in the Associate of Arts Degree will provide basic training in the Bible –its origin, contents, and theology –for those who desire to serve the church as Christian lay leaders. It would be particularly helpful for those who are serving or planning to serve a congregation as a Bible study leader, a youth leader, or a Stephen's minister.

Core Courses – 9 crs

REL 201 Old Testament
REL 204 Biblical Theology
REL XXX Bible elective: any advanced OT or NT course.

Common Courses – 8 crs

EDU 408 Teaching the Christian Faith (w) (2 crs)
ENG 101 English Composition
REL 203 New Testament

Either Track One – 6 crs

Select two of the following:
REL 333 Survey of Christian Thought
REL 404 Lutheran Confessions
HIST 208 History of Christianity

Or Track Two – 9 crs

Select one set of the following:
First year Greek (GRK 201, GRK 202, GRK 303)
First year Hebrew (HEB 301, HEB 302, HEB 401)

BIOETHICS

Description

This 21-credit undergraduate Minor in Bioethics offers undergraduate students the opportunity to engage in discussion and examination of the ethical questions that arise in biology and health care. Topics are examined from theoretical as well as practical perspectives through the analysis of specific cases and issues from a variety of disciplines such as medicine, law, theology, philosophy, political science, and psychology. A minor in bioethics is a perfect complement to many majors and career paths: pre-medicine, nursing, rehabilitation sciences, exercise physiology, athletic training, theology, philosophy, social work, pre-pharmacy, business, pre-law, and education. Concordia University Wisconsin is a unique institution in the Concordia University System because we have a large population of health care students who would especially benefit from a minor in bioethics. Students with a minor in bioethics would be qualified to serve on hospital ethics committees, institutional review boards, and other ethics committees. This added qualification would make any student an attractive hire for the health care field, the private sector, and governmental agencies. This program accepts 6 credits of elective courses, allowing students to tailor their own programs to their specific needs and interests.

Minor Program Goals

1. Foster students' sensitivity to the moral dimensions of science, health care delivery, and research.
2. Develop a deep appreciation for confessional, Lutheran approaches to life issues.
3. Provide students with the knowledge and methods to analyze ethical issues in biology and health care.
4. Enable students to make the best possible decisions when faced with dilemmas involving bioethics.
5. Promote student involvement in bioethical dialog at the local, state, and national levels.
6. Model an attitude of respect for all points of view.
7. Enable students to be leaders in the church as it attempts to address troubling ethical issues involving biology and health care.

Course Requirements

Total credit hours: 21 for the minor Prerequisites: none
Transfer credits: case-by-case basis

Required Core Courses (9 credits)

REL 201 Old Testament (Bible Content) – 3 crs.
REL 204 Biblical Theology (Christian Doctrine) – 3 crs.
REL XXX Theology Elective – 3 crs.

Recommended Core Course (3 credits)

PHIL 250 Moral Philosophy – 3 crs.

Required Minor Courses (15 credits)

PHIL 221 Human Dignity – 3 crs.
PHIL 350 Bioethical Dilemmas in Contemporary Society – 3 crs.
POLS 285 American Politics and Health Care Policy – 3 crs.
REL 203 New Testament (to complete the pair with REL 201 in the core) – 3 crs.
REL 287 Christian Caregiving – 3 crs.

Elective Minor Courses (6 credits; at least one elective must carry an REL or PHIL prefix)

PHIL 240 Environmental Ethics – 3 crs.
PHIL 309 History and Philosophy of Science – 3 crs.
PHIL 311 The Christian Mind – 3 crs.
PHIL 325 Christian Apologetics – 3 crs.
PHIL 334 Christ and Culture – 3 crs.
PHIL 379 Religion and the Law – 3 crs.
PHIL 460 Research Ethics – 3 crs.
REL 376 Christian Ethics – 3 crs.
PSY 315 Social Psychology – 3 crs.
SCI 275 Cosmogony – 3 crs.
SW 375 Understanding Death and Dying – 3 crs.
SW 392 Aging and the Social Environment – 3 crs.

CHRISTIAN THOUGHT MINOR 21 crs.

The world needs leaders who have thought about the Christian faith and how best to share the Gospel with people living in an age of distraction. Christian thought is devoted to the study of the history of Christianity, Christian doctrine, Christian philosophy, apologetics, and ethics. The major and minor provide the opportunity to study the structure of Christian belief and practice. Students are equipped in mind and spirit for service to Christ in the Church and world. These programs are suitable for anyone with an interest in theology and philosophy and a sincere desire to carry out the Great Commission.

Required Core Courses: REL 201 Old Testament; REL 204 Biblical Theology; REL XXX Theology Elective (strongly recommended: a course in historical theology, such as REL 333 A Survey of Christian Thought)

Required Courses – 18 crs.

HIST 208 History of Christianity – 3 crs.	PHIL 334 Christ and Culture – 3 crs.
HIST 475 The Reformations – 3 crs.	REL 203 New Testament – 3 crs.
PHIL 325 Christian Apologetics – 3 crs.	REL 310 Religion in America Today – 3 crs.

Elective – 3 crs.

Any 300- or 400-level class in history, theology, or philosophy.

CHRISTIAN THOUGHT MAJOR 33 crs.

Required Courses for Christian Thought Major (27 crs.)

HIST 208 History of Christianity – 3 crs.
HIST 475 The Reformations – 3 crs.
PHIL 334 Christ and Culture – 3 crs.
PHIL 325 Christian Apologetics – 3 crs.
REL 203 New Testament – 3 crs.
REL 310 Religion in America Today – 3 crs.
REL 376 Christian Ethics – 3 crs.

Research methods class — 3 crs. (HIST 385, REL 490)
Senior thesis class — 3 crs. (HIST 490, REL 491)

Elective Courses for Christian Thought Major (6 crs.)

A concentration of any 2 classes (300- or 400-level) in one of the 3 relevant areas (history, theology or philosophy)

LAY MINISTRY BACHELOR OF ARTS

This program equips men and women to work under a pastor’s guidance and direction in a congregation. The B.A. in Lay Ministry is a dual major degree that requires students to specialize in two areas of ministry. The specializations include evangelism, missions, parish teaching, youth ministry, and pre-deaconess/social ministry (for men, and for women who intend to enroll in the deaconess programs at either of the Lutheran Church – Missouri Synod seminaries). Because of the nature of this work all lay ministry students must demonstrate good human relations skills and a life worthy of Christian example. Graduates are solemnly called to positions in congregations or agencies, and are eligible to be rostered in the Lutheran Church – Missouri Synod with the designation “Minister of Religion Commissioned – Lay Minister.” Concordia University Wisconsin is the only synod school at which this program is offered. Application involves steps in addition to application to the university. Applicants for the Lay Ministry B. A. should contact the Lay Ministry office for application information.

LAY MINISTRY MAJOR (Dual major required: Theology and Lay Ministry) 32 crs.**Required Courses – 14 crs.**

COMM 201 Interpersonal Communication – 3 crs.
 HHP 209 First Aid and CPR – 2 crs.
 REL 233 Communicating Bible Messages – 3 crs.
 REL XXX Theology Elective I – 3 crs.
 REL XXX Theology Elective II – 3 crs.

Specialization AAA (see program director for details):
 Elective I – 3 crs.
 Elective II – 3 crs.
 Elective III – 3 crs.
 Specialization BBB (see program director for details):
 Elective I – 3 crs.
 Elective II – 3 crs.
 Elective III – 3 crs.

Note: See Theology for major requirements

LAY MINISTRY CERTIFICATION COMBINED WITH RELATED MAJORS

Students who have fulfilled a major in a field compatible with lay ministry, such as parish music, parish nursing, and social work, and who wish to be certified as lay ministers, may be certified after completing the lay ministry minor.

LAY MINISTRY MINOR 24 crs.**Required Core Courses:**

REL 201 Old Testament – 3 crs.
 REL 204 Biblical Theology – 3 crs.
 REL XXX Theology Elective – 3 crs.

Required Courses:

REL 203 New Testament – 3 crs.
 REL 312 Office of Professional Church Worker – 3 crs.
 REL 404 Lutheran Confessions – 3 crs.
 REL 420 Lay Ministry Internship – 3 crs.
 Religious Education Elective: – 3 crs.

REL 229 Religious Education of Youth and Adults **OR**
 REL 233 Communicating Bible Messages **OR**
 ED 306 Teaching the Faith **OR**
 ED 307 Teaching the Faith for the Christian
 Public Educator **OR**
 ED 362 Faith Development of Young Child
 Comparative Religion Elective: – 3 crs.
 REL 310 Religion in America **OR**
 REL 410 World Religions
 REL XXX Theology Elective in Outreach
 (i.e., evangelism, missions) – 3 crs.
 REL XXX Bible elective: any advanced OT or
 NT course - 3 crs.

LAY MINISTRY – ONLINE CERTIFICATE PROGRAM 47 crs.

The online Lay Ministry Certificate is a non-degree certificate consisting of seventeen courses, all but two of which are taken online. Application to the certificate program involves steps in addition to application to the university. Courses are offered in a cohort model, with a new cohort beginning every June. Each course is eight weeks in length, allowing for students to take three courses each semester. The first course (REL 105) and the twelfth course (REL 495) are taken through two three-day residencies on campus. Students are required to have the equivalent of an Associate of Arts degree in addition to their lay ministry coursework by the time they complete the program to be certified. Students can take additional courses through the online Adult Learning Theology Major and gain a bachelor's degree. Applicants for the online Lay Ministry Certificate should contact the Office of Continuing and Distance Education.

The online Lay Ministry Certificate is especially helpful for the person already working in a congregation who lacks the training and credential to be eligible for a call in the Lutheran Church – Missouri Synod. The online program is also available for lay persons desiring to dig deeper into theology at a collegiate level without necessarily seeking certification as a lay minister in the Lutheran Church – Missouri Synod. Lay persons are welcome to take as much of the program as they desire. For that reason the courses are arranged as follows.

**Level 1 – Foundations for Service
(Certificate in Theological Foundations)**

REL 105 Church Leadership Seminar, 1 cr. (on campus)
 REL 201 Old Testament, 3 cr.
 REL 203 New Testament, 3 cr.
 REL 204 Biblical Theology, 3 crs.
 REL 387 Christ's People through the Ages,
 a History, 3 crs.
 REL 388 Varieties of Belief, 3 crs.

**Level 2 – Practice in Service
(Certificate in Practice of Lay Ministry)**

REL 287 Christian Care Giving, 3 crs.

REL 328 Family and Youth Ministry, 3 crs.

REL 229 Religious Education of Youth and Adults, 3 crs.
 REL 233 Communicating Bible Messages, 3 crs.
 REL 311 Church in Mission, 3 crs.

**Level 3 – Certification (Certification for
Commissioned Minister of Religion – Lay Minister)**

REL 495 Lay Ministry Seminar, 1 cr. (on campus)
 REL 312 Office of the Professional Church Worker, 3 crs.
 REL 440 Lutheran Worship: Theology and Practice, 3 crs.
 REL 383 The Gospel of Luke, 3 crs.
 REL 404 The Lutheran Confessions 3 crs.
 REL 420 Lay Ministry Internship, 3 crs.

Placement and Certification

The placement process for online certificate students is the same as for the four year graduates. Lay Ministry Bachelor of Arts students and Online Certificate students receive the same certification.

THE MISSIONS MAJOR AND MINOR

Core:

Courses taken as part of the core curriculum must include the following:

Bible Content: REL 201 Old Testament

Christian Doctrine: REL 204 Biblical Theology

Theology Elective: REL 210 Great Commission Evangelism

Minor - 21 crs.

COMM 460 Cross Cultural Communications – 3 crs.

REL 203 New Testament – 3 crs.

REL 316 World Missions 1 – 3 crs.

REL 326 World Missions 2 – 3 crs.

REL 215 Friendship Evangelism – 3 crs.

REL 410 World Religions – 3 crs.

REL XXX Cross-cultural missions elective: – 3 crs.

REL 298 Faith and Culture OR

REL 311 Church in Mission OR

REL 416 The Practice of Missions

Additional Courses for Major +9 credits

REL XXX Cross-cultural missions elective: – 3 crs.

REL 298 Faith and Culture OR

REL 311 Church in Mission OR

REL 416 The Practice of Missions

Cross-cultural electives: — 6 crs.

Any two courses in anthropology, history, geography, or language that deal with an area of the world currently served by LCMS missionaries. Only one of the two courses may be in any single foreign language. Representative courses include: ANTH 201; CHIN 101; ENG 240; GEOG 220; HIST 163, 241, 243, 246, 284, 285, REL 390; SPAN 101, 102, 341.

THE PRE-SEMINARY PROGRAM

The pre-seminary program provides academic preparation in the liberal arts for professional study for full-time pastoral ministry in the Lutheran Church—Missouri Synod. Following the earning of the baccalaureate degree, the pre-seminary student continues his program of study at Concordia Seminary, St. Louis, or Concordia Theological Seminary, Fort Wayne. The mission of pre-seminary education is to prepare students for theological studies and pastoral formation at a seminary of the Lutheran Church—Missouri Synod. This preparation ordinarily encompasses biblical knowledge, biblical language competency, and understanding of Lutheran doctrine; competency in communication skills in reading, writing, speaking, and listening; skills in critical thinking and philosophical inquiry; acquisition of a global perspective; the understanding of and appreciation for the Lutheran ethos, identity, and ethic; and helping the student to perceive, proclaim, teach, and live out the centrality of the Gospel of Jesus Christ for the whole world.

Pre-seminary students are strongly encouraged to include two majors in their studies: theological languages and pre-seminary studies. These majors are designed to prepare students for the seminary competency examinations in the Old Testament, New Testament, Christian Doctrine, Greek, and Hebrew. These majors also include broader liberal arts studies in German or Latin, communication, writing, social science, and philosophy, all of which are helpful for theological study on a graduate level. In special cases, students in the pre-seminary program may choose other majors and minors, but must always include at least a minor in theological languages.

Application for Entry into the Pre-Seminary Program

Since the public ministry of Word and Sacrament is an office of the Church of Christ, it demands individuals exhibiting the highest level of talent, personal knowledge, aptitude, skill, and Christian character. For this reason the following criteria have been established for acceptance into the Pre-Seminary Program of Concordia University Wisconsin. Application is generally made in the second semester of the sophomore year.

1. Successful completion of a minimum of 45 semester hours of credit.
2. CGPA of 2.5 on a 4.0 scale. (Probationary acceptance may be given to students with a CGPA of at least 2.0 if other requirements are met.)
3. Evidence of proficiency in English and foreign languages appropriate to the pre-seminary program.
4. Submission of a completed application form, available from the theology office.
5. Completion of basic theology courses.
6. Exhibition of exemplary Christian life-style.
7. Interviews with and written recommendation of the pre-seminary director.

Acceptance Procedure

1. Notification of acceptance into the program will be made by letter.
2. Notification of non-acceptance or probationary acceptance of the applicant is made in a personal interview with the pre-seminary director. A formal letter of the decision is presented to the applicant during the interview.
3. A copy of this letter is filed in the applicant's folder in the theology office.
4. A student who is refused acceptance into the pre-seminary program may re-apply up to two more times. Acceptance into the pre-seminary program is not a requirement for the successful completion of either major.

Program Continuation

To maintain "good standing" status in the pre-seminary program, a student must maintain a 2.5 CGPA.

PRE-SEMINARY STUDIES MAJOR 33 crs.

REL 440 Lutheran Worship: Theology and Practice – 3 crs.
 REL 404 Lutheran Confessions – 3 crs.
 REL 490 Senior Seminar I – 3 crs.

 HEB 401 Hebrew III – 3 crs.
 HEB 402 Hebrew IV – 3 crs.
 GRK/HEB ___ Greek/Hebrew V
 GRK/HEB ___ Greek/Hebrew VI
 REL 203 New Testament – 3 crs.
 Biblical Skills elective – 3 crs. (any theological languages course or Bible elective).

THEOLOGICAL LANGUAGES MINOR 21 crs.

Must include REL 203 New Testament (3 credits), theological languages in the core (6 credits), and theological languages in the minor (18 credits). It is recommended that students end up with 12 credits each of Greek and Hebrew, but if a student cannot complete the 12 credits each of Greek and Hebrew successfully, other language courses from the list above can be used to fulfill the 21 required credits for this minor.

THEOLOGY MINOR AND MAJOR

The theology minor and major are intended primarily for students who are preparing for certification as professional church workers such as Lutheran School Teachers or Lay Ministers. For this reason a internship in the appropriate area of professional church work is included in the requirements. Other students interested in theological study should consider a minor or major in Christian Thought.

THEOLOGY MAJOR 30 crs.**Required Core:**

REL 201 Old Testament
REL 204 Biblical Theology
REL XXX Theology Elective

Required Courses – 30 crs.

YOUTH MINISTRY MINOR 23 crs.

The Youth Ministry Minor equips students to minister to the faith needs of young people. Youth Ministry Minors receive training to administer youth ministry programs in a variety of settings, or to serve in any number of support capacities for youth ministry within a congregation. The Youth Ministry Minor is not restricted to students enrolled in professional church work programs. Students who are majoring in other fields of study and desire to be of service to youth through their congregational youth programs are encouraged to enroll.

Required Core Courses:

REL 201 Old Testament – 3 crs.
REL 204 Biblical Theology – 3 crs.
REL XXX Theology Elective – 3 crs.

Required Courses:

COMM 201 Interpersonal Communication – 3 crs.
HHP 209 First Aid and CPR – 2 crs.
PSY 222 Adolescent Development
(prerequisite PSY 101) – 3 crs.
REL 203 New Testament – 3 crs. (may be double-dipped
with requirement in church work program)

THEOLOGY MINOR 18 crs.**Required Core:**

REL 201 Old Testament
REL 204 Biblical Theology
REL XXX Theology Elective

Required Courses – 18 crs.

REL 327 Youth Ministry II – 3 crs.

Social Sciences

SOCIAL SCIENCE MINOR 21 crs.

The Social Science Minor for the Psychology program is earned by completing 15 credits of required courses listed below and by selecting two of the three credit classes from the list of electives below.

Required Courses

PSY 101 Gen. Psychology
(which is not required by major) **OR**
SOC 101 Intro to Sociology – 3 crs.
SOC 203 Contemporary Social Problems – 3 crs.
SOC 255 Urban Society – 3 crs.
SOC 365 Drugs, Society and Human Behavior – 3 crs.
SOC 375 Understanding Death & Dying – 3 crs.

Electives (Choose two)

COMM 390 Conflict Management – 3 crs.
COMM 460 Cross Cultural Communications – 3 crs.
REL 287 Christian Care Giving – 3 crs.
POLS 285 American Government and
Health Care Politics – 3 crs.
SOC 343 Women's Health – 3 crs.

SOCIAL WELFARE MINOR 18 crs.

Required Courses – 9 crs.:

SW 100 Introduction to Social Work – 3 crs.
SW 205 Introduction to Social Welfare – 3 crs.
SW 346 Human Behavior/
The Social Environment I – 3 crs.

Electives - 9 crs.

Choose from the following:

POLS 285 American Politics & Health Care Policy – 3 crs.
SW 306 Social Welfare Policy & Programs – 3 crs.
SW 347 Human Behavior/The Social Environment – 3 crs.
SW 375 Understanding Death & Dying – 3 crs.
SW 392 Aging & The Social Environment – 3 crs.

WOMEN'S STUDIES MINOR 21 crs.

Required Courses – 3 crs.

WST 101 Introduction to Women's Studies – 3 crs.

Electives: Choose 18 crs.

COMM 354 Gender and Communication – 3 crs.
ENG 370 Women's Literature – 3 crs.
HIST 464 Women in America – 3 crs.
HHP 414 Women in Sport – 3 crs.

POLS 491 Special Topics: Women in Politics – 3 crs.
PSY 312 Marriage and the Family – 3 crs.
PSY 340 Sex Role Development – 3 crs.
REL 357 Women in the Church – 3 crs.
SOC 203 Contemporary Social Problems – 3 crs.
SOC 343 Women's Health – 3 crs.
WST 465 Special Topics in Women's Studies – 3 crs.

LEGAL STUDIES MINOR 18 crs.

The minor in legal studies is designed primarily for students in business, education, and criminal justice who increasingly find themselves subject to various laws and government regulations. A basic knowledge of these laws is beneficial, if not essential, for anyone seeking a career in these areas. The legal studies minor also provides an excellent background in law and legal reasoning for those students contemplating law school after graduation from Concordia. The minor provides a good foundation for graduate law studies along with courses in English, history, philosophy, political science, criminal justice and languages. Students may partially customize their course of study to reflect their interests in different legal topics.

Required Courses:

JPP 101 American Government – 3 crs.
LEGL 359/POLS 359 Constitutional Law – 3 crs.

Plus a choice of any four of these six courses:

BUS 210 Business Law I – 3 crs.
BUS 310 Business Law II – 3 crs.
LEGL 221 Corporate Law – 3 crs.
LEGL 230 Environmental Law – 3 crs.
LEGL 331 Administrative Law – 3 crs.
JPP 308 Procedural Criminal Law – 3 crs.

School of Business Administration

The two divisions therein are the Business Division and the Justice and Public Policy Division. In addition, two associate degree programs and a special cooperative program exist.

Business

SUGGESTED FIRST YEAR PROGRAM First year business majors are advised to enroll in the following courses:

FALL

MGMT 130 Principles of Management 3 crs.
 BUS 161 Business Essentials 3 crs.
 ENG 104 Introduction to Writing 3 crs.
 Choose an approved Communication course
 HIST 103 Civilization and World Views - History 3 crs.

SPRING

Creative Arts Elective 3 crs.
 REL 100 The Bible 3 crs.
 MKTG 131 Principles of Marketing 3 crs.
 ENG 103 Civilization and WorldView-Lit 3 crs.
 HHP 100 Intro to Lifetime Fitness 1 cr.
 Choose an approved Social Science Course

Program Objective

Concordia University prepares students to assume effective and responsible leadership roles in organizations or related professional activities. A three part curriculum is required to accomplish this goal (Bachelor of Science in Business).

First, the liberal arts core provides students with the intellectual and self knowledge skills to understand themselves and their dynamic world. Students learn to communicate and develop an understanding of the religious, cultural, social, economic, international, and technical environments in which individuals and organizations will exist in the future. By taking courses in religion and ethics, students develop a Christian value system for dealing conscientiously with their various publics.

The second part of the curriculum is the business common body-of-knowledge, required of all business division graduates. This core provides students with an understanding of the dynamics of the firm, introduction to the functional areas of the organization, basic managerial and organizational concepts, and an overall view of policy making. The qualitative and quantitative nature of this common-core enables students to develop their critical and analytical skills.

The third section of the curriculum provides students an opportunity to concentrate and obtain sufficient competence and skill to experience the joy of useful work and contribute to church and community in a profession or vocation. Only accredited transfer credits from NCA or Equivalent Accredited Institutions will be accepted.

All students pursuing a Business major or minor must earn a grade of C- or better in all Business core, major, or minor courses to earn a business degree.

THE CORE CURRICULUM 48 credits

BUSINESS CORE MAJOR 45 Total/39 Actual crs.

ACCT 203 Financial Accounting – 3 crs.
 ACCT 223 Managerial Accounting – 3 crs.
 BUS 161 Business Essentials – 3 crs.
 BUS 210 Business Law I – 3 crs.
 BUS 315 Business Statistics – 3 crs.
 (counted in University Core)
 BUS 355 Management Information System – 3 crs.
 *BUS 399 Internship – 3 crs.

*BUS 453 Business Policy and Ethical Decision Making – 3 crs.
 ECON 222 Macroeconomics – 3 crs.
 (counted in University Core)
 ECON 231 Micro Economics – 3 crs.
 FIN 300 Principles of Finance – 3 crs.
 MGMT 130 Principles of Management – 3 crs.
 MGMT 336 Human Resource Management – 3 crs.
 MGMT 450 International Business – 3 crs.
 MKTG 131 Principles of Marketing – 3 crs.

The specific majors and minors follow.

Individualized Business minor

This minor is available only to students who are non-business majors. The student can select any 6 courses (18 credits) from the business curriculum in a self-constructed minor that meets their own individualized career and/or educational goals. All course prerequisites must be met. As well, the courses selected by the student in this minor would not be eligible to count toward any other business minor.

BUSINESS MINOR 18 crs.

ACCT 203 Financial Accounting – 3 crs.
 ACCT 223 Managerial Accounting – 3 crs.

Choose 4 courses from below:
 BUS 210 Business Law I – 3 crs.
 ECON 200 Principles of Economics – 3 crs.
 FIN 300 Principles of Finance – 3 crs.
 MGMT 130 Principles of Management – 3 crs.
 MKTG 131 Principles of Marketing – 3 crs.

Business Minor cannot be taken by Business Majors

All Business majors must complete all listed degree requirements and earn a minimum total of 126 credits to graduate.

All students pursuing a Business major or minor must earn a grade of C- or better in all Business core, major, or minor courses to earn a business degree.

*SEM Majors take SEM 453 and SMA 340 instead of BUS 453 and BUS 399 (see Major Requirement)

ACCOUNTING MAJOR

ACCT 310 Intermediate Accounting I – 3 crs.
 ACCT 311 Intermediate Accounting II – 3 crs.
 ACCT 323 Cost Accounting – 3 crs.
 ACCT 350 Income Tax I – 3 crs.

ACCT 360 Income Tax II – 3 crs.
 ACCT 420 Auditing – 3 crs.
 ACCT 441 Mergers and Acquisitions – 3 crs.

TOTAL 21 crs.

Students who wish to complete the 150-hours to qualify for CPA Licensure have several options - including an MBA - and should consult with their advisor to plan their course of study. Additional classes recommended for this option include:

ACCT 330 Advanced Accounting – 3 crs.
 ACCT 425/MBA 525 Advanced Auditing – 3 crs.

ACCT 432/MBA 532 Governmental &
 Not-for-Profit Accounting – 3 crs.
 BUS 310 Business Law II and Ethics – 3 crs.

Students in this track may choose to complete a 12-18 credit hour internship instead of the 3-6 credit hour internship. See your advisor for more information.

Due to the rigor of the accounting profession, students who wish to register for ACCT 310 or higher accounting courses, will be required to have earned a minimum grade of "B" in ACCT 203 and ACCT 223. Each student will then be required to earn a minimum grade of C in each of their upper-level accounting courses to be awarded a bachelor's degree in accounting from Concordia University.

ACCOUNTING MINOR 18 crs.

ACCT 203 Financial Accounting – 3 crs.
 ACCT 223 Managerial Accounting – 3 crs.
 ACCT 310 Intermediate Accounting I – 3 crs.

ACCT 311 Intermediate Accounting II – 3 crs.
 Accounting Elective #1 - 3 crs.
 Accounting Elective #2 - 3 crs.
 (FIN 300 can be selected as an elective by non business majors)

FORENSIC ACCOUNTING MINOR – 18 crs.

ACCT 203 Financial Accounting – 3 crs.
 ACCT 310 Intermediate Accounting I – 3 crs.

ACCT 311 Intermediate Accounting II – 3 crs.
 JPP 214 Criminal Investigations – 3 crs.
 JPP 414 White Collar Crime – 3 crs.
 MBA 576 Fraud Management – 3 crs.

MANAGERIAL ACCOUNTING MINOR – 18 crs.

ACCT 203 Financial Accounting – 3 crs.
 ACCT 223 Managerial Accounting – 3 crs.

 SMA 320 Facility Design and Management in
 Sport and Entertainment – 3 crs.
 SMA 330 Sport Economics and Finance – 3 crs.
 *SMA 340 Sport and Entertainment Internship – 3 crs.
 SMA 350 Marketing of Sport and Entertainment – 3 crs.

*SEM Majors take SEM 453 and SMA 340 instead of BUS 453 and BUS 399

SPORT AND ENTERTAINMENT BUSINESS MINOR 18 crs.

SMA 290 - Intro to SEB – 3 crs
 SMA 310 - Legal and Ethical Issues in SEB - 3 crs
 SMA 350 - Sport Marketing - 3 crs
 SEM 430 - Sponsorship, Sales, and Fundraising
 Strategies - 3 crs

Choose two:

SMA 300 - Social Aspects of SEB - 3 crs
 SMA 320 - Facility Management - 3 crs
 SMA 330 - Economic and Financial Aspects

Criminal Justice & Public Policy

Concordia offers students interested in being a positive influence in making the world a safer and non-violent place to live, the opportunity to explore the exciting study of crime causation, criminal law, public policy and the justice system.

Graduation from the program will lead to challenging and rewarding careers in law enforcement, criminal investigations, security management, custodial and community based corrections, intelligence operations, probation and parole and court administration. It will also provide an outstanding foundation for future study at graduate or law school.

Credits necessary for graduation equal 126 credit hours. Core curriculum requires the satisfactory completion of 48 credits. The major consists of 48 credits. The Criminal Justice and Public Policy program does not require a minor.

The School of Education equips and inspires Christian servant leaders to pursue integrity and excellence in the delivery of educational services within professional and lifelong learning throughout the world.

TEACHER EDUCATION PROGRAMS

LUTHERAN TEACHING MINISTRY – WISCONSIN PUBLIC EDUCATION

Concordia University offers strong programs for preparing teachers for Lutheran, public, and private education. All teacher education programs are approved by the Wisconsin Department of Public Instruction. Successful completion of one of Concordia's teacher education programs enables graduates to be eligible for a Wisconsin teaching license. Students who are members of The Lutheran Church – Missouri Synod and are preparing for the teaching ministry of the LCMS will receive a Lutheran Teaching Certificate. In addition, Concordia offers a Christian Public educator program which prepares individuals for a teaching ministry in a Christian or public school setting.

Programs are available leading to licensure in Early Childhood Education (Birth to Grade 3), Early Childhood Regular and Special Education (Birth to Grade 3), Elementary/Middle Education Grades 1-8 (Middle Childhood through Early Adolescence), Elementary/Middle Regular Education and Cross-Categorical Special Education (Middle Childhood through Early Adolescence), Secondary Education Grades 5 or 6-12 (Early Adolescence through Adolescence), Cross-Categorical Special Education (Early Adolescence through Adolescence), as well as K-12 education (Early Childhood through Adolescence) in certain subject areas. The Secondary education program requires a licensable subject area major. The Elementary /Middle School program requires an additional subject area minor or a dual major, and the Early Childhood program requires an additional minor, concentration, or dual certification. K-12 programs are available in Art Education, Business Education, General/Choral Music, German, General/Instrumental Music, Physical Education, and Spanish.

Undergraduate admission is processed through the Admissions Department. For individuals who have already completed a baccalaureate degree, a program leading to licensure in one of the above areas is also available. Students who have acquired a Bachelors' degree and now want to earn a Wisconsin license must contact the Graduate Education Office.

Application to the School of Education

Students must apply for initial admission to the School of Education. Application to the School of Education typically occurs after the successful completion of ED 102 Foundations of Education. Students who wish to be admitted to the School of Education shall meet the following requirements:

1. Successfully completed ED 102 Foundations of Education;
2. Portfolio I presentation approved;
3. Recommended by faculty advisor;
4. Criminal background check;
5. Submitted School of Education Admission application to the School of Education.

Application for Entry into the Teacher Education Program (Upper Division Status)

Since education is a demanding profession in regard to talents, personality, knowledge, teaching skills, and Christian example, it is important that only the most highly qualified students, who demonstrate the highest potential for professional success, be admitted to the Teacher Education Program. For these reasons, the following criteria have been established to receive Upper Division Status and acceptance into the program. (Application is generally made in the second semester of the sophomore year.)

1. Successful completion of a minimum of 45 semester hours of credit;
2. GPA of 2.5 on a 4.0 scale;
3. Successful completion of basic skills test;
4. Successful completion of initial clinical experiences;
5. Successful completion of Portfolio I and II;
6. Confidential background verification form with criminal background check;
7. Submission of completed UDS Application Form.

NOTE: To maintain Upper Division Status, a student must maintain at least a 2.5 GPA. In addition, a GPA of 2.75 is required for both student teaching and a Wisconsin Teaching License.

NOTE: Check with the Education Office for timely information on additional requirements for completing the Wisconsin teacher license program.

Acceptance Procedure:

1. Notification of acceptance or non-acceptance into the program will be made by email.
2. A copy of this letter is filed in the applicant's folder in the Teacher Education Office.

Wisconsin Licensure

To successfully complete the teacher education program and be recommended for a Wisconsin teaching license, the undergraduate candidate must have:

1. met the university credit requirements
 - a. Minimum of 126 college credits.
 - b. Minimum of 36 credits at Concordia University Wisconsin.
 - c. Minimum of 20 education credits at Concordia University Wisconsin.
2. earned a minimum of 2.75 GPA for all college credits.
3. met course requirements for the appropriate education program.
4. received full upper division status.
5. met all Wisconsin Department of Public Instruction requirements.
6. been recommended by the Education Division faculty to receive the appropriate teaching license.
7. passed required content test(s) (Praxis II, Wisconsin NES/Reading Foundations Test, and/or or Language Testing International) for teaching major(s) (early childhood education, elementary/middle school education, subject areas for secondary and K-12 education) as well as licensable minor(s) when applicable.
8. passed required edTPA.
9. (if Lutheran Education emphasis) taken the required theology courses and received the recommendation of the Concordia University faculty for teaching in schools of the Lutheran Church-Missouri Synod.

MINORS OR AREAS OF CONCENTRATION 18-24 credits

The following minors, (approximately 18 - 21 credits) are acceptable. See the Elementary/Middle Education section for details. Both the Adaptive Education and English as a Second Language minors are licensable at the Early Childhood level.

Adaptive Education	English	History	Social Studies
Art	English as Second Language	Mathematics	Spanish
Athletic Coaching	Environmental Science	Music	Speech Communication
Biology	German	Psychology	Urban Education
Computer Science	Health Education	Science Education	

Concentrations (18 credits) in Administration in Early Childhood, Creative Arts (art, music, theatre), Family Studies, and Language Arts/Communications are available. Consult the Chairperson of the Early Childhood Department or your advisor. Students may also pursue an additional minor in Theology.

WISCONSIN DEPARTMENT OF PUBLIC INSTRUCTION APPROVED MINORS – approx. 18 - 24 credits

**Elementary/Middle Education (Grades 1-8)
Middle Childhood through Early Adolescence**

Elementary Education majors (MC-EA) are required to complete at least one minor or an additional licensable major. Students are strongly encouraged to select one of the following minors:

Biology, English, English as a Second Language+, Mathematics, Science, Social Studies, or Spanish+

Students may select one of the following minors in addition to or instead of those listed above:

Art (non-licensable), Biology, Computer Science, Environmental Science, German+, Health Education+, History, Music (non-licensable), Psychology, Speech Communication

+Denotes a minor that would require an additional Praxis II or ACTFL content knowledge examination.

An alternative to licensable subject area minor listed above is a special education major (please see "Special Education Major Requirements").

A student may also complete additional minors in licensable or non-licensable areas which may include but are not limited to the following:

- | | |
|---------------------------------|----------------------------------|
| Adaptive Education (licensable) | Theology (non-licensable) |
| Athletic Coaching (licensable) | Urban Education (non-licensable) |

NOTE: Since most middle schools are departmentalized, students are encouraged to select a minor for the subject area that they would prefer to teach in a middle school setting.

ADAPTIVE EDUCATION MINOR 18 crs.

- ED 327 Working with Children with Disabilities and their Families – 3 crs.
- *ED 328 Environmental and Personal Strategies for Self-Management for Children with Disabilities – 3 crs.
- *ED 453 Evaluative Techniques in Early Childhood Special Education **OR**
- *ED 479 Assessment and Instruction for Children with Special Needs – 3 crs.

- *ED 481 Language and Communication Disorders – 3 crs.
- ED 484 Educational/Behavioral Management in Special Education – 3 crs.
- *ED 487 Intervention Strategies in Special Education – 3 crs.
- Note: The required practicum for the adaptive education minor is included in ED 487 Intervention Strategies in Special Education.
- Note: MC-EA majors with an adaptive education minor must also complete a DPI approved minor in addition to the adaptive education minor.

ATHLETIC COACHING MINOR 25 - 29 crs.**Required Core:**

BIO 181 Functional Anatomy & Physiology I
w/lab – 4 crs. (counts in core for Life Science requirement)

Required Courses – 21 crs. minimum

HHP 272 Introduction to Athletic Training – 3 crs.
HHP 275 Administration and Organization of Sport – 3 crs.
HHP 280 Psychology of Sport – 3 crs.
HHP 371 Exercise Physiology – 3 crs.
HHP 373 Motor Development – 3 crs.
HHP 375 Biomechanics – 3 crs.
* HHP 490 Practicum in Coaching – 1-3 crs.
First Aid & CPR (Current Certification)
OR take HHP 209 for 2 cr.

Electives – 2 crs.

Choose one of the following:

HHP 281 Theory & Techniques of
Coaching Softball – 2 crs.
HHP 282 Theory & Techniques of
Coaching Basketball – 2 crs.
HHP 284 Theory & Techniques of
Coaching Football – 2 crs.
HHP 286 Theory & Techniques of
Coaching Track & Field – 2 crs.
HHP 287 Theory & Techniques of
Coaching Soccer – 2 crs.
HHP 288 Theory & Techniques of
Coaching Volleyball – 2 crs.
HHP 290 Theory & Techniques of
Coaching Wrestling – 2 crs.

Note: Students with an athletic coaching minor must complete a DPI-approved minor in addition to the athletic coaching minor.

BIOLOGY MINOR 20 crs.

BIO 146 Essentials of Anatomy & Physiology w/lab – 4 crs.
BIO 240 Zoology w/lab – 4 crs.
BIO 244 Botany w/lab – 4 crs.

BIO 156 Environmental Science w/lab **OR**
BIO 410 Ecology w/lab – 4 crs.
CHEM 105 Elements of Gen. &
Bio. Chemistry w/lab – 4 crs.

COMPUTER SCIENCE MINOR 21 crs.

CSC 150 Foundations of Computer Science – 3 crs.
CSC 175 Informatics: Application of Technology – 3 crs.
CSC 200 Foundations of Programming - 3 crs.
CSC 250 Computer Science, Theory & Practice I – 3 crs.

CSC 370 Software Engineering - 3 crs.
CSC Elective (approved by department chair) - 3 crs.
ED 440 Curr. & Methods in Computer Science
Education – 3 crs.

ENGLISH / LANGUAGE ARTS MINOR 18 crs.

*ED 432 Teaching Writing – 3 crs.
ENG 102 Basic English Grammar and Usage **OR**
ENG 305 Advanced Grammar and Usage – 3 crs.
ENG 341 American Lit. I **OR**
ENG 342 American Lit. II – 3 crs.

ENG 344 English Lit. I, ENG 345 English Lit. II,
ENG 347 World Literature I, **OR**
ENG 348 World Literature II – 3 crs.
ED 252 Teaching Adolescent Literature **OR**
ENG 300 Adolescent Literature – 3 crs.
Electives – 3 crs.

ESL: ENGLISH AS A SECOND LANGUAGE MINOR 24 - 30 crs.

Study of a Modern Foreign Language –
minimum of 6 residence credits (Up to 6 crs. may
be granted for 200-level or higher retroactive foreign
language credits.) – 6-12 crs.
ED 365 Cross-Cultural Communication for Teachers of
English Language Learners **OR**
COMM 460 Cross-Cultural Communication – 3 crs.

ED 237 Basic English Linguistics for Teachers of
Language Learners **OR**
ENG 240 Basic English Linguistics – 3 crs.
*ED 315 Observation, Analysis & Practicum in ESL – 3 crs.
ED 316 ELL Literacy: Reading
Writing, and Grammar Strategies - 3 crs.
ED 317 Accommodating Differences in
Literacy Learners - 3 crs.
*ED 323 Curriculum and Methods of Teaching ESL - 3 crs.

ENVIRONMENTAL SCIENCE MINOR 19 - 20 crs.

BIO 156 Environmental Science w/lab – 4 crs.
BIO 410 Ecology w/lab – 4 crs.
CHEM 105 Elements of General & Biological
Chemistry w/lab – 4 crs.
SCI 235 Earth Science w/lab – 4 crs.

Elective – 3-4 crs.

Select from the following:

BIO 142, BIO 240, BIO 244, BIO 260, BIO 367,
GEO 367, PHYS 107, SCI 195, SCI 275, *ED 312,
or other approved courses.

GERMAN MINOR 18 crs.

GER 301 German Conversation & Composition – 3 crs.
 GER 306 German Literature from 1750
 to 20th Century – 3 crs.
 GER 307 Applied Linguistics – 3 crs.
 GER 331 Advanced German Grammar
 & Composition – 3 crs.

HEALTH EDUCATION MINOR 18 - 20 crs.**Required Core:**

BIO 181 Functional Anatomy & Physiology I
 (counts in Core for Life Science requirement)

NOTE: The Health Education minor is certified by the Wisconsin Department of Public Instruction for individuals who have completed a DPI certified major. This minor enables teacher education graduates to provide instruction in health promotion and the prevention of health problems to students in Lutheran and public school settings. The goal of this instruction is to enable individuals to make choices, which improve the quality of life and the care of God's temple.

HISTORY MINOR 21 crs.**Required:**

U.S. History – 3 crs.
 European History – 3 crs.
 Non-Western/Global History – 3 crs.
 HIST 385 Historical Methods – 3 crs.

AND (the student must choose one of the following) – 9 crs.

I. Emphasis in American History

U.S. History – 6 crs.
 European or Non-Western/Global History – 3 crs.

MATHEMATICS MINOR 18 - 20 crs.

MATH 176 Finite Mathematics,
 MATH 150 Trigonometry, **OR**
 MATH 220 Discrete Mathematics – 3 crs.
 MATH 197 Applied Calculus **OR**
 MATH 201 Calculus I – 3-4 crs.
 MATH 205 Statistics I – 3 crs.
 CSC 150 Foundations of Computer Science – 3 crs.
 *ED 312/MATH 312 Math in Middle School – 3 crs.

PSYCHOLOGY - EDUCATION MINOR 19 crs.**Required Core:**

BIO 146 Essentials of Anatomy and Physiology –
 counts in Core for SCI 152 – 4 crs.

Required Courses:

PSY 201 Interpersonal Communication – 3 crs.
 PSY 310 Theories of Personality – 3 crs.

GER 361 Civilization & Culture of
 German-Speaking Countries – 3 crs.
 *ED 310 Curriculum and Methods in Teaching
 Foreign Language – 3 crs.
 GER 305 German Immersion Experience 0 cr.
 Note: Students who do not receive retroactive
 German credit must also complete GER 101, GER 102,
 GER 201, and GER 202.

Required Courses:

First Aid and CPR (Current certification required
 OR take HHP 209 for 2 crs.) – 2 crs.
 HHP 260 School and Community Health – 3 crs.
 HHP 265 Healthy Lifestyles – 3 crs.
 HHP 342 Nutrition for Wellness and Performance – 3 crs.
 *HHP 361 Technology in Health &
 Human Performance – 3 crs.
 *HHP 410 Measurement & Evaluation in
 Health and Physical Education – 3 crs.
 *HHP 450 Curriculum and Methods of
 Health Education – 3 crs.

II. Emphasis in European History

European History – 6 crs.
 U.S. or Non-Western/Global History – 3 crs.

III. Emphasis in Global History

Non-Western/Global History – 6 crs.
 U.S. or European History – 3 crs.

Electives – 3 - 4 crs.

*Choose from among the following courses, not including
 any taken as part of the required courses for the minor:*
 MATH 125, 128, 150, 176, 202, 220, 305,
 321, 331 or other approved courses.

PSY 425 Abnormal Psychology – 3 crs.
 SOC 300 Group Dynamics – 3 crs.

Electives – 3 crs.

Choose from the following: PSY 221 (if not take to fulfill
 core social science requirement), PSY 222, PSY 245,
 PSY 312, PSY 315, PSY 460, SOC 203, SOC 255,
 SOC 365, SOC 375

SCIENCE EDUCATION MINOR 19 - 20 crs.

BIO 146 Essentials of Anatomy & Physiology w/lab – 4 crs.
 BIO 156 Environmental Science w/lab – 4 crs.
 CHEM 105 Elements of Gen. & Bio. Chemistry w/lab – 4 crs.
 SCI 235 Earth Science w/lab – 4 crs.

Elective – 3/4 crs.

Choose from the following: BIO 142, 240, 244, 260, 410, or other approved courses. – 3/4 crs.

SOCIAL STUDIES MINOR 18 crs.

European History – 3 crs.
 United States History – 3 crs.
 HIST 385 Historical Methods – 3 crs.
 GEOG 220 Cultural Geography – 3 crs.
 SOC 101 Intro. to Sociology,
 SOC 203 Contemporary Social Problems **OR**
 SOC 300 Group Dynamics – 3 crs.

Electives – 3 crs.

See the Education Office for clarification of recommended electives.

SPANISH MINOR 18 crs.

SPAN 301 Spanish Conversation and Composition – 3 crs.
 SPAN 307 Applied Linguistics – 3 crs.
 SPAN 331 Advanced Grammar & Composition – 3 crs.
 Electives: Choose 6 credits from SPAN 351, 352, 355, and 356 – 6 crs.
 SPAN 305 Spanish Immersion Experience – 0 crs.

*ED 310 Curriculum & Methods in Teaching a Foreign Language – 3 crs.

Note: Students who do not receive retroactive Spanish credit must also complete SPAN 101, SPAN 102, SPAN 201, SPAN 202.

SPEECH COMMUNICATION MINOR 18 crs.

ED 208 Extracurricular Activities in the Fine Arts
 ENG 102 Basic English Grammar and Usage **OR**
 ENG 305 Advanced Grammar and Usage – 3 crs.
 COMM 205 Advanced Public Speaking – 3 crs.
 BCOM 300 Group Dynamics – 3 crs.
 COMM 460 Cross Cultural Communication – 3 crs.

Electives - 3 crs.

Choose from the following: BCOMM 247, 380, 390, COMM 250, 333, *ED 432, ENG 245, 246, 365, SIGN 101, THTR 261 or other approved courses.

THEOLOGY MINOR

See requirements as listed in the School of Arts and Sciences section. Note: This minor is a non-licensable minor. Students who complete a theology minor must also complete a DPI-approved minor in addition to the theology minor.

URBAN EDUCATION MINOR 18 crs.

COMM 460 Cross-Cultural Communication (may be used to fulfill non-Western requirement in core)
 ED/SOC 293 The Urban Education Landscape – 3 crs.
 ED/SOC 294 Paradigms for Success in Urban Education – 3 crs.
 *ED 429 Urban Education Field Practicum – 3 crs.

Electives - 6 Crs.

Choose 6 credits from the following: COMM 333, ENG 240, GEOG 220, PSY 315, REL 298, REL 311
 Note: This minor is a non-licensable minor. Students who complete an urban education minor must also complete a DPI-approved minor in addition to the urban education minor.

Elementary/Middle Regular and Cross-Categorical Special Education Dual Certification Program

Middle Childhood through Early Adolescence

CORE CURRICULUM:	54 - 61 Credits
LUTHERAN/CHRISTIAN PUBLIC ED MAJOR:	61 Credits
PUBLIC ED MAJOR:	55 Credits
SPECIAL ED COURSES:	<u>30 Credits</u>
TOTAL:	139 - 152 Credits

NOTE: Check with the Chair of the Special Education Department for possible changes in this major.

Secondary Education (Grades 6 - 12) Licensable Subject Area Majors & Minors

Concordia currently offers teaching majors for Grades 6-12 (early adolescence through adolescence) as approved by the Wisconsin Department of Public Instruction and leading to a Wisconsin license in the following subject areas: biology, broadfield science, English, history, mathematics, social studies (broadfield). Theology is offered as a non-licensable major.

Note that requirements are subject to change according to new state guidelines. See the Chair of Secondary Education for further details on these majors and for requirements for teaching minors.

NOTE: Students must select at least one licensable subject area major. In addition, students are strongly encouraged to add a subject area minor.

ADAPTIVE EDUCATION MINOR 18 crs.

ED 327 Working with Children with Disabilities and their Families – 3 crs.

*ED 328 Environmental and Personal Strategies for Self-Management for Children with Disabilities – 3 crs.

*ED 479 Assessment and Instruction for Children with Special Needs – 3 crs.

*ED 481 Language and Communication Disorders – 3 crs.
ED 484 Educational/Behavioral Management in Special Education – 3 crs.

*ED 487 Intervention Strategies in Special Education – 3 crs.

ATHLETIC COACHING MINOR 25 - 29 crs.

Required Core:

BIO 181 Functional Anatomy & Physiology I (satisfies core life science requirement) – 4 crs.

Required Courses:

HHP 272 Introduction to Athletic Training – 3 crs.

HHP 275 Administration and Organization of Sport – 3 crs.

HHP 280 Psychology of Sport – 3 crs.

HHP 371 Exercise Physiology – 3 crs.

First Aid & CPR (Current Certification) OR take HHP 209 for 2 cr.

HHP 373 Motor Development – 3 crs.

HHP 375 Biomechanics - 3 credits

*HHP 490 Practicum in Coaching – 1-3 crs.

Electives - 2 Crs.

Choose one of the following:

HHP 281 Theory & Techniques of Coaching Softball – 2 crs.

HHP 282 Theory & Techniques of Coaching Basketball – 2 crs.

HHP 284 Theory & Techniques of Coaching Football – 2 crs.

HHP 286 Theory & Techniques of Coaching Track & Field – 2 crs.

HHP 287 Theory & Techniques of Coaching Soccer – 2 crs.

HHP 288 Theory & Techniques of Coaching Volleyball – 2 crs.

HHP 290 Theory & Techniques of Coaching Wrestling – 2 crs.

BIOLOGY MAJOR 50 crs.

Required Core:

BIO 141 General Biology I & Lab (satisfies core life science requirement) – 4 crs.

MATH 205 Statistics I

(satisfies core mathematics requirement)

Required Courses:

BIO 142 General Biology II & Lab – 4 crs.

BIO 146 Essentials of Anatomy & Physiology & Lab – 4 crs.

BIO 240 Zoology & Lab – 4 crs.

BIO 244 Botany & Lab – 4 crs.

BIO 260 Microbiology – 4 crs.

BIO 348 Genetics – 4 crs.

BIO 410 Ecology & Lab – 4 crs.

BIO 490 Biology Senior Seminar – 1 cr.

SCI 275 Cosmogony – 3 crs.

BIO Elective – 3 crs.

Physical Science Requirements – 8 crs.

CHEM 105 Elements of Gen. & Bio. Chem.

(satisfies core physical science requirement) and PHYS 151

General Physics I **OR** CHEM 141 General Chemistry I & Lab (satisfies core physical science requirement)

and CHEM 142 General Chemistry II & Lab

BIOLOGY MINOR 27 crs.

BIO 141 General Biology I w/lab **OR**

SCI 152 w/lab in Core – 4 crs.

BIO 142 General Biology II w/lab – 4 crs.

BIO 240 Zoology w/lab – 4 crs.

BIO 244 Botany w/lab – 4 crs.

BIO 156 Environmental Science w/lab **OR**

BIO 410 Ecology w/lab – 4 crs.

CHEM 105 Elements of Gen. & Bio. Chem. w/lab **OR**

SCI 151 Physical Science in Core – 4 crs.

NOTE: *ED 376 Curriculum & Methods in Science - Secondary/Middle is also required for the secondary education biology major and minor.

BROAD FIELD SCIENCE MAJOR 56 crs.

The Broad Field Science major consists of 56 credits of science divided among the three major subcategories of science—physical science, earth science, and biology/environmental science. The student will concentrate in at least one of these areas. CUW currently offers concentrations in biology/environmental science (Option I) and physical science (Option II). A person with a broad field science license may teach any science class at the early adolescence-adolescence level, up through grade 10, and any basic science class in grades 11-12 that is not: A) part of the college preparatory sequence; B) an advance placement course; C) an elective course with more depth of content than basic courses. To teach a course under the criteria in A, B, or C (above), the teacher must have a concentration in that subject area. Students with a life science emphasis will have a minor which allows them to teach upper level courses in biology, and students with a physical science emphasis will have a minor which allows them to teach upper level courses in chemistry.

OPTION A — Broad Field Science Major with a Concentration in Biology/Environmental Science**Biology/Envir. Science Concentration (27 credits)**

BIO 141 General Biology I **OR**
 SCI 152 Life Sciences – 4 crs.
 BIO 142 General Biology II – 4 crs.
 BIO 146 Essentials of Anatomy/Physiology – 4 crs.
 BIO 156 Environmental Science – 4 crs.
 BIO 348 Genetics – 4 crs.
 BIO 490 Senior Seminar – 1 cr.
 Biology Electives – 6 crs.

Earth Science Subcategory (13 credits)

SCI 235 Earth Science – 4 crs.
 PHYS 107 Astronomy – 3 crs.
 SCI 195 Meteorology – 3 crs.
 SCI 275 Cosmogony – 3 crs.

Physical Science Subcategory (16 credits)

SCI 151 Physical Science – 4 crs.
 PHYS 151 General Physics I – 4 crs.
 CHEM 141 General Chemistry I – 4 crs.
 CHEM 142 General Chemistry II – 4 crs.

OPTION B — BFS Major with a Concentration Physical Science**Physical Science Concentration (26 credits)**

SCI 151 Physical Sciences – 4 crs.
 PHYS 151 General Physics I – 4 crs.
 PHYS 152 General Physics II – 4 crs.
 CHEM 141 General Chemistry I – 4 crs.
 CHEM 142 General Chemistry II – 4 crs.
 Chemistry Electives – 6 crs.

Biology/Environ. Science Subcategory (17 credits)

BIO 141 General Biology I **OR**
 SCI 152 Life Sciences – 4 crs.
 BIO 142 General Biology II – 4 crs.
 BIO 146 Essentials of Anatomy/Physiology – 4 crs.
 BIO 156 Environmental Science – 4 crs.
 BIO 490 Senior Seminar – 1 cr.

Earth Science Subcategory (13 credits)

SCI 235 Earth Science – 4 crs.
 PHYS 107 Astronomy – 3 crs.
 SCI 195 Meteorology – 3 crs.
 SCI 275 Cosmogony – 3 crs.

NOTE: *ED 376 Curriculum & Methods in Science - Secondary/Middle is required in the secondary education broad field science major.

BROAD FIELD SOCIAL STUDIES MAJOR 63-66 crs.

The Broad Field Social Studies license entitles the applicant to teach all social studies courses in Grades 6-9, specific fusion courses in grades 10 - 12 (ex. Civics, American Problems, Social Problems, etc.), and history courses and courses in areas of concentration in all middle/secondary school grades. The Broad Field Social Studies Major requires a History Major with either a Social Science Minor or Social Science concentration.

OPTION A — History Major with Social Science Minor 66 credits**Required Core:**

History Major (1, 2, or 3, see Secondary History) – 36 crs.
 Social Science Minor – 33 crs.

Social Science Electives – 18 crs.

Choose 18 additional credits in a single social science area: political science, economics, psychology, sociology, or geography

Required Courses:

ECON 200 Principles of Economics – 3 crs.
 ED 209 Educational Psychology – 3 crs
 POLS 201 American Government – 3 crs
 SOC 101 Introduction to Sociology – 3 crs.
 GEOG 220 Cultural Geography – 3 crs.

OPTION B — History Major with Social Science Concentration 63 credits**Required Core:**

History Major (choose option 1, 2, or 3,
see Secondary History) – 36 crs.
Social Science Concentration – 27 crs.

Required Courses:

ECON 200 Principles of Economics – 3 crs.
ED 209 Educational Psychology – 3 crs.
POLS 201 American Government – 3 crs.
SOC 101 Introduction to Sociology – 3 crs.
GEOG 220 Cultural Geography – 3 crs.

CHEMISTRY MINOR 29 crs.**Required Core:**

MATH 121 Intermediate Algebra – 3 crs.

Required Courses:

CHEM 141 General Chemistry I – 4 crs.
CHEM 142 General Chemistry II – 4 crs.

ENGLISH MAJOR 45 - 48 crs.

ENG 190 Introduction to English Studies (Optional
but strongly preferred for English majors, satisfies core
literature requirement)

ENG 245 Advanced Writing – 3 crs.
ENG 305 Advanced Grammar and Usage – 3 crs.
ENG 341 American Literature I – 3 crs.
ENG 342 American Literature II – 3 crs.
ENG 344 English Literature I – 3 crs.
ENG 345 English Literature II – 3 crs.
ENG 347 World Literature I **OR**

ENGLISH MINOR 30 - 33 crs.

ENG 190 Introduction to English Studies (Optional
but strongly preferred for English majors, satisfies core
literature requirement)

ENG 245 Advanced Writing – 3 crs.
ENG 305 Advanced Grammar and Usage – 3 crs.
ENG 341 American Literature I **OR**
ENG 342 American Literature II – 3 crs.
ENG 344 English Literature I **OR**
ENG 345 English Literature II – 3 crs.

ESL: ENGLISH AS A SECOND LANGUAGE MINOR

Study of a Modern Foreign Language –
with a minimum of 6 residence credits (Note: up to
6 retroactive credits may be earned in foreign
language.) – 6-12 crs.

ED 365 Cross-Cultural Communication for Teachers of
English Language Learners **OR**
COMM 460 Cross-Cultural Communication – 3 crs.
ED 237 Basic English Linguistics for Teachers of
Language Learners **OR**
ENG 240 Basic English Linguistics – 3 crs.

GERMAN MINOR 24 crs.

GER 201 Intermediate German I – 3 crs.
GER 202 Intermediate German II – 3 crs.
GER 301 German Conversation & Composition – 3 crs.
GER 306 German Literature from
1750 to 20th Century – 3 crs.
GER 307 Applied Linguistics – 3 crs.

Social Science Electives – 12 Crs.

Choose 12 additional credits: 6 credits from social
science area #1 and 3 credits each from social
science areas #2 and #3. Choose from the following
areas: political science, economics, psychology,
sociology, and geography.

Area # 1 – 6 crs.

Area # 2, Area # 3 – 3 crs. ea.

NOTE: ED 373 Curriculum & Methods in Social
Studies - Secondary/Middle is also required for the
broad field social science major.

CHEM 241 Organic Chemistry I – 4 crs.

CHEM 242 Organic Chemistry II – 4 crs.

CHEM 225 Analytical Chemistry – 4 crs.

CHEM 425 Biochemistry – 3 crs.

*ED 376 Methods of Teaching Science -
Secondary Middle – 3 crs.

ENG 348 World Literature II – 3 crs.

ENG 365 English – Its Cultural Development – 3 crs.

ENG 465 Shakespeare – 3 crs.

ENG 475 Literary Criticism – 3 crs.

ENG 495 Senior Seminar – 3 crs.

*ED 432 Teaching Writing – 3 crs.

*ED 372 Curriculum and Methods of
Teaching English – 3 crs.

Elective (Minimum 3 elective credits required.

If student took ENG 245 to satisfy core writing
requirement, 6 elective credits are required.) – 3 - 6 crs.

ENG 347 World Literature I **OR**

ENG 348 World Literature II – 3 crs.

ENG 365 English-Its Cultural Development – 3 crs.

ENG 465 Shakespeare – 3 crs.

Elective - 3 crs. (Required only if student used ENG 245
to fulfill core writing requirement.)

*ED 432 Teaching Writing – 3 crs.

*ED 372 Curriculum and Methods of Teaching English – 3 crs.

24 - 30 crs.

*ED 315 Observation, Analysis, and Practicum
in ESL – 3 crs.

ED 316 ELL Literacy: Reading, Writing and
Grammar Strategies – 3 crs.

ED 317 Accommodating Differences in
Literacy Learners – 3 crs.

*ED 323 Curriculum and Methods of
Teaching ESL – 3 crs.

GER 331 Advanced German Grammar
& Composition – 3 crs.

GER 361 Civilization & Culture of
German Speaking Countries – 3 crs.

*ED 310 Curriculum and Methods in Teaching
Foreign Language – 3 crs.

GER 305 German Immersion Experience – 0 crs.

HEALTH EDUCATION MINOR 23 - 25 crs.**Required Core:**

HHP 100 Introduction to Lifetime Fitness **OR**
 HHP 254 Foundations of Fitness (replaces HHP 100
 for Physical Education majors) 1 - 3 crs.
 BIO 181 Functional Anatomy & Physiology I – 4 crs.
 (counts in Core for Life Science requirement)

Required Courses:

First Aid and CPR (Current certification required
 or take HHP 209 for 2 crs.)

HHP 260 School and Community Health– 3 crs.
 HHP 265 Healthy Lifestyles – 3 crs.
 HHP 342 Nutrition for Wellness and Performance – 3 crs.
 *HHP 361 Technology in Health &
 Human Performance – 3 crs.
 *HHP 410 Measurement & Evaluation in
 Health and Physical Education– 3 crs.
 *HHP 450 Curriculum and Methods of
 Health Education – 3 crs.

* Course Requires Upper Division Status

Note: The Health Education minor is certified by the Wisconsin Department of Public Instruction for individuals who have completed a DPI licensed major. This minor enables teacher education graduates to provide instruction in health promotion and the prevention of health problems to students in Lutheran and public school settings. The goal of this instruction is to enable individuals to make choices which improve the quality of life and the care of God's temple.

HISTORY MAJOR 39 crs.**Required – 24 crs.**

U.S. History – 6 crs.
 European History – 6 crs.
 Non-Western/Global History – 6 crs.
 HIST 385 Historical Methods – 3 crs.
 HIST 490 Senior Seminar – 3 crs.

**AND (the student must choose one
 of the following) – 12 crs.**

I. Emphasis in American History**

U.S. History – 9 crs.
 European or Non-Western/Global History – 3 crs.

II. Emphasis in European History**

European History – 9 crs.
 U.S. or Non-Western/Global History – 3 crs.

III. Emphasis in Global History**

Non-Western/Global History – 9 crs.
 U.S. or European History – 3 crs.

**Students must take at least one 100-level survey course
 and two upper level courses.

*ED 373 Curriculum and Methods in Social Studies-
 Secondary – 3 crs.

Note: History majors may need to complete additional
 elective credits to meet the minimum credit requirement
 for a bachelor's degree.

HISTORY MINOR 24 crs.**Required – 12 crs.**

U.S. History – 3 crs.
 European History – 3 crs.
 Non-Western/Global History – 3 crs.
 HIST 385 Historical Methods – 3 crs.

**AND (the student must choose one
 of the following) – 9 crs.**

I. Emphasis in American History

U.S. History – 6 crs.
 European or Non-Western/Global History – 3 crs.

II. Emphasis in European History

European History – 9 crs.
 U.S. or Non-Western/Global History – 3 crs.

III. Emphasis in Global History

Non-Western/Global History – 6 crs.
 U.S. or European History – 3 crs.

*ED 373 Curriculum and Methods in Social Studies-
 Secondary/Middle – 3 crs.

MATHEMATICS MAJOR 46 crs.**Required Core:**

MATH 205 Statistics I – 3 crs.

Required Courses:

MATH 201 Calculus I – 4 crs.
 MATH 202 Calculus II – 4 crs.
 MATH 203 Calculus III – 4 crs.
 MATH 220 Discrete Mathematics – 3 crs.
 MATH 305 Statistics II – 3 crs.

MATH 321 Abstract Algebra – 3 crs.
 MATH 325 Linear Algebra &
 Differential Equations – 4 crs.
 MATH 331 Geometry – 3 crs.
 MATH 441 Real Analysis – 3 crs.
 MATH 490 Senior Seminar – 3 crs.
 CSC 150 Foundations of Computer Science – 3 crs.
 *ED 312 Math in the Middle School – 3 crs.
 *ED 374 Curriculum and Methods in
 Mathematics-Secondary/Middle – 3 crs.

MATHEMATICS MINOR 27 crs.**Required Core:**

MATH 205 Statistics I – 3 crs.

Required Courses:

MATH 201 Calculus I – 4 crs.

MATH 202 Calculus II – 4 crs.

MATH 203 Calculus III – 4 crs.

Electives – 6 crs.

Select from:

MATH 220, 305, 321, 325, 331, 441, or 470 – 6 crs.

*ED 312 Math in the Middle School - 3 crs.

*ED 374 Curriculum and Methods in
Mathematics - Secondary/Middle - 3 crs.

PSYCHOLOGY - EDUCATION MINOR 22 crs.**Required Core:**

BIO 146 Essentials of Anatomy and Physiology –
counts in Core for life science requirement – 4 crs.

Required Core:

PSY 201 Interpersonal Communication – 3 crs.

PSY 310 Theories of Personality – 3 crs.

PSY 425 Abnormal Psychology – 3 crs.

SOC 300 Group Dynamics – 3 crs.

Electives – 6 crs.

Choose at least 6 credits from among:

PSY 222, PSY 245, PSY 312, PSY 315, PSY 460, SOC 203,

SOC 255, SOC 365, SOC 375

SPANISH MINOR 24 crs.

SPAN 201 Intermediate Spanish I – 3 crs.

SPAN 202 Intermediate Spanish II – 3 crs.

SPAN 301 Spanish Conversation & Composition – 3 crs.

SPAN 307 Applied Linguistics – 3 crs.

SPAN 331 Advanced Grammar and Composition 3 crs.

Electives: Choose 6 credits from SPAN 351, 352, 355,
and 356 – 6 crs.

SPAN 305 Spanish Immersion Experience – 0 crs.

*ED 310 Curriculum & Methods in Teaching a
Foreign Language – 3 crs.

SPEECH MINOR 21 crs.

COMM 201 Interpersonal Communication – 3 crs.

COMM 205 Advanced Public Speaking – 3 crs.

BCOM 300 Group Dynamics – 3 crs.

ED 208 Extracurricular Activities in Fine Arts – 3 crs.

COMM 460 Cross-Cultural Communication – 3 crs.

*ED 372 Curriculum and Methods of
Teaching English – 3 crs.

Electives – 3 crs.

Select from:

COMM 250, COMM 322, COMM 354, BCOM390,

THR 261 – 3 crs.

THEOLOGY MAJOR AND MINOR

The theology major and minor are not licensable subjects in the state of Wisconsin. See requirements as listed in the School of Arts and Sciences section.

URBAN EDUCATION MINOR 18 crs.**Required Core:**

COMM 460 Cross-Cultural Communication (may be
used to fulfill non-Western requirement in core)

Required Courses:

ED/SOC 293 The Urban Education Landscape – 3 crs.

ED/SOC 294 Paradigms for Success
in Urban Education – 3 crs.

*ED 429 Urban Education Field Practicum – 3 crs.

Electives – 6 crs.

Select from:

COMM 333, ENG 240, GEOG 220, PSY 315, REL 298, REL 311

K-12 LICENSABLE SUBJECT AREA MAJORS & MINORS

Concordia currently offers teaching majors for Grades K-12 (approved by the Wisconsin Department of Public Instruction and leading to a Wisconsin license) in the following subject areas: art education, business education, German, music – general/choral, music – general/instrumental, physical education, and Spanish. A student may also complete any additional majors or minors from the secondary education program section in addition to a K-12 major.

ART EDUCATION MAJOR 66 crs.

The Art Education Major consists of a total of 117-123 credit hours of course work dependent upon whether the student chooses a public school or Lutheran education focus. In both cases coursework blends studio and education courses to fully prepare students for a rewarding career in art education. Upon successful completion of coursework, including a semester of student teaching, art education majors earn full licensure by the State of Wisconsin to teach art at the elementary and secondary levels (K-12). In addition to requirements for the 51-58 credit K-12 Education core, art education majors complete the following 66 credits of required coursework.

Required Core:

ART 141 Drawing Fundamentals (satisfies core Creative Arts requirement)

Required Art Courses – 42 credits

ART 110/111 Design Fundamentals **OR**

2D Composition – 3 crs.

ART 130/131 Digital **OR** Darkroom Photography I – 3 crs.

ART 210 3D Design – 3 crs.

ART 230 Printmaking Studio I – 3 crs.

ART 245 Drawing II – 3 crs.

ART 170 Ceramics I – 3 crs.

ART 265 Painting I – 3 crs.

ART 275 Sculpture I – 3 crs.

ART 285 Art History I – 3 crs.

ART 286 Art History II – 3 crs.

ART 290-295 Applied Design – 3 crs.

ART 381 Aesthetics – 3 crs.

Art Elective – 6 crs.

Required Art Education Courses – 12 credits

AE 235 Elementary Art Education

Theory and Practice – 2 crs.

AE 335 Secondary Art Education Theory & Practice – 3 crs.

AE 340 Curriculum Design for Art Education – 3 crs.

AE 342 Studio Practices I (CUS Atelier) – 3 crs.

BUSINESS EDUCATION MAJOR 39 crs.

ACCT 203 Financial Accounting

(requires sophomore standing) – 3 crs.

ACCT 223 Managerial Accounting

(requires sophomore standing) – 3 crs.

MGMT 130 Principles of Management – 3 crs.

BUS 161 Business Essentials – 3 crs.

BUS 210 Business Law I – 3 crs.

MGMT 360 Small Business Administration – 3 crs.

MGMT 450 International Business – 3 crs.

ECON 200 Principles of Economics – 3 crs.

BCOM 247 Business Writing – 3 crs.

MKTG 131 Principles of Marketing – 3 crs.

CSC 150 Foundations of Computer Science – 3 crs.

CSC 175 Informatics: Application of Technology – 3 crs.

*ED 377 Curriculum & Methods in Business Education – 3 crs.

Note: Business education majors may need to complete additional elective credits to meet the minimum credit requirement for a bachelor's degree.

GERMAN MAJOR 37 crs.

GER 201 Intermediate German I – 3 crs.

GER 202 Intermediate German II – 3 crs.

GER 301 Conversation & Composition – 3 crs.

GER 306 German Literature from 1750 to 20th Century – 3 crs.

GER 307 Applied Linguistics – 3 crs.

GER 331 Advanced German Grammar

& Composition – 3 crs.

GER 361 Civilization & Culture of German-Speaking Countries – 3 crs.

GER 490 Seminar/Capstone Course – 3 crs.

Advanced German Language/Culture (Normally taken during study abroad experience) – 10 crs.

*ED 310 Curriculum and Methods in Teaching

Foreign Language – 3 crs.

GER 305 German Immersion Experience – 0 cr. (Semester Abroad)

MUSIC MAJOR – GENERAL/CHORAL (K-12) 55 crs.

MUS 080 Concert/Recital Attendance

(each semester - must pass 7 semesters) – 0 crs.

MUS 240 Music Theory I – 3 crs.

MUS 241 Music Theory II – 3 crs.

MUS 242 Music Theory III – 3 crs.

MUS 243 Music Theory IV – 3 crs.

MUS 250 Beginning Conducting – 3 crs.

MUS 271 Music History I – 3 crs.

MUS 272 Music History II – 3 crs.

MUS 273 Music History III – 3 crs.

MUS 315 Techniques of Teaching Voice – 2 crs.

MUS 351 Advanced Conducting – 3 crs.

MUS 445 Composing/Arranging – 3 crs.

MUS 499 Recital (principal area) – 2 crs.

APPLIED MUSIC (Studio instruction in voice, piano, or organ Minimum 4 sem. at 2 cr./sem. in principal area and 4 sem. at 1 cr./sem. in minor area) – 12 crs.

ENSEMBLE (Minimum 6 semesters in a choral ensemble for credit) – 6 crs.

Must pass a piano proficiency test.

Must pass a vocal proficiency test.

Must pass a folk/fretted instrument proficiency test.

Must successfully coach and perform publicly with a small vocal ensemble.

*ED 379 Curriculum & Methods in Teaching Music-K-12

MUSIC MAJOR – GENERAL/INSTRUMENTAL (K-12) 61 crs.

MUS 080 Concert/Recital Attendance
(each semester - must pass 7 semesters) – 0 crs.
 MUS 240 Music Theory I – 3 crs.
 MUS 241 Music Theory II – 3 crs.
 MUS 242 Music Theory III – 3 crs.
 MUS 243 Music Theory IV – 3 crs.
 MUS 250 Beginning Conducting – 3 crs.
 MUS 271 Music History I – 3 crs.
 MUS 272 Music History II – 3 crs.
 MUS 273 Music History III – 3 crs.
 MUS 351 Advanced Conducting – 3 crs.
 MUS 356 Techniques of Teaching Brass – 2 crs.
 MUS 357 Techniques of Teaching Woodwinds – 2 crs.
 MUS 358 Techniques of Teaching Percussion – 2 crs.
 MUS 359 Techniques of Teaching Strings – 2 crs.

MUS 445 Composing/Arranging – 3 crs.
 MUS 499 Recital (principal area) – 2 crs.
 APPLIED MUSIC (Studio instrumental instruction)
 Minimum 4 sem. at 2 cr./sem. in principal area
 and 4 sem. at 1 cr./sem. in minor area – 12 crs.
 ENSEMBLE (6 semesters in an
 instrumental ensemble for credit) – 6 crs.

Must pass a piano proficiency test.
 Must pass a secondary instrument proficiency test.
 Must pass a folk/fretted instrument proficiency test.
 Must coach and perform publicly with a small
 instrumental ensemble.

*ED 379 Curriculum and Methods of Teaching Music–K-12

PHYSICAL EDUCATION MAJOR 62-64 crs.

The Physical Education Major is licensed by the Department of Public Instruction of Wisconsin. It is a highly selective program. Students completing a degree are licensed to teach grades K-12. Students completing this program are also eligible for licensure in athletic coaching and adaptive physical education. At the end of the student's sophomore year, he/she will make application for admission into the Program. Criteria for admission into the Physical Education Program maybe obtained by contacting the chairperson of the Health and Human Performance Department.

Required Courses:

BIO 181 Functional Anatomy & Physiology I
 BIO 182 Functional Anatomy & Physiology II

Required Professional Courses:

HHP 171 Introduction to Exercise Science – 1 cr.
 HHP 209 First Aid and CPR – 2 crs.
 HHP 275 Administration and Organization
 of Sport – 3 crs.
 HHP 371 Exercise Physiology – 3 crs.
 HHP 373 Motor Development – 3 crs.
 HHP 375 Biomechanics – 3 crs.
 *HHP 407 Professional Foundations of
 Physical Education and Sport – 3 crs.
 *HHP 410 Measurement & Evaluation in
 Health and Physical Education – 3 crs.
 *HHP 412 Adapted Physical Education – 3 crs.
 *HHP 489 Practicum in Adaptive Physical
 Education - 1-3 crs.

Required Pedagogy Courses:

HHP 167 Stunts and Tumbling - 1 cr.
 HHP 208 Developing Teaching Skills in
 Physical Education – 2 crs.
 HHP 250 Teaching Core Activities II – 3 crs.
 HHP 254 Teaching Core Activities I (Satisfies HHP 100
 and Activity Core Requirements) – 3 crs.
 HHP 355 Teaching Core Activities III – 3 crs.
 HHP 356 Teaching Core Activities IV – 3 crs.
 *HHP 361 Technology in Health and
 Human Performance – 3 crs.
 HHP 381 Curriculum and Methods for Teaching
 Physical Education Secondary – 3 crs.
 *HHP 404 Curriculum and Methods for Teaching
 Physical Education Elementary – 3 crs.
 HHP 428 Movement Skills in Early Childhood – 2 crs.

Electives – (choose 1)

HHP 272 Introduction to Athletic Training – 3 crs.
 HHP 280 Psychology of Sport – 3 crs.
 HHP 409 History of Physical Education – 3 crs.
 HHP 414 Women in Sport – 3 crs.

NOTE: Physical Education majors are strongly encouraged to complete a minor in health education.

*Courses require Upper Division Status

Admission into the Physical Education License and Non-License Programs Application Process

By the completion of Year 2:

Prior to starting Year 3 (junior), students wishing admission into the Physical Education Program must complete the following checklist and submit it to the Department Chair. Any items not completed at the specified level must be resolved before students begin their course work in year 3. Special appeals for extenuating circumstances must be made in writing to the Physical Education Acceptance Committee by the last day in April (during year two of the student's normal progress towards a degree).

Requirements for Admission into the Physical Education Program:

Requirements	Relevant Information	
HHP 171	Grade of B or above	<ul style="list-style-type: none"> • Must have UDS before beginning third year in the program • Letter requesting admission into the program to be used as a writing sample • Contains a formal request for admission into the program with supporting rationale detailing their reasons for pursuing a profession in Physical Education • Appearance, writing ability, content, and supporting documentation critical • There is an appeal process should the student care to use it
HP 208	Grade of B or above	
HHP 355 & 356	Grade of B or above	
ENG 103	Grade of C or above	
BIO 181/182	Grade of C or above	
ED 100	Passing Grade	
Basic Skills Test Math	Passed (licensure only)	
Basic Skills Test Reading	Passed (licensure only)	
Basic Skills Test Writing	Passed (licensure only)	
Basic Skills Test (non-Lic.)	Passed 2 of 3	
General Core	Grades only 1 D, no F	
Service to Christ	(20 hrs. documented)	
P.E. Majors Club	1 Full Yr. of Participation	
Unit Plan	1 Unit Plan Grade B

Teacher Colloquy Program (LCMS)

The Teacher Colloquy is designed for members of the Missouri Synod who have received their teacher training at a non-Synodical college and would like to be certified for teaching in schools of the Synod. The program is available online through the Concordia University Education Network, CUEnet. (www.cuenet.edu). For more information, contact the CUEnet director at 1-800-238-3037 or write CUEnet, 345 Cyber Drive, Bend, Oregon 97702. The program typically consists of 24 credit hours.

In 1989, the Provisional Endorsement for Lutheran Teaching (P.E.L.T.) Program was developed by the colleges and universities and the appropriate boards of the Lutheran Church-Missouri Synod. This program was developed in recognition of the many capable Lutheran teachers involved in the ministries of the LCMS Parochial School Systems who were non-synodically certified.

The initial vision was to offer these teachers an avenue to take steps toward teacher's synodical certification via the LCMS's Teachers Colloquy Program. It was an initial step because the candidate could only fulfill some of the course requirements via the extension model. The candidate then had to complete the colloquy course requirements through residence course work at one of the synodical colleges offering a bachelor's degree in teacher education. Since the Synodical Convention in Pittsburgh in 1992, it is possible to take the eight required courses to fulfill course work requirements for teach colloquy via the Theological Education by Extension Model. We have several extension locations in different parts of the country.

The School of Health Professions houses the following undergraduate (UG) and graduate (G) professional and pre-professional programs in the health and human services: Diagnostic Medical Sonography (UG), Occupational Therapy (G), Physical Therapy (G) and pre-Physical Therapy(UG), Radiology Technology (UG), Rehabilitation Sciences (UG/G), Social Work (UG) and Medical Assistant (Certificate).

Diagnostic Medical Sonography (Ultrasound)

Program Overview

Students in this program study two years of liberal arts core on campus before continuing in their professional training. The professional component is conducted during the second two years at an area hospital that is an accredited program. Students graduate with a Bachelor of Science degree from Concordia University and they are qualified to take National Medical Diagnostic Sonography exams.

Students receive a strong liberal arts education in a Christian setting. They obtain the necessary preparation for their career through professional experience in a hospital setting. Students who graduate with a BS in Diagnostic Medical Sonography have an opportunity to specialize in obstetric and gynecologic sonography, abdominal sonography, neurosonography, breast sonography, vascular technology or echocardiography.

Professional Assignments

The Sonography program is very competitive and not all students are placed at a professional site. Placement of professional sites is not guaranteed and college GPA is a major determinant. It is required that Sonography students maintain a 3.0 GPA to be considered for the professional placement that occurs during the second 2 years of the program. The professional component is 18-24 consecutive months at the hospital. Each student must complete a Certified Nursing Assistant (CNA) program before submitting their clinical application (December of sophomore year) and work at least 100 hours as a CNA to increase the possibility for clinical placement. Students are required to shadow for 4 hours in Echocardiography and 4 hours of shadowing in general sonography.

Admission Requirement

Diagnostic Medical Sonography students are accepted at CUW under the general admissions requirement. It is recommended that students complete anatomy & physiology, physics, and biology in high school to better prepare them for this major.

Pre-Professional Requirements

Diagnostic Medical Sonography students complete the general CUW core courses. In addition, students are required to take: 1 year of anatomy & physiology, 1 year of biology, 1 year of physics, medical terminology and pathophysiology. Students must maintain a 3.0 GPA in pre professional courses and acceptance into the professional phase is not guaranteed. In addition, each student must complete a CNA program prior to submitting their professional application. Students are strongly encouraged to maintain a 3.0 GPA in the following coursework: Anatomy & Physiology, Physics, Pathophysiology, Math, Med Terms, Communication and Political Science.

Tuition

Students in the Diagnostic Medical Sonography program will pay CUW tuition during the pre-clinical and clinical aspects of the program. Students in the clinical aspect of the program pay for 4 semesters and do not have to pay any overload tuition charges. A percentage of the tuition will be given to the clinical program. Thus, students who are receiving the Emeritus (full) Scholarship or are full time CUW employees (tuition-free) will need to pay tuition during the clinical aspect of the program.

BACHELOR OF SCIENCE IN DIAGNOSTIC MEDICAL SONOGRAPHY

Effective for students starting Fall of 2014

CUW courses:

CORE CURRICULUM: 48 credits
 ADDITIONAL REQUIREMENTS: 24 credits
 72 CUW credits

Common Core: - 15 credits (Take these particular courses)

Bible Content (REL 100 The Bible) – 3 crs.
 Christian Doctrine (REL 110 Christian Faith) – 3 crs.
 History (HIST 103 Civilizations & Worldviews: History) – 3 crs.
 Literature (ENG 103 Civilizations & Worldviews: Literature) – 3 crs.
 Writing (ENG 104 Introduction to Writing) – 3 crs.

Narrative Core: - 12 credits (Take these particular courses)

Citizenship (Required: POLS 285 Amer. Politics & Health Care Policy)** – 3 crs.
 Communication - COMM 201** – 3 crs.
 Culture – 3 crs.
 Philosophical Foundations – 3 crs.

Elective Core: - 21 credits

Creative Arts – 3 crs.
 Language – 3 crs.
 Mathematics (Math 128: College Algebra or higher)** – 3 crs.
 Physical Development (HHP 100 Introduction to Lifetime Fitness) – 3 crs.
 Physical Development Activity Course (HHP Activity) – 3 crs.
 Science with a lab (BIO171 Anatomy & Physiology I)** – 4 crs.
 Social Science (PSY 101 Introduction to Psychology) – 3 crs.
 Theology elective – 3 crs.

Additional Requirements:

BIO 172 Anatomy & Physiology II** – 4 crs.
 OT 106 Medical Terminology** – 1 cr.
 BIO 141 (or 151) Biology I – 4 crs.
 BIO 142 (or 152) Biology II – 4 crs.
 PHYS 151 Physics I** – 4 crs.
 PHYS 152 Physics II** – 4 crs.
 BIO 285 Pathophysiology** – 3 crs.

- It is required that each student become a Certified Nursing Assistant (CNA) and pass the State License Exam before they interview for a clinical placement. A minimum of 100 hours employed as a CNA are required before applying to clinicals
- CPR for Healthcare Providers is also required - it is best to take this the year you apply to clinicals - it is not offered as a credit course. It is the responsibility of the student to complete this in the community
- 3.0 cumulative GPA required by end of the 3rd semester (when clinical applications are due)
- 3.0 GPA/Grade of B or above (no B-) required in the following courses: Communications, Math, Physics, Anatomy & Physiology, POLS 285, Medical Terminology, Pathophysiology (these courses are denoted by **)
- Students will only be allowed to retake a science course one time. ALL grades for the science courses (even classes that were retaken) will be averaged into an Average Science GPA by the clinical Program Directors. Students should aim for a B Average/3.0 Average Science GPA

Medical Assistant Program

The Concordia University Wisconsin Medical Assistant program uses the Core Curriculum for Medical Assistants set by the Medical Assisting Education Review Board (MAERB) of the American Association of Medical Assistants in conjunction with the Commission on Accreditation of Allied Health Education Programs (CAAHEP) as the basis for the curriculum.

The mission of the Medical Assistant Program is to prepare competent medical assistants to enhance health care delivery in the community, and to work collaboratively with other disciplines in assisting individuals, families, and communities to achieve their full health potential.

CUW Core Curriculum – 9 crs.

Interpersonal Communication – 3 crs.

Psychology – 3 crs.

The Bible As Literature – 3 crs.

Professional Curriculum – 27 crs.

Anatomy & Physiology I – 3 crs.

Anatomy & Physiology II – 3 crs.

Administrative Procedures I – 2 crs.

Administrative Procedures II – 2 crs.

Cardiopulmonary Resuscitation – 1 cr.

Clinical Procedures I – 3 crs.

Clinical Procedures II – 3 crs.

Laboratory Procedures I – 3 crs.

Laboratory Procedures II – 3 crs.

Medical Law & Ethics – 2 crs.

Pharmacology – 3 crs.

Practicum — 3 crs.

Pre-Physical Therapy Program

OVERVIEW

Concordia University Wisconsin offers a Pre-Physical Therapy program in conjunction with other undergraduate majors offered at Concordia. Concordia offers 60+ undergraduate majors and all are acceptable for students wishing to continue their education in the Doctor of Physical Therapy (DPT) program. No specific major is required or preferred, provided that all pre-physical therapy requirements are met prior to entering the graduate program. Students work with their Academic Advisor to complete the course required for the undergraduate degree as well as the prerequisite courses required for the DPT program.

An undergraduate degree, as well as the DPT prerequisite courses, can usually be completed in four years. The DPT program requires an additional three years of professional education beyond an undergraduate degree.

PRIORITY ADMISSION FOR CONCORDIA UNDERGRADUATE STUDENTS

Concordia offers priority admission to the Doctor of Physical Therapy program to students who:

- are current, full time student at CUW who will graduate with a bachelor's degree from CUW,
- at the time of submitting the application, are not missing more than one prerequisite science course,
- have a cumulative GPA of at least 3.00,
- have a grade point average of at least 3.45 in prerequisite science courses,
- submit all application materials by the PTCAS Early Decision deadline, and
- successfully complete a personal interview.

All prerequisite science courses must be completed at CUW or through AP exam, and cannot have been previously completed at another institution. If a CUW prerequisite science course is repeated, the first, original grade will be considered when determining whether or not the student is eligible for priority admission. CUW students who meet these requirements are not required to take the GRE.

ENTRANCE REQUIREMENTS

Admission to the entry-level Doctor of Physical Therapy program is competitive. Concordia University Wisconsin will admit one class of 26 full-time students in the fall of each academic year.

Admission requirements include:

- Bachelor's degree in any field from a regionally accredited institution
- Minimum 3.0 cumulative GPA
- Minimum GPA of 3.0 in all required sciences
- Ability to perform essential functions of a physical therapist listed at www.cuw.edu/dpt

Science Prerequisites (CUW course numbers listed in parenthesis)

- Chemistry- Two semesters of sequenced courses with labs (Chemistry 141 and 142)
- Physics- Two semesters of sequenced courses with labs (Physics 151 and 152)
- Human Anatomy and Physiology- Two semesters offered through a Biology, Anatomy or Physiology department (Biology 181 and 182)
- Physiology- One semester in addition to the A&P requirement above (Biology 470 or Exercise Physiology 371 or 470 or 471, or BIO 285)

Other prerequisites

- Statistics- One semester
- Psychology- One semester
- Behavioral or Social Science- One semester in addition to the Psychology requirement above

APPLICATION PROCESS

The Physical Therapy Department at Concordia University participates in the Physical Therapist Centralized Application Service, known as PTCAS. Applicants for the Doctor of Physical Therapy program should apply online using the PTCAS application. To learn more about the PTCAS application process, please visit the PTCAS website at www.ptcas.org.

Students may apply to the program before all admission requirements and prerequisites are completed, but must be completed prior to beginning the DPT program. Undergraduate students should apply to the DPT program during the summer before their senior year. Applications for the DPT program can be made through the Physical Therapy Centralized Application Service (PTCAS) at www.ptcas.org. The GRE is required for students not meeting the requirements for CUW Guaranteed Admission.

DPT PROGRAM MISSION STATEMENT

The Concordia University Wisconsin program in physical therapy is committed to developing health care professionals who have a sound foundation in movement science and are prepared for safe, autonomous, and ethical practice as physical therapists within a changing health care environment. The program seeks to foster personal growth in mind, body, and spirit for Christian service to the community.

DPT PROGRAM ACCREDITATION

The Physical Therapy Program at Concordia University Wisconsin is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone 703-706-3245; email accreditation@apta.org; website: capteonline.org

DPT PROGRAM GENERAL ACADEMIC INFORMATION

The Doctor of Physical Therapy program is designed to help students become thoughtful, skilled and caring therapists who are autonomous providers of physical therapy services. Our program emphasizes evidence-based practice and focuses on developing clinicians who will serve the community through excellence in clinical practice and understanding of the spiritual, economic, and psychological needs of the clients they serve. The program will help students develop skills to determine why an individual may have difficulty with movement, to determine whether those difficulties can be remediated by physical therapy, and to develop and implement a program which would address those concerns.

The Professional Physical Therapy Program at Concordia leads to a Doctor of Physical Therapy (DPT) degree. This entry level professional degree program is three full years in duration, beginning in the Fall. The program is full-time and encompasses six semesters, three winterims, and two summer sessions. The curriculum combines classroom, laboratory, and supervised clinic-based instruction. An optional internship after graduation is available.

Pre-Physician Assistant Studies Program

OVERVIEW

Concordia University Wisconsin offers a Pre-Physician Assistant Studies program in conjunction with other undergraduate majors offered at Concordia. Concordia offers 60+ undergraduate majors and all are acceptable for students wishing to continue their education in the Master of Science in Physician Assistant Studies program. No specific major is required or preferred, provided that all pre-physician assistant requirements are met prior to entering the graduate program. Students work with their Academic Advisor to complete the course required for the undergraduate degree as well as the prerequisite courses required for the PA program.

Completing the requirements for the program does not guarantee admission.
See process at <https://www.cuw.edu/programs/physicianassistant/enterance.html>

An undergraduate degree, as well as the PA prerequisite courses, may be completed in four years depending on the major selected.

ADMISSION FOR CONCORDIA UNDERGRADUATE STUDENTS and ALUMNI

A current, full time student from Concordia University who will graduate with a bachelor's degree from CU will be guaranteed an interview for the PA program if he or she meets certain requirements. Guaranteed interviews will be extended to students who have completed their PA application by the deadline, have a cumulative grade point average of at least 3.40, and a grade point average of at least 3.40 in prerequisite science courses. CU alumni will be guaranteed an interview if they achieved a cumulative grade point average of at least 3.40, and a cumulative prerequisite science grade point average of at least 3.40 while attending CU.

ENTRANCE REQUIREMENTS

Admission to the Physician Assistant program is competitive. Concordia University Wisconsin will admit one class of 30 full-time students in May of each academic year. Students may apply for the PA program before earning a Bachelor's degree, but the degree and all prerequisite courses must be completed before matriculation into the PA program if accepted.

Candidates for admission to the Concordia University Wisconsin PA program must meet the following requirements:

- Baccalaureate degree earned prior to matriculation from a regionally accredited university or college
- Minimum 3.0 cumulative GPA
- Minimum 3.0 cumulative prerequisite science GPA
- All prerequisite courses must be successfully completed with a grade of "C" or higher from a regionally accredited college or university
- Labs must be taken on campus and not online. If the transcripts are not in English, transcripts will need to be evaluated through the required service designated by CASPA. Applicants cannot have more than one prerequisite science course and one non-science prerequisite course pending in the year prior to entering the program if accepted.
- Documentation of 100 hours of health care experience plus 24 hours shadowing a Physician Assistant (must be completed and documented to the program either via email if the CASPA application has been submitted or on the CASPA application by September 1, 2015). Hours working as a scribe do not count for PA shadowing. The program does not find or suggest sites for applicants to complete the shadowing requirement
- Ability to perform Technical Standards for Physician Assistants
- Reference letters: (two must be professional and/or academic and one must be from a MD, DO, PA, or NP who has worked with the applicant in a health care setting while interacting with patients)

Science Prerequisites (See <https://www.cuw.edu/programs/physicianassistant/enterance.html> for additional details)

- General Chemistry- Two semesters of sequenced courses with labs
- Biochemistry- One semester with or without lab
- Microbiology- One semester with lab
- Human Anatomy with lab and Physiology- Two semesters offered through a Biology, Anatomy or Physiology department. Can be either separate Anatomy (with lab) and Physiology courses OR combined A&P I and II courses including labs * **Anatomy must be with lab and done on-campus, not online**
- Two semesters of Biology with lab (excluding the listed prerequisite science courses mentioned even at higher levels)
- Genetics required with or without a lab

Other prerequisites:

- Psychology- One semester
- Statistics- One semester
- College algebra or higher- One semester
- Medical Terminology- One semester*

- *Anatomy and Physiology must be taken within five years of applying to the program.
- *Medical Terminology is recommended within five years of applying to the program.

A felony conviction may affect a graduate's ability to attain state licensure.
At this time we are unable to enroll F-1 international students in the Physician Assistant Program.
Questions about specific prerequisites courses should be directed to the Graduate Admission Office.

SCHOOL OF HEALTH PROFESSIONS

Students may apply to the program before all admission requirements are completed, but requirements must be completed prior to beginning the PA program if accepted. Undergraduate students should apply to the PA program during the cycle beginning in April before their senior year.

The Physician Assistant Studies Program at Concordia University Wisconsin participates in the Centralized Application Service for Physician Assistants (CASPA). Applicants for the Master of Science in Physician Assistant Studies program should apply online using the CASPA application. To learn more about the CASPA Application process, visit the CASPA website at <https://portal.caspaonline.org/>.

MISSION STATEMENT

The Physician Assistant program at CUW prepares students to become competent physician assistants who provide high quality health care in a respectful, culturally sensitive, caring and knowledgeable manner. CUW PA graduates are committed to caring for patients in mind, body and spirit with an emphasis on primary care and preventive medicine as well as continual lifelong learning.

PROGRAM GOALS

The goals of this program are to:

- 1) educate physician assistant in primary care and preventive medicine,
- 2) prepare physician assistants to work with diverse, medically underserved populations,
- 3) instill the importance of professionalism,
- 4) provide an interprofessional education in order to work effectively as a health care team member.

ACCREDITATION

The ARC-PA has granted Accreditation-Provisional status to the Concordia University Physician Assistant Program sponsored by Concordia University Wisconsin.

Accreditation-Provisional is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA Standards or when a program holding Accreditation-Provisional status appears to demonstrate continued progress in complying with the Standards as it prepares for the graduation of the first class (cohort) of students.

Accreditation-Provisional does not ensure any subsequent accreditation status. It is limited to no more than five years from matriculation of the first class.

Information on accreditation is available at <http://www.arc-pa.org/> or at:
Accreditation review commission on Education for the Physician Assistant, Inc., 12000 Findley Road, Suite 150,
Johns Creek, GA 30097, (770)476-1224.

Information on accreditation is available at www.arc-pa.org. The Master of Science in Physician Assistant Studies program grants the Master of Physician Assistant Studies (MPAS) degree.

PROGRAM GENERAL ACADEMIC INFORMATION

The Concordia University Wisconsin PA Program is a full time 26 consecutive month curriculum. The didactic phase is held at the Mequon campus. The clinical portion of the program will be in urban, rural, and medically underserved settings throughout Wisconsin as well as possible out of state locations with physician and PA preceptors. The didactic phase of the program consists of basic sciences, clinical and behavioral medicine. Topic areas include human anatomy with cadaver lab, physical examination and history taking, pharmacology, physiology/pathophysiology, clinical skills, and topics and issues related to the profession. The didactic phase provides the foundation for the clinical year.

Radiologic Technology

PROGRAM OVERVIEW

The registered radiologic technologist (radiographer) utilizes knowledge of human anatomy and disease, mathematics, physics and operation of radiation-producing equipment for diagnostic purposes. Radiologic technologists may be employed in various health care settings, i.e. hospitals or clinics, industry, business, research, administration or education. The major is intended to be a four-year course of study leading to a Bachelor of Science degree. The program is jointly sponsored and is structured such that core required of the university and pre-clinical components are conducted by Concordia University during the first 2 years, while clinical components are conducted at Joint Review Commission on Education in Radiologic Technology accredited programs for the second 2 years. Successful completion of competency requirements within the clinical program must be achieved prior to graduation.

PROFESSIONAL ASSIGNMENTS

Students should be aware that the program requires clinical coursework off-CUW campus for a period of 24 months. Clinical coursework is usually 8 hours per day and can range from a minimum of 24 to a maximum of 40 hours a week. Clinical rotations are not limited to one site. Vacation periods are scheduled intermittently during the year by the clinical faculty.

TUITION

Students in the Radiologic Technology Program will pay CUW tuition during the pre-clinical and clinical aspects of the program. Students in the clinical aspect of the program pay for 4 semesters and do not have to pay any overload tuition charges. A percentage of the tuition will be given to the clinical program. Thus, students who are receiving the Emeritus (full) Scholarship or are full time CUW employees (tuition-free) will need to pay tuition during the clinical aspect of the program.

RADIOLOGIC TECHNOLOGY MAJOR

CORE CURRICULUM:	48 credits
MAJOR:	62-75.5 credits
ADDITIONAL REQUIREMENTS:	<u>19 credits</u>
TOTAL:	129-142.5 Total credits

Common Core – 15 credits (Take these particular courses.)

Bible Content: REL 100 — 3 crs.

Christian Doctrine: REL 110 — 3 crs.

History: HIST 103 Civilizations &

Worldviews: History — 3 crs.

Literature: ENG 103 Civilizations & Worldviews:

Literature — 3 crs.

Writing: ENG 104 Introduction to Writing — 3 crs.

Narrative Core – 12 credits (take a class in each category that satisfies a particular competency.)

Citizenship: (Political Science, Economics, etc) — 3 crs.

Communications (*COMM 105 Public

Speaking) — 3 crs.

Culture — 3 crs.

Philosophical Foundations (Ethics, Philosophy) — 3 crs.

Distributive Core – 21 credits (Take a class in each category of interest and program requirements.)

Creative Arts — 3 crs.

Language — 3 crs.

Mathematics: *MATH 128 (College Algebra) — 3 crs.

Physical Development: HHP 100 Introduction to

Lifetime Fitness — 1 cr.

Physical Development Activity Course –

HHP Activity — 1 cr.

Science with Lab: *BIO 141 (or BIO 151)

General Biology I w/Lab — 4 crs.

Social Science: *PSY 101 — 3 crs.

Theology Elective — 3 crs.

Additional Required Course for Major:

*Anatomy & Physiology I: BIO 171 — 4 crs.

*Biology II: BIO 142 (or BIO 152) — 4 crs.

*Anatomy & Physiology II: BIO 172 — 4 crs.

*Medical Terminology: OT 106 — 1 cr.

*Sociology 101 — 3 crs.

*CSC 150 Foundations of computer science — 3 crs.

*Required courses for the RT program

- Cumulative 3.0 GPA required to progress to clinicals
Clinical applications will not be accepted if a student does not have a 2.75 GPA at time of submission
- Preference for students with a 3.0 GPA (B grade) in science courses; no grade below a C accepted
- Shadowing of an RT required (minimum 4 hours)
- Math, Medical Terminology and A&P I need to be completed by the end of the 3rd semester

Bachelor of Science in Rehabilitation Science (BSRS)

OVERVIEW

Concordia University Wisconsin offers a combined Bachelor of Science in Rehabilitation Science (BSRS) and Master of Occupational Therapy (MOT) program which can be completed in a total of 4 ½ years for both degrees. The BSRS degree alone can be completed in 3 ½ years.

GENERAL ACADEMIC INFORMATION

The Bachelor of Science in Rehabilitation Science (BSRS) degree is intended to offer students an opportunity to receive a broad based education in rehabilitation science while meeting the pre-requisites for the Master of Occupational Therapy (MOT) degree.

Students who graduate with a BS in Rehabilitation Science have an opportunity to explore a wide range of employment opportunities if they choose not to pursue the MOT degree. Students with a BSRS degree can use this degree to work in a variety of areas including community public health, community mental health, wellness programs, managed care organizations, child-care facilities, adult day-care facilities, pharmaceutical sales, medical sales, assistive living/independent living centers, specialty Alzheimer's disease care centers, fitness programs, nursing homes, and hospitals.

Students in the BSRS program are required to take winter and summer courses and can complete their undergraduate degree in 3 ½ years.

BSRS students who choose to pursue a career in Occupational Therapy can apply to the Master of Occupational Therapy program. Accepted students begin in graduate level courses during their junior year and can complete the BSRS degree in 3 years, and the MOT degree with 1½ additional years. Please refer to graduate catalog for detailed information about the MOT program.

GUARANTEED MOT ADMISSION POLICY FOR CONCORDIA BSRS UNDERGRADUATE STUDENTS

Students who begin their undergraduate career in Concordia's Bachelor of Science in Rehabilitation Science program may apply to the MOT program during the fall of their sophomore year. A student accepted into the MOT track will begin taking graduate courses toward a degree in Occupational Therapy during their junior year. The first thirty BSRS students with a high school GPA of 3.0 or above to pay freshman tuition deposits, are GUARANTEED a spot in the MOT program if they achieve a 3.0 cumulative GPA, as well as grades of 3.0 in BIO 181, BIO 182 and BIO 301 on their first attempt. The combined BSRS/MOT program allows a student who wishes to become an Occupational Therapist to complete both degrees within a 4 ½ year period.

Students transferring into Concordia's BSRS program with an undergraduate degree will not be guaranteed placement into the MOT program. Transfer students must complete at least 36 BSRS credits at Concordia to be given priority in the MOT admission process. These credits must include the following courses taken at Concordia:

- BIO 181 Anatomy and Physiology I
- BIO 182 Anatomy and Physiology II
- BIO 301 Advanced Functional Anatomy and Physiology

Priority admission to the MOT phase will be granted in the following order:

1. The first 30 deposited students who began at CUW in BSRS (with a high school GPA of 3.0 or above) are guaranteed if they meet the prerequisites
2. Other students that began at CUW in BSRS but did not get the guarantee given to the first 30, with a 3.0 cumulative GPA, B's in BIO 181, BIO 182 and BIO 301
3. CUW students that are not in the BSRS program and transfer students who earn 36 credits at CUW with a 3.0 cumulative GPA, B's in BIO 181, BIO 182 and BIO 301
4. Students from outside CUW

If multiple students fall within the same priority level, the MOT Selection Committee will make acceptance decisions.

BSRS CURRICULUM

COMMON CORE (15 credits)

Bible Content	REL 100	The Bible	3 crs.
Christian Doctrine	REL 110	Christian Faith	3 crs.
History	HIST 103	Civilizations & Worldviews: History	3 crs.
Literature	ENG 103	Civilization & Worldviews: Literature	3 crs.
Writing	ENG 104	Introduction to Writing	3 crs.

NARRATIVE CORE (12 credits)

Citizenship	POLS 285	American Politics & Health Care Policy*	3 crs.
Communication	COMM 201	Interpersonal Communication*	3 crs.
Culture	COMM 460	Cross Cultural Communication*	3 crs.
		Philosophy Elective	3 crs.

ELECTIVE CORE (21 credits)

Creative Arts		Elective	3 crs.
Mathematics	MATH 205	Foreign Language Elective	3 crs.
Physical Development	HHP 100	Statistics I*	3 crs.
Physical Development	HHP	Introduction to Lifetime Wellness	1 cr.
Science with a lab	BIO 181	Activity Course Elective	1 cr.
Social Science	PSYCH 101	Anatomy and Physiology I (required)	4 crs.
Theology	REL	Introduction to Psychology*	3 crs.
		Religion Course above REL 204	3 crs.

*Recommended for best fit within the Rehabilitation Science degree

BSRS MAJOR COURSES

BIO 182	Anatomy and Physiology II	4 crs.
RSC 106	Medical Terminology	1 cr.
BIO 301	Advanced Functional Anatomy and Physiology	4 crs.
PSY 230	Life Span Development	3 crs.
RSC 310	Culture and Rehabilitation	3 crs.
SOC 392	Sociology of Aging	3 crs.
HHP 375	Biomechanics	3 crs.
RSC 201	Medical Ethics in Rehabilitation Science (online)**	3 crs.
RSC 304	Teaching and Learning in Rehabilitation (online)**	3 crs.

Additional courses to complete the BSRS degree if not in MOT

**The online courses must be taken during the summer between freshman and sophomore year. The cost is an extra expense. It is not included in Fall/Spring tuition.

MOT PROGRAM

YEAR 3:

SUMMER SEMESTER (9 required credits)

BIO 550 Human Anatomy W/Lab	6 credits
OT 640 Clinical Implications	<u>3 credits</u>
	9 credits

(Note: Summer and Winterim courses in MOT Program may have some online instruction, but all courses contain a face-to-face requirement.)

FALL SEMESTER (18 required credits)

BIO 585 Neuroscience	5 credits
OT 523 Clinical Kinesiology	3 credits
OT 548 Group Skills	3 credits
OT 546 Clinical Practicum - Group	1 credit
OT 540 Scientific Inquiry I	3 credits
OT 521 Foundational Concepts in OT	3 credits
Interprofessional Education Meetings	<u>NC</u>
	18 credits

WINTERIM (3 required credits)

OT 864 Health & Wellness Promotion for OT	2 credits
OT 866 Psychosocial Aspects of Wellness Practicum	<u>1 credit</u>
	3 credits

SPRING SEMESTER (15 required credits)

OT 525 Therapeutic Skills	3 credits
OT 586 Rehabilitation Science – Ortho	3 credits
OT 569 Scientific Inquiry II	3 credits
OT 571 Work Practice I	3 credits
OT 529 Assessment Skills	3 credits
Interprofessional Education Meetings	<u>NC</u>
	15 credits

YEAR 4:

SUMMER (5 required credits)

OT 580 Pediatric Practice I	4 credits
OT 573 Clinical Practicum – Pediatrics	<u>1 credit</u>
	5 credits

Completion of the BSRS degree at the end of the summer session.

FALL SEMESTER (14 required credits; 1 elective required)

OT 561 Rehabilitation Science – Neurology	3 credits
OT 584 Clinical Practicum - Adult	2 credits
OT 582 Scientific Inquiry III	3 credits
OT 603 Practice Management	3 credits
OT 613 Work Practice II (elective)	3 credits
OT 596 Pediatric Practice II (elective)	3 credits
OT 630 Hand & Upper Extremity Rehab (elective)	3 credits
Interprofessional Education Meetings	<u>NC</u>
	14-20 credits

WINTERIM (3 required credits)

OT 645 Gerontology and AT Concepts to Promote Occupational Performance	3 credits
--	-----------

SPRING SEMESTER (18 required credits)

OT 565 Psychosocial Practice	3 credits
OT 590 Rehabilitation Science - Integrated	3 credits
OT 601 Advanced Clinical Practice	3 credits
OT 603 Community Practice	3 credits
OT 595 OT Community Clinic	3 credits
OT 575 Fieldwork Seminar	NC pass/fail
OT 562 Rehabilitation Science – Neuro II	3 credits
Interprofessional Education Meetings	<u>NC</u>
	18 credits

FINAL SIX MONTHS:

SUMMER (6 required credits Level II FW)

First Level II Fieldwork Service (3 months)	6 credits
---	-----------

FALL SEMESTER (6 required credits Level II FW)

Second Level II Fieldwork Service (3 months)	6 credits
--	-----------

Minimum Credits for Program 97

Social Work

Social work is a diverse and dynamic profession. Grounded in social justice and a professional code of ethics, social workers can be found in all levels of the helping professions. Social workers develop skills in helping people navigate complex systems of care. They provide counseling and psychotherapy to individuals, families, and groups. Social workers can be found in social and health care services. They participate in political advocacy and support legislative changes that create a more balanced and just world. The profession is built on an academic knowledge base that supports competency based learning. Students receive hands on training through professionally supervised and mentored internships. Graduates are eligible for licensure in most states and enjoy job security in one of the fastest growing professions in the country. Social work is a profession with many possibilities for diversity in practice and careers.

MISSION

The mission of the CUW Social Work Program is to prepare graduates for baccalaureate level, generalist social work practice, within the context of faith, service, and social justice.

Generalist social work practice means that social work majors learn how to help others in many broad-based ways. They may assist individuals, families, groups, communities, and organizations in a variety of social work or related settings. Generalist social work practice includes helping people from a strengths perspective, which means recognizing, supporting, and building on the innate capabilities of all human beings.

The mission of the Social Work Program includes the importance of a faith perspective that provides the support, energy, and commitment to make a difference in the lives of others. The mission inspires majors to use the force of their individual personal selves and professional skills in service to others and encourages majors to work for social and economic justice for those who may be forgotten or marginalized in our larger society. Social work embraces six core values. They include the values of service, social justice, the dignity and worth of each person, the importance of human relationships, integrity, and competence. The values of human rights and the importance of scientific inquiry support these core values.

The social work curriculum promotes the social work mission through providing the theoretical concepts, a broad knowledge base, and the applied skills necessary to improve and enhance the overall well-being of others. The mission is carried out through the professional social work foundation courses which include content on social work values and ethics; human diversity; social and economic justice; populations-at-risk; human behavior in the social environment; social welfare policy and services; social work practice skills; research; and field (internship) practicum.

SOCIAL WORK PROGRAM GOALS

The goals of the CUW Social Work Program are to:

- Prepare students for professional generalist practice.
- Develop students who have a strong skill and knowledge base in their practice with diverse groups.
- Support students in their understanding and ability to apply social work values and ethics to their professional social work practice.
- Prepare students who can apply research and/or evidence-based practice to their various practice contexts and for self and practice evaluation.
- Encourage students to draw on the foundation of faith, service, and social justice to provide leadership in the provision of service to and solidarity for marginalized or oppressed groups.

SOCIAL WORK PROGRAM CORE COMPETENCIES

- Demonstrate Ethical & Professional Behavior.
- Engage Diversity and Difference in Practice.
- Advance Human Rights and Social, Economic, and Environmental Justice.
- Engage in Practice-informed Research and Research-informed Practice.
- Engage in Policy Practice.
- Engage with Individuals, Families, Groups, Organizations, and Communities.
- Assess Individuals, Families, Groups, Organizations, and Communities.
- Intervene with Individuals, Families, Groups, Organizations and Communities.
- Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities.

ADMISSION PROCEDURES

Students may declare a social work major as an arriving freshman or anytime while a student in good standing at Concordia University Wisconsin. Students who declare a social work major during their freshmen or sophomore year have the advantage of being assigned a social work faculty member as their academic advisor. Social work faculty members are available to discuss the social work major and application process with all interested students.

Students cannot enroll into Upper Division social work courses (SW 300 or SW 400 level) or begin a field placement until they have completed the application process for Upper Division Social Work Status. Students must be officially accepted for Upper Division Status by the Director of the Social Work Program. Students need to apply for Upper Division Status during the spring semester of their sophomore year and begin their Upper Division SW Foundation Courses in the fall of their junior year.

Prior to official acceptance into Upper Division Status, students are expected to take the two Introductory social work courses, SW 100 (Introduction to Social Work) and SW 205 (Introduction to Social Welfare) during their freshmen or sophomore year. This planning is necessary because Upper Division Social Work Foundation courses are offered in a sequence which begins in the fall semester of the student's junior year. In rare circumstances, exceptions may be made, but additional planning and consultation are needed.

Students must receive at least a "C" in all social work courses in order to continue in the social work program. A student may repeat a course one time in an effort to improve their grade.

The process for admission to Upper Division Status for the Social Work Major is to:

- Complete SW 100 (Introduction to Social Work) and SW 205 (Introduction to Social Welfare).
- Complete BIO 146 (Essentials of Anatomy & Physiology) and MATH 205 (Statistics).
- Have a minimum cumulative grade point average of 2.5 GPA overall and a 2.75 GPA in social work courses.
- Complete an application for acceptance into Upper Division Status in the social work major.

A completed application includes:

- Completion of Application for Admission Form
- Completion of an Upper Division Narrative (self-study)
- Interview with the Director of the Social Work Program or other social work faculty

TRANSFER STUDENTS

Transfer Students may also be accepted into Upper Division Status, if they have completed the above requirements or received approval from the Director of the Social Work Program.. These students will need to review their transfer core curriculum credits with the admissions counselor and Registrar's Office. Any transfer credits related to the social work major and social science minor must be reviewed by the Director of the Social Work Program.

LAY MINISTRY CERTIFICATION

A social work major, who is a member of the Lutheran Church Missouri Synod, may also earn a Lay Ministry Certificate in addition to a Bachelor Degree in Social Work (BSW). Students can obtain an application for this minor from the Lay Ministry Office. Social work majors who decide to additionally pursue the Lay Ministry minor can apply the courses required for the Lay Ministry minor to the 15 elective credits needed for the social work major and will only need an additional 6 credits to complete the Lay Ministry Minor. The Lay Ministry Internship can be obtained through the Social Work Field Placement, which is required during the student's senior year. Upon graduation in addition to their Social Work Degree (BSW), students receive a Lay Ministry Certification and are eligible to work within the Lutheran Church Missouri Synod.

PROGRESSION POLICY

Students must apply to the Social Work Program for Upper Division Status during the second semester of their sophomore year. To enter the program and maintain a good standing, a student must have a cumulative GPA of at least 2.5 and a minimum GPA of 2.75 in social work classes. They must also complete an application and self-study.

ACCREDITATION

Social Work Programs at the baccalaureate and master's levels are accredited by the Council on Social Work Education (CSWE). The Social Work Program at Concordia University is fully accredited by CSWE.

CSWE Accreditation establishes uniform educational standards for social work students to insure students acquire the highest standards of professional training and practice. Additionally, an accredited program qualifies graduates for advanced standing in graduate programs that grant the Master of Social Work Degree (MSW). This status typically makes it possible for BSW graduates to earn an MSW in three semesters. Students who receive their BSW can also join The National Association of Social Workers (NASW), the largest professional association of social workers. Finally, students who graduate from accredited social work programs are eligible to apply and take the examination for state licensing or certification for professional social work practice. Social workers, who successfully complete the baccalaureate degree requirements at Concordia University Wisconsin, graduate from a program accredited by the Council of Social Work Education and receive a Bachelor of Social Work degree (BSW).

FIELD EDUCATION (INTERNSHIPS)

DESCRIPTION

The curriculum design for field education is incorporated in two semesters and involves the accumulation of 432 hours of fieldwork. Field experience offers students the opportunity to test and demonstrate their abilities and knowledge in a supervised educational setting. Social work majors, with upper division status, are required to enroll in SW 327 Field Education I and SW 427 Field Education II. In conjunction with Field Education, students are required to enroll in SW 328 Field Seminar I and SW 428 Field Seminar II. Participation in the seminar is to be concurrent with field education. The seminar format will provide for the integration of field experience with classroom learning through discussion and assignments.

APPLICATION PROCESS FOR FIELD EDUCATION

Students are placed in a variety of agencies, commensurate with their expressed desires and educational needs. The placement process begins with the completion of an application. Students are required to apply for field in the second semester of their junior year.

SOCIAL WORK PROGRAM CURRICULUM

The Social Science Minor is recommended for Social Work Majors; however, many other options are available including, but not limited to, psychology, lay ministry, Spanish, music, and political science. See School of Arts and Sciences

Required Core Courses

Students in this program must take MATH 205, Statistics, and BIO 146, Anatomy and Physiology, for non-biology majors. (Other lab sciences covering human biology may be accepted.)

Curriculum: Total 45 Credits

The Social Work Major

SW 100 Introduction to Social Work — 3 crs.
 SW 205 Introduction to Social Welfare — 3 crs.
 SW 306 Social Welfare Policy and Programs — 3 crs.
 SW 310 Research Methods 1 — 3 crs.
 SW 346 Human Behavior and the Social Environment I — 3 crs.
 SW 347 Human Behavior and the Social Environment II — 3 crs.
 SW 410 Research Methods II — 3 crs.
 SW 490 Senior Seminar/Project — 3 crs.

SW 327 Field Education I — 4 crs.
 SW 427 Field Education II — 4 crs.
 SW 328 Field Seminar I — 2 crs.
 SW 428 Field Seminar II — 2 crs.
 SW 326 Skills and Methods of Social Work Practice I — 3 crs.
 SW 426 Skills and Methods of Social Work Practice II — 3 crs.
 SW 436 Skills and Methods of Social Work Practice III — 3 crs.

The Social Science Minor for Social Work Majors (27 Credits, 9 credits apply to Core)

PSY 101 General Psychology — 3 crs.
 SOC 101 Introduction to Sociology — 3 crs.
 ECON 222 Macroeconomics OR
 ECON 200 Principles of Economics — 3 crs.
 POLS Political Science — 3 crs.
 (Choose one of the following POLS 101, 201, or 285)
 COMM 105 Public Speaking — 3 crs.

PSY 201 Interpersonal Communications — 3 crs.
 (Also listed as COMM 201)
 PSY 230 Life Span Development — 3 crs.
 SW 375 Understanding Death & Dying — 3 crs.
 PSY/SOC Choose a PSY/SOC class of student choice — 3 crs.

Elective: Social Work Majors select 15 elective credits directed towards student's interests.

SOCIAL WORK/PSYCHOLOGY DOUBLE MAJOR

- If prerequisites are met, students may take PSY 245, 310, and/or 315 during their sophomore year
- PSY 245 would replace SW 410
- SW 327 & 328 would replace PSY 450
- Two PSY 300/400 level electives are needed

Semester I**Year 1**

PSY 101 General Psychology – 3 crs.

Year 2

PSY 205 Theories of Learning – 3 crs.

PSY 201 Interpersonal Communication – 3 crs.

Year 1 or 2

SW 100 Intro to Social Work – 3 crs.

Year 3

SW 310 Social Work Research Methods I – 3 crs.

SW 326 Skills & Methods of SW Practice I – 3 crs.

SW 346 Human Behavior/Social Environment I – 3 crs.

PSY 310 Theories of Personality – 3 crs.

PSY 315 Social Psychology – 3 crs.

Year 4

SW 327 Field Education I – 4 crs.

SW 328 Field Seminar I – 2 crs.

SW 436 Skills & Methods of SW Practice III – 3 crs.

PSY 492 Research Proposal - 1 cr.

Semester II**Year 1**

Developmental Course (PSY 221, 223, 230) – 3 crs.

Year 2

MATH 205 Statistics – 3 crs.

Year 1 or 2

SW 205 Intro to Social Welfare – 3 crs.

Year 3

SW 306 Social Welfare Policy & Programs – 3 crs.

SW 347 Human Behavior/Social Environment II – 3 crs.

SW 426 Skills & Methods of SW Practice II – 3 crs.

PSY 425 Abnormal Psychology - 3 crs.

PSY 245 Research Methods – 3 crs.

Year 4

SW 427 Field Education II – 4 crs.

SW 428 Field Seminar II – 2 crs.

SW 490 Senior Integrative Seminar – 3 crs.

PSY 490 Senior Project/Seminar – 3 crs.

Students enrolled in the Social Work/Psychology Double Major will take SW 327 in place of PSY 450

Social Work Major – 45 credits

Psychology Major – 37 credits

LAY MINISTRY MINOR 24 crs.**Required Core:**

REL 201 Old Testament

REL 204 Biblical Theology

REL XXX Elective

Required Courses – 12 crs.

REL 203 New Testament – 3 crs.

REL 312 Office of The Professional

Church Worker – 3 crs.

REL 404 Theology of the

Lutheran Confessions – 3 crs.

SW 327 Field Education (3 hours of which double as a requirement for Lay Ministry Minor) – 3 crs.

Electives - 12 crs.

REL 229 Religious Education of Youth and Adults **OR**

REL 227 Youth Ministry – 3 crs.

REL 298 Faith and Culture **OR**

REL 310 Religion in America **OR**

REL 410 World Religions – 3 crs.

REL 311 Church in Mission **OR**

REL XXX (any mission or evangelism) – 3 crs.

REL XXX (any upper level Bible course) – 3 crs.

AFFIRMATIVE ACTION/NONDISCRIMINATION

The Social Work Program at Concordia University Wisconsin does not discriminate on the basis of race, color, gender, age, ethnic or national origin, or physical disability in the areas of student admission to the program, as well as hiring or promotion for faculty.

School of Nursing

The School of Nursing houses the following undergraduate and graduate professional programs: Traditional Undergraduate Bachelor of Science (BSN), Bachelor of Science Completion for RNs (BSN), RN to BSN to MSN (G), Master of Science (Nurse Practitioner (NP) and Nurse Educator (NE)) (G), Certificate After Graduate Education in Nursing (CAGE), Doctorate of Nursing Practice (DNP), and Parish Nursing (Certificate).

Nursing Program – Bachelor of Science

The purpose of the Traditional Undergraduate Nursing program is to equip graduates with the professional leadership skills, expertise, caring and knowledge they need to function in a variety of health care and community settings and to work collaboratively with other disciplines in assisting individuals, families, groups and communities to achieve their full health potential. The baccalaureate program provides a broad foundation in liberal arts and nursing education. A wide variety of clinical agencies and community sites are incorporated into the learning experience. Additionally, our program integrates the use of a High Fidelity Simulation Learning Environment with several Human Patient Simulators.

Concordia University has offered a baccalaureate degree in nursing since 1982. The nursing programs were accredited by the Commission on Collegiate Nursing Education in 2014 for another 10 years.

In May of 1991, Concordia graduated the first group of students in the BSN Completion track for RNs. In the spring of 1998, the first MSN class graduated. The first (DNP) cohort graduated in December 2010.

HIGHLIGHTS

- Clinical practicums begin in spring of sophomore year.
- Cross-cultural and global health experiences are offered to several local, national and international destinations.
- Individualized attention, guidance, and tutoring services facilitate student success.
- Nursing instructors possess strong clinical background and academic preparedness in nursing education.
- Multi-bed high fidelity simulation lab and hands-on skills lab.
- NCLEX pass rates are above national average.
- Commission on Collegiate Nursing Education (CCNE) accredited through 2024.
- Active Student Nurses Association.
- Sigma Theta Tau International Honor Society.
- Financial Assistance and Scholarships are available.
- Workshops in Nursing Student Success (WINSS) are free and open to all pre-nursing and nursing students.

CORE CURRICULUM 48 crs.

Certain courses are prescribed for nursing students in meeting core curriculum requirements including: Introduction to Writing, Bible Content, Christian Doctrine, Civilization and World Views: History, Civilization and World Views: Literature, Interpersonal Communication, Citizenship, Philosophical Foundations, College Algebra, Creative Arts, Language, Physical Education, Chemistry, General Psychology, Christian Ethics.

 NURS 477 Introduction to Integrative & Complementary Therapies (optional)

Traditional Freshman Students

- Reflective Essay (to be completed in NURS 100: Introduction to Professional Nursing)
- Minimum Cumulative GPA ≥ 2.75
- Minimum Science/NURS 100 GPA ≥ 2.75 with $\geq C$ in the following courses:
 - Anatomy & Physiology I
 - Anatomy & Physiology II
 - Chemistry
 - Microbiology
 - NURS 100: Introduction to Professional Nursing
- $\geq C$ in College Algebra or waiver with an AP score of 4 or 5 on the AP Calculus Exam, or CLEP credits for College Algebra
- English as Second Language, Language test score:
 - TOEFL > 75 **OR**
 - IELTS > 6.0
- CPR (Healthcare Provider and AED)
- Adherence to the completion of the clinical requirements according to timeline specified in the *Traditional Undergraduate Nursing Clinical Resource Guide*.

Transfer Students

- Reflective Essay
 - Transcript Review
 - Letter of Good Standing
 - Minimum Cumulative GPA ≥ 3.0
 - Minimum Science/NURS 100 GPA ≥ 2.75
 - English as Second Language, Language test score:
 - TOEFL > 75 **OR** - IELTS > 6.0
- All Science/College Algebra/NURS 100 classes $\geq C$
- All applications must be submitted to the admissions office by July 15th for the fall semester or December 15th for the spring semester
 - Applications will be reviewed and prioritized by the School of Nursing.
 - The number of students accepted will be dependent upon available clinical spots
 - CPR (Healthcare Provider and AED) and CNA certified upon entry into sophomore standing
 - Adherence to the completion of the clinical requirements according to timeline specified in the *Traditional Undergraduate Nursing Clinical Resource Guide*.

CLINICAL REQUIREMENTS

Summer Before Sophomore Year

- Set up Certified Background Account	July 1
- Update immunizations and gather records	July 1
- Complete CNA Certification	August 15
- Obtain CPR (Healthcare provider) Certification	August 15

Fall Semester of Sophomore Year

- Complete Health Insurance Form in Resource Guide	November 1
- Obtain Influenza Immunization	November 1
- Obtain Physical Exam (No earlier than 3 months prior to clinicals)	Nov - Dec
- Obtain 2-step TB Skin Test	Nov - Dec

TRADITIONAL UNDERGRADUATE NURSING PROGRAM ADMISSION REQUIREMENTS FOR ENTRY INTO SOPHOMORE YEAR

Transfer students are required to contact the Admissions transfer counselor for Concordia's application process and timeline.

The curriculum in nursing prepares individuals for a beginning practice of professional nursing. The nursing curriculum is built around the core curriculum and collateral courses which facilitate the development of a professional nurse. The nursing major requires successful completion of both theory courses and related clinical experiences.

Upon graduation, students are eligible to take the NCLEX-RN exam as part of the process to be licensed as a registered nurse (RN).

Progression Policy

Freshman students who earn a minimum cumulative GPA of ≥ 2.75 **AND** Science/NURS 100 GPA of ≥ 2.75 with a $\geq C$ in all science (A&P I&II, Chemistry and Microbiology)/College Algebra/NURS 100 classes will be eligible to progress to the sophomore year.

Sophomore, junior and senior students must maintain a minimum cumulative **and** nursing GPA of ≥ 2.75 and a minimum of $\geq C$ in all nursing courses (courses with a NURS prefix), including a passing grade in all clinical and/or lab portions of the course. Further information is available in the Bachelor of Science Traditional Undergraduate Nursing Handbook.

BACHELOR OF SCIENCE—NURSING COMPLETION PROGRAM FOR REGISTERED NURSES

Registered nurses who have graduated from an ADN or Diploma nursing program will find Concordia's B.S.N. Completion Program a flexible means of furthering their nursing education. Coursework consists of accelerated learning modules. Completion program candidates can obtain their BSN degree in (2) two calendar years. Concordia University's Nursing Completion Program is accredited by the Commission on Collegiate Nursing Education.

LIBERAL ARTS CORE

Many of the basic liberal arts courses may be accepted as transfer credits from accredited associate degree or diploma nursing programs:

Theology — 6 - 9 crs. (Must be taken for residency)

REL 376: Christian Ethics required

Humanities

NURS 331: Nursing in Historical Context
and LA 105: Liberal Arts for Healthcare Professionals

Cross Cultural

NURS 360 Cultural Diversity in Nursing
or SOC 343: Women's Health or Global Education

Social Science

PSY 101: General Psychology
Sociology or Macroeconomics or Political Science

Natural Science

*Chem 205: Elem. of General/Biological Chemistry

Communications

Intro to Writing or Advanced Writing

Mathematics

MATH 130: Statistics

CLEP

*Credit for this course can be earned by passing the
NLN Basic Science Achievement Test or CLEP Exam

COLLATERAL REQUIREMENT

Social Science: *Psy 230 Life Span Development Science: *BIO 249, 270/271, 272/273

The following collateral courses will be accepted as transfer credits from accredited associate degree or diploma nursing programs: Life Span Development; Microbiology*; Anatomy/Physiology

*Credit for this course may also be earned by passing the NLN Basic Science Achievement Test

NURSING MAJOR 70 crs.

Many nursing courses may be accepted as transfer credits from accredited associate or diploma nursing programs. All R.N. Completion students must take the following courses: NURS 301, 335, 342, 442, 492.

NURS 100 Introduction to Professional Nursing

NURS 203 Professional Core Foundations

NURS 202 Gerontological Nursing

NURS 212 Gerontological Nursing Practicum

NURS 213 Foundational Nursing Skills I

NURS 222 Nursing Pathophysiology

NURS 232 Wellness Assessment

NURS 250 Nursing Pharmacology I

NURS 255 Nursing Pharmacology II

NURS 310 Medical-Surgical Nursing I

ELECTIVES 10 crs.

Continuing Education

Concordia University Adult Education Studies is charged with carrying the mission of the University to the non-traditional adult student. Like the traditional degree programs, the programs in Adult Education are founded in the Christian Liberal Arts tradition of the University.

Our program is very much tailored to the needs and unique capabilities of the adult learner. For instance, classes are offered at locations near students' home or work. Classes are offered in an accelerated evening format. In addition, students can earn credit in a variety of modalities including the traditional classroom setting, telecourses, and college level learning experiences obtained outside the classroom.

Adult Education delivers courses at eleven off-campus centers located in Missouri and Louisiana, as well as Wisconsin. The average age of students attending the program is 34, typically 25 years old at a minimum, and students are required to have several years of work experience. A separate catalog is produced for adult education studies, and you are referred to it for further details.

ACCOUNTING

ACCT 201 ACCOUNTING PRINCIPLES I (formerly ACCT 101) Emphasis is placed on the process of identifying, measuring, recording, and communicating the economic events of a business. Areas of coverage include ethics; the accounting cycle (manual and computerized); financial statements; presentation and analysis; merchandising; internal controls; cash; receivable; and long-lived assets. Prerequisite: **Sophomore standing, except Accounting Majors. 3 credits. Offered online only.

ACCT 202 ACCOUNTING PRINCIPLES II (formerly ACCT 102) is a continuation of ACCT 201 (Accounting Principles I. Topics of corporate operations are covered including capital stock and dividend transactions; stockholder's equity; and bond financing. The statement of cash flows, financial statement analysis and partnerships as a form of business are also studied. Prerequisite: ACCT 201. **Sophomore standing, except Accounting Majors. 3 credits. Offered online only.

ACCT 203 FINANCIAL ACCOUNTING Emphasis is placed on the process of identifying, measuring, recording, and communicating the economic events of a business. Areas of coverage include ethics; the accounting cycle (manual and computerized); financial statements presentation & analysis; merchandising; internal controls; cash; receivables; long-lived assets; capital stock and dividend transactions; stockholders equity; and bond financing. Prerequisite: Sophomore standing, except Accounting Majors. 3 credits.

ACCT 223 MANAGERIAL ACCOUNTING covers financial statement analysis, procedures for planning & controlling organizations, including measuring managerial performance and developing budgets, and the use of accounting information for decision-making by management. Prerequisite: ACCT 203 (or by permission of the instructor); sophomore standing except Accounting Majors. 3 credits.

ACCT 310 INTERMEDIATE ACCOUNTING I builds on the accounting foundation established in Financial Accounting. The course provides an in-depth study of the conceptual and technical issues surrounding the recording and reporting standards set forth by Generally Accepted Accounting Principles (GAAP) in the U.S. and compares and contrasts them to international accounting standards. Research via the Financial Accounting Standards Board (FASB) codification research system is introduced. Topics include: accounting theory; the accounting cycle; ethics; the financial statements and footnote disclosures; cash receivables; inventory; long-lived assets; and current liabilities. Prerequisite: A grade of B or better in ACCT 203 and 223. 3 credits. Offered Fall Semester only.

ACCT 311 INTERMEDIATE ACCOUNTING II extends the student's in-depth study of the conceptual and technical issues surrounding the recording and reporting standards set forth by GAAP and international accounting standards. Research using the FASB codification research system is emphasized. Topics include long-term debt; equity; earnings per share; leases; pensions; income taxes; revenue recognition; investments; accounting changes; and the statement of cash flows. Prerequisite: A grade of C or better in ACCT 310. 3 credits. Offered Spring semester only.

ACCT 330 ADVANCED ACCOUNTING I is the study of advanced financial accounting issues such as derivative securities, foreign currency, interim financial reporting, segment reporting, revenue recognition, bankruptcy and reorganization and specialized accounting of government and non-profit entities. Prerequisite: A grade of C or better in ACCT 311. 3 credits. Offered Fall semester only.

ACCT 350 INCOME TAX I presents the history of federal income taxation and covers the taxation of personal income. Emphasis is focused on the determination of gross income, adjusted gross income, deductions, credits, and consequences of property transactions. Tax policies and procedures of the Internal Revenue Code and interpretations of the Internal Revenue Service are analyzed. Prerequisite: A grade of C or better in ACCT 311. 3 credits. Offered Fall semester only.

ACCT 360 INCOME TAX II studies partnership, fiduciary, and corporation income tax laws for proper treatment of various types of income, deductions, the consequences of ownership interests, and the application of various rates to taxable situations. Covers the administrative procedures for protests, refunds, gift and estate taxes. Prerequisite: A grade of C or better in ACCT 350. 3 credits. Offered Spring semester only.

ACCT 420 AUDITING presents the theory; concepts and techniques utilized by independent auditors; covers professional ethics and legal relationships; evaluating and reporting on internal control; planning and implementation of the audit process; and formulating substantive testing procedures. Also presents the assertions used by management in the preparation of financial statements. Prerequisites: A grade of C or better in ACCT 311. 3 credits. Offered Spring semester only.

ACCT 425 ADVANCED AUDITING covers advanced auditing issues such as integrated audits of large public companies, auditing complex derivative securities, judgements about materiality and material internal control weaknesses and other assurance services offered by CPAs. Prerequisite: A grade of C or better in ACCT 420. 3 credits. Scheduled based on student interest.

ACCT 432 GOVERNMENTAL AND NOT-FOR-PROFIT ACCOUNTING emphasizes the different characteristics of governmental and not-for-profit organizations. Topics include accounting for state and local government entities and the role of the Governmental Accounting Standards Board (GASB); the accountability for public funds; and accounting and financial reporting in the not-for-profit sector. Prerequisite: A grade of C or better in ACCT 311. 3 credits. Offered Fall semester only.

ACCT 441 MERGERS AND ACQUISITIONS covers business case and accounting for mergers and acquisitions, and advanced accounting issues including consolidations, equity accounting, variable interest entities, and translation of foreign currency financial statements. Prerequisite: A grade of C or better in ACCT 311. 3 credits. Offered in Fall semester only.

ACCT 498 SPECIAL TOPICS IN ACCOUNTING provides a senior discussion, lecture, and/or research forum (including individual research) for special accounting subjects not addressed by the regular curriculum. Prerequisite: A grade of C or better in ACCT 311. 3 credits. Scheduled based on student interest.

** For students who entered prior to the 2014-15 academic year.

ART EDUCATION

AE 102 FOUNDATIONS OF ART EDUCATION introduces the historic and philosophic bases of education and art education and examines relationships between those bases and current practice. Students explore the methodologies of visual learning including the use of contemporary technologies and complete Portfolio I requirements. 3 credits.

AE 235 ELEMENTARY ART EDUCATION: THEORY AND PRACTICE introduces the rationale and methodologies for teaching art at the elementary level within the context of child development. Topics include the role of the arts in elementary education, child development and visual learning, the design and application of developmentally appropriate curricula, and effective classroom strategies. Taught concurrently with AE 237. Prerequisite: ART 141. 2 credits.

AE 237 STRATEGIES FOR MAINSTREAMING IN ART EDUCATION introduces art education majors to the various types of learners in the art education classroom. Students will receive instruction in classroom management and teaching strategies for students with special needs. Taught concurrently with AE 235. Prerequisite: AE 235. 1 credit.

AE 335 SECONDARY ART EDUCATION: THEORY AND PRACTICE introduces the rationale and methodologies for teaching art at the secondary level based upon an understanding of preadolescent and adolescent development. Topics include the role of arts activities in secondary education, preadolescent and adolescent development, the design and implementation of developmentally appropriate curricula, evaluation processes, and effective classroom strategies. Prerequisites: AE 235 and acceptance into the Art Education Program. 3 credits.

AE 340 CURRICULUM DESIGN FOR ART EDUCATION introduces students to the structure and design of curricula for effective art education. Students examine a variety of existing curriculum guides for coherence, sensitivity to the developmental growth of children, interdisciplinary strategies and clear delineation of classroom practice. Students will develop and implement unit and lesson plans. Prerequisites: AE 235 or consent of the instructor. 3 credits.

AE 342 ART EDUCATION: STUDIO PRACTICES provides senior Art Education majors with the opportunity to explore a range of instructional strategies and to test those strategies with children in a supervised classroom setting. Students discuss art education methodologies, materials, and techniques and implement those methodologies and practices with a group of children from the local community. Prerequisites: AE 235, AE 237 and AE 335. 3 credits.

ANTHROPOLOGY

ANTH 201 CULTURAL ANTHROPOLOGY seeks to depict and explain the diverse and universal characteristics of human behavior with regard to ecological and socio-cultural factors such as language, gender roles, marriage/family practices, modes of subsistence, political and economic structures, religion, and art. The students will participate in ethnographic research through personal fieldwork experience and interactive multimedia with application to current issues in anthropology today. 3 credits.

ART

ART 110 DESIGN FUNDAMENTALS applies human perceptions of design in nature to the organization of 2-dimensional pictorial space. Students learn the language of 2D design and develop critical skills in image manipulation and visual communication through a series of exercises in black and white. Includes experience with digital media. Fulfills creative arts requirements in the Elective Core. Studio Fee. 3 credits.

ART 111 2D COMPOSITION is geared to the specific needs of graphic design, illustration, photography, art and communication majors. Students progress through an accelerated series of exercises in black and white media in order to acquire the language of design and successfully use it to manipulate existent imagery, create original designs and apply design principles to visual communication. Includes experience with digital media. Studio Fee. 3 credits.

ART 131 PHOTOGRAPHY I introduces students to the fundamentals of photographic composition and digital camera techniques. Topics include camera operation, composition, lighting techniques, and the history of photography. Students should have access to a digital camera. Fulfills creative arts requirements in the Elective Core. Studio Fee. 3 credits.

ART 141 DRAWING FUNDAMENTALS provides instruction in basic drawing for students with little or no previous drawing experience. Students learn the language of drawing, composition, strategies for solving basic perceptual problems, and the depiction objects from life within the 2D picture plane. Includes experience with variety of black and white media and an introduction to color media. Fulfills creative arts requirements in the Elective Core. Studio Fee. 3 credits.

ART 145 DRAWING I FOR ART MAJORS offers rigorously paced instruction in drawing as the basis of a strong foundation experience for art, art education, graphic design, illustration and interior design majors. Technical proficiency, perceptual accuracy and visual communication are stressed as students explore perceptual and conceptual issues through a variety of black and white media. Prerequisite: Must be an Art department major. Studio Fee. 3 credits.

ART 149 CALLIGRAPHY AND ILLUMINATION introduces students to the fundamental techniques of handlettering with the pen and brush. The focus of the course is on skill development and building an awareness of the historical context of various styles of lettering. Fulfills creative arts requirements in the Elective Core. Studio Fee. 3 credits.

ART 151 ART FUNDAMENTALS provides an introduction to studio art processes and art appreciation. A variety of two-dimensional and three-dimensional media are explored along with problems related to perception, design, technique, aesthetics, art history and art criticism. Fulfills creative arts requirements in the Elective Core. Studio Fee. 3 credits

ART 210 3D DESIGN builds upon previously acquired design skills through the exploration of three-dimensional spatial relationships. Students extend design principles to communicate ideas successfully through variety of 3D media. Prerequisite: ART 110 or 111. Studio Fee. 3 credits.

ART 222 OUTDOOR DRAWING AND PAINTING explores a variety of drawing and painting techniques in the outdoor setting. Students receive individualized instruction as they explore their choice of media in a variety of outdoor settings both on and off campus. Prerequisites: ART 141, 142, or 151, or consent of instructor. Studio Fee. 3 credits. Access to transportation helpful. 3 credits.

ART 225 HISTORY OF ARCHITECTURE studies the development of architectural spaces from prehistory to the present. Areas of emphasis include the history of church architecture and significant architectural monuments in the Milwaukee area. Activities include local travel and some architectural rendering. Studio Fee. 3 credits.

ART 230 PRINTMAKING STUDIO I offers studio experience in basic printmaking processes including monotype, relief, reduction, intaglio, aquatint, and silkscreen. Students utilize printmaking media such as waterbased ink, linocut, Easycufo, acid bath, zinc plates, stencil film and blockout to extend their visual communication skills and produce limited or multiple edition prints. Prerequisite: Art 141 or 142 or consent of instructor. Studio Fee. 3 credits.

ART 231 PHOTOGRAPHY II explores advanced techniques of photographic composition and black and white darkroom processes. Topics include the zone system, advanced lighting techniques, studio photography, portfolio production, and the history of photography. Prerequisite: ART 131. Studio Fee. 3 credits.

ART 245 DRAWING II (Assorted Media) extends basic skills learned in Drawing I to assorted media including pencil, colored pencil, pastel, charcoal, pen and ink, brush and ink, and conté. Students explore traditional forms of drawing such as still life, the human figure, self portraiture and landscape as they move toward engagement with more open-ended pursuits that require them to confront their own artistic sensibilities, reactions and concerns through mixed media. Offered in Spring semester of years ending in an even number. Prerequisite: ART 141 or 142. Studio Fee. 3 credits.

ART 258 CERAMICS I provides an introduction to clay techniques for the production of vessels, both functional and aesthetic. Students receive instruction in design, handbuilding, throwing on the potter's wheel, glazing and firing. Prerequisites: ART 141, 142, 151, or 210, or consent of instructor. Studio Fee. 3 credits.

ART 265 ACRYLIC PAINTING provides an introduction to the techniques of acrylic painting. Topics include concept development, preparation of the ground, color theory, paint application, and critical analysis. Prerequisite: ART 141, 142, or 151, or consent of instructor. Studio Fee. 3 credits.

ART 275 SCULPTURE I introduces students to the language, techniques and basic processes of sculpture. Media covered include clay, wax, plaster, wood, and stone. Prerequisites: ART 141, 142, or 110, or consent of instructor. Studio Fee. 3 credits.

ART 276 SCULPTURE II extends skills acquired in Sculpture I through the exploration of a variety of media including stone, wood, metal, plaster and mixed media, and techniques such as carving, casting, modeling and assemblage. Students are challenged to develop and pursue individual interests/themes or media in three dimensions. Offered only in the fall semester of years ending in an even number. Prerequisite: ART 275. Studio Fee. 3 credits.

ART 285 ART HISTORY I studies the major stylistic periods in the history of art, prehistory to early Renaissance, as viewed from our perspective within western Civilization. Emphasis is placed on the events, forces, personalities, philosophies and beliefs underlying each successive style, generating a structure for interpretation and evaluation. Offered only in fall semester of years ending in an odd number. Studio Fee. 3 credits.

ART 286 ART HISTORY II studies the major stylistic periods in the history of art, Renaissance to contemporary, as viewed from our perspective within western Civilization. Emphasis is placed on the events, forces, personalities, philosophies and beliefs underlying each successive style, generating a structure for interpretation and evaluation. Offered only in spring semester of years ending in an even number. Studio Fee. 3 credits.

ART 290 APPLIED DESIGN: LOOM WEAVING introduces the heritage art of weaving as students learn the steps necessary to prepare a warp, dress it onto a floor loom, and weave. Includes instruction in loom terminology and function, process of warping and threading, basic methods of pattern drafting and designing, fiber selection and finishing techniques. No Prerequisite. Studio Fee. 3 credits.

ART 291 APPLIED DESIGN: STAINED GLASS provides an introduction to the art of creating leaded glass windows. Students receive instruction and practice in design, glass cutting, assembly, installation and repair. Historical and contemporary techniques are discussed. Prerequisite: ART 151. Recommended: ART 110. Studio Fee. 3 credits.

ART 294 APPLIED DESIGN: JEWELRY explores a variety of media that may be used for personal adornment. Basic jewelry design, techniques and production will be covered as students experience a variety of processes that may include clay modeling, casting, metalwork, stone setting, found object assemblage, enameling, and sculpture. Prerequisite: Any 100 level art course. Studio Fee. 3 credits.

ART 295 APPLIED DESIGN: CLAY explores a variety of techniques and processes involved in ornamental applications of clay. Possible areas of focus include jewelry, tiles, plaques and functional sculpture. Techniques and materials may include primitive firing techniques, slip casting, Egyptian paste, colored clays, and slip and glaze application. Prerequisite: Any 100 level art course. Studio Fee. 3 credits.

ART 298 APPLIED DESIGN: METALS/JEWELRY explores a variety of metalworking techniques including cutting, soldered construction, casting and finishing. Students learn basic properties of fine metals and techniques for creating one of a kind jewelry and metal art. Prerequisite: Any 100 level art course. Studio Fee. 3 credits.

ART 310 HISTORY OF DESIGN is a survey of the impact of various technologies on the visual qualities of design including but not exclusive to graphic, advertising, fashion, architecture, and industrial design. This course covers two-dimensional and three-dimensional design from the beginnings of written language and handmade books to the printing press, the Victorian Arts and Crafts Movement and eventually the contemporary computer age. Offered only in spring semester of years ending in an even number. Prerequisites: Art History I and II. Studio Fee. 3 credits.

ART 330 PRINTMAKING STUDIO II extends skills developed in Printmaking I through an in-depth study of printmaking media and/or the examination of new technique(s). Students work closely with the instructor to develop and follow a personalized course of study. Prerequisite: ART 230. Studio Fee. 3 credits.

ART 331 / 332 PRINTMAKING STUDIOS III-IV offers an opportunity for independently motivated students with a high interest in printmaking processes to select one medium for in-depth exploration. Students work closely with the instructor to develop and follow a personalized course of study. Prerequisite: ART 330. Studio Fee. 3 credits.

ART 345 DRAWING III FIGURE STUDY offers in-depth drawing instruction and investigation related to portraying the human figure in art. Students study historical precedents focus on anatomical issues as complemented by experimentation with a variety of media and compositional issues. Prerequisite: ART 141, 142, or 245. Studio Fee. 3 credits.

ART 358 CERAMICS II offers advanced opportunities for students to achieve mastery in the production of wheelthrown forms, pottery design, and glaze production. Other processes for exploration may include raku and low saltfire. Prerequisite: ART 258. Studio Fee. 3 credits.

ART 365 WATERCOLOR PAINTING introduces students to traditional and contemporary watercolor techniques. A variety of conceptual problems and techniques will be explored in studio activities. Offered during fall semester of years ending in an odd number. Prerequisite: ART 141, 142, 151, or consent of instructor. Studio Fee. 3 credits.

ART 381 AESTHETICS studies a range of issues within the philosophy of art. Topics related to art, the artist, the aesthetic object, the audience, art criticism, and interpretation will form the basis of classroom discussion. The work of a wide variety of writers will be considered. Prerequisites: ART 285, ART 286. Crosslisted as PHIL 381. Studio Fee. 3 credits.

ART 383 HISTORY OF PHOTOGRAPHY covers the development of photographic processes and applications throughout history. Discussion and assignments cover Influential figures and techniques from the early beginnings of photography through contemporary trends. Prerequisites: Art History I & II. Studio Fee. 3 credits.

ART 401 INDEPENDENT STUDIO ART I offers the highly motivated, self directed art student a unique opportunity to explore an area of personal interest in depth. Students meet regularly with an instructor for guidance as they plan and execute their individualized course of study. Prerequisites: Consent of instructor. Studio Fee. 1 - 3 credits.

ART 402 INDEPENDENT STUDIO ART II offers the highly motivated, self directed art student a unique opportunity to explore an area of personal interest in depth. Students meet regularly with an instructor for guidance as they plan and execute their individualized course of study. Prerequisites: ART 401 and consent of instructor. Studio Fee. 3 - 6 credits.

ART 430 ART INTERNSHIP offers the independently motivated art student an opportunity to gain firsthand field experience in a particular area of interest or study while earning university credit. Students are responsible for making appropriate arrangements receive credit for internships, at the rate of 15 per credit. Hours vary and are flexible as per arranged between student and site supervisor. Prerequisite: Consent of instructor. 3 credits. Additional information on internship opportunities may be found at www.cuw.edu

ART 450 SENIOR PORTFOLIO guides the student in the preparation of a professional portfolio. In this capstone course, students assemble appropriate documentary evidence of their skills and prepare an exhibit of their work in the CUW Art Gallery. Prerequisite: Status as an Art, Graphic Design, Illustration or Photography major in their final semester. Studio Fee. 1 credit.

ATHLETIC TRAINING

EXPH 470 EXERCISE PHYSIOLOGY Fall semester course of the EXPH 470/471 sequence. Involves the application of beginning and more advanced anatomical and physiological processes to human movement, physical performance and rehabilitation. Prerequisites: BIO 181/182. 4 credits.

HHP 130 ADVANCED WEIGHT TRAINING analyzes the techniques and skills of weight training to achieve individual goals. The course will go over various core lifts, Olympic lifts, and repetition strength testing. Prerequisite: HHP 120 or consent of instructor. 2 credits.

HHP 171 INTRODUCTION TO EXERCISE SCIENCE introduces students to the field of exercise science and the Department of Health & Human Performance at Concordia University Wisconsin. The fields of athletic training, exercise physiology, health education and physical education are covered as students receive an overview of each field for the first seven weeks. The second seven weeks are used to give students the opportunity to investigate through clinical experiences the nature and scope of their particular field of interest. 1 credit.

HHP 342 NUTRITION FOR WELLNESS AND PERFORMANCE introduces the student to the principles of nutrition for wellness. It emphasizes the importance of good nutrition to promote a healthy lifestyle, enhanced performance, prevent injury and foster wellness throughout life. Real world application is emphasized. Environmental concerns, hunger, and consumerism are also discussed. 3 credits.

MSAT 115 MEDICAL TERMINOLOGY FOR THE HEALTH PROFESSIONS is designed for students interested in Athletic Training. This course will focus on medical terms, definitions, and abbreviations commonly associated with anatomy and the Health Professions. Basic medical terminology, health and disease, and diagnostic procedures will be covered. In addition, the following human body systems will be introduced: skeletal, muscular, cardiovascular, lymphatic, immune, respiratory, digestive, urinary, nervous, special senses, integumentary, endocrine, and reproductive. 1 credit.

MSAT 163 FRESHMAN FAST-TRACK I will allow each student the opportunity to practice athletic training and basic psychomotor skills (hands-on). 1 credit.

MSAT 164 FRESHMAN FAST-TRACK II will allow each student the opportunity to practice athletic training and basic psychomotor skills (hands-on). 1 credit.

MSAT 205 FIRST AID AND EMERGENCY PROCEDURES will prepare students to make appropriate decisions regarding first aid care and to act skillfully on those decisions. Students will be given the opportunity to take the American Red Cross Certification Examinations for both Community CPR and Standard First Aid. Students will also address special concerns in the athletic population such as equipment removal, stabilization, and airway management. First Aid and Emergency Procedures Lab will allow students the opportunity to practice first aid and CPR skills in a controlled environment and to make life-saving decisions on practice mannequins. Students will also perform carries and transportation techniques on suspected spine-injured victims. 3 credits.

MSAT 210 HEALTH CARE DELIVERY is designed to introduce the student to the basic elements of athletic training patient care. This will be accomplished by exposing the student to the foundational behaviors of professional practice, clinical examination and diagnosis skills, cultural competence, communication skills, and healthcare administration. 2 credits.

MSAT 272/273 INTRODUCTION TO ATHLETIC TRAINING is designed to give the student an understanding of the field of athletic training and to develop knowledge, skills, and values of the various components related to the athletic training profession. 3 credits.

MSAT 289 ATHLETIC TRAINING SEMINAR is designed to have Athletic Training Students from years three and four meet to study specific athletic training competencies. Opportunities will also be provided for outside speakers in the medical field to present on various topics specific to athletic training competencies. This course is taken consecutively for four semesters, beginning with the third semester in the Athletic Training Program. 1 credit.

MSAT 291 ATHLETIC TRAINING PRACTICUM I is designed to formally structure clinical experience specific to the third semester of enrollment in the Athletic Training Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisites: MSAT 272/273. 3 credits.

MSAT 292 ATHLETIC TRAINING PRACTICUM II is designed to formally structure clinical experience specific to the fourth semester of enrollment in the Athletic Training Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisites: MSAT 291. 3 credits.

MSAT 301/302 REHABILITATION TECHNIQUES OF ATHLETIC INJURIES involves the study, methods, and application of rehabilitation techniques as they relate to athletic injuries. Prerequisites: MSAT 272/273. 3 credits.

MSAT 303/304 THERAPEUTIC MODALITIES introduces the student to the physiological principles and applications of cryotherapy, thermotherapy, electrostimulation, massage, intermittent compression, traction, and hydrotherapy. This course will explore the various applications of modalities as they relate to orthopedic athletic injuries. Prerequisites: BIO 181/282, MSAT 272/273. 3 credits.

MSAT 312 ADMINISTRATION AND ORGANIZATION OF ATHLETIC TRAINING exposes the student to management theory, budget preparation, care and purchase of equipment/modalities, legal considerations, athletic training facility design and management, and public relations. It also addresses the administration and organization of athletic training rooms in non-traditional settings. Prerequisites: MSAT 272/273. 3 credits.

MSAT 330 MANUAL MUSCLE TESTING introduces the various positions and techniques of manual muscle testing. Prerequisites: BIO 181/282, MSAT 272/273. 2 credits.

MSAT 348 PALPATORY ANATOMY OF THE HUMAN BODY is an investigation of the various musculoskeletal structures of the human body. Students will learn and apply palpatory techniques in identifying musculoskeletal structures. Prerequisites: BIO 181/182, MSAT 272/273. 2 credits.

MSAT 350 APPLIED BIOMECHANICS AND ARTHROKINEMATICS is designed to teach and clinically apply mechanical principles that relate to the structure and function of living organisms. Application of human movement as it relates to kinematics, kinetics, functional assessment, motion analysis, structural biomechanics, and properties of human tissues will be examined. Prerequisites: BIO 181/182, MSAT 272/273. 3 credits.

MSAT 372/374 RECOGNITION AND EVALUATION OF ATHLETIC INJURIES I involves the study of the assessment and management of athletic injuries of the lower extremity. Prerequisites: BIO 181/182, MSAT 272/273. 3 credits.

MSAT 376/378 RECOGNITION AND EVALUATION OF ATHLETIC INJURIES II involves the study of the assessment and management of athletic injuries of the upper extremity. Prerequisites: BIO 181/182, MSAT 272/273, MSAT 372/374. 3 credits.

MSAT 380/382 RECOGNITION AND EVALUATION OF ATHLETIC INJURIES III involves the study of the assessment and management of athletic injuries of the head, neck, and core. Prerequisites: BIO 181/182, MSAT 272/273, MSAT 376/378. 3 credits.

MSAT 391 ATHLETIC TRAINING PRACTICUM III is designed to formally structure clinical experience specific to the fifth semester of enrollment in the Athletic Training Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisite: MSAT 292. 3 credits.

MSAT 392 ATHLETIC TRAINING PRACTICUM IV is designed to formally structure clinical experience specific to the sixth semester of enrollment in the Athletic Training Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisite: MSAT 391. 3 credits.

MSAT 403 ADVANCED INJURY MANAGEMENT Advanced injury management expounds on the student's knowledge of therapeutic modalities and rehabilitation principles by allowing the student to synthesize previously taught treatment options with newly introduced advanced therapeutic modalities and manual therapy techniques. Prerequisites: MSAT 301/302, MSAT 303/304. 3 credits.

MSAT 408 PHARMACOLOGY AND ERGOGENIC AIDS is designed to examine pharmaceutical drug applications, interactions and their value to the injury-healing process and athletic performance. Ergogenic aids will be reviewed in the context of their physiological application, moral and ethical values, and athletic performance. Prerequisites: BIO 181/282, EXPH 470, HHP 342. 3 credits.

MSAT 491 ATHLETIC TRAINING PRACTICUM V is designed to formally structure clinical experience specific to the seventh semester of enrollment in the Athletic Training Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisite: MSAT 392. 3 credits.

MSAT 492 ATHLETIC TRAINING PRACTICUM VI is designed to formally structure clinical experience specific to the eighth semester of enrollment in the Athletic Training Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisites: MSAT 491. 3 credits.

MSAT 501 MANUAL BASED EXAM AND TREATMENT will familiarize the student with the theory, skills, and clinical applications of various forms of manual soft tissue examination and treatment. The manual therapy techniques that this course will focus on include Graston Technique, muscle energy techniques, joint mobilization, trigger point therapy and myofascial release techniques, cupping, and Kinesio-tape. All skills will be demonstrated and practiced in a hands-on lab environment. Prerequisites: fourth year Athletic Training Student with previous background in clinical patient care or consent of instructor. 3 credits.

MSAT 510 PATHOPHYSIOLOGY AND GENERAL MEDICINE is designed to provide the learner with information regarding diseases and conditions addressed in the profession of athletic training. Classroom and laboratory experiences will encompass classroom exercises addressing illness/condition recognition, assessment, differential diagnosis, referral, and treatment of a variety of different patient populations. Prerequisites: fifth year Athletic Training Student. 3 credits.

MSAT 530 PSYCHOSOCIAL ASPECTS OF ATHLETIC TRAINING is designed to analyze and critically assess the psychological and sociological phenomena associated with participation in sport and athletic injury. Discussion on the impact of the athlete's psyche as it relates to injury, rehabilitation and return to play will be addressed with a focus on educating the athlete and athletic training professional through this process. Prerequisites: third year Athletic Training Student. 3 credits.

BIOLOGY

BIO 141 GENERAL BIOLOGY I is an introductory laboratory course which contains a heavy emphasis on the cell, its structures, and the processes which take place inside the smallest of living units. 4 credits.

BIO 142 GENERAL BIOLOGY II is a continuation of BIO 141 that focuses on the biological processes that occur at the system level in both plants and animals. Topics such as transportation, organism control, nutrient breakdown and utilization will be compared in different organisms. Laboratory course. 4 credits.

BIO 146 ESSENTIALS OF ANATOMY & PHYSIOLOGY is a laboratory course for non-biology majors. It surveys the major organ systems in the human body from both a structural and functional perspectives. 4 credits.

BIO 149 MEDICAL MICROBIOLOGY introduces students to the role that bacteria, viruses and eukaryotic microbes play in human health and disease. It is designed for students in the nursing program. Prerequisite: CHEM 105. Laboratory course. 4 credits.

BIO 151 FUNCTIONAL HUMAN BIOLOGY I is an introduction to the cellular processes that occur in the human body with an emphasis on cellular composition/structure, biochemistry and genetics. It is designed for students in the professional health care programs. Laboratory course. 4 credits.

BIO 152 FUNCTIONAL HUMAN BIOLOGY II is a continuation of BIO 151 with emphasis on the structure and function of selected human organ systems. Laboratory course. 4 credits.

BIO 156 ENVIRONMENTAL SCIENCE is a study of the effects man has on his surroundings through a basic understanding of ecological, biochemical, and physical systems in nature. Cross-listed (Global Environmental Issues) GEOG 356. Laboratory course. 4 credits.

BIO 171 HUMAN ANATOMY AND PHYSIOLOGY I begins by examining the basic structures of life, the cells and tissues. It studies the structure and function of four major systems of the human body: the integumentary system, skeletal system, muscular system, and nervous system. This laboratory course is recommended for nursing and radiation technology students. 4 credits.

BIO 172 HUMAN ANATOMY AND PHYSIOLOGY II is a continuation of BIO 171 and examines the endocrine, circulatory, respiratory, digestive, excretory, and reproductive systems and also the basics of nutrition. Laboratory course. 4 credits.

BIO 181 FUNCTIONAL ANATOMY AND PHYSIOLOGY I is a study of the cell and cellular processes and tissues. It continues with investigation of the integumentary, skeletal, muscular, and nervous systems. This course recommended for pre-PT, pre-OT, and pre-physician assistant students. Students must consult with their academic advisor or the Academic Advising office before enrolling in this course. Laboratory course. 4 credits.

BIO 182 FUNCTIONAL ANATOMY AND PHYSIOLOGY II is a continuation of BIO 181 and provides students with an in-depth study of the endocrine, circulatory, respiratory, digestive, excretory, and reproductive systems, and concludes with a study of basic human development and genetics. Prerequisites: BIO 181 or permission of professor. 4 credits.

BIO 240 ZOOLOGY is a survey of the animal kingdom and study of the biology of animals in their natural environment. Prerequisite: BIO 141 or BIO 151. Laboratory course. 4 credits.

BIO 244 BOTANY is an in-depth study of the plant kingdom with emphasis on the study of plants in their natural habitat. Prerequisite: BIO 141 or BIO 151. Laboratory course. 4 credits.

BIO 260 MICROBIOLOGY is a laboratory course that focuses on the biology and genetics of organisms too small to be seen by the human eye. Students will be introduced to the roles that bacteria, viruses, and eukaryotic microbes play in the environment and human disease. Prerequisite: BIO 141/2 or BIO 151/2 and one year of chemistry. 4 credits.

BIO 285 PATHOPHYSIOLOGY introduces the student to the study of the etiology, pathogenesis and clinical manifestations of common disease processes. Basic principles into the mechanism of cellular and tissue injury are introduced, followed by presentations of common diseases in the various organ systems. Prerequisites: Two semesters of biology (BIO 141/2 or BIO 151/2) or anatomy/physiology (BIO 171/2, BIO 181/2). 3 credits.

BIO 301 ADVANCED FUNCTIONAL ANATOMY AND PHYSIOLOGY this course expands upon concepts introduced in Functional A&P I and II with emphasis on the structure and normal function of the organ systems and their common pathologies. Special emphasis will be placed on the muscular and nervous systems. The student will also be introduced to concepts of human movement, including anatomical terms or direction, fundamental planes and axes of movement and the primary muscles that perform them. Prerequisites: BIO 181 & 182. 4 credits.

BIO 321 CELL BIOLOGY provides a more detailed study of the relationships between cellular structure and function. Emphasis will be placed on proteins and enzymatic reactions, plasma and cellular membranes, cytoskeleton and cell motility, cellular interactions with the environment, and cell division. Prerequisites: 12 hours biology, 8 hours chemistry. 3 credits.

BIO 348 GENETICS is a study of Mendelian, molecular, and population genetics. Prerequisites: 12 hours of biology, 8 hours chemistry, and MATH 205. Laboratory course. 4 credits.

BIO 351 IMMUNOLOGY introduces the upper level biology student to the principles of the adaptive and innate immune systems and how these systems protect against and cause disease. Emphasis is placed on how the cells of the immune system recognize and eliminate foreign invaders from the human body. Prerequisites: 12 credits in biology, 8 credits in chemistry. 3 credits.

BIO 367 ECOLOGY OF THE TROPICS is a field study of tropical habitats and organisms as well as their interactions with humans. Requires class travel to the Caribbean or Central America. Students will experience the influence of Spanish, French, Dutch, British, African, and US cultures on this diverse region. This is a travel course that satisfies the core culture requirement. Travel costs will be in addition to tuition. For qualified students travel grants are available. Cross-listed (Caribbean: GEO 367). 3 credits.

BIO 368 ECOLOGY OF THE TROPICS LAB is an optional lab course that explores tropical organisms and ecosystems which complements BIO 367. BIO 367 plus BIO 368 satisfy the core requirement for a laboratory science course. Co-requisite: BIO 367. 1 credit.

BIO 370 ORNITHOLOGY is a field oriented laboratory course designed to study birds in their natural habitat. The position of birds in the animal kingdom is studied along with their anatomy, physiology, and behavior. Prerequisite BIO 240. Fall semester. 4 credits.

BIO 381 HISTOLOGY is a study of tissues present in the human body. Basic tissue types are analyzed and special emphasis is placed on how these tissues interact as components of organs. Prerequisite: BIO 171/2 or BIO 181/2. 3 credits.

BIO 399 BIOLOGY INTERNSHIP provides credit for majors in the biological sciences, who obtain laboratory or field experience outside of the typical academic environment. The experience must be approved in advance by the Chair, Dept. of Natural Sciences. Prerequisite: 16 hrs. of biology. Up to 4 credits per experience. 1 - 4 credits.

BIO 410 ECOLOGY is a study of the interactions between the organism and its environment. Ecology surveys the biotic and abiotic environments, ecosystem types, population ecology, community structure, and succession. Prerequisites: BIO 141 OR BIO 151 and BIO 240 and BIO 244, and MATH 121. Laboratory course. 4 credits.

BIO 417 PLANT ANATOMY is the study of the internal structure of the stems, roots, and leaves of extant seed plants. Angiosperms are emphasized, but some features of gymnosperms are also reviewed. The anatomy of the flower, fruit, and seed of angiosperms is also studied. Prerequisite: BIO 244. Laboratory course. 4 credits.

BIO 420 MOLECULAR GENETICS builds upon BIO 348, exploring natural processes such as splicing and DNA repair, as well as, experimental strategies for manipulating genes in lower and higher organisms. Labs focus on DNA manipulation techniques such as molecular cloning, mutagenesis, and gene knock-outs in yeast. Prerequisites: BIO 348. 4 credits.

BIO 430 PHARMACOLOGY focuses on the principles of drug action. These principles will then be invoked in the discussion of various therapeutic interventions for diseases associated with selected organ systems. Treatments of pathogenic diseases and cancer will be discussed as well as the use of natural products. Prerequisites: 16 hours biology, and 16 hours of chemistry. 3 credits.

BIO 444 SYSTEMATICS is the study of the principles of identifying, naming, and classifying biological organisms. Students will be introduced to morphologic keys which are used to identify field specimens. Students are also introduced to the biochemical and molecular methods that are being increasingly used to identify plants and animals. Prerequisite: BIO 240/244. Laboratory course. 4 credits.

BIO 445 BIOLOGICAL METHODS introduces the student to techniques commonly performed in the field of biology such as protein purification, Western blot analysis, immunohistochemistry, and the polymerase chain reaction. The theory behind the use of these techniques will also be addressed. Prerequisites: 20 hours of biology and 8 hours of chemistry. 4 credits.

BIO 470 HUMAN PHYSIOLOGY focuses on medical physiology with emphasis on cellular and organ system physiology. Functions of circulation, respiration, heat regulation, water balance, neuromuscular mechanisms, neural and endocrine integration will be included. Prerequisites: BIO 151/2 or BIO 171/2 or BIO 181/2. 4 credits.

BIO 490 BIOLOGY SENIOR SEMINAR looks at current issues in biology by evaluating the biological literature. A general topic area is selected each semester and presentations are made by students, faculty, and outside speakers. Senior status. 1 credit.

BIO 499 UNDERGRADUATE RESEARCH undergraduate research provides students with the opportunity to work with members of the faculty conducting research in the biological sciences. Students must submit appropriate form to the Department Chair for approval. Pre-requisite: 20 hours of Biology and 8 hours of Chemistry. 1 - 4 credits.

BUSINESS

BUS 161 BUSINESS ESSENTIALS provides an overview and application of technology and soft-skills necessary within a business context. The course explores the use of various information technology formats for communication, data management and problem solving in the organizations. Students will apply these technological skills within their preparation of vocation and career-related skills needed in today's business climate. Students conduct extensive laboratory activities culminating in a final project that evaluates proficiency in skills needed for professional success and etiquette. 3 credits.

BUS 210 BUSINESS LAW I offers an introduction to the American Legal System and several specific legal topics including, but not limited to, criminal law, torts, employment law and discrimination, agency, contracts and sales. 3 credits.

BUS 310 BUSINESS LAW II & ETHICS examines several areas of business law including negotiable instruments, property, and business organizations. Fundamental principles of ethics and their application to common business situations are also examined during the course. 3 credits.

BUS 315 BUSINESS STATISTICS will provide students with a working knowledge of statistics, which will help them make proper business decisions under uncertain conditions. Areas to be covered include descriptive statistics, probability, inferential statistics, discrete and continuous probability distributions, and regression analysis. 3 credits. Please insert above BUS 388

BUS 320/BUS 320EL FAMILY BUSINESS MANAGEMENT exposes students to the ethical issues in business management and equips them to be effective servant leaders in business.

BUS 325/325EL FAMILY BUSINESS STRATEGIC PLANNING will focus on the fundamental strategic planning opportunities and challenges facing family business owner management. Topics include: the strategy-making process; stakeholders – the vision and mission, governance and business ethics; external analysis; building competitive advantage; business level strategy and competitive positioning; strategy in the global environment; corporate level strategy and long-term profitability; strategic change – implementing strategies to build and develop the company; and implementing strategies through organizational design.

BUS 338 COMPENSATION AND BENEFITS examines the development, administration, and evaluation of financial and non-financial compensation and benefits reward system including relevant theoretical and legal perspectives, compensation structure, compensation systems and benefit plans/systems. Pre-requisite: MGMT 336. 3 credits.

BUS 355 MANAGEMENT INFORMATION SYSTEMS presents an overview of the management information system. This course examines total organizational effort required in the management function. Topics of special interest include communication and systems theory, accounting cycles and applications systems, costs of data processing software and hardware, systems control and systems design. Prerequisite: ACCT 203, BUS 130, and BUS 161. 3 credits.

BUS 398 SPECIAL TOPICS IN BUSINESS provides a discussion, lecture, and/or research forum (including individual research) for special business subjects not addressed by the regular curriculum. Prerequisites: MGMT 130. 1-3 credits.

BUS 399 INTERNSHIP provides credit for a pre-approved on-the-job work experience in the student's major field of study. Prerequisites: MGMT 130, BUS 210, BUS 150 or CSC 150, ACCT 203. 3-6 credits.

BUS 434 TRAINING AND EMPLOYEE DEVELOPMENT emphasizes proper training and development within an organization and the introduction to a systematic approach to training. It examines the development and implementation of training, including needs, job and task analysis, design and evaluation of training programs, transfer of training and employee development. Pre-requisite: MGMT 336. 3 credits.

BUS 422 RISK MANAGEMENT AND INSURANCE is an introduction to the tools of insurance and risk management. Property, life, health, and liability insurance will be discussed.

BUS 453 BUSINESS POLICY studies strategic policies of organizations. It looks at methods used by upper management to guide resource deployment to maintain competitive advantages in meeting the corporate mission. The course provides a demonstration of the integration of the functional areas of business administration and a realistic approach to business problems. Prerequisites: Senior Status or permission of professor. 3 credits.

BUSINESS COMMUNICATION

BCOM 247 BUSINESS WRITING teaches how to write effective business letters, memos, articles, reports, advertisements, and resumes. Students learn to organize, format, and edit messages used in press releases, public relations, management, marketing, customer service, and organizational decision making. 3 credits.

BCOM 300 GROUP DYNAMICS introduces students to key communication skills and issues that occur within small, task-oriented groups. Topics such as group formation, group development, roles, power, listening, conflict, decision making, problem solving, and leadership are presented via a wide variety of thought provoking exercises. The course concludes with a major small-group project that leads into a class presentation and a reflection paper. Cross listed SOC 300. 3 credits.

BCOM 323 INTERMEDIATE PUBLIC RELATIONS presents public relations research and action concepts to students with basic public relations and journalistic training. Students will develop their expertise in the areas of ethics; strategic planning; public relations plan development; proactive news media relations; custom communications for organizational publics' the basic of market research; demographically appropriate uses of social media; and the basics of single project and departmental budgeting. 3 credits.

BCOM 260 SOCIAL MEDIA introduces the student to the theory and history of social media, looking at their rise and role in society and culture, their uses, and various concerns and issues surrounding them. 3 credit hours.

BCOM 333 SERVANT LEADERSHIP engages students in understanding and applying theory and skills grounded in the biblical concept of servant hood. Students are challenged to become effective leaders who value service, individual dignity, growth, and wholeness. A primary component of the course is a small-group service project. 3 credits.

BCOM 54 GENDER AND COMMUNICATION studies the differences women and men exhibit when communicating. Verbal and nonverbal differences are studied, including why such differences occur. Gender-specific issues in dating, education, the family, religion and the work place will be discussed. A student project focusing on how the media stereotypes male and female roles is required. Cross listed PSY 354.

BCOM 380 ORGANIZATIONAL COMMUNICATION is a study of how communication can detract from or improve productivity, profitability, morale, product quality and efficiency in public and private organizations. Emphasis is placed on the role of communication in different approaches to leadership decision-making, conflict management, worker effectiveness, employee motivation. 3 credits.

BCOM 385 INTERVIEWING PRINCIPLES is the study of strategies and techniques used in journalistic, employment, counseling, and persuasive interviews, with emphasis placed on employment interviews. Topics to be covered include do's and don'ts in interviews, interviewing strategies, legal aspects of interviewing, and communication skills. 3 credits.

BCOM 390 CONFLICT MANAGEMENT focuses on causes, types, and functions of conflict in family and work environments; the course reviews alternative tactics usable in conflict situations. Prevention of conflict and alternatives to resolving conflict are examined. Methods of dealing with tough individuals and situations are practiced and critiqued. Prerequisite: COMM 201. 3 credits.

BCOM 423 ADVANCED PUBLIC RELATIONS applies and develops strategic writing skills in using advocacy, persuasion, empathy, audience analysis, team building, and cultural awareness in producing documents for use in corporate or nonprofit communications, online and newspaper journalism, marketing, investor relations, fund raising, internal communication, community relations, media relations, and crisis communication. Prerequisite: COMM 223. 3 credits.

CHEMISTRY

CHEM 100 INTRODUCTORY CHEMISTRY is a lecture only course that introduces the student to the principles and concepts of chemistry. It also gives students practice with the mathematical techniques used in the sciences. 3 credits.

CHEM 105 ELEMENTS OF GENERAL AND BIOLOGICAL CHEMISTRY introduces students to elements of general, organic, and biological chemistry and is recommended for students seeking a career in nursing. 3 hours lecture, 2 hours lab. Prerequisite: MAT 121. 4 credits.

CHEM 141 GENERAL CHEMISTRY I introduces the student to general concepts of chemistry including atomic and molecular structure, reaction stoichiometry, thermodynamics, periodic trends, and gas laws. 3 hours lecture, 1 hour lab lecture, 2 hours lab. Prerequisite: Placement Exam or "C-" or better in CHEM 100/105. 4 credits.

CHEM 142 GENERAL CHEMISTRY II is a continuation of CHEM 141 including intermolecular forces, reaction kinetics, acid-base theory, equilibrium, electrochemistry, and nuclear chemistry. 3 hours lecture, 1 hour lab lecture, 2 hours lab. Prerequisite: "C-" or better in CHEM 141. 4 credits.

CHEM 215 SURVEY OF ORGANIC CHEMISTRY is meant for the student whose program requires one semester of organic chemistry. This course introduces the student to organic synthesis and reaction mechanisms, focusing primarily on aspects of structure that will result in given, predictable reactivity. The course will cover acid-base chemistry, stereochemistry, and reactivity of functional groups including hydrocarbons, alcohols, amines, and carbonyls. 3 hours lecture, 3 hours lab. Prerequisite: "C-" or better in CHEM 142. 4 credits.

CHEM 225 ANALYTICAL CHEMISTRY introduces the student to the application of chemical principles for the purpose of chemical analysis as well as the many associated skills such as sampling, sample preparation, treatment of data, etc. necessary to obtain valid information on the chemical composition of matter. 2 hours lecture, 4 hours lab. Prerequisite: "C-" or better in CHEM 142. 4 credits.

CHEM 235 DESCRIPTIVE INORGANIC CHEMISTRY introduces the student to the descriptive chemistry of the elements, with a focus on selected elements from within the representative or main groups. Topics to be covered include periodic trends, reactivity patterns, and structure as well as "real world" applications and some chemical history as it applies to the topics presented. 3 hours lecture, 3 hours lab. Prerequisite: "C-" or better in CHEM 142. 4 credits.

CHEM 241 ORGANIC CHEMISTRY I introduces the student to organic synthesis and reaction mechanisms, focusing specifically on the chemistry of alkanes, alkenes and alkynes. Substitution and elimination concepts are covered along with acid-base chemistry and stereochemistry. 3 hours lecture, 1 hour lab lecture, 3 hours lab. Prerequisite: "C-" or better in CHEM 142. 4 credits.

CHEM 242 ORGANIC CHEMISTRY II is a continuation of CHEM 241, covering instrumental analysis of organic compounds, chemistry of aromatic systems, carbonyl chemistry, and the chemistry of amines. Laboratory consists of several multi-week projects including multi-step synthesis and unknown identification. 3 hours lecture, 1 hour lab lecture, 3 hours lab. Prerequisite: "C-" or better in CHEM 241. 4 credits.

CHEM 341 PHYSICAL CHEMISTRY I introduces the student to the study of the states of matter, equilibrium, thermodynamics, the properties of solutions, the rates of chemical and physical processes, and the concepts and equations of statistical thermodynamics. 3 hours lecture, 3 hours lab. Prerequisites: MATH 202 (may be taken concurrently) and a "C-" or better in CHEM 142. 4 credits.

CHEM 342 PHYSICAL CHEMISTRY II is a study of quantum theory, electronic structure of atoms and molecules, group theory, computational chemistry, and spectroscopy. 3 hours lecture, 3 hours lab. Prerequisites: "C-" or better in CHEM 142, MATH 202. 4 credits.

CHEM 361 ENVIRONMENTAL CHEMISTRY AND TOXICOLOGY introduces the student to how natural environmental processes are driven by chemical reactions and how these processes are affected by toxicants—natural, as well as, anthropogenic. Specific areas of concentration include the atmosphere, hydrosphere, energy, toxicology, and disposal of dangerous wastes. Prerequisite: "C-" or better in CHEM 142 or consent of instructor. 3 credits.

CHEM 399 CHEMISTRY INTERNSHIP provides credit for chemistry majors who obtain laboratory or field experience outside of the typical academic environment. The experience must be approved in advance by the Department Chair. Prerequisite: 16 credit hours of chemistry. 1-4 credits per experience.

CHEM 425 BIOCHEMISTRY introduces the student to the ways in which atoms and molecules function to produce life processes. Topics include protein structure and function, carbohydrate and lipid structure and metabolism and molecular biology. 3 hours lecture, 3 hours lab. Prerequisite: "C-" or better in CHEM 242 or consent of instructor. 4 credits.

CHEM 435 ADVANCED ORGANIC CHEMISTRY is an advanced survey of modern organic chemistry, focusing on synthesis using the retrosynthetic approach. Selected topics include classical organic syntheses in addition to pharmaceutical drug applications and synthesis. 3 hours lecture, 3 hours lab. Prerequisite: "C-" or better in CHEM 242. 4 credit hours.

CHEM 445 ADVANCED INORGANIC CHEMISTRY provides advanced treatment of the chemistry of transition metal compounds and organometallic compounds, including discussions of symmetry and group theory, bonding theory, structure of solids, kinetics and mechanisms for reactions, Lewis acid/base chemistry, and others. 3 hours lecture, 3 hours lab. Prerequisite: "C-" or better in CHEM 235. 4 credits.

CHEM 455 INSTRUMENTAL ANALYSIS is an in depth study of the use of instruments in chemical analysis. Topics will include the basic theory and techniques of instrumental methods of analysis, with emphasis on spectrophotometry, NMR, and gas and liquid chromatography. 2 hours lecture, 4 hours lab. Prerequisite: "C-" or better in CHEM 225 or consent of the instructor. 4 credits.

CHEM 490 CHEMISTRY SENIOR SEMINAR: includes reports on and discussion of current chemical literature. Two semesters of Chemistry Senior Seminar are required for all chemistry majors. Prerequisite: Junior standing and 16 credits of chemistry. 1 credit.

CHEM 499 UNDERGRADUATE RESEARCH provides the student the opportunity to work on a research topic under the direction of a member of the chemistry faculty. Students may enroll for credit more than once and may apply up to 4 credits of CHEM 499 to the requirements for the major. 3-9 hours lab. Prerequisite: 16 credits of chemistry and instructor's approval. 1 - 3 credits.

CHINESE

CHIN 101 BEGINNING CHINESE I is designed for students who have no formal learning of Mandarin Chinese. Students will develop skills in listening and speaking with some introduction to reading and writing Chinese characters as well as Chinese culture. 4 credits.

COMMUNICATION

COMM 105 PUBLIC SPEAKING considers the fundamentals of giving speeches that are informative, persuasive, inspirational, or entertaining. Students learn to manage speech tension, use vocal variety, improve delivery, and organize and support effective presentations with research and visual aids. 3 credit hours.

COMM 191 BEACON requires acceptable work on the student newspaper. Prerequisite: COMM 265. 1 credit hour.

COMM 193 WCUW RADIO requires acceptable work with the student radio station. Prerequisite: COMM 351 or permission of instructor. 1 credit hour.

COMM 201 INTERPERSONAL COMMUNICATION studies why communication breaks down in interpersonal relationships, focusing on such topics as perception, self-concept, nonverbals, listening, gender, self-disclosure, power, and conflict. Assignments lead students to a greater awareness of their strengths and weaknesses as communicators. Cross-listed as PSY 201. 3 credit hours.

COMM 205 ADVANCED PUBLIC SPEAKING teaches the use of research, strategy, audience analysis, and technology to attain professionalism in presentations. Students apply speaking skills in an "after dinner" humor presentation, an informative PowerPoint lecture, a team debate judged by students, and in an inspirational or devotional presentation. 3 credit hours.

COMM 250 INTRODUCTION TO MASS COMMUNICATION acquaints the student with the basic forms of mass communication and the media through which messages are conveyed. Current media trends and their origins will also be studied. Prerequisite: ENG 104. 3 credit hours.

COMM 260 SOCIAL MEDIA introduces the student to the theory and history of social media, looking at their rise and role in society and culture, their uses, and various concerns and issues surrounding them. 3 credit hours.

COMM 261/REL 261: REPRESENTATIONS OF CHRIST IN FILM examines the ways that Christ, and the narratives surrounding His time on earth, have been represented in cinema through more than one hundred years of cinematic history. Students will see films and discuss how each representation emphasizes different aspects and why, and how the films reflect the times they were made and the world-views of their makers. 3 credit hours.

COMM 265 JOURNALISM introduces students to the basics of reporting, writing, and editing in a journalistic style, and discusses the issues facing journalists and journalism today. 3 credit hours.

COMM 270 SPORTS JOURNALISM introduces students to the skills of a sports journalist, primarily the techniques and principles of interviewing, reporting, and writing sports. A hands-on approach is emphasized, with several opportunities for field experience. Prerequisite: COMM 265 or ENG 104. 3 credit hours.

COMM 275/RELIGION 275 THEOLOGY AND FILM examines theological concepts and how they are embodied in motion pictures, through narratives, characters, conflicts, and embedded world-views. Students will learn how to analyze films and see how they function in the conveyance of messages and ideas, and discuss the different aspects from both theological and cinematic frames of reference. 3 credit hours.

COMM 280 CAREERS IN COMMUNICATION is an introduction to career opportunities, educational/experiential paths, and requirements communication students need to address prior to education. These objectives are achieved through personal assessment, contact with working communication professionals, and planning. 3 credit hours.

COMM 295 SPORTS BROADCASTING introduces students to the skills of a sports broadcaster, primarily the techniques and principles of interviewing, reporting, and the on-air broadcasting of sports. A hands-on approach is emphasized, with several opportunities for experience. Prerequisite: COMM 265 or ENG 104. 3 credit hours.

COMM 301 PERSUASIVE COMMUNICATION examines the process of persuasion from both a sender's and a receiver's perspective. Students learn how to be better consumers and creators or persuasive messages that target beliefs, attitudes, values, and behaviors. This highly interactive course places a premium on experiential learning as students engage in several projects, including the creation of a hypothetical entertainment service that they "sell" to another class. Crosslisted: PSY 451. 3 credit hours.

COMM 321 MEDIA WRITING introduces the student to the elements of good broadcast news writing; proceeding from the gathering of information to the writing of the scripts to broadcast news techniques. 3 credit hours.

COMM 322 MULTIMEDIA DESIGN presents an overview of multimedia design considerations including interface design, interactive narrative structure, preproduction planning of projects, integration of different media into a unified concept and aesthetic, and also examines the history and development of multimedia. Prerequisite: ART 110. 3 credit hours.

COMM 325 POLITICAL COMMUNICATION, HONORS covers communication's role in politics and the dissemination of political ideas, through speeches, written documents, policies, and more. 3 credit hours.

COMM 327: STORYTELLING AND ORAL HISTORIES examines the art of storytelling and oral histories as communication. Particular attention is given to storytelling and oral histories as cross-cultural communication. Students define criteria for selecting and evaluating folk and fairy tales for performance. The course also introduces the student to methods of collecting, writing and performing oral histories. 3 credit hours.

COMM 329 HISTORY OF FILM examines the development of motion pictures from its beginning to the present day. Films will be screened representing various movements, periods, and styles. 3 credit hours.

COMM 330 THEORIES OF PERSUASION examines the process of persuasion from both a sender's and a receiver's perspective. Students learn how to be better consumers and creators or persuasive messages that target beliefs, attitudes, values, and behaviors. This highly interactive course places a premium on experiential learning as students engage in several projects, including the creation of a hypothetical entertainment service that they "sell" to another class. Crosslisted: PSY 451. 3 credits.

COMM 333 SERVANT LEADERSHIP engages students in understanding and applying theory and skills grounded in the biblical concept of servant hood. Students are challenged to become effective leaders who value service, individual dignity, growth, and wholeness. A primary component of the course is a small-group service project. 3 credits.

COMM 339 FILM AND VIDEO PRODUCTION introduces students to the world of film and video production. Students learn the process involved in preproduction, production, and postproduction throughout the development of digital video productions. 3 credit hours.

COMM 347 ANIMATION introduces students to the theoretical bases of Animation and how it works, the history of animation from optical toys, through the silent film era and the coming of sound, the latter half of the 20th century and into the digital era. The course also includes several practical projects in which students try their hand at animation. 3 credit hours.

COMM 348 MULTIMEDIA PRODUCTION allows students in this course to work on and help create multimedia projects. Prerequisites: ART 110 and COMM 322. 3 credit hours.

COMM 351 RADIO PRODUCTION introduces the student to the elements of radio broadcasting, and considers the history, equipment, and techniques of radio production. 3 credit hours.

COMM 354 GENDER AND COMMUNICATION studies the differences women and men exhibit when communicating. Verbal and nonverbal differences are studied, including why such differences occur. Gender-specific issues in dating, education, the family, religion, and the work place will be discussed. A student project focusing on how the media stereotypes male and female roles is required. Cross-listed PSY 354. 3 credit hours.

COMM 371/PHIL 371 PHILOSOPHY AND FILM examines philosophical concepts and how they are embodied in motion pictures, through narratives, characters, conflicts, and embedded world-views. Students will learn how to analyze films and see how they function in the conveyance of messages and ideas, and discuss the different aspects from both philosophical and cinematic frames of reference. 3 credit hours.

COMM 372/PHIL 372: THE LORD OF THE RINGS AND PHILOSOPHY examines philosophical concepts and how they are embodied in Tolkien's writings, and in particular his epic *The Lord of the Rings*. Students will analyze Tolkien's work and see how it conveys messages and ideas, and discuss the different aspects from both philosophical and literary frames of reference. 3 credit hours.

COMM 424: RACE AND MEDIA examines representations of race in the American media, situating them within wider social, cultural, and political contexts. It explores how Asian Americans, Latino/as, African Americans, Arab Americans, and Native Americans have been represented in films, television, and new media. By analyzing racial/ethnic images in the media, students will understand the complex histories that have shaped the formation of each racial group in the United States. The course will address topics such as stereotype, whiteness, multiculturalism, Blaxploitation, Orientalism, white-black racial paradigm, and mixed race. 3 credit hours.

COMM 439 ADVANCED FILM AND VIDEO PRODUCTION concentrates on the development of semester-long student film or video projects, and the various stages of its preproduction, production, and post-production. Prerequisite: COMM 339: Film and Video Production. 3 credit hours.

COMM 448 ADVANCED MULTIMEDIA PRODUCTION goes more in-depth into the development of students' multimedia productions, and builds on the knowledge of the first production course. Students in this course will design and create their own multimedia projects. Prerequisites: ART 110, COMM 339, COMM 322, and COMM 348. 3 credit hours.

COMM 460 CROSS-CULTURAL COMMUNICATION stresses individual participation in intercultural human transactions. The various obstacles of trust and understanding found between culturally diverse groups will be studied. Prerequisite: COMM 105 or 201, ENG 104. 3 credit hours.

COMM 470 INTERNSHIP involves supervised work at a commercial communication enterprise. Prerequisites are explained in the internship packet, which may be obtained from any communication professor. 3 credit hours.

COMM 490 SENIOR SEMINAR allows students to demonstrate their communication competencies by writing a research paper related to their particular major and giving a public presentation. 3 credit hours.

COMPUTER SCIENCE

CSC 150 FOUNDATIONS OF COMPUTER SCIENCE provides a survey and overview of computer science via its Grand Ideas. Computer Science is the study of problem solving, which is the focus of CSC 150. The view of a computer system as a combination of hardware, software, and people is explored in detail. The computer system as a tool for personal and professional problem solving is emphasized. Foundational computer science concepts along with terminology, ethical issues, application, and hands-on computer use are explored. Students select a topic of interest as a term project to augment class discussion and laboratory experiences. The relationship between a Christian worldview and a technological society is investigated. CSC 150 serves as the foundation for all further CSC courses and has no prerequisites; it is therefore suitable for all students as an introduction to the fascinating world of computer science and information technology. CSC 150 satisfies the core mathematics requirement (except for CS and IT majors). 3 credits.

CSC 175 INFORMATICS: APPLICATION OF TECHNOLOGY is the continuation of CSC 150 with a focus on tools and techniques for the advanced application of computer technology to real-world problems. Both hardware (eg, robotics, computer construction, game consoles, etc) and software (eg, image manipulation, macro development, databases, etc) will be used to create productive and efficient solutions to actual problems. Informatics allows the student to develop expertise in effectively applying computer technology to a wide variety of personal and professional problems. Analysis of problems and synthesis of automated solutions is emphasized. A unit approach allows the integration of current events, technology skills, science concepts, and human factors into viable practice. The relationship between a Christian worldview and the application of technology is investigated. Prerequisite: CSC 150 with a grade of C or better. 3 credits.

CSC 180 READINGS IN SCIENCE AND TECHNOLOGY explores classic and current articles in the fields of computer science, computer information sciences, and information technology. This course provides insights into effective reading and writing techniques in order to understand science and technology. In addition to specific activities focusing on reading and writing, students will select an interesting area of science or technology to investigate as a guided independent study. Useful information sources for science and technology will be explored, and students will be challenged to read widely and well as a foundation for life-long learning. The relationship between a Christian worldview and the development of science and technology is investigated. Prerequisite: CSC 150 with a grade of C or better. 3 credits.

CSC 200 FOUNDATIONS OF PROGRAMMING allows students to explore computer programming concepts within the genre of video games. An industry standard development environment is used which allows students to create visually stunning video games while learning the basics of computer programming. Topics covered include: variables, conditionals, iteration, methods, and threads. These topics are covered within the context of good problem solving techniques, algorithm design, and user experience. The use of a development environment allows students to focus on the concepts of programming while minimizing the complexity of language details. Prerequisite: CSC 150 with a grade of C or better. 3 credits.

CSC 210: THE ART AND SCIENCE OF COMPUTER ANIMATION This course will introduce students to 3D computer animation including the end-to-end development process from script/story writing, production planning, creating geometric models and surface properties, designing motion, staging and lighting the action, rendered images with 2D and 3D effects, and editing them into a short film. Open Source software will be used for animation exercises. Throughout the course, existing 2D and 3D movies will be used for learning the techniques and methods of professional animators. The course is designed for students with no previous animation skills and will lead students through a series of exercises that build on each other to learn 2D and 3D animation techniques. Prerequisites: CSC 150 and 200. 3 credits.

CSC 250 COMPUTER SCIENCE, THEORY AND PRACTICE I studies the foundational issues of computer programming in detail. The primary course emphasis is on computer control structures (selection, repetition, procedure, etc) — how they are mathematically derived in theory and applied in the practice of problem solving. Algorithms will be transformed into modern high-level languages (such as C# and Java) by following professional programming techniques. Prerequisites: CSC 150 and CSC 200 with a grade of C or better. 3 credits.

CSC 300 COMPUTER SCIENCE, THEORY AND PRACTICE II explores advanced topics of computer programming in some detail. The primary course emphasis is on computer data structures (stacks, queues, linked-lists, etc) - how they are mathematically derived in theory and applied in the practice of problem solving. Additional concepts to be studied include: encapsulation, information hiding, data abstraction, and efficient representation and manipulation of data. CSC 300 is a continuation of CSC 250 using a similar programming environment. Prerequisite: CSC 250 with a grade of C or better. 3 credits.

CSC 313 – THE IT EXPERIENCE INFORMATION TECHNOLOGY is a service organization and profession. An IT professional solves problems for other people by applying and managing technology (both hardware and software). An effective IT practitioner understands both technology and people. The IT professional is able to effectively communicate with users in order to understand the problem and provide a solution. CSC 313 allows students to develop a number of problem-solving strategies by administering the technology used in the Computer Science department. 1 credit hour.

CSC 325 COMPUTER ORGANIZATION AND ARCHITECTURE investigates the internal hardware function and structure of a computer in depth. The programmer's relationship to architecture and the computer scientist's relationship to organization are studied. Major topics include: peripherals (I/O and storage), the processor (CPU and memory), ALU (computer arithmetic), and the CU (computer instruction sets). Students will construct computer circuits from component chips and carry out programming assignments in assembly language. Prerequisites: CSC 150 and CSC 250 with a grade of C or better and upper-division status. 3 credits.

CSC 350 COMPUTER OPERATING SYSTEMS examines the foundational concepts, functions, and structure of operating systems. The primary operating system jobs of resource management, interfacing, and command interpretation are studied in depth. The roles of computer scientist and systems software are investigated using both a microcomputer operating system and a large computer operating system. Students carry out a systems level programming project. Prerequisites: CSC 150 and CSC 250 with a grade of C or better and upper-division status. 3 credits.

CSC 370 SOFTWARE ENGINEERING affords the student the opportunity to explore the art and science of the programming process in great detail. Principles of design, support and management of software projects are investigated. The software development lifecycle is used as a vehicle for the study of the software development process from conception through birth and into maintenance, with an emphasis on design considerations, user and developer documentation, coding tools, and quality assurance. Actual programming projects are analyzed along with current research in the field. Two major software projects, one individual and one team, are synthesized by students using "professional programming practice." The relationship between a Christian worldview and the development of software is investigated. Knowledge of the programming environment utilized in CSC 250 is required. Prerequisites: CSC 150 and CSC 250 with a grade of C or better. 3 credits.

CSC 390 SPECIAL TOPICS IN COMPUTER SCIENCE explores new and interesting topics developed in computer science. Course content varies by semester. This course may be repeated with change of topic and consent of department chair for additional credit. Prerequisites: CSC 150 and CSC 200. 3 credits.

CSC 400 INTERNSHIP consists of supervised work in a given area of computer science in an industrial or business setting. The topic of the internship is determined in conjunction with the responsible faculty, the on-site supervisor, and the student. Prerequisites: CSC 150, CSC 200, and permission of department chair. 1 credit.

CSC 410 ETHICAL COMPUTING provides the foundation for professional ethics in the fields of Computer Science and Information Technology. Students are familiarized with the doctrine of vocation and its implications for ethical attitudes, policies and behaviors. Students see their work as a means of service with social responsibilities that go far beyond the immediate legal and business-related requirements of their employer. Relevant moral criteria are presented and applied to contemporary case studies. Prerequisites: CSC 150, CSC 175, CSC 180, CSC 200, and upper-division status. 3 credits.

CSC 415 ARTIFICIAL INTELLIGENCE investigates the concepts of intelligence, both human and machine, and the nature of information, its origin, description, and transmission. This course focuses on practical approaches to incorporating artificial intelligence into useful applications. Included are such topics as face recognition, speech recognition and robotic construction. The nature of human intelligence and the limits of machine intelligence will be treated from a scientific, philosophical, and computational perspective. Prerequisites: CSC 150, CSC 175, CSC 200, and upper-division status. 3 credits.

CSC 420 HUMAN COMPUTER INTERACTION concerns the fundamental issue of effective and usable human computer interaction. In addition to technical issues, people and process must be understood to create effective and usable tools. As CS and IT practitioners create and manage systems as effective problem-solving tools for others, they must develop a user-centered perspective within the organizational context. To that end this course will study related issues including cognitive principles, human-centered design, ergonomics, accessibility, emerging technologies and usable environments. Prerequisites: CSC 150, CSC 175, CSC 200, and upper-division status. 3 credits.

CSC 425 COMPUTER ORGANIZATION AND ARCHITECTURE II is a continuation of CSC 325. Advanced topics in organization and architecture are treated in depth. Concepts include: external interfacing, bus design, CU and ALU function and structure and parallel processing. Students will specify, design, and construct a hardware project. Prerequisites: CSC 150 and CSC 325 and upper-division status. 3 credits.

CSC 426 DATA SECURITY is a survey and overview of methods to safeguard the computer and information technology employed today. Computer and information systems are increasingly under attack and therefore knowledge of attacks, protection, and counter-measures is important. Students will understand and manage assurance and security measures within the enterprise. Topics include operational issues, policies and procedures, attacks and related defense measures, risk analysis, backup and recovery, and the security of information. Prerequisites: CSC 150, CSC 175, CSC 200, and upper-division status. 3 credits.

CSC 430 DATABASE SYSTEMS provides students with the background to plan, design, implement, maintain, and use database management systems. It addresses database structures, requirements, functions and evaluation of database management systems. The course focuses on the relational database model, standard SQL language, database structure normalization, conceptual data modeling, and the entity-relationship data model. Concepts of data integrity, security, privacy, and concurrence control are included. Prerequisites: CSC 150, CSC 175, CSC 180, CSC 200, and upper-division status. 3 credits.

CSC 440 NETWORKING is an in-depth analysis of data communication and networking ranging from the primitive historical approaches to the ever changing modern state of the field. It includes principles of network design, using a top-down approach and focusing on technologies used in the Internet. It will help students learn to design network-aware applications using sockets, threading, and concurrency as they understand the transport layer down to the physical layer. Prerequisites: CSC 150, CSC 175, CSC 200, CSC 250, and upper-division status. 3 credits.

CSC 450 SYSTEMS SOFTWARE examines system-level software in depth with an emphasis on translation software and database systems. The interaction between systems-level software and the computer hardware is studied. The role of computer scientist in abstracting the hardware from the computer user is explored. Prerequisites: CSC 150, CSC 325, and CSC 350. 3 credits.

CSC 460 WEB SYSTEMS are the primary information repositories of 21st century information technology. This course focuses on web technologies, information architecture, digital media, web design and development, vulnerabilities and social software. Prerequisites: CSC 150, CSC 175, CSC 180 and CSC 200. 3 credits.

CSC 470 PROGRAMMING LANGUAGES surveys major topics in the design, analysis, implementation and use of high-level languages. The four major programming paradigms are studied (procedural, functional, object, and declarative). Programming projects in each paradigm are implemented. Prerequisites: CSC 150, CSC 300, and CSC 370. 3 credits.

CSC 490 SENIOR SEMINAR I provides the student the opportunity to explore the Grand Ideas of computer science in a systematic way. Senior computer science students will be exposed to a variety of fundamental computer science concepts within a sound philosophical framework. Current events and small scale projects will augment and reinforce computer science concepts. The senior computer science assessment examination will be administered in this course. Finally, groundwork preparation for the CSC 491 project will be laid. Students are challenged to explore the relationship between a Christian worldview and the fundamental concepts of computer science and technology. Prerequisite: Senior Standing in CS (consent of department chair). 3 credits.

CSC 491 SENIOR SEMINAR II provides the student the opportunity to showcase computer science problem solving skills by synthesizing an acceptable project. Students choose an acceptable problem and then fully implement the solution to that problem following professional programming practice. Students present their progress and project in both written reports and oral presentations. Prerequisites: CSC 370 at CUW and Senior Standing in CS (consent of department chair). 3 credits.

ECONOMICS

ECON 200 PRINCIPLES OF ECONOMICS offers a single semester introduction to both Micro and Macro Economics. Students emerge with a basic understanding of the concepts behind economists' analysis of labor and product markets as well as business decisions. They also learn to recognize the perspectives of macroeconomists and evaluate how fiscal and monetary policy may adversely or positively impact the macro-economy. 3 credits.

ECON 222 MACRO-ECONOMICS presents principles and theories of macro-economics with emphasis on economic policies and their impact on the national welfare. Special attention is given to the application of economic thinking methods to solving the macro economic problems. 3 credits.

ECON 231 MICRO-ECONOMICS provides a unifying theme of micro-economics, showing how micro economics is the synthesis of theories, decision sciences, and the various fields of business administration studies. The special emphasis is placed on the interaction between the firm's business strategy and the market structure as the firm attempts to reach optimal performance in the face of economic constraints. 3 credits.

ECON 315 MACROECONOMIC CRISES IN HISTORY analyzes the causes and consequences of Macroeconomic Crises in history and provides insight into whether or not these crises can be avoided or ameliorated by wise government economic policies. Particular crises analyzed include the South Sea Bubble, the Great Depression, and the current economic crisis, which is sometimes referred to as the "Great Recession." 3 credits.

ECON 320 MONEY AND BANKING is a functional analysis of financial institutions with emphasis on commercial banking. It includes a review of the nature, history, and functions of money creating depository institutions. It also includes an examination of the role of central banks and the implications of monetary and fiscal policy for economic growth, inflation, employment, trade, and exchange rates. Prerequisites: ECON 221, ECON 231, and FIN 300. 3 credits.

ECON 322 INTERMEDIATE MACROECONOMICS explores several theoretical models relating to the determinants of unemployment, inflation, economic growth, and economic stability in a primarily market based economy. Within this framework, the impact of fiscal and monetary policy is explored within the context of the current economic environment. This course is designed to utilize theoretical and mathematical tools that are more advanced than those applied in the introductory macroeconomics course. Prerequisites: ECON 222. 3 credits.

ECON 331 AN ECONOMETRIC SURVEY The focus of this course is on the development of analytical tools to support business decision making. Students use multiple regression methods for analyzing data in microeconomics, macroeconomics and related disciplines using the scientific research methodology. Extensions include bivariate linear regression, multivariate regression and nonlinear bivariate and multivariate regression modeling, design of econometric experiments and regression with time series data. The objective of the course is for the student to learn how to conduct – and how to critique – empirical studies in economics and related fields. The mathematical operations of econometrics are introduced only as needed and statistical software input/output is given full treatment. Prerequisites: Business Statistics BUS 315, Macroeconomics ECON 222 and Microeconomics 231

ECON 370 INTERNATIONAL ECONOMICS provides an up-to-date and balanced approach to world economic relations by integrating theories of international economics with globally empirical evidence. The special attention is given to the current process of globalization, increasing volume of international trade, foreign direct investments, cross-border lending, and international portfolio investment. Prerequisites: ACCT 203, ECON 222, ECON 231, FIN 300, MKTG 131. 3 credits.

ECON 430 INTERNATIONAL FINANCE examines the role of international financial management with emphasis on multinational corporations. It discusses topics such as the foreign exchange market and the determination of exchange rates, the exchange risk exposure as it impacts management's decisions, the multinational corporation (MNC) and foreign direct investment (FDI), the rationality of FDI flows, the management of foreign operations, and the determinants of international flows of goods and funds. Prerequisites: ECON 222, ECON 231, and FIN 300. 3 credits.

EDUCATION

ED 100: ORIENTATION SEMINAR is a seminar for education majors who are new to the CUW Teacher Education Program. Major components include the basic skills test, corresponding preparatory sessions, majors/minors available in the program, and the clinical field experience program. Students should register for ED 100 their first semester in the education program and must pass this course. This course is pass/fail. 0 credits.

ED 102 FOUNDATIONS OF EDUCATION is a critical examination of the forces that have shaped formal and informal education, especially as they affect American urban education. Historical, philosophic, scientific, and social foundations are related to contemporary issues. This is an introduction to the teaching profession. Technology is integrated throughout this course. 3 credits.

ED 103 HUMAN RELATIONS FOR TEACHERS is an interaction laboratory course designed to help students improve their interpersonal relationship skills and acquire competence in facilitating human relations activities in the classroom. Students will examine their attitudes and values toward and improve their techniques in working with students, parents, colleagues, and community and minority groups. This course introduces human relations component to education majors and includes a field experience component. Students must register for ED 212 concurrently with this course. 3 credits.

ED 200: UDS SEMINAR is a seminar for education majors who have obtained or are working toward obtaining Upper Division Status (UDS). UDS seminar orients students to required content knowledge exam, pre-student teaching, and completing degree requirements. Students should register for ED 200 during the semester in which they plan to complete Portfolio II and apply for UDS. Prerequisites: 60 or more credits, passed ED 100, and have obtained official admittance into the School of Education. 0 credits.

ED 203 EDUCATIONAL TECHNOLOGIES is a course that teaches how to develop a spreadsheet, a database, and web pages. Spreadsheet development includes formatting and formulas. Database creation includes working with tables, queries, forms, reports and mail merge. The concept of WebQuests and developing web pages is also learned, and copyright issues are explored. Although designed for education students, this course can be taken by anyone. No prerequisite. 1 credit.

ED 204 DEVELOPMENTAL READING (GR. K-9) surveys the nature of the teaching of reading, covering the varied elements of the reading process, different kinds of reading, and various approaches to the teaching of reading. Includes field experience. 3 credits.

ED 209 EDUCATIONAL PSYCHOLOGY - ADOLESCENT presents theories of development, learning, and motivation in the context of the early adolescent and adolescent student. This course includes a field experience component. Students must register for ED 211 concurrently with this course. 3 credits.

ED 211 CLINICAL I - is an initial field work course which provides the general clinical experience of fifteen (15) hours in a variety of educational settings and sites. In Teacher Education, clinicals refer to off-campus field experiences working with children in educational settings. At Concordia, Pre-UDS clinical hours must be completed before students can apply for Upper Division Status. Students should complete their clinical hours during their first and second years at Concordia. Students register for this course concurrently with ED 209 Educational Psychology or 275 Human Learning. 0 credits.

ED 212 CLINICAL II - is a fieldwork course which provides a multicultural clinical experience of fifteen (15) hours in a variety of urban educational settings and sites. In Teacher Education, clinicals refer to off-campus field experiences working with children in educational settings. In the Clinical II Multicultural experience (15 hours), all candidates participate in a number of field experiences which facilitate their exploration of teaching and learning settings that include students from diverse backgrounds. At Concordia, Pre-UDS clinical hours must be completed before students can apply for Upper Division Status. Students should complete their clinical hours at Concordia in correlation with ED103 Human Relations for Teachers. Students register for this course concurrently with ED 103 Human Relations for Teachers. 0 credits.

ED 213 CLINICAL III - is an initial field work course which provides the special education clinical experience of fifteen (15) hours in a variety of educational settings and sites. In Teacher Education, clinicals refer to off-campus field experiences working with children in educational settings. At Concordia, Pre-UDS clinical hours must be completed before students can apply for Upper Division Status. Students should complete their clinical hours during their first and second years at Concordia. Students register for this course concurrently with ED 230 Nature of the Exceptional Child. 0 credits.

ED 230 NATURE OF THE EXCEPTIONAL CHILD is designed to introduce the education student to a study of the major characteristics of all disabilities and gifted students as defined by state and federal law in order to recognize their existence in children and youth. The course provides significant foundational theories and practices for understanding special education as a discipline, legal requirements for Special Education services including IEPs, and rights and responsibilities of parents, teachers, other professionals and schools related to children with exceptional needs. Students learn about characteristics of learners, assessments, instructional and behavioral strategies, and support services. This course includes a field experience component. Students must register for ED 213 concurrently with this course. 3 credits.

ED 231 CHILDREN'S LITERATURE presents an extensive selection of books for children of all ages; criteria for selection; practical methods for arousing the child's interest in books; includes units on the art of the storyteller, drama for and with children, uses of modern technology, and psychological factors in writing children's literature. Students will be expected to read extensively in children's books. 3 credits.

ED 237 BASIC ENGLISH LINGUISTICS FOR TEACHERS OF LANGUAGE LEARNERS is an introduction to the elements of linguistics, including a study of the phonetic alphabet and morphology. Prerequisite: Only for SOE students. 3 credits.

ED 245 SERVICE EXPERIENCE CLINICAL is a fieldwork course which provides a service experience of 10 hours in a variety of educational settings and sites. In Teacher Education, clinicals refer to off-campus field experiences working with children in educational settings. Service experience hours provide teacher candidates the opportunity to serve in a variety of non-paid educational settings. Recommended types of experiences include participation in the CUW respite event, participating in Best Buddies, urban education experiences through the Urban Education Institute, teaching Sunday School or Vacation Bible School, non-paid tutoring, and classroom clinical experiences working with a host teacher that may or may not meet the DPI guidelines for other clinical experiences. 0 credits.

ED 252 TEACHING ADOLESCENT LITERATURE provides an introduction to the student to a variety of strategies for presenting adolescent literature in the classroom. The course includes an overview of genres along with an introduction to important early texts as well as current adolescent/young adult texts appropriate for classroom use. Students will explore the issues of diversity, censorship, and privacy within relevant family and community situations. Attention is also given to authors in the field and also will identify criteria for selecting award-winning books. 3 credits.

ED 275 HUMAN LEARNING explores theories of human development, learning, and motivation. The practical applications of these theories in educational psychology are presented. Students will be actively engaged in the learning process through a variety of assignments and activities including clinicals, presentations, reflections and other experiences relevant for their portfolio development. This course includes a field experience component. Students must register for ED 211 concurrently with this course. 3 credits.

ED 293 THE URBAN EDUCATION LANDSCAPE offers the student an extensive study of urban issues positively and negatively affecting urban education. Philosophies and specific strategies will be explored using a variety of resources and instructional tools. Crosslisted SOC 293. 3 credits.

ED 294 PARADIGMS FOR SUCCESS IN URBAN EDUCATION explores successful urban leaders in the areas of education and social services. The course surveys the development of beginning urban schools to high-performing models of academic success and strong values. The student will develop knowledge and skills to implement successful plans of action. Crosslisted SOC 294. 3 credits.

ED 300 STUDENT TEACHING SEMINAR is a seminar for education majors who are preparing for the student teaching experience. Major components include Portfolio III, requirements and information for the student teaching experience, and edTPA. Students should register for ED 300 in the semester prior to their planned student teaching experience. Prerequisites: Upper Division Status. 0 credits.

ED 301 DATA-DRIVEN ANALYSIS OF CLASSROOM PRACTICE Teachers use a personal philosophy to plan, implement, and assess the instruction and activities of their classroom. While each individual teacher approaches this differently, there is a body of research and methodology within which one must be fluent. This seminar will encourage the educational practitioner to “look ahead,” envisioning the block semester, the student teaching semester, and one’s professional career. Participants will examine the topics of motivation and student-centered classrooms, instructional objectives and lesson planning, the logistical and practical aspects of teaching, involvement of students, educational technology, assessment, and classroom management. It is designed to be constructivist, and it is grounded in the concept of experiential learning as defined by Johnson and Johnson (1975, 1994). Prerequisite: Upper Division Status. 3 credits.

ED 303 CURRICULUM & METHODS IN LANGUAGE ARTS ELEMENTARY/MIDDLE explores materials and methods in the study of the communication skills: speaking, listening, writing, and reading, and their interrelationships. Prerequisite: Upper Division Status; ED301 concurrent. 3 credits.

ED 304 CURRICULUM AND METHODS IN MATHEMATICS - ELEMENTARY/MIDDLE explores content, materials, and strategies for teaching and assessing elementary and middle school students’ mathematics. Current research in mathematics education and curriculum development is emphasized. Preservice teachers will teach mathematics in local schools and develop a philosophy for teaching mathematics. Prerequisites: MATH 119 and 120; Upper Division Status; ED301 concurrent. 3 credits.

ED 305 CURRICULUM & METHODS IN SCIENCE & ENVIRONMENT - ELEMENTARY/MIDDLE presents an overview of curriculum, materials, and methods of teaching science and environmental concerns. Prerequisite: Upper Division Status; ED 301 concurrent. 3 credits.

ED 306 TEACHING THE FAITH helps the student develop knowledge of resources and skills necessary to teach religion in the elementary classroom. This course is required for Lutheran education majors. Prerequisite: Upper Division Status and completion of Core theology requirements and either REL 204 or REL 404. 3 credits.

ED 307 TEACHING THE FAITH FOR THE CHRISTIAN/PUBLIC EDUCATOR addresses two distinct teaching communities. One component of the course explores the legal ways that teachers can express their faith and discuss religious topics in the public school. The other component of the course is similar to the course Teaching the Faith. It has a biblical basis that guides students to share the love of Jesus with their students and explores opportunities for teachers to intentionally integrate faith into the curriculum. This component equips students who end up working in a Christian School. Prerequisites: Upper Division Status. 3 credits.

ED 310 METHODS OF TEACHING FOREIGN LANGUAGE introduces the student to the methods, curriculum, and current practices in the teaching of foreign language. Prerequisite: Upper Division Status. 3 credits.

ED 311 CURRICULUM AND METHODS OF THEATRE works the student through the problems of teaching, planning, and presenting theater programs. Where to find and how to select scripts, involving parents, designing and sequential curriculum, theater games, and school programs are covered. Crosslisted THTR 311. 3 credits.

ED 312 MATH IN MIDDLE SCHOOL investigates mathematics content and methods appropriate for teaching math to middle level students. National trends and current philosophy of teaching mathematics at this level is discussed. Prerequisite: Upper Division Status. Cross-listed MATH 312. 3 credits.

ED 315 OBSERVATION, ANALYSIS, AND PRACTICUM IN ESL provides students with observation and analysis skills to apply to their own ESL teaching for this practicum experience, as well as with techniques for working with paraprofessionals in ESL/bilingual classrooms in schools. Prerequisite: Upper Division Status. 3 credits.

ED 316 ELL LITERACY: READING, WRITING AND GRAMMAR STRATEGIES provides students with opportunities to review, evaluate and adapt materials for use in teaching reading, writing and grammar to ESL learners. Students will gain facility in matching and adapting tests and materials to the needs of different kinds of ESL learners. 3 credits.

ED 317 ACCOMMODATING DIFFERENCES IN LITERACY LEARNERS prepares students in five broad areas that are instrumental in working with learners who have varying levels of language and literacy delays: relevant criteria used for determining language and literacy delays in children; relationships between cognition, speech, and language; cultural and linguistic differences; instructional arrangements for diverse learning styles; and core components of effective literacy instruction. 3 credits.

ED 323 CURRICULUM AND METHODS OF TEACHING ENGLISH AS A SECOND LANGUAGE This course introduces the student to the methods, curriculum, and current practices in the teaching of English as a second language. Prerequisite: Upper Division Status. 3 credits.

ED 327 WORKING WITH CHILDREN WITH DISABILITIES AND THEIR FAMILIES examines the relationships between families of children with disabilities and special education professionals and community service providers. To increase understanding of family perspectives, the impact of exceptionality on the family is studied in the framework of family systems theory, functions, and the life cycle. Strategies for understanding family and cultural perspectives and establishing collaborative partnerships with families resulting in a family centered approach to service delivery is emphasized. Topics include family and professional rights, responsibilities, and advocacy in the special education process. The course requires students to examine their values and beliefs about working with families, to challenge their assumptions, and to critically analyze their professional roles in working with families. 3 credits.

ED 328 ENVIRONMENTAL AND PERSONAL STRATEGIES FOR SELF-MANAGEMENT FOR CHILDREN WITH DISABILITIES examines and provides instruction in the teaching of the following areas: self-management and self-determination skills; social skills and emotional development; self-concept, personal competence; attitude, communication skills, and self-determination in a variety of social settings found in school, home, and community. This course also provides a thorough study of the philosophical and practical base of effective assessment and intervention for individuals with severe disabilities. In addition, this course will focus on issues relevant to post educational, vocational, independent living, and community transitions, development of Individual Education Plans (IEP), Individualized Family Service Plans (IFSP), and Individual Transition Plans (ITP), and the integration of life skills and social skills into instruction. Prerequisites: Upper Division Status. 3 credits.

ED 340 UPPER DIVISION STATUS CLINICAL is a fieldwork course which provides experience of 15 hours in a variety of educational settings and sites. In Teacher Education, clinicals refer to off-campus field experiences working with children in educational settings. Students should complete their Upper Division Status Clinical hours during ED 204 Developmental Reading, ED 350 Teaching Middle School, ED 358 Language Development and Early Literacy, ED 359 Curriculum and Techniques – Early Childhood I, ED 401 Strategies for Literacy Instruction, ED 465 Curriculum and Techniques – Early Childhood II, and/or ED 487 Intervention Strategies in Special Education. 0 credits.

ED 343 SYNTHESIS AND PROFESSIONAL DEVELOPMENT—EARLY CHILDHOOD EDUCATION is a synthesis course designed to encourage reflection and discussion throughout the professional development process. This course is taken during the student teaching semester and includes the development of professorial documents such as an exit portfolio, a resume, and an updated philosophy statement. Students will also complete the performance assessment, edTPA. Prerequisite: Upper Division Status. 1 credit.

ED 350 TEACHING IN THE MIDDLE SCHOOL considers the developmental, disciplinary, and instructional needs of the transescent student. Prerequisites: Upper Division Status. 3 credits.

ED 354 LANGUAGE ARTS IN EARLY CHILDHOOD introduces the student to literacy development, theory, and practice in the early childhood years. This will be taught through the exploration of materials and teaching methods of language arts. Listening, speaking, reading, and writing will be the focus using children's literature throughout. Current trends to traditional methods will be introduced with application to pre-kindergarten through third-grade classrooms. Prerequisite: Upper Division Status and ED 204 Developmental Reading. 3 credits.

ED 356 MATHEMATICS IN EARLY CHILDHOOD explores content, materials, and strategies for teaching and assessing young children mathematics. Current research in early childhood mathematics education is emphasized. Preservice teachers will teach mathematics in local schools and develop a philosophy for teaching mathematics. Prerequisites: MATH 119 & 120; Upper Division Status. 3 credits.

ED 357 SCIENCE & ENVIRONMENT IN EARLY CHILDHOOD provides the pre-service educator with the knowledge, skills, and dispositions necessary for engaging curiosity, developing scientific literacy, and encouraging a sense of wonder in young children. This course addresses how young children construct and represent scientific knowledge thorough problem solving, inquiry-based exploration, cooperative learning experiences, and integration with other curricular areas. Students develop concepts about essential components and skills of scientific investigation and use this information in developing, assessing, and adapting developmentally-appropriate strategies for diverse learners. Prerequisite: SCI 152, SCI 151, Upper Division Status. 3 credits.

ED 358 LANGUAGE DEVELOPMENT AND EMERGENT LITERACY is a study of the ways children develop as oral language users, readers, and writers. This course includes study of children's language usage, shared book experience, skills in organizing the environment, stages of writing, and journal writing. The course will examine current research, curriculum practices, and instructional strategies. Prerequisites: Upper Division Status and ED 204. 3 credits.

ED 359 CURRICULUM AND TECHNIQUES IN EARLY CHILDHOOD I is a study of developmentally appropriate practices, with emphasis on the nature and functions of play. Students develop an understanding of constructivist theory and utilize strategies of curriculum design that are emergent, integrated, aligned with early learning standards, and meet the needs of diverse learners. To be taken prior to student teaching. Prerequisite: Upper Division Status. 3 credits.

ED 362 FAITH DEVELOPMENT OF YOUNG CHILD is a study of how faith develops in the young child. Students create workshops, lessons, and activities to support the development of faith in children birth to age 8. Team ministry and modeling the Christian lifestyle are areas of focus. Prerequisites: Upper Division Status, REL 201, REL 203, and REL 204. 3 credits.

ED 365 CROSS-CULTURAL COMMUNICATION FOR TEACHERS OF LANGUAGE LEARNERS examines the cultural diversity that exists locally, nationally and globally so that students develop a positive appreciation for the contributions of other cultures. Students will gain personal contact with members of other cultures and learn effective inter-cultural communication skills for our diverse world. Prerequisite: Only for SOE students. 3 credits.

ED 370 ANALYSIS OF INSTRUCTION – SECONDARY/MIDDLE emphasizes writing of course objectives and lesson plans, instructional strategies, along with classroom management and discipline techniques. Prerequisite: Upper Division Status or consent of instructor. 3 credits.

ED 372 CURRICULUM AND METHODS IN TEACHING ENGLISH-SECONDARY/MIDDLE focuses on teaching concepts and instructional strategies in the teaching of secondary and middle school English. Includes the construction of unit and lesson plans using a variety of resources and instructional tools. Prerequisites: Upper Division Status and ED 370. 3 credits.

ED 373 CURRICULUM AND METHODS IN TEACHING SOCIAL STUDIES-SECONDARY/ MIDDLE combines principles and specific methods for teaching social studies in the secondary and middle school. National standards and the various philosophies of teaching social studies will be discussed. Prerequisites: Upper Division Status and ED 370 or ED 370 concurrent. 3 credits.

ED 374 CURRICULUM & METHODS IN TEACHING MATHEMATICS-SECONDARY/MIDDLE combines principles and specific methods of teaching mathematics in the secondary school. National trends and current philosophy of teaching mathematics are discussed. Prerequisites: Upper Division Status and ED 370 or ED 370 concurrent. 3 credits.

ED 375 CURRICULUM AND METHODS IN TEACHING RELIGION-SECONDARY/MIDDLE studies curriculum materials and resources available for high school and middle school religion instruction as well as strategies for teaching. Prerequisite: completion of Core theology requirements and either REL 204 or REL 404. Prerequisites: Upper Division Status or consent of instructor and ED 370 or ED 370 concurrent. 2 credits.

ED 376 CURRICULUM AND METHODS IN TEACHING SCIENCE-SECONDARY/MIDDLE combines current research on learning theory with principles and specific methods of teaching science in the middle and secondary schools, including instruction in the use of audio-visuals. Prerequisites: Upper Division Status or consent of instructor and ED 370 or ED 370 concurrent. 3 credits.

ED 377 CURRICULUM AND METHODS IN TEACHING BUSINESS EDUCATION combines principles and specific methods in teaching business in the middle and secondary schools, including instruction in the use of audio-visuals. Prerequisites: Upper Division Status or consent of instructor and ED 370 or ED 370 concurrent. 3 credits.

ED 379 CURRICULUM AND METHODS IN TEACHING MUSIC - (K-12) covers philosophical foundations of music education, levels of objectives with emphasis at the program and instructional level, characteristics of children and adolescents relevant to teaching music, classroom and rehearsal management, and methods for teaching music to students in grades K-12. Prerequisites: Upper Division Status or consent of instructor and ED 370 or ED 370 concurrent. 3 credits.

ED 383 COMMUNICATION ARTS IN THE CONTENT AREAS provides an in-depth study of the relationship of reading, writing, speaking and listening to the curriculum of middle and secondary schools. Emphasis is on the practical application of reading theory to content, lesson planning and instruction. Students are encouraged to enroll in ED 383 concurrently with ED 370 Analysis of Instruction and curriculum and methods of teaching major course. Prerequisite: Upper Division Status. 3 credits.

ED 400 MUSIC AND ART IN EARLY CHILDHOOD EDUCATION is a study of creativity and the importance of meaningful integration of the creative arts, including music, visual art, dramatic play, and movement throughout the curriculum for young children. Students will explore methods to utilize the creative arts in supporting learning and creativity in young children. Prerequisite: Upper Division Status. 3 credits.

ED 401 LITERACY STRATEGIES FOR THE CLASSROOM provides students with multiple reading and learning strategies to use across the curriculum. Theoretical models of reading and instructional approaches to the teaching of reading are reviewed, including developmentally appropriate instructional methods for teaching phonics and spelling. Research-based practices in teaching students the many different types of writing and becoming confident and independent writers is emphasized. Prerequisites: Upper Division Status, ED 204 completed, ED 301 or concurrent. 3 credits.

ED 402 INTEGRATION OF THE ARTS IN THE CURRICULUM is an exploration of visual art, drama, poetry, storytelling, music, and movement/dance in elementary and middle school classrooms. This course is designed to provide the participants with an introduction to integrating the arts into the teaching of subjects such as language arts and social studies. Strategies for reaching all learners are considered as each art form is introduced. Participants consider how multiple arts modalities strengthen learning across the curriculum. Arts education research and effective practices will be covered, as well as instructional strategies for arts integration. Prerequisites: Upper Division Status and ART 151. 2 credits.

ED 404 CURRICULUM/METHODS OF TEACHING ELEMENTARY PHYSICAL EDUCATION AND HEALTH - ELEMENTARY/MIDDLE introduces the student to the wide variety of activities available for teaching physical education to elementary aged children. In addition, students examine reasons for including health education in the elementary curriculum and explore effective methods and materials for its instruction. Students also learn how to plan daily lessons, unit plans, and yearly schedules. Students are exposed to some of the local elementary school physical education programs analyzing these programs' strengths and weaknesses. Students are given teaching opportunities in a variety of activities. Prerequisite: Upper Division Status. 2 credits.

ED 407 CURRICULUM & METHODS IN TEACHING SOCIAL STUDIES - ELEMENTARY/MIDDLE introduces students to curriculum planning, methods, and materials in teaching of 1-9 social studies. Prerequisite: Upper Division Status: Core history and government courses; ED 301 concurrent. 3 credits.

ED 409 INSTRUCTIONAL TECHNOLOGIES is an advanced technology course taken by education students with upper division status. The emphasis of this course is to learn how technology is used in the classroom setting. Topics such as the internet, spreadsheets, databases, desktop publishing, PowerPoint and video are explored. Prerequisite: ED 203 and Upper Division Status. 1 credit.

ED 411 THE PROFESSION AND ETHICS OF TEACHING is the capstone course of the education program, usually taken just before student teaching. This course emphasizes key tenets of the profession: school law, ethics and judgment of educators, including conflict mediation and resolution; legal responsibilities of teachers; finding and securing a meaningful job, including the Call process to a Lutheran school; and ongoing professional development. Prerequisite: Upper Division Status. 3 credits.

ED 412 PORTFOLIO COMPLETION-ELEMENTARY. 1 credit.

ED 414 PORTFOLIO COMPLETION-SECONDARY. 1 credit.

ED 416 MARKETING EARLY CHILDHOOD PROGRAMS studies the challenges related toward successfully marketing Early Childhood programs. Topics include formal and informal marketing, local and corporate sponsorship. 1 credit.

ED 417 FINANCIAL MANAGEMENT FOR EARLY CHILDHOOD PROGRAMS studies the issues related to the unique workings of Early Childhood programs and competently managing their financial resources. Topics include bookkeeping, computer resources, budgeting, and investments. 1 credit.

ED 418 HUMAN RESOURCES FOR THE EARLY CHILDHOOD PROGRAM explores the intricate relationships and concerns found in managing staff in an early childhood program. Issues include off-site management, full-time and part-time employment, and inter-staff communication. 1 credit.

ED 421 STUDENT TEACHING-ELEMENTARY GRADES 1-6 provides one of two culminating clinical experiences for students who will receive a teaching license for elementary and middle school. Students will enroll concurrently in ED 422. Prerequisites: Upper Division Status and completion of all 300 level education courses. 6 credits.

ED 422 STUDENT TEACHING-MIDDLE SCHOOL provides one of two culminating clinical experiences for students who will receive a teaching license for elementary or secondary education. Students will enroll concurrently in ED 421 or ED 474. Prerequisites: Upper Division Status and completion of all 300 level education courses. 6 credits.

ED 424 STUDENT TEACHING-EXPERIENCED is a flexible situation arranged for the student with previous teaching experience who desires additional professional development within the classroom setting. 1-3 credits.

ED 427 STUDENT TEACHING-KINDERGARTEN provides one of three culminating clinical experiences for students who will receive a teaching license for early childhood. The early childhood education student teacher will enroll concurrently in ED 428 and ED 460. Early Childhood Dual Certification majors will register for 12 credits of student teaching to include ED 442 and two of the following: ED 460, ED 427, and ED 428. These three courses will provide the dual certification major with student teaching experiences at the pre-kindergarten, kindergarten, and primary levels. Prerequisites: Upper Division Status and completion of all 300 and 400-level education courses. 4 credits.

ED 428 STUDENT TEACHING-PRIMARY provides one of three culminating clinical experiences for students who will receive a teaching license for early childhood. The early childhood student teacher will enroll concurrently in ED 427 and ED 460. Early Childhood Dual Certification majors will register for 12 credits of student teaching to include ED 442 and two of the following: ED 460, ED 427, and ED 428. These three courses will provide the dual certification major with student teaching experiences at the pre-kindergarten, kindergarten, and primary levels. Prerequisites: Upper Division Status and completion of 300 and 400-level education courses. 4 credits.

ED 429 URBAN EDUCATION FIELD PRACTICUM investigates the quality and improvement plans of educational facilities. Students examine relevant school research and educational reform initiatives, conduct leader interviews, and participate in professional development for teachers. Emphasis will be placed on improvement plan implementation. 3 credits.

ED 432 TEACHING WRITING is designed to acquaint elementary and secondary teachers with the stages of the writing process. Covers various approaches to evaluating writing, overviews historic and recent rhetorical theories, and promotes awareness of the importance of consideration of audience as well as the effects of cultural and educational contexts on writing. Prerequisites: Upper Division Status. 3 credits.

ED 433 STUDENT TEACHING K-12 - ELEMENTARY provides one of two culminating clinical experiences for students who will receive a teaching license for grades K-12. Students will enroll concurrently in ED 434. Prerequisites: Upper Division Status and completion of all 300 level education courses. 6 credits.

ED 434 STUDENT TEACHING K-12 - SECONDARY provides one of two culminating clinical experiences for students who will receive a teaching license for grades K-12. Students will enroll concurrently in ED 433. Prerequisites: Upper Division Status and completion of all 300 level education courses. 6 credits.

ED 438 TRANSITION AND COLLABORATION FOR ADOLESCENTS WITH DISABILITIES is designed to provide an overview of the transition and community-based needs faced by adolescents with disabilities as they move from school-based instruction to community-based vocational or post-secondary settings. Emphasis is on legal issues and legislation, service delivery models, transition, and collaboration with community-based organizations and personnel. Prerequisites: Upper Division Status. 3 credits.

ED 439 CURRICULUM, METHODS, AND ANALYSIS FOR EBD/CD/SLD This course involves curriculum development for children and youth with EBD/CD/SLD and the implementation and evaluation of curriculum and curricular adaptations in field-based experiences. An emphasis on writing Individualized Education Plans and serving as an IEP team member will also be included. A pre-student teaching classroom experience is a part of this course. Prerequisites: ED 457, Upper Division Status. 3 credits.

ED 440 CURRICULUM & METHODS IN COMPUTER SCIENCE EDUCATION (1-8) studies the strategies involved in teaching computer science. Focuses on choosing software that integrates into other areas of the curriculum, and details how to use that software effectively. 3 credits.

ED 442 STUDENT TEACHING - EARLY CHILDHOOD SPECIAL EDUCATION provides the culminating special education clinical experience for students who will receive a teaching license in ECSE. Early Childhood Dual Certification majors will register for 12 credits of student teaching to include ED 442 and two of the following: ED 460, ED 427, and ED 428. These three courses will provide the dual certification major with student teaching experiences at the pre-kindergarten, kindergarten, and primary levels. Prerequisites: Upper Division Status and completion of all 300 and 400 level education courses. 4 credits.

ED 444 STUDENT TEACHING – CCSE- MIDDLE CHILDHOOD TO EARLY ADOLESCENCE provides the culminating special education clinical experience for students who will receive a teaching license in CCSE. The setting will provide students with experience in their area of concentration (CD, EBD, or LD). The student teacher will enroll concurrently in a second student teaching course to fulfill the needs of their dual licensure. Prerequisites: Upper Division Status and completion of all 300 and 400 level education courses. 6 credits.

ED 445 PRINCIPLES OF VOCATIONAL/TECHNICAL EDUCATION is intended to provide a context for the understanding of the role of vocational-technical education in American society. Learners are provided the opportunity to examine and make application of social, political and economic influences on the philosophy and practice of vocational-technical education as reflected in both the public sector delivery systems and the private sector training. Prerequisite: ED 370. 2 credits.

ED 447 STUDENT TEACHING – CROSS-CATEGORICAL SPECIAL EDUCATION- EARLY ADOLESCENCE TO ADOLESCENCE provides the culminating special education clinical experience for students who will receive a teaching license in CCSE. The setting will provide students with experience in their area of concentration (CD, EBD, or LD). The student teacher will enroll concurrently in a second student teaching course to fulfill the needs of their dual licensure. Prerequisites: Upper Division Status and completion of all 300 and 400 level education courses. 6 credits.

ED 452 STRATEGIES FOR TEACHING EXCEPTIONAL YOUTH This course will help students understand the characteristics of adolescents with exceptionalities. Students will identify appropriate attitudes and strategies that will help them build positive relationships with exceptional students and create appropriate learning environments. Students will examine legal issues, inclusion, collaboration, and behavioral and academic needs as they pertain to exceptional youth. Students will learn how to modify, accommodate, and adapt instruction for exceptional youth, with an emphasis on adolescents who have disabilities, are gifted and talented, and are identified as at-risk. Prerequisites: Upper Division Status. 3 credits.

ED 453 EVALUATIVE TECHNIQUES IN EARLY CHILDHOOD SPECIAL EDUCATION includes the study of standardized and informal assessment tools used in the identification of young children with disabilities. Students will learn appropriate assessment techniques to identify certain behaviors or characteristics indicating developmental delays or at-risk status in the youngest of children. Students will learn to develop, implement, and monitor Individual Education Plans (IEP) and Individualized Family Service Plans (IFSP). Students will also understand the importance of families in assessing and implementing services for young children. Prerequisites: Upper Division Status. 3 credits.

ED 454 CURRICULUM AND PROGRAM FOR EARLY CHILDHOOD SPECIAL EDUCATION is designed to provide students with the methods, techniques, and adaptations necessary for programming for children ages 0-8 with disabilities. The course examines how teachers can implement developmentally appropriate practices for children with disabilities in early childhood settings. The course focuses on learning to design and adapt learning environments and materials to support optimal development. A pre-student teaching classroom experience is a part of this course. Prerequisites: ED 457, Upper Division Status. 3 credits.

ED 455 CHARACTERISTICS AND PROCEDURAL SAFEGUARDS IN SPECIAL EDUCATION: This course provides an overview of the field of special education including discussions of historical and empirical support for providing special education services, identification, screening, assessment, instructional programming, inclusive practices, family involvement, and service delivery models. This course also introduces students to the legal issues surrounding the education of children with disabilities and the rights of parents in the special education process. Prerequisites: Upper Division Status. 3 credits.

ED 456 ASSISTIVE TECHNOLOGY FOR INDIVIDUALS WITH SPECIAL NEEDS includes assistive technology evaluation, the selection and application process for individuals with disabilities in school as well as application of microcomputers and related technology to persons with learning, behavior, sensory, motor, and communication disorders. The course emphasizes the evaluation of abilities in relation to environmental demands and curricular adaptations. Students utilize adaptive equipment and/or assistive devices that can be used to ensure student participation in school and society. Prerequisites: Upper Division Status. 3 credits.

ED 457 CURRICULAR ADAPTATIONS FOR LEARNERS WITH DISABILITIES offers a framework for adapting the regular classroom environment and instructional materials to meet the diverse needs of students, including those with disabilities. Curriculum adaptations, instructional modifications, environmental accommodations, and individualized programs are explored as strategies to support students with special needs in the regular classroom. Instructional strategies, planning for diversity in culture and in learning styles, and adaptations of commercial and teacher-made materials are included in the content. Prerequisites: Upper Division Status. 3 credits.

ED 460 STUDENT TEACHING-PRE-KINDERGARTEN provides one of three culminating clinical experiences for students who will receive a teaching license for early childhood. The early childhood student teacher will enroll concurrently in ED 427 and ED 428. Early Childhood Dual Certification majors will register for 12 credits of student teaching to include ED 442 and two of the following: ED 460, ED 427, and ED 428. These three courses will provide the dual certification major with student teaching experiences at the pre-kindergarten, kindergarten, and primary levels. Prerequisites: Upper Division Status and completion of all 300 and 400-level education courses. 4 credits.

ED 461 ADMINISTRATION OF EARLY CHILDHOOD PROGRAMS provides knowledge of various organizational and administrative structures pertinent to Early Childhood. Emphasis is on policies, regulations, staff development, leadership, managing personnel, budgets, and community resources. Prerequisites: Upper Division Status, ED 359, and ED 465. 1 credit.

ED 464 FAMILY-SCHOOL INTERACTIONS studies the relationship between young children, parents, and schools. Course focuses on family structures and social factors that influence the family. Emphasis will be placed upon how schools and families can support each other and how community resources can be used. To be taken after or concurrent with student teaching. Prerequisite: Upper Division Status and ED 359. 2 credits.

ED 465 CURRICULUM & TECHNIQUES IN EARLY CHILDHOOD II emphasizes the development of social competence and play in the context of social studies and global awareness. Students discover ways to build responsive classroom communities and develop social studies units and yearly plans integrating all areas of the curriculum. Prerequisites: Upper Division Status; ED 359. 3 credits.

ED 466 HEALTH AND WELLNESS 0-8 YEARS studies the integration of health, nutrition and wellness within early childhood settings. A variety of approaches to curriculum content, instructional strategies and resources for teaching will be examined. Prerequisite: Upper Division Status. 1 credit.

ED 468 SIGN LANGUAGE FOR THE SPECIAL EDUCATOR: This course will provide communication and learning methods for exceptional children with an emphasis on multi-sensory learning. Exceptional children may require innovative techniques to help them communicate with others and learn developmental skills. American Sign Language will be introduced as a means to develop communication and understanding between children and their families as well as between children and educators. Prerequisites: Upper Division Status. 3 credits.

ED 469 STRATEGY INTEGRATION FOR AUTISM SPECTRUM DISORDERS: This course will describe autism spectrum disorders and the characteristics in detail with an emphasis on understanding these characteristics in the context of the students' educational needs. The course will include strategies to incorporate in therapy, home and classroom. A distinction between medical and educational diagnostic models will be made. This course is appropriate for both health professionals and educators. Prerequisites: Upper Division Status. 3 credits.

ED 474 STUDENT TEACHING SECONDARY provides one of two culminating clinical experiences for students who will receive a teaching license for secondary education. Students will enroll concurrently. ED 422. Prerequisites: Upper Division Status and completion of all 300 level education courses. 6 credits.

ED 479 ASSESSMENT AND INSTRUCTION FOR CHILDREN WITH SPECIAL NEEDS provides a foundation in effective and efficient assessment and instructional practices, as well as, the legal and ethical issues regarding the assessment of students with exceptional needs. The course will expose students to a variety of assessment methods and the administration of assessment tools appropriate for individuals with various exceptionalities and for determining eligibility for special education. This course will explore a range of assessment techniques, based on an ecological model of assessment which recognizes the impact of the assessment context on student performance. Emphasis is placed on those instruments and assessment methods which provide direction for instruction as well as diagnosis, including, but not restricted to: norm-reference assessment, curriculum-based assessment, observation, criterion-referenced assessment, authentic assessment, and alternative assessment techniques. Prerequisites: Upper Division Status. 3 credits.

ED 481 LANGUAGE AND COMMUNICATION DISORDERS includes analysis of typical language and communication development, language/communication disorders, and the individual needs of persons with communication disorders. Diagnostic and treatment methods utilizing a multidisciplinary team are emphasized. Issues in assessment, treatment and classroom intervention strategies are considered and especially applied to the full scheme of communication with an emphasis on the relationship of oral and written language abilities. Academic language and alternative modes of communication will be addressed. Prerequisites: Upper Division Status. 3 credits.

ED 484 EDUCATIONAL/BEHAVIORAL MANAGEMENT IN SPECIAL EDUCATION includes individual and group behavior management, behavioral change strategies, and classroom management for students with and without disabilities. Principles of applied behavior analysis are discussed to promote appropriate academic and social behaviors and to decrease challenging behaviors in school settings. Creating positive learning environments that facilitate student learning and effective social interaction is emphasized. Special emphasis is placed on the student's ability to recognize, apply, and evaluate various strategies of management, and to conduct Functional Behavioral Assessments (FBAs) and develop Behavior Intervention Plans (BIPs). 3 credits.

ED 487 INTERVENTION STRATEGIES IN SPECIAL EDUCATION provides an overview of strategies used from early intervention programs to those used in elementary and secondary settings. Specific intervention strategies and curriculum planning issues for students with specific disabilities are considered. The main focus of this course is to assist student in linking assessment to intervention and will provide a thorough study of the philosophical and practical base of effective assessment and intervention for students with disabilities. Topics include differentiated instruction, eligibility, IFSP/IEP teams and development, and progress monitoring. Students minoring in Adaptive Education will work on skill development through the practicum experience integrated with the course. Prerequisite Upper Division Status, 3 credits.

ED 488 ADVANCED SEMINAR IN EARLY CHILDHOOD ADMINISTRATION provides an extended opportunity to examine a range of topics in child care legislation and public policy, human resources management, community referral systems, advocacy funding sources, and school age programs. Prerequisite: ED 461. 2 credits.

ED 489 PRACTICUM IN EARLY CHILDHOOD ADMINISTRATION provides the opportunity to relate theory to practice in an administrative childcare setting. Placement will be made with a director in a licensed and NAEYC certified childcare. Prerequisite: ED 461. 1 credit.

ENGLISH

ENG 094 COLLEGE WRITING FOR INTERNATIONAL STUDENTS is a developmental course for International students who have successfully completed or tested out of ESL classes but still need to improve college level writing. This course focuses on English grammar usage, academic writing, and research skills. 3 credits.

ENG 100 DEVELOPMENTAL ENGLISH I emphasizes the improvement of written and verbal vocabularies and reading comprehension. In addition, it focuses on the application of basic English grammar usage to improve writing. Required of provisional students. 3 credits.

ENG 102 BASIC ENGLISH GRAMMAR AND USAGE is an elementary grammar course that focuses on basic principles of grammar and usage. It is intended for students who would benefit from development of grammar skills, or for students who wish to brush up on their understanding of concepts and terminology. Emphasis is placed on applying principles in written communications and developing proofreading skills. 3 credits.

ENG 103 CIVILIZATIONS & WORLDVIEWS: LITERATURE provides practice and experience in reading and analyzing three primary genres of literature: fiction, poetry, and drama. The purpose of this course is to enable the student to enjoy and appreciate a wide spectrum of literature, with an understanding of how best to undertake various types of critical analyses of a work. 3 credits.

ENG 104 INTRODUCTION TO WRITING is designed for the student with a good background in writing, focuses on the process of written expression, and gives practice in dealing with the various modes of discourse from free writing through a research project. 3 credits.

ENG 190 INTRODUCTION TO ENGLISH STUDIES provides an intensive introduction to concepts necessary for the study of literary and language studies, including major literary movements, basic principles of critical theory, literary research, and scholarly writing. English 190 is open to English majors, Secondary-Ed English majors, and others with permission of the department. Combined with either English 245 or 246, it fulfills the English 103 or 190/104 requirement in the Core Curriculum. 3 credits.

ENG 240 BASIC LINGUISTICS is an introduction to the elements of linguistics, including a study of the phonetic alphabet and morphology. 3 credits.

ENG 245 ADVANCED WRITING is designed for those students who have demonstrated their competence in the basic techniques of expository writing and the mechanics of language. The object of the course is to direct students away from structured, research composition to drawing creative material from their own minds and experience. Prerequisite: ENG 104 or 190. 3 credits.

ENG 246 CREATIVE WRITING is a workshop class for students interested in writing fiction, poetry, and drama. Sample works and student works will be used as a means to discuss theory, methods, style, and process. Prerequisite: ENG 104 or 190. 3 credits.

ENG 300 ADOLESCENT LITERATURE is a survey of the seven styles of adolescent literature now appearing in print, accompanied by an historical overview of previous (late 19th/early 20th century) young adult literature. The student is asked to read numerous young adult novels within the types and to determine their worth for young reader. Prerequisite: ENG 103 or 190. 3 credits.

ENG 305 ADVANCED GRAMMAR AND USAGE is intended for students with a solid background in grammar wishing to extend their knowledge and appreciation of grammatical principles. It is required of all English majors. Prerequisite: ENG 104 or 190. 3 credits.

ENG 341 AMERICAN LITERATURE I surveys the Romantic and Realist traditions of American literature as they develop and form the basis for what has become the modern entity. Representative writers such as Poe, Hawthorne, Melville, Crane and selected poets such as Whitman and Dickinson are considered for their influence on the development of American literature. Prerequisite: ENG 103 or 190. 3 credit hours.

ENG 342 AMERICAN LITERATURE II surveys the development of American literature from the latter part of the 19th Century to the present. Representative writers such as Twain, James, Fitzgerald, Faulkner, Hemingway, Updike, Oates, and poets such as Frost, Stevens, Pound, Eliot, Roethke, and Wilbur will be studied. Prerequisite: ENG 103 or 190. 3 credits.

ENG 344 ENGLISH LITERATURE I reviews the early years of English literary history. The course begins with Beowulf and surveys four major literary periods: The Middle Ages, The Sixteenth Century, The Seventeenth Century, and The Restoration and Eighteenth Century. Major authors studied include Chaucer, Milton, Marlowe, Donne, and Pope. Prerequisite: ENG 103 or 190. 3 credits.

ENG 345 ENGLISH LITERATURE II surveys the continuing development of English literature from Blake through the Romantics and Victorians to the moderns. Prerequisite: ENG 103 or 190. 3 credits.

ENG 347 WORLD LITERATURE I is a chronological survey of important and influential literary texts from various Western and non-Western cultures and civilizations from the beginnings of recorded writing through the 17th Century. This course does not duplicate any of the readings from ENG 103, 190, 341, 342, 344, 345, 348, or 465. This course may not be substituted for any of these other Literature Courses. Prerequisite: ENG 103 or 190. 3 credits.

ENG 348 WORLD LITERATURE II continues the chronological survey begun in ENG 347. The course includes a wide variety of literary styles, including texts from various Western and non-Western cultures and civilizations from the 17th Century to the present. This course does not duplicate any of the readings from ENG 103, 190, 341, 342, 344, 345, 347, or 465. This course may not be substituted for any of these other Literature Courses. Prerequisite: ENG 103 or 190. 3 credits.

ENG 350 CLASSICAL AND MODERN RHETORIC provides an overview and study of the art of classical rhetoric, beginning with the ancient Greeks and culminating in twentieth century understandings and applications. Prerequisites: ENG 104, 190, or 245. 3 credits.

ENG 351 PRACTICUM IN WRITING CONSULTATION explores composition theory, the critique of writing, collaborative learning, and tutoring philosophies. Students participate in writing consultations and management of the CUW Writing Center. Prerequisite: Writing competence as evidenced by earning an A or a B+ in ENG 104, 190, or 245 or by recommendation of a faculty member. 3 credits.

ENG 355 MODERN FICTION AND THE TRADITION examines principle authors and works of this century and studies the historical development of the novel as an aid to understanding the present conventions of the genre. Prerequisite: ENG 103 or 190. 3 credits.

ENG 356 MODERN POETRY AND THE TRADITION studies twentieth century poetic conventions and contemporary poets in historical perspective. Prerequisite: ENG 103 or 190. 3 credits.

ENG 357 MODERN DRAMA AND THE TRADITION examines the history and literature of Western drama from Aeschylus and Sophocles to Williams and Pirandello as an aid to understanding the present conventions of the genre. Prerequisite: ENG 103 or 190. Crosslisted THTR 250. 3 credits.

ENG 358 MODERN NON-FICTION AND THE TRADITION examines the history and development of the most popular form of contemporary writing. Various modes of non-fiction discourse will be studied: journalism, biography, the essay, and the new non-fiction. Prerequisite: ENG 103 or 190. 3 credits.

ENG 360 ENVIRONMENTAL LITERATURE provides a focused look at the concept of nature in Western culture from ancient Rome through the 20th century by examining its representation in exemplar literary and philosophical texts. Prerequisite: ENG 103 or 190. 3 credits.

ENG 365 ENGLISH-ITS CULTURAL DEVELOPMENT studies the history and structure of the English language and several grammatical systems of English and dialectology. It surveys the development of the English language from the Old English period to the present and presents an introduction to linguistics. Prerequisite: ENG 103 or 190. 3 credits.

ENG 380 MAJOR AUTHORS focuses on a single author, studying his or her work in depth. The course may be repeated as different authors are studied. Prerequisite: ENG 103 or 190. 3 credits.

ENG 386 SPECIAL TOPICS IN LITERATURE focuses on repeated themes or specific styles that have proven important in literature. The course may be repeated as the subject varies. Prerequisite: ENG 103 or 190. 3 credits.

ENG 405 LINGUISTICS & GRAMMAR is designed for students involved with the English as a Second Language program. The course analyzes the phonology, morphology, and the syntax of English. It clarifies the differences and similarities between English and other languages. 3 credits.

ENG 465 SHAKESPEARE examines the major works of Shakespeare including examples from the comedies, histories, tragedies, and the sonnets. Junior standing. Prerequisite: ENG 103 or 190. 3 credits.

ENG 475 LITERARY CRITICISM considers premise and methods of criticism. The course will survey the various modern approaches to literature, including formalist, genre, archetypical, and historical and provide exercises in practical criticism of literary work. Prerequisite: ENG 103 or 190 and Junior Standing. 3 credits.

ENG 495 SENIOR SEMINAR provides students the opportunity to develop a research project on an approved topic in English. This class is designed to integrate the humanities, literary criticism, and a Christian perspective on the arts, culminating in an oral and written presentation. Prerequisite: ENG 475. 3 credits.

ENGLISH AS A SECOND LANGUAGE

ESL 301 INTERMEDIATE READING & VOCABULARY improves the students grasp of the English Language in the areas of vocabulary, comprehension, and speed in reading. Prerequisite: entrance examination taken and consent of the instructor. 4 credits.

ESL 302 INTERMEDIATE ACADEMIC WRITING is designed to improve the students' English language abilities in the areas of basic English grammar, sentence structure and paragraph writing. Use of the library is incorporated into this class. Prerequisite: entrance examination taken and consent of the instructor. 4 credits.

ESL 303 INTERMEDIATE SPEAKING & LISTENING is designed to improve the students' English language abilities in the areas of listening, speaking, and pronunciation. The use of the media (television, radio, movies, and plays) are important parts of this course. Prerequisite: entrance examination taken and consent of the instructor. 4 credits.

ESL 321 ENGLISH PRONUNCIATION assists students in improving their pronunciation and intonation patterns. 1 credit.

ESL 322 U.S. CULTURE & TRADITIONS provides information and experiences to acquaint students with American culture. 1 credit.

ESL 399 TOEFL PREPARATION & ADVANCED GRAMMAR provides the student an opportunity to practice the elements of the TOEFL and TWE tests: reading, listening, grammar and timed writings. Practicing good test taking techniques and vocabulary building are also important parts of the class. Open to all ESL students. 2 credits.

ESL 401 ADVANCED READING presents selected readings from American Literature and non-fiction sources. Readings include poetry, dialogues, novels, fiction, nonfiction, technical. Vocabulary building and novel length readings are also included in the course. Prerequisite: entrance examination taken, consent of the instructor and/or successful completion of ESL 301. 4 credits.

ESL 402 ADVANCED ACADEMIC WRITING prepares the student further in his/her writing skills. Students will learn various writing styles and conduct research. Prerequisite: entrance examination, consent of the instructor, and/or successful completion of ESL 303. 4 credits.

ESL 403 ADVANCED SPEAKING & LISTENING challenges the student to converse in English during role plays, practice drills, interviewing and debating. The students will also listen to weekly lectures given on a variety of topics by professionals in a given area. Prerequisite: entrance examination, consent of the instructor, and/or successful completion of ESL 302. 4 credits.

FINANCE / ACTUARIAL SCIENCE

FIN 200 PERSONAL FINANCE is a valuable survey course which explores areas of finance which have a direct impact on the individual's lifestyle. Course topics are treated in a non-technical manner. These topics include personal budgeting, financial planning, cash management, credit and loans, home buying, insurance, consumer information, investing, tax planning, retirement planning, and estate planning. 3 credits.

FIN 300 PRINCIPLES OF FINANCE provides an introduction to the basic functions of financial planning, working capital management, financial markets, financial institutions, investment returns, capital budgeting methods, asset valuation, leverage, time value of money, and capital structure. Prerequisite: ACCT 203. 3 credits.

FIN 310 BASIC INVESTING examines investors' activities and decision rules in the selection and management of financial assets. The focus of the course is financial instruments such as stocks, bonds, mutual funds, and derivatives, as well as the markets in which they are traded. The course will also emphasize the analytical approach to investment decision making. Prerequisite: FIN 300. 3 credits.

FIN 315 PRINCIPLES OF INSURANCE surveys methods of dealing with risk, including risk retention, prevention, and transfer. Insurance is a major means of risk transfer. Various kinds of insurance, such as liability, property, life, health and social insurance are examined. Prerequisite: FIN 300, BUS 315 or MATH 205. 3 credits.

FIN 320 MONEY AND BANKING is a functional analysis of financial institutions with emphasis on commercial banking. It includes a review of the nature, history, and functions of money-creating depository institutions. It also includes an examination of the role of central banks and the implications of monetary and fiscal policy for economic growth, inflation, employment, trade and exchange rates. Prerequisites: ECON 222, ECON 231, and FIN 300. 3 credits.

FIN 321 FINANCIAL MATHEMATICS FOR ACTUARIES is designed to prepare students for the Society of Actuaries Exam FM (Financial Mathematics). Topics include time value of money, annuities with payments that are not contingent, loans, bonds, general cash flows and portfolios, immunization, general derivatives, options, hedging and investment strategies, forwards and futures, and swaps. Prerequisites: FIN 300, FIN 310, and MATH 202. 3 credits.

FIN 340 CORPORATE FINANCE is the second undergraduate course in corporate finance. The primary goal of this course is to impart the knowledge to allow you to intelligently solve practical business problems. To achieve this goal, it is essential that you have a sound understanding of financial theory. As such, the course will be theoretical in nature, often requiring rigorous quantitative analysis. Topics that will be covered include complex time value of money problems, security valuation, risk and return, capital budgeting techniques, the term structure of interest rates, the capital asset pricing model, dividend policy, and stock repurchases. Prerequisite: FIN 300, BUS 315 or MATH 205. 3 credits.

FIN 430 INTERNATIONAL FINANCE examines the role of international financial management with emphasis on multinational corporations. It discusses topics such as the foreign exchange market and determination of exchange rates, the exchange risk exposure as it impacts management's decisions, the multinational corporation (MNC) and foreign direct investment (FDI), the rationality of FDI flows, the management of foreign operations, and the determinants of international flows of goods and funds. Prerequisites: ECON 222, ECON 231, and FIN 300. 3 credits.

GEOGRAPHY

GEOG 220 CULTURAL GEOGRAPHY Cultural geography, or human geography, studies the interaction and integration of human achievements, needs and institutions based upon geographic location. Cultural geography investigates the development of food ways, popular culture, religion, economy, medicine, technology, crime, and human rights. In recent decades, the phenomenon of globalization has increased interconnectedness across borders transforming traditional, local cultures into global ones. Starbucks in Italy, Indian films winning American Oscars, and the increasing speed by which epidemics become pandemics characterize globalization. Fulfills core cross-cultural requirement. 3 credits.

GEOG 246 THE WORLD'S OCEANS is a study of the chemical, geologic, physical, and biological features of Earth's oceans. Topics covered include the history of oceanography, chemistry and physical properties of sea water, waves, global currents & seas, and submarine morphology. The laboratory component gives students hands-on experience learning the topics covered by the course. Cross-listed (Oceanography) SCI 246. 4 credits.

GEOG 250 ECONOMIC GEOGRAPHY is the spatial study of the world's economic development and distribution of goods and services as measured by economic indicators such as per capita income and GNP; global demographics; and cultural patterns. The class is structured on a lecture, research, and presentation basis. The primary contributors to the class will be the students using information from the text and other sources. Prerequisite: GEOG 220 or permission of instructor. 3 credits.

GEOG 271 THE GEOGRAPHY OF ISRAEL is a study of the topography, geology, hydrology, climate, forestation, urbanization, land use, transportation and political divisions of ancient Israel. Each region of ancient Israel will be surveyed for its geography. The class will then measure the impact of that geography on biblical events (historical geography) and the impact of that geography upon the narration of those events (narrative geography). Prerequisite: Rel 100 or equivalent experience. 3 credits.

GEOG 295 THE WORLD'S CLIMATES provides a physical description of the weather variables (temperature, wind, moisture, pressure, solar radiation, vorticity, etc.) and the relationships that exist among them. This knowledge will be used to explain weather events such as frontal passages, cloud formation, thunderstorms, and tornadoes. This course will also investigate techniques of forecasting future weather events. Cross-listed (Meteorology) SCI 195. 3 credits.

GEOG 311 PHYSICAL GEOGRAPHY is an integrated study of the materials & physical features of the earth and the processes that form and shape them. Map skills are also developed. Cross listed SCI 235. 4 credits.

GEOG 356 GLOBAL ENVIRONMENTAL ISSUES is a study of current concerns, problems, and progress in addressing global environmental issues. Examples from different countries and cultures will be studied to illustrate these concerns and build a global perspective on environmental issues. Crosslisted SCI 256. 4 credits.

GEOG 367 THE CARIBBEAN: ITS LAND AND PEOPLE is a field study of tropical habitats and organisms as well as their interactions with humans. Requires class travel to the Caribbean or Central America. Students will experience the influence of Spanish, French, Dutch, British, African, and US cultures on this diverse region. Crosslisted: BIO 367 (Caribbean). 3 credits.

GERMAN

GER 101 BEGINNING GERMAN I is for students who have had no previous formal course work in German. Students will begin to develop listening, speaking, reading, and writing skills in the German language. 4 credits.

GER 102 BEGINNING GERMAN II is a continuation of GER 101 and will develop those abilities in listening, speaking, reading, and writing begun in GER 101. Prerequisite: GER 101. 4 credits.

GER 201 INTERMEDIATE GERMAN I reviews of German syntax, morphology and vocabulary with readings in modern German literature. Prerequisite: GER 102 or equivalent. 3 credits.

GER 202 INTERMEDIATE GERMAN II puts continued emphasis on the refinement of German grammatical structures, reading ability, writing and conversational skills in German. Reading short stories and essays develops an appreciation of contemporary German Literature and culture. Prerequisite: GER 201 or equivalent. 3 credits.

GER 301 GERMAN CONVERSATION AND COMPOSITION provides extensive practice in conversational writing. This course is conducted primarily in the German language. Prerequisite: GER 202 or 4 years of successful high school German. 3 credits.

GER 306 GERMAN LITERATURE FROM 1750 TO THE 20TH CENTURY traces the development of German literature from the time of Lessing to the present. High reading comprehension ability in German is essential. Prerequisite: GER 202 or its equivalent. 3 credits.

GER 307 APPLIED LINGUISTICS introduces the basic terminology and concepts of linguistics as applied to the German language. It also presents the sound system, morphology, and syntax of German as compared to English and investigates topics in language acquisition. Prerequisite: GER 301. 3 credits.

GER 331 ADVANCED GERMAN GRAMMAR & COMPOSITION focuses on the review and syntax of the more difficult grammatical structures of the German language and on writing and conversational skills at the advanced level. Prerequisite: GER 301. 3 credits.

GER 361 CIVILIZATION & CULTURE OF GERMAN-SPEAKING COUNTRIES provides an overview of German history and culture from the beginnings to the present. Prerequisite: GER 202. 3 credits.

GER 365 ISSUES IN CONTEMPORARY GERMANY provides students with an opportunity to explore the issues that face a reunified German society. Prerequisite: GER 202. 2 - 3 credits.

GRAPHIC DESIGN

GD 100 DIGITAL DESIGN FUNDAMENTALS Students become familiar with digital design communication strategies by exploring a variety perceptual and conceptual problems with Adobe Photoshop, Illustrator, iLife and other software as deemed appropriate by the instructor. Fulfills creative arts requirement in the Elective Core; no prior experience with course software is required. Studio Fee. 3 credits.

GD 110 GRAPHIC DESIGN I is geared for the specific needs of graphic design and communication majors. Adobe Illustrator, InDesign and the Macintosh computing platform are introduced as the industrystandard tools for professional communication design. All Students become proficient with the software tools, a range of design strategies, and basic digital prepress concepts. Graphic Design students acquire skills needed for MIAD coop coursework. Prerequisite: recommended for Graphic Design, Communication and art majors only. Studio Fee. 3 credits.

GD 111 GRAPHIC DESIGN II is geared for the specific needs of graphic design and communication majors. Adobe Photoshop, iLife and the Macintosh computing platform are introduced as the industrystandard tools for professional communication design. All Students become proficient with the software tools, a range of design strategies, and basic digital prepress concepts. Graphic Design students acquire skills needed for MIAD coop coursework. Prerequisite: recommended for Graphic Design, Communication and art majors only. Studio Fee. 3 credits.

GD 360 WEB DESIGN I introduces students to the practical aspects of web design techniques and technology. Provides basic understanding of the major applications used in commercial website design (including but not limited to Adobe Photoshop/Image Ready, Dreamweaver and Flash) and the integration of these applications into the workflow of site design, from the initial concept to final execution. Studio Fee. 3 credits.

GD 361 WEB DESIGN II building on basic skills developed in Web Design I, students gain increased familiarity with the standard applications of web design (Photoshop/Image Ready, Dreamweaver and Flash), interweaving them to create a more advanced web experience. Overall focus centers on design, but students will also learn more intricate coding. Key topics include Cascading Style Sheets (CSS), JavaScript (JS), Extensible Hypertext Markup Language (XHTML), Application Development (with PHP scripting and MySQL databases) and ActionScripting in Flash. Prerequisite: Web Design I. Studio Fee. 3 credits.

GD 460 GRAPHIC OUTLOOK I leverages advanced layout and design techniques for electronic and print media. Graphic Outlook students utilize a variety of software including but not limited to Adobe Creative Suites, Macromedia, iLife, iWork and Microsoft Office to solve real world design problems. Includes experience in prepress and client interface. Consent of instructor required. Studio Fee. 3 credits.

GD 461 GRAPHIC OUTLOOK II provides continued instruction in advanced layout and design for electronic and print media. Students utilize advanced software such as, Adobe Creative Suites, Macromedia, iLife, iWork and Microsoft Office work to create a professional portfolio and begin to develop a client base. Prerequisite: Graphic Outlook I. Studio Fee. 3 credits.

GD 462 GRAPHIC OUTLOOK III Prerequisite: Graphic Outlook Studio Fee. 3 credits.

GD 463 GRAPHIC OUTLOOK IV Prerequisite: Graphic Outlook Studio Fee. 3 credits.

GREEK

The courses in Greek aim to acquaint the student with the language and literature, culture and thought of the ancient Greek civilization and of the New Testament world.

GRK 201 GREEK I presents elements of vocabulary, morphology, and syntax with a reading of simple Greek prose. Students will learn to recognize Greek vocabulary, to distinguish between the various parts of speech, to analyze Greek morphology, and to apply rules of syntax in order to create translations of elementary Greek texts that represent a synthesis of Greek vocabulary, morphology, and syntax. 3 credit hours.

GRK 202 GREEK II continues the presentation of elements of vocabulary, morphology, and syntax with a reading of simple Greek prose. Students will learn to recognize Greek vocabulary, to distinguish between the various parts of speech, to analyze Greek morphology, and to apply rules of syntax in order to create translations of elementary Greek texts that represent a synthesis of Greek vocabulary, morphology, and syntax. Prerequisite: GRK 201. 3 credit hours.

GRK 303 GREEK III completes the presentation of elements of vocabulary, morphology, and syntax with a reading of simple Greek prose. Students will learn to recognize Greek vocabulary, to distinguish between the various parts of speech, to analyze Greek morphology, and to apply rules of syntax in order to create translations of elementary Greek texts that represent a synthesis of Greek vocabulary, morphology, and syntax. Prerequisite: GRK 202. 3 credit hours.

GRK 304 GREEK IV consists primarily of intermediate narrative readings. These readings may come from any combination of the Gospels, the LXX, or the Church Fathers. Students will increase their knowledge of Greek vocabulary and further develop their understanding of Greek syntax. They will study the culture and genre in which the assigned texts were written while also learning about the transmission of the text of the Greek New Testament. Prerequisite: GRK 303. 3 credit hours.

GRK 403 GREEK V will consist primarily of intermediate epistolary readings from the New Testament or other Greek epistolary literature. Students will increase their knowledge of Greek vocabulary and further develop their understanding of Greek syntax. They will study the culture and genre in which the assigned texts were written while also learning about the textual apparatus used in critical editions of the Greek New Testament. Finally, they will produce an exegetical analysis. Prerequisite: GRK 304. 3 credit hours.

GRK 404 GREEK VI consists of advanced readings from the New Testament or other Greek literature. Students will increase their knowledge of Greek vocabulary and further develop their understanding of Greek syntax. They will study the culture and genre in which the assigned texts were written while also researching and writing on aspects of the Greek language. Finally, they will produce a paper on Greek grammar. Prerequisite: GRK 403. 3 credit hours.

GREEK 414 EPIC POETRY studies selected readings of such Greek poets as Babrius, Hipponax, Homer, Euripides, and Sophocles, with readings progressing from the relatively easy to the more difficult. The study of Greek prose may also be used to prepare students to read Greek poetry. Prerequisite: GRK 304. 3 credit hours.

GREEK 420 GREEK READINGS is a one credit readings course for students of all levels who wish to continue in the language in order to maintain their knowledge and ability in Greek. Prerequisite: GRK 303. 1 credit hour.

HEALTH AND HUMAN PERFORMANCE

HHP 100 INTRODUCTION TO LIFETIME FITNESS is an exposure to a variety of lecture and laboratory programs designed to give the student insights into the nutritional, physical activity and physiological values of activity. 1 credit.

HHP 105 THE WELLNESS PROGRAM introduces the student to nutritional and activity related information to foster a healthy lifestyle. This course fulfills the HHP 100 and activity requirement of the core. 2 credits.

HHP 119 DANCE introduces the student to a variety of popular and traditional cultural dances. 1 credit.

HHP 120 WEIGHT TRAINING is designed to introduce the student to the principles and techniques of weight training through the use of weight machines and free weights. Prerequisite: HHP 100. 1 credit.

HHP 121 BEGINNING TENNIS introduces the student to the basic ground strokes of tennis, develops an elementary serving skill and familiarizes the student with the basic rules of the sport. 1 credit.

HHP 122 BADMINTON introduces the student to singles and doubles strategies along with developing serving style and basic strokes. 1 credit.

HHP 124 AEROBICS is designed to expose the student to a variety of different aerobic activities, help the student understand how to structure these activities to meet personal fitness goals, and assist the student in becoming more aware of the experiential nature of aerobic activity. Prerequisite: HHP 100. 1 credit.

HHP 125 GOLF introduces the grip, stance, and swinging pattern designed for successfully striking the golf ball. The putting stroke along with club selection, rules, and proper etiquette are also explained. 1 credit.

HHP 126 ARCHERY introduces the student to the equipment and shooting procedures used in archery. Safety is stressed as students attempt to become skilled in this unique sport. 1 credit.

HHP 129 BOWLING introduces the approach, release, and delivery for satisfactory participation in the recreational sport of bowling. Scoring, strike adjustment systems, and spare conversion techniques are also presented. 1 credit.

HHP 130 ADVANCED WEIGHT TRAINING analyzes the techniques and skills of weight training to achieve individual goals. The course will go over various core lifts, Olympic lifts, and repetition strength testing. Prerequisite: HHP 120 or consent of instructor. 2 credits.

HHP 131 SOCCER introduces the student to offensive and defensive skills needed to play soccer successfully. Dribbling, passing, shooting, heading, feinting, guarding, and goal keeping are among the skills covered. 1 credit.

HHP 132 BASKETBALL develops a student's basic offensive and defensive skills. Basic team concepts are developed along with an increased awareness of rules and strategies. 1 credit.

HHP 133 BEGINNING VOLLEYBALL is an entry level course, which emphasizes the development of basic volleyball skills and team systems. Attention is also given to the history and rules of volleyball. 1 credit.

HHP 134 SOFTBALL is designed to develop and refine throwing, catching, fielding, hitting and baserunning skills. Rules and strategies for slow pitch softball are also covered. 1 credit.

HHP 145 RUNNING FOR FITNESS will meet formally once a week to discuss training, nutrition, strategy, injury prevention and treatment and other performance-based topics. In addition, students in this course will be introduced to literature related to the sport—fiction and non-fiction, technical and philosophical, for regular discussion. Along with formal classroom sessions, students will join faculty for regular training runs to build up toward the targeted goal. Prerequisite: HHP 100. 1 credit.

HHP 149 WELLNESS BOOT CAMP introduces the student to nutritional, physical, and mental activities for lifetime wellness and fitness. 1 credit.

HHP 160 WALKING FOR WELLNESS is designed to utilize walking for fitness development, stress reduction, and personal wellness. 1 credit.

HHP 161 OUTDOOR ADVENTURE I: KAYAK/CANOE is designed to give students the basic skills and information needed to successfully and safely participate in the sport of kayaking and canoeing. Students will be given hands-on opportunities in the various skills and techniques of kayaking and canoeing. Topics to be covered are: safety, paddle strokes, personal equipment, basic map reading, and river reading. 1 credit.

HHP 162 OUTDOOR ADVENTURE II: ROCK-CLIMBING/RAPPELLING is designed to give students the basic skills and information needed to successfully and safely participate in the sport of rock-climbing and rappelling. Students will be given hands-on opportunities in the various skills and techniques of rock-climbing and rappelling. Topics to be covered are: types of ropes, knot(s), webbing, anchors, edge protections, personal equipment, figure 8 descenders, and accompanying hardware necessary for safe sport participation. 1 credit.

HHP 163 FRESHMAN FAST-TRACK I will allow each student the opportunity to practice athletic training and basic psychomotor skills (hands-on). 2 credits.

HHP 164 FRESHMAN FAST-TRACK II will allow each student the opportunity to practice advanced athletic training and basic psychomotor skills (hands-on). Prerequisite: HHP163 or consent of instructor. 1 credit.

HHP 165 CYCLING is designed to introduce the student to cycling as a form of aerobic exercise. Basic care and maintenance of equipment, safety, and riding techniques will be covered as well as the relationship between cycling and wellness. 1 credit.

HHP 166 HIKING introduces the student to the basic skills, nutritional demands, and safety aspects of hiking. 1 credit.

HHP 167 STUNTS AND TUMBLING introduces students to introductory and intermediate level tumbling skills such as forward, shoulder, backward, and log rolls, cartwheels, round-offs, and neck springs. Balances such as tripod, elbow, head, and hand will also be learned along with simple stunts. Spotting techniques and safety measures will also be emphasized. Must be a physical education major and enrolled in HHP 208 simultaneously. 1 credit.

HHP 168 PICKLEBALL introduces students to basic skills and concepts of pickleball. This recreational activity course will include beginning skills, rules, and strategies of play. Singles and doubles play will be utilized. 1 credit.

HHP 171 INTRODUCTION TO EXERCISE SCIENCE introduces students to the field of exercise science and the Department of Health & Human Performance at Concordia University Wisconsin. The fields of athletic training, exercise physiology, health education and physical education are covered as students receive an overview of each field for the first seven weeks. The second seven weeks are used to give students the opportunity to investigate through clinical experiences the nature and scope of their particular field of interest. 1 credit.

HHP 205 FIRST AID AND EMERGENCY PROCEDURES will prepare students to make appropriate decisions regarding first aid care and to act skillfully on those decisions. Students will be given the opportunity to take the American Red Cross Certification Examinations for both Community CPR and Standard First Aid. Students will also address special concerns in the athletic population such as equipment removal, stabilization, and airway management. First Aid and Emergency Procedures Lab will allow students the opportunity to practice first aid and CPR skills in a controlled environment and to make life-saving decisions on practice mannequins. Students will also perform carries and transportation techniques on suspected spine-injured victims. 3 credits.

HHP 208 DEVELOPING TEACHING SKILLS IN PHYSICAL EDUCATION introduces physical education majors to basic knowledge, concepts and skills of teaching. National, State and local standards and teaching practices are introduced. Concepts related to best practice teaching (e.g., unit and lesson plan development, skill level analysis, appropriate feedback) are explored. This course serves as a pre-requisite to all "teaching courses" within the Physical Education Major program. 2 credits.

HHP 209 FIRST AID AND CPR is an American Red Cross training program designed to prepare individuals to respond to injuries and sudden illnesses that may arise. Students will gain the knowledge and skills to prevent, recognize, and provide basic care for injuries and sudden illnesses until medical professionals arrive and take over. AED instruction is included. 2 credits.

HHP 250 TEACHING CORE ACTIVITIES II – RECREATIONAL DANCE includes instruction in methods, skills, knowledge and procedures for performing and teaching various dance forms and dance related activities such as folk, square, ballroom, and line dancing. Teaching progressions, music selection, and class organization will be emphasized. Rhythms and current trends will be included. Teaching opportunities in a clinical setting will also be required. Prerequisite: HHP 171, HHP 208. 3 credits.

HHP 254 TEACHING CORE ACTIVITIES I – FOUNDATIONS OF FITNESS this course provides students with the knowledge and skills necessary to teach elementary and secondary school students the cognitive, affective, and behavioral skills for a healthy lifestyle. The course is based upon the five health-related components of physical fitness. Prerequisite: HHP 171, HHP 208. 3 credits.

HHP 260 SCHOOL AND COMMUNITY HEALTH seeks to provide participants with a greater understanding of the factors that contribute to individual and societal health. Current health status, health behavior trends and health decisions are discussed and correlated as actions that may reduce risk of disease. Participants will also integrate themselves into the community to learn and share more about health care providers. 3 credits.

HHP 265 HEALTHY LIFESTYLES focuses on the knowledge and skills that are essential to preventing or delaying various health problems. Emphasis will be placed on preventing cardiovascular disease, diabetes and cancer. The information presented and the activities experienced will assist the students in making educated decisions regarding healthy behavior patterns. 3 credits.

HHP 272 INTRODUCTION TO ATHLETIC TRAINING is designed to give the student an understanding of the field of athletic training and to develop knowledge, skills, and values of the various components related to the athletic training profession. 3 credits.

HHP 275 ADMINISTRATION AND ORGANIZATION OF SPORT introduces the student to administrative and organizational policies, procedures, budget principles, public relations, legal considerations, event management, safety consideration and other issues at all levels of sport. Students are involved in selected hands-on experiences at various levels and types of participation. 3 credits.

HHP 280 PSYCHOLOGY OF SPORT introduces students to various psychological tools and techniques designed to help athletes reach their potential. This course covers assessment strategies, trends and measurement techniques. It provides students with strategies for assisting athletes to perform well. 3 credits.

HHP 281 THEORY AND TECHNIQUES OF COACHING SOFTBALL provides students with the theoretical and philosophical information necessary for the successful coaching of softball as well as skill analysis, drill development, tactics, strategies and other coaching techniques. 2 credits.

HHP 282 THEORY AND TECHNIQUES OF COACHING BASKETBALL provides students with the theoretical and philosophical information necessary for the successful coaching of basketball as well as skill analysis, drill development, tactics, strategies and other coaching techniques. 2 credits.

HHP 284 THEORY AND TECHNIQUES OF COACHING FOOTBALL provides students with the theoretical and philosophical information necessary for the successful coaching of football as well as skill analysis, drill development, tactics, strategies and other coaching techniques. 2 credits.

HHP 286 THEORY AND TECHNIQUES OF COACHING TRACK AND FIELD provides students with the theoretical and philosophical information necessary for the successful coaching of track and field. Event analysis, training theory, individual and team strategies and other coaching techniques are covered. 2 credits.

HHP 287 THEORY AND TECHNIQUES OF COACHING SOCCER provides students with the theoretical and philosophical information necessary for the successful coaching of soccer as well as skill analysis, drill development, tactics, strategies and other coaching techniques. 2 credits.

HHP 288 THEORY AND TECHNIQUES OF COACHING VOLLEYBALL provides students with the theoretical and philosophical information necessary for the successful coaching of volleyball as well as skill analysis, drill development, tactics, strategies and other coaching techniques. 2 credits.

HHP 289 ATHLETIC TRAINING SEMINAR is designed to have all levels of athletic training students meet to study specific athletic training competencies. Opportunities will also be provided for outside speakers in the medical field to present on various topics specific to athletic training competencies. This course is taken consecutively for six semesters beginning with the first semester in the Athletic Training Education Program. 1 credit.

HHP 290 THEORY AND TECHNIQUES OF COACHING WRESTLING provides students with the theoretical and philosophical information necessary for the successful coaching of wrestling. Execution and analysis of moves, drill development, tactics, strategies and other coaching techniques are covered. 2 credits.

HHP 291 ATHLETIC TRAINING PRACTICUM I is designed to formally structure clinical experience specific to the first semester of enrollment in the Athletic Training Educational Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisites: HHP 272/273. 3 credits.

HHP 292 ATHLETIC TRAINING PRACTICUM II is designed to formally structure clinical experience specific to the second semester of enrollment in the Athletic Training Educational Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisites: HHP 291. 3 credits.

HHP 301 REHABILITATION TECHNIQUES OF ATHLETIC INJURIES involves the study, methods, and application of rehabilitation techniques as they relate to athletic injuries. Prerequisites: HHP 272/273. 3 credits.

HHP 302 REHABILITATION TECHNIQUES OF ATHLETIC INJURIES LABORATORY is a laboratory investigation of the various rehabilitation techniques used with common athletic injuries. 0 credits.

HHP 303 THERAPEUTIC MODALITIES introduces the student to the physiological principles and applications of cryotherapy, thermotherapy, electrostimulation, massage, intermittent compression, traction, and hydrotherapy. This course will explore the various applications of modalities as they relate to orthopedic athletic injuries. Prerequisites: BIO 171/272 or BIO 171/276 or BIO 181/282 or HHP 272/273. 3 credits.

HHP 304 THERAPEUTIC MODALITIES LABORATORY is an investigation and application of modalities commonly used for athletic injuries. The student will have the opportunity to analyze and use ultrasound, diathermy, massage, paraffin bath, hydrocolator packs, intermittent compression, various electrical stimulation devices, whirlpool usage, mechanical traction, and various cryotherapy methods. 0 credits.

HHP 312 ADMINISTRATION AND ORGANIZATION OF ATHLETIC TRAINING exposes the student to management theory, budget preparation, care and purchase of equipment/modalities, legal considerations, athletic training facility design and management, and public relations. It also addresses the administration and organization of athletic training rooms in non-traditional settings. Prerequisites: HHP 272/273. 3 credits.

HHP 330 MANUAL MUSCLE TESTING introduces the various positions and techniques of manual muscle testing. Prerequisites: HHP 272/273, or BIO 171/272 or BIO 171/276 or BIO 181/282. 2 credits.

HHP 342 NUTRITION FOR WELLNESS AND PERFORMANCE introduces the student to the principles of nutrition for wellness. It emphasizes the importance of good nutrition to promote a healthy lifestyle, enhanced performance, prevent injury and foster wellness throughout life. Real world application is emphasized. Environmental concerns, hunger, and consumerism are also discussed. 3 credits.

HHP 348 PALPATORY ANATOMY OF THE HUMAN BODY is an investigation of the various musculoskeletal structures of the human body. Students will learn and apply palpatory techniques in identifying musculoskeletal structures. Prerequisites: HHP 272/273, BIO 171/271, and BIO 172/273. 2 credits.

HHP 355 TEACHING CORE ACTIVITIES III – METHODS, SKILLS AND ACTIVITIES includes instruction in theories, techniques, and progressions of various sport activities. Students will be given the opportunity to practice-teach in a variety of physical activities and lifetime sports. Unit and lesson plans will be completed. Teaching methodologies, skill progressions, authentic assessment and developmentally appropriate content material will be addressed. Prerequisite: HHP 171; HHP 208. 3 credits.

HHP 356 - TEACHING CORE ACTIVITIES IV – METHODS, SKILLS AND ACTIVITIES focuses on the development of teaching methods and pedagogies of a variety of sports and activities within a physical education environment. Particular attention will be paid to analysis of skill execution and use of cues. Teaching knowledge, progressions and skills which cut across activities will be addressed. Lesson and unit plan development will be emphasized with a focus on authentic assessment techniques. Prerequisites: HHP 171; HHP 208; HHP 355. 3 credits.

HHP 361 TECHNOLOGY IN HEALTH AND HUMAN PERFORMANCE will show students how to incorporate technology into the classroom, gymnasium, recreation venues and related health facilities. The course will give students the opportunity to access, use, interpret, utilize and evaluate various sources of information technology. Concepts related to best practice teaching (e.g., unit and lesson plan development, application of technology to assist in fitness assessment, lifelong activity engagement, and individual wellness pursuits) are explored. 3 credits.

HHP 371 EXERCISE PHYSIOLOGY involves the application of anatomical and physiological processes to human movement, physical performance and rehabilitation. Prerequisites: BIO 181 and/or BIO 182. Primarily for Physical Education majors. 3 credits.

HHP 372 RECOGNITION AND EVALUATION OF ATHLETIC INJURIES I involves the study of the assessment and management of athletic injuries to the foot, ankle, lower leg, knee, shoulder, elbow, wrist and hand. HHP 374 must be taken in conjunction with HHP 372. Prerequisites: HHP 272/273, BIO 171/272 or BIO 171/276 or BIO 181/282. 3 credits.

HHP 373 MOTOR DEVELOPMENT focuses on developmental principles as they apply to movement and are influenced by the maturational process. An integrative approach will be used emphasizing the role of movement and physical activity in an individual's total growth and development from birth through adulthood. Youth sport will also be studied. 3 credits.

HHP 374 RECOGNITION AND EVALUATION OF ATHLETIC INJURIES I LABORATORY is an investigation into goniometry, anatomy, and the evaluation components of assessing athletic injuries to the foot, ankle, lower leg, knee, shoulder, elbow, wrist and hand. It is designed to be taken in conjunction with HHP 372. 0 credits.

HHP 375 BIOMECHANICS provides students with an understanding of mechanical principles such as force, inertia, momentum, and friction. Students will have the opportunity to apply these principles to various movement, rehabilitation and skill activities. Prerequisites: BIO 181. 3 credits.

HHP 376 RECOGNITION AND EVALUATION OF ATHLETIC INJURIES II involves the study of the assessment and management of athletic injuries to the thigh, pelvis, abdomen, spine, head/cervical, heat/cold emergencies and cardiopulmonary conditions. Prerequisites: BIO 171/272 or BIO 171/276 or BIO 181/282, HHP 272/273, HHP 372/374. 3 credits.

HHP 378 RECOGNITION AND EVALUATION OF ATHLETIC INJURIES II LABORATORY is an investigation into the anatomy, and the evaluation components of assessing athletic injuries to the thigh, pelvis, abdomen, spine, head/cervical, heat/cold emergencies and cardiopulmonary conditions. It is designed to be taken in conjunction with HHP 376. 0 credits.

HHP 381 CURRICULUM AND METHODS OF TEACHING SECONDARY PHYSICAL EDUCATION introduces the student to a variety of physical education concepts, pedagogical practices and age-appropriate activities for teaching physical education and health in secondary schools. Concepts, teaching methods, curriculum development and authentic assessment strategies introduced in previous courses will be expanded upon. Opportunities to apply and put educational theory into practice will be provided. Students will "practice teach" in both the classroom and the gymnasium. They will create materials needed as a future teacher. Prerequisites: HHP 171, HHP 167, HHP 208, HHP 250, HHP 254, HHP 355, and HHP 356. 3 credits.

HHP 391 ATHLETIC TRAINING PRACTICUM III is designed to formally structure clinical experience specific to the third semester of enrollment in the Athletic Training Education Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisite: HHP 292. 3 credits.

HHP 392 ATHLETIC TRAINING PRACTICUM IV is designed to formally structure clinical experience specific to the fourth semester of enrollment in the Athletic Training Education Program. It includes observation and hands-on experience at Concordia University affiliated sites. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisite: HHP 391. 3 credits.

HHP 403 ADVANCED INJURY MANAGEMENT Advanced injury management expounds on the student's knowledge of therapeutic modalities and rehabilitation principles by allowing the student to synthesize previously taught treatment options with newly introduced advanced therapeutic modalities and manual therapy techniques. This course will act as a capstone course and allow the student the opportunity to master their skills in the management of athletic injuries. Prerequisites: HHP 301/302 and HHP 303/304. 2 credits.

HHP 404 CURRICULUM AND METHODS OF TEACHING ELEMENTARY PHYSICAL EDUCATION introduces the student to a variety of physical education concepts, pedagogical practices and age appropriate activities for teaching physical education to elementary-aged children. The course focuses upon best practice principles and authentic assessment techniques as applied in the physical education setting. Students are given teaching opportunities in a variety of activities and clinical settings. Prerequisites: HHP 171, HHP 167, HHP 208, HHP 250, HHP 254, HHP 355, and HHP 356. 3 credits.

HHP 407 PROFESSIONAL FOUNDATIONS OF PHYSICAL EDUCATION AND SPORT introduces the student to the fundamental knowledge, concepts and principles of sport. The history, social, ethical, psychological, and cultural interactions and interrelatedness of a variety of peoples upon sport, physical education and physical activity are explored. This is a capstone course that requires the design, writing and presentation of a "special topic" of the student's choice in the form of a written and oral presentation. Prerequisites: HHP 171, HHP 167, HHP 208, HHP 250, HHP 254, HHP 355, and HHP 356. 3 credits.

HHP 408 PHARMACOLOGY AND ERGOGENIC AIDS is designed to examine pharmaceutical drug applications, interactions and their value to the injury-healing process and athletic performance. Ergogenic aids will be reviewed in the context of their physiological application, moral and ethical values, and athletic performance. Prerequisites: BIO 171/272 or BIO 171/276 or BIO 181/282, BIO 172/273, HHP 371 and HHP 342. 3 credits.

HHP 410 MEASUREMENT AND EVALUATION IN HEALTH AND PHYSICAL EDUCATION focuses on assessment techniques in health and physical education. This course discusses and provides methods for creating appropriate assessments, models for performance-based assessments, authentic assessments, and instruction for administering skill and fitness tests. Test construction will be examined. Students will develop a battery of assessment tools, intended for use at the elementary, middle, and high school levels. 3 credits.

HHP 412 ADAPTED PHYSICAL EDUCATION includes the study of those conditions and unique needs of the special needs child in the physical education environment. This course provides the student with knowledge of specific disabilities and impairments as they relate to a physical education and recreational setting. Concepts of inclusion and least restricted environments are presented. Teaching techniques, progressions and program modifications are reviewed for various environmental situations. This course works in conjunction with HHP 450. Prerequisite: ED 230. 3 credits.

HHP 414 WOMEN IN SPORT is designed to critically analyze the structure and relationship of women in sport. The primary focus will be women in sports in the United States. However, when possible and relevant the course will refer to women and sport in other societies. Areas that will be investigated include: gender issues; a historical perspective; government policy; institutionalization of women's sport; psychological perspectives; economics of sports and women; and changing times-issues and controversies. Recommended juniors and seniors. 3 credits.

HHP 428 MOVEMENT SKILLS IN EARLY CHILDHOOD familiarizes the student with the reflective approach to teaching skill themes and movement concepts. Students will gain an understanding of the techniques involved in skillfully teaching the fundamental motor skills to young children and learn to apply this knowledge in a clinical setting. 2 credits.

EXPH 442 EXERCISE TESTING AND PRESCRIPTION focuses on the theoretical and applied knowledge required to conduct safe and effective graded exercise tests and fitness evaluations for healthy and "at risk" populations. Students will be expected to design effective exercise programs based on the evaluative tests. Clinical Exercise Physiology including basic electrocardiography, cardiovascular medications, and client/patient risk stratification is included in the course. Additional lab time required. Prerequisite or co requisite: HHP 371. 4 credits.

HHP 450 CURRICULUM AND METHODS OF HEALTH EDUCATION introduces the student to general principles and methods of teaching health education. Emphasis will be placed upon pedagogy, application of appropriate materials, teaching aids, and evaluating effective health resources. Prerequisites: HHP 100 or 105, HHP 260, and HHP 265. 3 credits

EXPH 460 INTERSHIP FOR EXERCISE PHYSIOLOGY is designed to expose students to various aspects involved with health care and rehabilitation in either a clinical or non-clinical setting. Although the student is only at the pre-professional level, he/she can be involved in the observation, assistance, and discussion of patients' treatment and care, as the experienced professional deems appropriate. 3-6 credits.

EXPH 470 EXERCISE PHYSIOLOGY Fall semester course of the EXPH 470/471 sequence. Involves the application of beginning and more advanced anatomical and physiological processes to human movement, physical performance and rehabilitation. Prerequisites: BIO 181/182. 4 credit hours.

EXPH 471 ADVANCED EXERCISE PHYSIOLOGY is an in-depth look at the acute and chronic adaptations of the body to physical stress. Energy metabolism, cardiorespiratory physiology, endocrine physiology, and body composition analysis are some of the areas of emphasis in the course. Laboratory participation involving maximal oxygen consumption testing, body composition analysis, blood lactate analysis, spirometry, and submaximal aerobic capacity tests is expected of all students. Prerequisite: EXPH 470. 4 credits.

EXPH 475 SEMINAR IN EXERCISE PHYSIOLOGY requires students to select research articles from current topics in Exercise Physiology. Students will analyze, evaluate and discuss the methodology of the selected research topics. In addition, the importance of the Institutional Review Board in conducting research will be covered as a preparation for HHP 495 Senior Seminar's research project. Prerequisites: MATH 205, HHP 471. 2 credits.

EXPH 480 STRENGTH AND CONDITIONING PROGRAM DESIGN will examine the various anatomical and physiological aspects associated with strength and conditioning. This course will provide an application of exercise physiological and biomechanical principles to the design of strength and conditioning programs. The students will have opportunities to analyze and design a strength and conditioning program for athletes from various sports or for individuals with special needs. Prerequisites: EXPH 470. 3 credits.

HHP 489 PRACTICUM IN ADAPTED PHYSICAL EDUCATION introduces the student to a clinical experience with an adaptive cohort. Must be taken simultaneously with HHP 412. 0-1 credits.

HHP 490 PRACTICUM IN COACHING is designed to give the student-coach an opportunity to gain field experience by working with a community sports program under the direction and guidance of an experienced coach. Taken after all other coaching courses are completed. 1-3 credits.

HHP 491 ATHLETIC TRAINING PRACTICUM V is designed to formally structure clinical experience specific to the fifth semester of enrollment in the Athletic Training Education Program. This course will give the student the opportunity to pursue an internship-style experience with a Concordia University affiliated site. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisite: HHP 392. 4 credits.

HHP 492 ATHLETIC TRAINING PRACTICUM VI is designed to formally structure clinical experience specific to the sixth semester of enrollment in the Athletic Training Education Program. This course will give the student the opportunity to pursue an internship-style experience with a Concordia University affiliated site. The purpose of this course is to incorporate specific clinical proficiencies with real life athletic and injury situations. Prerequisites: HHP 491. 4 credits.

HHP 493 SENIOR SEMINAR FOR ATHLETIC TRAINING will offer the student the opportunity to explore topics in athletic training/sports medicine under the direction of the instructor. Intensive study, critical examination and analysis of pertinent research will form the basis of the course. Seminar work may include individual and/or group investigation of topics, problems, or issues with written and oral presentation. Senior status required. 3 credits.

EXPH 494 EXERCISE AND CHRONIC DISEASE is intended to examine the characteristics, physiological responses, and exercise adaptations of individuals with select chronic diseases. Includes neuromuscular disease, cardiopulmonary disease, musculoskeletal disease, cancer, and metabolic disorders. Emphasis will be on basic pathophysiology plus exercise limitations, responses, and adaptations for each disease state. Prerequisite: HHP 442. 3 credits.

EXPH 495 SENIOR SEMINAR IN EXERCISE PHYSIOLOGY involves the design and conducting of an Exercise Physiology-related research study in collaboration with other students in the class. Students will submit an IRB application, conduct the research, analyze the data, and present the results. Potential exists for the submission of the research project to a regional or national Exercise Physiology organization for publication. Senior status required. 3 credits.

HEBREW

HEBREW 301 HEBREW I presents elements of vocabulary, morphology, and syntax with a reading of simple Hebrew prose. Students will learn to recognize Hebrew vocabulary, to distinguish between the various parts of speech, to analyze Hebrew morphology, and to apply rules of syntax in order to create translations of elementary Hebrew texts that represent a synthesis of Hebrew vocabulary, morphology, and syntax. 3 credit hours.

HEBREW 302 HEBREW II presents elements of vocabulary, morphology, and syntax with a reading of simple Hebrew prose. Students will learn to recognize Hebrew vocabulary, to distinguish between the various parts of speech, to analyze Hebrew morphology, and to apply rules of syntax in order to create translations of elementary Hebrew texts that represent a synthesis of Hebrew vocabulary, morphology, and syntax. Prerequisite: HEB 301. 3 credit hours.

HEBREW 401 HEBREW III completes the presentation of elements of vocabulary, morphology, and syntax with a reading of simple Hebrew prose. Students will learn to recognize Hebrew vocabulary, to distinguish between the various parts of speech, to analyze Hebrew morphology, and to apply rules of syntax in order to create translations of elementary Hebrew texts that represent a synthesis of Hebrew vocabulary, morphology, and syntax. Prerequisite: HEB 302. 3 credit hours.

HEBREW 402 HEBREW IV consists primarily of simple to intermediate narrative readings. Students will increase their knowledge of Hebrew vocabulary and further develop their understanding of Hebrew syntax. They will also study the culture and genre in which the assigned texts were written while learning about the transmission of the text of the Hebrew Old Testament. Prerequisite: HEB 401. 3 credit hours.

HEBREW 411 HEBREW STUDIES will consist primarily of intermediate readings from the Hebrew Old Testament. Students will increase their knowledge of Hebrew vocabulary and further develop their understanding of Hebrew syntax. This course will fit the specific needs or interests of the students involved. Prerequisite: HEB 402. 3 credit hours.

HEBREW 412 HEBREW READINGS is a one credit readings course for students of all levels who wish to continue in the language in order to maintain their knowledge and ability in Hebrew. Prerequisite: HEB 401. 1 credit hour.

HEBREW 413 HEBREW V will consist primarily of intermediate poetic readings from the Old Testament. Students will increase their knowledge of Hebrew vocabulary and further develop their understanding of Hebrew syntax, especially as that syntax and vocabulary are affected by the genre of poetry. They will also study the culture and genre in which the assigned texts were written while learning about the textual apparatus used in critical editions of the Hebrew Old Testament. Prerequisite: HEB 402. 3 credit hours.

HEBREW 414 HEBREW VI will consist of advanced readings from the Hebrew Old Testament. Students will increase their knowledge of Hebrew vocabulary and further develop their understanding of Hebrew syntax. They will also study the culture and genre in which the assigned texts were written. Prerequisite: HEB 413. 3 credit hours.

HISTORY

HIST 103 CIVILIZATION AND WORLDVIEWS: HISTORY provides the student with an examination of the chronology and major themes of Western Civilization through study of primary and secondary sources. Fulfills core history requirement. 3 credits.

HIST 153 AMERICAN CIVILIZATION surveys the history of the United States from pre-Columbian America to the present, and explores political, ideological, social and religious changes that have occurred in the American story. 3 credits.

HIST 163 NON-WESTERN WORLD surveys the peoples and cultures of modern Africa, Asia, the Middle East, the Pacific Rim, and South America, providing the students background to make sense of these increasingly important regions in the world. 3 credits.

HIST 208 HISTORY OF CHRISTIANITY offers a broad introduction to the history of Christianity, from its beginnings, through the Reformation, to the modern era. Major events, key figures, doctrinal developments, denominational distinctions and significant challenges to Christianity will be emphasized. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 210 HISTORY OF FOOD examines the history of food, beginning with the Neolithic revolution that gave rise to agriculture and animal domestication and ending with the quandaries over diet that plague modern society. The course will highlight food economically, socially and culturally, looking at how different societies have procured sustenance, and how they have attached different meanings to what they consume. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 215 THE CIVIL WAR explores the period 1861-1865 when the country was rent apart by the most divisive war in American history, the war which has to a large degree shaped current American political, economic, and social realities. Though the course will examine the historical context in which the war unfolded, the military aspects of the Civil War will receive significant attention. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 221 THE ANCIENT WORLD examines the major cultures of the ancient Near East (Egyptian, Assyrian, Babylonian, etc.) from the earliest times to development of Archaic Greece, and in so doing offers a backdrop to the ancient world of the Old Testament and the classical era of the Greeks and Romans. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 235 RATS, LICE & MICE: HISTORY OF DISEASES & EPIDEMICS examines the global history of medicine and disease from antiquity until the 20th century. The overall theme is the biological and cultural impact of disease (especially epidemics) on society. The course focuses upon major historical infectious disease outbreaks e.g. plague, smallpox, AIDS, Ebola and examines the course of the disease, medical/health responses to the disease and the political/economic/cultural/social impacts upon the affected societies.

HIST 240 ANCIENT CIVILIZATIONS surveys ancient civilizations across the globe, with particular emphasis upon religion, geography and culture. The course examines civilizations located in Asia, India, South America, and North America. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 241 INTRODUCTION TO LATIN AMERICA explores the history and culture of Central and South America and the Caribbean from the Aztecs, Incas, and Mayas to the present. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 243 MODERN AFRICA examines the political, economic, social and ethnic issues confronting contemporary Africa. Various historical issues are explored in the course, including the Atlantic slave trade, 19th-century imperialism, colonialism, post-war decolonization, ethnic conflicts, AIDS and globalization. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 246 HISTORY OF JAPAN introduces the history of Japan, emphasizing Japan's distinctive cultural, spiritual, political, educational, artistic, and social life. The antecedents of modern Japan can be traced to ancient and feudal times. Students will explore comparisons and contrasts between the cultures of Japan and the United States. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 250 MODERN MIDDLE EAST surveys the rise and disintegration of the Ottoman Empire as well as later 20th-century developments in the Middle East, with particular emphasis on the Arab-Israeli conflict. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 270 ASIA ON FIRE surveys the various conflicts (including World War II, the Chinese Civil War, Korean War, etc.) occurring on the Asian continent and Pacific Rim during the 20th century with particular emphasis upon how these conflicts impacted the Asian peoples and their struggles for independence. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 277 BYZANTIUM overviews the history of the Byzantine Empire, starting with the division of the Roman Empire into Eastern and Western halves in the 4th century A.D. to the fall of Constantinople, the capital of the Byzantine Empire, to the Ottoman Turks in 1453. Students will explore political, cultural, religious and social aspects of the Empire as well as its relations with various regions, particularly Western Europe, the emerging Russia, and the Islamic world. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 284 IMPERIAL CHINA explores China's ancient history and introduces students to ancient Chinese culture through a number of cultural activities. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 285 MODERN CHINA examines China's modern history from the Qing dynasty to the present. It also introduces students to Chinese culture through a number of cultural activities. Fulfills core cross-culture requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 295 AMERICA AND VIETNAM examines the history of two quite different countries from the period of colonization to the fall of Saigon in 1975. Both countries will be studied in terms of political, economic, religious, social, and diplomatic trends. Particular consideration will be given to the impact the Vietnam conflict had upon the course of history in both the United States and Vietnam. Fulfills core cross-culture requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 309 EARLY AMERICA, 1492-1787 examines the early heritage of the United States from the Native Americans to the Constitution of 1787. The course explores such topics as the beginnings of our multi-cultural society, the growth of representative government, and the diverse economic and social values in early America. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST/PSY 316 SOCIOPATHS IN HISTORY explores well-known and lesser-known leaders, criminals and other figures in a historical and psychological context. It features in depth exploration of the featured individuals' lives, historical and political time frame in which they lived, pathological behaviors exhibited, analysis of mental health issues/diagnoses as well as actual and hypothetical treatment/consequences. The course format includes lecture, discussion, group work and case study analysis.

HIST 322 THE CLASSICAL WORLD surveys the history of Classical Greece, the Hellenistic World, Ancient Rome, and early Christianity with emphasis upon political, social, religious, and cultural elements. Students will explore how these cultures influenced each other and the modern world. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 330 HISTORY OF MODERN EUROPE studies developments in European social, political, economic, religious, and cultural history from the French Revolution to the present. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 351 INDUSTRIAL AMERICA, 1861-1920 explores the development of the United States from an agrarian to an industrial nation and from a hemispheric to a world power. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 352 UNITED STATES AS A WORLD POWER, 1920-PRESENT studies the political, economic, social, and intellectual development of the United States since World War I. Several important events and representative figures of the period will be studied in depth. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 356 THE MIDDLE AGES surveys the political, economic, religious, cultural and social development of Europe from the fall of the Roman Empire through the 14th century. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 358 RENAISSANCE/REFORMATION EUROPE presents an overview of European history from the 13th to the 17th centuries, with especial emphasis upon the Renaissance and Reformation. Students will explore how these movements impacted the development of Western Civilization in general and Europe in particular. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 360 REVOLUTIONARY EUROPE surveys the history of Europe in the 17th and 18th centuries, a period during which Europe experienced revolutions of all kinds—political, religious, scientific, technological, military, economic—and witnessed some of the greatest political, cultural and intellectual changes in European history. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 363 WOMEN IN AMERICA introduces students to significant worldviews and major events that affected women's history in the United States. The students will examine women's involvement within the major social institutions of America, and what role women have played in economics, education, family, politics, and religion from early settlement to current times. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 364 AMERICAS explores the twentieth-century history of Central and South America and the Caribbean in a multidisciplinary fashion. Fulfills core cross-cultural requirement. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 380 AMERICAN REPUBLIC, 1788-1860 studies the history of the United States from Washington's administration to the Civil War, exploring the political, economic, social, and intellectual growth of the nation. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 385 HISTORICAL METHODS introduces students to the nature and theory of history through the study of past developments in historical research and writing. Students will explore the work of the historian and the concept of historiography through various exercises. In addition, students will consider the meaning of history, particularly from the Christian perspective. Prerequisite: HIST 103 and junior or senior standing. Offered Fall semester only. 3 credits.

HIST 387 FIELD EDUCATION IN HISTORY offers various opportunities for students to gain practical experience through service in the field of History particularly as a student mentor for HIST 103. Student interns will work under the supervision of a faculty supervisor. Prerequisite: Consent of the instructor. 3-6 credits.

HIST 389 AMERICA'S GAME: FOOTBALL AND SOCIETY offers perspectives on American society by examining a sport that from small town high school fields, through historic college stadiums to the majesty of the Super Bowl has captured the American spirit. The growth in the popularity of the sport coincided with the rise of the U. S. as a global power. Students will examine the rise of the NCAA, development of professional football, standardized rules, urbanization, race relations, and team relocations. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 390 BASEBALL IN AMERICA surveys the history of the United States through a very distinctive lens, that of baseball. Besides examining the game itself, the course will explore baseball's experience with race and gender issues, urbanization and industrialization, immigration and labor issues, professionalization, community loyalty and the role of the individual in American society. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 392 TRAVEL-STUDY offers the student a chance to explore civilization, culture and history through an academic course combined with a travel experience. The topics of the travel-study will rotate each year, but can include study of the Renaissance or Roman civilization with a trip to Italy; the history of modern and classical Greece with a trip to Greece; or the history and psychology of war, with a trip to England and France. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 420 NATIONAL HISTORY examines the history of a specific European country (England, France, Germany or Russia), exploring political, social, economic, religious, and other factors. The course will examine one nation; the nation under study will rotate from year to year. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 463 TOPICS IN WESTERN HISTORY provides the student with the opportunity to explore a theme, question or topic in Western history in an in-depth fashion in a seminar-style course. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 464 TOPICS IN AMERICAN HISTORY provides the student with the opportunity to explore a theme or question in American history in an in-depth fashion in a seminar-style course. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 465 TOPICS IN GLOBAL HISTORY provides the student with an opportunity to explore a theme, question, or topic in global history in an in-depth fashion in a seminar-style course. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 466 THE AMERICAN IDEA surveys the intellectual history of the United States as it intersected with American society, and will feature particular groups in the country's history, from the Puritans to the conservative movement of the late 20th century. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 470 THE FBI IN AMERICAN SOCIETY, 1924-1980 constitutes a research course in which students will employ historical methods and analytical thinking to research a topic, build a bibliography, evaluate primary and secondary sources and successfully complete a research paper. Students will utilize the resources of the FBI's online reading room to help them evaluate the role of the FBI in matters ranging from surveillance against politicians to criminal investigations to FBI counter-espionage and counter-intelligence activities. Cross-listed with JPP 470. Prerequisite: HIST 103 and junior or senior standing. 3 credits.

HIST 475 THE REFORMATIONS consists of an in-depth study of the Reformations of 16th-century Europe, including the Lutheran, Calvinist and Catholic. The student will be given the opportunity to explore in depth the ideas (theological, political, educational, etc.) and the major themes (salvation, individualism, fracturing of the Catholic Church into different denominations, education, religious war, religious toleration, etc.) through directed readings of selected texts, individual research and group projects. Prerequisite: HIST 103 or consent of the instructor. 3 credits.

HIST 480 HISTORY INTERNSHIP provides the student with the opportunity to gain practical experience in the field of History through such activities as working with a local historical society, or engaging in an advanced research project. The student will work under the supervision of a faculty advisor. Prerequisite: HIST 103 and HIST 385 and consent of the instructor. 3-6 credits.

HIST 490 SENIOR HISTORY SEMINAR is the culminating undergraduate experience in which the student will study history by researching, writing, and presenting a piece of original historical work. Prerequisite: HIST 385 and senior standing. Offered Fall and Spring semesters. 3 credits.

HOSPITALITY AND EVENT MANAGEMENT

HEM 210 - EXHIBITION OF SPECIAL EVENT MANAGEMENT This course challenges students to understand the breadth and industry standards relative to planning, implementing, evaluating and managing trade shows, exhibitions, conventions and conferences, and/or hallmark caliber events. Students will test and analyze hypothetical events and review case studies in order to prepare in-depth analysis of the proposed events, offering detailed support or critique based on their review. 3 credits.

HEM 220 - CONCESSION, CATERING, AND VENDOR OPERATION MANAGEMENT This course introduces students to the food, beverage, merchandise, and vendor relations side of hospitality and event management. This course provides the student with a diverse background of current industry knowledge in a variety of simulated professional environments allowing students to explore conventions, private event space(s), athletic facilities, and more. 3 credits.

HEM 230 CEREMONIAL MANAGEMENT This course introduces students to a variety professional and ceremonial special events (inclusive of wedding planning) and conventions that require an understanding of agendas, guest speakers, entertainment, brands, and professional groups (large and small). The social, political, economic, cultural, religious and historical influences on wedding planning decision-making and business strategies will be explored. Students will creatively design agendas, floor plans, and programs suitable for assigned events. Students will explore banquet and symposium planning, convention planning, and ceremonial planning through simulated events. Practices relevant to successful ceremonial planning and consultancy for diverse clients and settings will be reviewed.

HEM 240 - FINANCIAL ASPECTS OF HOSPITALITY AND EVENT MANAGEMENT This course provides an in-depth analysis of the financial aspects of the hospitality and event management industries. This course emphasizes the importance of financial responsibility and industry knowledge as a whole. Topics include understanding budgets, profit margins, ROI (return on investment), budget design, cost of goods sold, inventory costs, and purveyor relations. 3 credits.

HEM 290 INTRODUCTION OF HEM This Introduction to Hospitality, Event & Entertainment course examines the principles of the entertainment and hospitality industries. This course focuses on the applications of industry knowledge and exposes students to the fundamentals and best practices of hospitality, event and entertainment management. This class provides students with an in-depth look at the challenges and opportunities that are routinely faced by a manager in the context of events at entertainment, sport and event facilities.

HEM 453 HEM POLICY This course is designed to look at the total environment of hospitality and event management as viewed by top managers in the field. Concepts developed in other business and sport and entertainment business courses will be implemented in research of topics. Actual hospitality and event management issues currently being addressed at an organization or institution will be studied. Prerequisite: Senior standing in major

CRIMINAL JUSTICE AND PUBLIC POLICY

JPP 101 AMERICAN GOVERNMENT studies the basic foundations and underlying principles of American national, state, and local government. Crosslisted POLS 201. 3 credits.

JPP 102 INTRODUCTION TO LAW ENFORCEMENT studies the history, philosophy and functions of local police department, county sheriff departments, state law enforcement agencies and federal investigatory and intelligence gathering agencies. 3 credits.

JPP 103 CRIMINOLOGY studies causations of crime, including sociological, psychological, biophysiological and free will theories. 3 credits. (Crosslisted SOC 151)

JPP 104 INTRODUCTION TO COURTS studies the history, philosophy and functions of American courts. 3 credits.

JPP 105 FOUNDATIONS OF JUSTICE studies the historical formations and philosophies of our justice system and its public policies. 3 credits.

JPP 110 JUVENILE THEORY studies the organizations, functions and jurisdiction of juvenile justice agencies along with the theories and causations of juvenile crime and antisocial behavior. 3 credits.

JPP 150 INTRODUCTION TO PROBATION AND PAROLE provides an introduction to probation, supervised release and parole in the American Criminal Justice System. Students will gain an understanding of probation, parole and supervised release, administration, policy and procedures as well as insight into the best practices currently being utilized in the field. Also, this course provides insight into the difficult, but interesting work performed by probation officers and techniques utilized to manage their caseloads. 3 credit hours.

JPP 206 INTRODUCTION TO CORRECTIONS studies the history, philosophy and functions of the American correctional system. 3 credits.

JPP 207 SUBSTANTIVE CRIMINAL LAW studies definitions of law, definitions of crime, general principles of criminal responsibility, elements of the major crimes, punishments, conditions or circumstances, that may excuse criminal responsibility or mitigate punishment. 3 credits.

JPP 214 CRIMINAL INVESTIGATION studies the criminal investigation process including interviewing, crime scene analysis, collection of evidence, and analysis of issues critical to investigations. 3 credits.

JPP 245 CRIMINAL JUSTICE RESEARCH METHODS will acquaint the student with the various research skills and methods used in this discipline. Both quantitative and qualitative research strategies will be discussed, as well as issues in measurement, research design, and hypothesis formation. 3 credits.

JPP 255 STRESS MANAGEMENT introduces techniques and strategies developed for coping with or lessening the psychological, physical, and emotional effects of everyday life pressure when working in the criminal justice system, thereby improving job performance. 3 credits.

JPP 288 TERRORISM will introduce students to the phenomena of contemporary terrorism and extremism. Emphasis will be placed on extremism as a foundation for terrorist behavior, types of terrorism, and how governments and law enforcement agencies respond to terrorism. 3 credits.

JPP 308 PROCEDURAL CRIMINAL LAW examines the law relating to arrests, searches, and seizures by law enforcement officers as well as rules of evidence and courtroom procedures followed in court by prosecutors and defense attorneys. 3 credits.

JPP 310 ADMINISTRATION LAW provides the student with an understanding of the interaction of public administrative agencies with the more established sectors of government, specifically, the legislature and judiciary. This is acquired in part through analysis of the U.S. Constitution, enabling legislation, and the Administrative Procedure Act. The student develops an appreciation of the breadth of influence of these agencies, and the role of law in legitimizing and limiting the role of bureaucracies. 3 credits.

JPP 311 CRIMINAL PSYCHOLOGY studies the psychological theories of crime causation and the impact of the use of psychology on the Legal System. Crosslisted PSY 331. 3 credits.

JPP 312 FORENSIC INVESTIGATION studies crime scene investigation. 3 credits.

JPP 313 ORGANIZED CRIME studies the history, structure and operations of organized crime. 3 credits.

JPP 350 -359 SPECIAL TOPICS IN CRIMINAL JUSTICE offers courses designed to address criminal justice topics identified as attitudes, current events, knowledge, skills, and behaviors pertinent to examining the occupational, practical, and technological aspects of criminal justice. Topics for this course may change with each offering. 3 credit hours

JPP 399 CAREERS & INTERNSHIPS IN CJ presents the numerous career opportunities in the criminal justice field, while exploring opportunities to exercise in a practical manner, the skills, knowledge and responsibilities of a criminal justice practitioner. 3 credits.

JPP 400 LAW ENFORCEMENT CERTIFICATION PRACTICUM offers the JPP junior or senior the opportunity to attend any state certified law enforcement training certification academy. 40 clock hours of training equals one college credit. Limit 21 credits.

JPP 414 WHITE COLLAR/FINANCIAL CRIMES studies the history, type and methods of operation of white collar and financial crimes. 3 credits.

JPP 415 ETHICS IN CRIMINAL JUSTICE studies the many ethical problems and dilemmas confronted by the criminal justice professional. 3 credits.

LATIN

LAT 105 LATIN I: BASIC GRAMMAR & VOCABULARY provides a foundation in elementary Latin grammar and vocabulary. The class provides the framework for a deeper understanding of English, through the study of Latin models. In addition to grammar and vocabulary study in *Wheelock's Latin*, the class also reads *Livy's Early History of Rome* (in English translation) to explore the beginnings of the Roman culture. No previous study, or knowledge of Latin is assumed for this course. 3 credits.

LAT 106 LATIN II: BASIC GRAMMAR & VOCABULARY is a continuation of LAT 105, concluding the Wheelock grammar text, and reading further into *Livy's* cultural history of Rome. The students of LAT 106 will have an increased awareness of the reason for many of the rules governing standard English, as well as a firm foundation in the noble Latin language. Prerequisites: LAT 105 or approval of instructor. 3 credits.

LAT 205 INTERMEDIATE LATIN I reviews and builds upon the vocabulary and grammar introduced in LAT 105 and LAT 106. The emphasis shifts to the translation of specific passages from Roman authors. The course introduces a more intensive study of language itself, discrete from a continuing comparative study of Latin's relationship to English. Prerequisites: LAT 106 or approval of instructor. 3 credits.

LAT 206 INTERMEDIATE LATIN II is a continuation of LAT 205. The student translates more complex passages, and is introduced to various difficult idioms of the Latin language usually associated with poetic structure. The course compares and contrasts the syntactic and linguistic Latin styles of various Roman authors. Prerequisites: LAT 205 or approval of instructor. 3 credits.

LAT 305 READING IN LATIN I is designed for the student who is comfortable with translating Latin poetry and prose into English. Representative authors for this class include Caesar, Catullus, Livy, Sallust, and Tacitus. The student also sees how these authors have influenced the culture of not only their own world, but of the present age. Prerequisites: LAT 206 or approval of instructor. 3 credits.

LAT 306 READING IN LATIN II is a continuation of LAT 305, and is designed for the student who is comfortable with translating Latin poetry and prose into English. Representative authors for this class include Caesar, Catullus, Livy, Sallust, and Tacitus. The student also sees how these authors have influenced the culture of not only their own world, but of the present age. Prerequisites: LAT 305 or approval of instructor. 3 credits.

LAT 345 MAJOR LATIN AUTHORS I focuses on a single author, whose Latin writings will be explored in depth. Grammar and syntactical styles associated with this writer will be examined, as will the content of the texts, and how they relate to the culture of today. The student and the teacher will together decide on the Roman authors include Jerome, Augustine, Virgil, Petronius, Cicero, Caesar, Horace, Pliny, and Seneca. Prerequisites: LAT 306 or approval of instructor. 3 credits.

LAT 346 MAJOR LATIN AUTHORS II also focuses on a single author, whose Latin writings will be explored in depth. The Latin writer for LAT 406 will be different than the one chosen by the student and professor for LAT 405, but will focus on a similar in depth study of this author's use of language and importance to culture. Prerequisites: LAT 306 or approval of instructor. 3 credits.

LAT 385 SPECIAL TOPICS IN ROMAN CULTURE I explores a various aspects of the Roman world's impact on the world's culture in the 21st Century. The student will read and explicate various Latin texts in a thematic study. Topics could include Rome's impact on theater, government, literature, or architecture. The topics will be determined by the student and the teacher. Prerequisites: LAT 306 or approval of instructor. 3 credits.

LAT 386 SPECIAL TOPICS IN ROMAN CULTURE II also explores various aspects of the Roman world's impact on the world's culture in the 21st Century, but one different from the topic studied in LAT 305. The student will read and explicate various Latin texts in a thematic study. Topics could include Rome's impact on theater, government, literature, or architecture. The topics will be determined by the student and the teacher. Prerequisites: LAT 306 or approval of instructor. 3 credits.

LAT 405 ADVANCED LATIN GRAMMAR: PROSE is a course of brief passages by different authors designed to challenge the student's acuity with Latin grammar and syntax. Through these readings, the student will learn more about the language's idiosyncratic nature, and the manner with which different Roman authors would use Latin in unique stylistic ways to great effect. Prerequisites: LAT 306 or approval of instructor. 3 credits.

LAT 406 ADVANCED LATIN GRAMMAR: POETRY is also a course made up of poems by different authors designed to challenge the student's acuity with Latin grammar and syntax. However, Roman poetry provides even greater challenges than Latin prose. Through a close examination of various poems, the student will learn more about the language's idiosyncratic nature, and the manner with which different Roman poets would use Latin in unique stylistic ways to great effect. Prerequisites: LAT 306 or approval of instructor. 3 credits.

LAT 445 INDEPENDENT STUDY IN LATIN I: GRAMMAR invites the excelling student of Latin to create a course of study which will focus on an advanced exploration of grammar, syntax, and vocabulary. Potential subjects to be approached could be the Roman's use of the locative case or the changing function of the subjunctive mood. The topic will be determined by the student and the teacher. Prerequisites: LAT 306 or approval of instructor. 3 credits.

LAT 446 INDEPENDENT STUDY IN LATIN II: CULTURE invites the excelling student of Latin to create a course of study which will focus on an advanced exploration of the Roman culture, based upon the writings of Latin authors. Potential subjects to be approached could be the Roman government's treatment of its people, the role of "bread and circuses" in Rome, and the importance of the aquifer to Rome's world, and today's. The topic will be determined by the student and the teacher. Prerequisites: LAT 306 or approval of instructor. 3 credits.

LEGAL STUDIES

LEGL 221 CORPORATE LAW offers an in-depth survey of the various types of business organizations: sole proprietorships, partnerships, corporations, and limited liability companies. 3 credits.

LEGL 230 ENVIRONMENTAL LAW studies local, state, and federal laws, as well as rules and regulations that are designed to preserve and protect different aspects of our environment, including a general introduction to the American legal system and an overview of administrative agencies. 3 credits.

LEGL 331 ADMINISTRATIVE LAW examines the role of administrative agencies in both the federal and state governments, including their rulemaking, investigative, and judicial powers. 3 credits.

LEGL 359 CONSTITUTIONAL LAW analyzes individual rights and responsibilities as developed by the United States Supreme Court in its interpretation of the United States Constitution. Crosslisted POLS 359. 3 credits.

LIBERAL ARTS

LA 105 HIGHER EDUCATION: A NEW EXPERIENCE orients the student into Higher Education through a four phase academic program that develops community, defines needs, explores available resources, builds supportive networking, and develops a desire for Christian growth and academic excellence. 3 credits.

MANAGEMENT

MGMT 130 PRINCIPLES OF MANAGEMENT examines the principles and functions of management with an integration of line and staff relationships, theories of management, authority and responsibility, centralization and decentralization, team building, and developing policies, strategies, and tactics. 3 credits.

MGMT 336 HUMAN RESOURCES MANAGEMENT studies the functions and contributions that the Human Resources Department makes in the operation of a business. Emphasis is placed on historical and present day activities of the discipline including staffing, nurturing, performance appraisal, compensation and problem resolution regarding employees. The overall business environment is recognized as a problem source. 3 credits.

MGMT 340 ORGANIZATIONAL BEHAVIOR considers the behavior of individuals and groups within an organizational context. Students consider individual-level factors such as motivation and attitudes, group-level factors such as communication, leadership, work teams and conflict, and organizational-level factors such as organizational structure, culture, learning and change process. Pre-requisite: MGMT 130, sophomore standing or consent of instructor. 3 credits.

MGMT 360 SMALL BUSINESS ADMINISTRATION studies the problems and opportunities of managing a small company. Specific concerns of retail, service and small manufacturing firms are addressed. Location selection, financing, and operations are investigated. Prerequisite: MGMT 130. 3 credits.

MGMT 429 PRODUCTION/OPERATIONS MANAGEMENT studies the principles and problems involved in the planning, organizing, directing, and controlling of a business operation. Topics covered include location decision, design of the facility, inventory control, aggregate planning, MRP quality control, and work design. Prerequisite: Math 205 or BUS 315. 3 credits.

MGMT 450 INTERNATIONAL BUSINESS MANAGEMENT is a systematic course concerned with the challenges, problems and opportunities that face corporations operating outside their domestic environment. The emphasis will be placed upon the basic principles, concepts and techniques relevant to international business management. Other than business issues generally discussed in the fields of economics, politics, finance, marketing and law, this course stresses the integration within a global business context. Prerequisite: MGMT 130. 3 credits.

MARKETING

MKTG 131 PRINCIPLES OF MARKETING studies the basics of marketing's roles in society and within the firm. This covers marketing history, the present day practices, and future projections. 3 credits.

MKTG 223 PUBLIC RELATIONS surveys the techniques and procedures used to secure publicity in business and politics, as well as manage responses to public issues affecting the publicity-seeking business, person, or organization. Topics covered include: identifying publics, media use, message preparation and dissemination, strategy, and ethical and legal concerns. Crosslisted as COMM 223. 3 credits.

MKTG 304 RETAIL MANAGEMENT examines the interrelationships of the total retail business activity. Since retailing involves the sale of goods and services to the ultimate consumer for personal, family, or household use, the strategic processes of determining location, buying, stock control, merchandising, accounting, finance, and organization are presented within that context. Prerequisite: MKTG 131 with a grade of C- or better. 3 credits.

MKTG 325 PROMOTION AND ADVERTISING analyses current advertising procedures. Topics include methods of approach and appeal; basic campaign strategy, copy, visualization and layout; mechanical production; relationship of behavioral sciences to advertising, their use and selection; packaging, brand identification and promotion; and market research, ethics, and consumer protection. Prerequisite: MKTG 131 with a grade of C- or better. 3 credits.

MKTG 345 E-COMMERCE examines from a marketing perspective the impact, challenges, opportunities, and costs of using the internet and intranets as integral tools in business, including business-to-business and business-to-consumer operations. Topics covered in the course include: benefits and limitations of EC, e-tailing, B2B EC, effect of EC on customer relations, EC and procurement, EC and inventory management, EC payment systems, legal and ethical concerns. The focus of the course is on EC within the discipline of marketing; however, the course will also briefly review web page design and maintenance, web programming principles, and web software agents. Prerequisite: MKTG 131 with a grade of C- or better. 3 credits.

MKTG 422 MARKETING MANAGEMENT studies marketing and the related management functions. Prerequisites: MKTG 131, ECON 231, and ECON 222 with a grade of C- or better. 3 credits.

MKTG 426 MARKETING RESEARCH presents the methods and measurements appropriate for deriving meaning for problems concerned with decisional research. Cases demonstrate the concepts and techniques of decisional research constrained by time and economic considerations. Prerequisites: MKTG 131 and BUS 315 with a grade of C- or better or instructor approval. 3 credits.

MKTG 440 INTERNATIONAL MARKETING studies marketing principles from an international perspective. It views the barriers to and benefits derived therefrom. Prerequisites: ECON 231, FIN 300, and MKTG 131 with a grade of C- or better. 3 credits.

MATHEMATICS

MATH 119 NUMBER SENSE: TEACHING PRE K-9 is the first course in a two-course sequence that presents an integrated approach to mathematics content and methods appropriate for early childhood, elementary, and middle school pre-service teachers. Emphasis is on constructing knowledge through problem solving, communication, reasoning, connecting mathematical ideas, representation, and generalization. Pre-service teachers will develop their conceptual understanding of "number". Specific number sense topics include numeration systems, number theory, concepts of numbers and operations (whole numbers, integers, fractions, decimals, percents, and ratios), estimation, and proportional reasoning. Preservice teachers will invent strategies to solve computations. 3 credits.

MATH 120 DATA AND SPACE: TEACHING PRE K-9 is the second course in a two-course sequence that presents an integrated approach to mathematics content and methods appropriate for early childhood, elementary, and middle school pre-service teachers. Emphasis is on constructing knowledge through problem solving, communication, reasoning, connecting mathematical ideas, representation, and generalization. Pre-service teachers will develop their conceptual understanding of "uncertainty" and "geometry". Topics include collecting, representing and analyzing data; concepts of chance; strategies for determining probability of events; functions; properties of 2-D and 3-D figures; transformations, similarity and symmetries; measurement systems; perimeter, area, volume, and surface area; and topology. Prerequisite: MATH 119. 3 credits.

MATH 121 INTERMEDIATE ALGEBRA continues the study of algebra combining previously acquired algebraic knowledge with new topics. Content includes: real numbers, exponents, polynomials, linear equations, quadratic equations, systems of equations, functions, graphing, rational expressions, and determinants. Prerequisite: One year of college preparatory algebra in high school or equivalent. 3 credits.

MATH 125 CONTEMPORARY MATHEMATICS studies problem solving, structure and properties of the real number systems, number theory, principles of descriptive and inferential statistics, probability and geometry topics. Emphasis is on application to real life situations. Prerequisite: One year of high school college preparatory algebra and one year of geometry or MATH 121. 3 credits.

MATH 128 COLLEGE ALGEBRA studies linear, quadratic, polynomial, exponential and logarithmic functions and their graphs, asymptotes and end-behavior of functions, inverse functions, theory of numbers, complex numbers, and applications of these. Prerequisite: Two years of high school college preparatory algebra and one year of geometry or MATH 121. 3 credits.

MATH 130 BASICS OF STATISTICS studies the basic methods of sampling and interpreting data probability, the normal distribution, correlation, hypothesis testing and confidence intervals. Prerequisite: Three years of high school college preparatory mathematics or MATH 121. For B.S.N. Completion students only. 3 credits.

MATH 150 TRIGONOMETRY provides the essential elements of trigonometry, particularly emphasizing the trigonometric functions. Prerequisite: Two years of high school college preparatory algebra and one year of geometry or MATH 121. 3 credits.

MATH 176 FINITE MATHEMATICS studies systems of equations, matrices, systems of inequalities, linear programming, mathematics of finance, combinatorics and elementary probability theory. Applications are chosen from business, life sciences, and social sciences. Prerequisite: Three years of college preparatory high school mathematics or MATH 128. 3 credits.

MATH 197 APPLIED CALCULUS studies the basic concepts of differential and integral calculus including limits, continuity, differentiation, and integration of real valued functions. Applications are chosen from business, life sciences, and social sciences. Prerequisite: MATH 128, or 4 years of high school college preparatory mathematics. 3 credits.

MATH 201 CALCULUS I studies limits, continuity and differentiation of real valued functions as well as their applications. Integration of functions and their applications are also discussed. Prerequisite: four years high school mathematics or MATH 128 and MATH 150. 4 credits.

MATH 202 CALCULUS II studies analytic geometry, integration and differentiation of the trigonometric and logarithmic functions. Techniques of integration, improper integrals, and differential equations are also discussed. Prerequisite: MATH 201. 4 credits.

MATH 203 CALCULUS III studies sequences and series, vectors and vector-valued functions, differential equations, partial derivatives, and multiple integration with applications. Prerequisite: MATH 202. 4 credits.

MATH 205 STATISTICS I studies the basic methods of sampling and interpreting data, probability, the normal distribution, correlation, hypothesis testing and confidence intervals. Prerequisite: Three years of high school college preparatory mathematics or MATH 121. 3 credits.

MATH 220 DISCRETE MATHEMATICS studies the topics of sets, proof, boolean algebra, logic, induction, combinatorics, graph theory, functions, and algorithms. Prerequisite: MATH 201 or MATH 197 or equivalent. 3 credits.

MATH 305 STATISTICS II is a course designed to continue the student's background in probability and statistics. Students examine ANOVA, two sample tests, regression and multiple regression, non-parametric statistics, and the Chi-square distribution. Prerequisites: MATH 197 or MATH 201 and MATH 205. 3 credits.

MATH 321 ABSTRACT ALGEBRA is a study of sets, mappings, operations, relations, partitions, and the basic algebraic structures; groups, rings, integral domains, fields, and vector spaces. Prerequisite: MATH 202. 3 credits.

MATH 322 PROBABILITY FOR ACTUARIES studies general probability theory, univariate probability distributions, multivariate probability distributions including conditional and marginal. Prerequisite: MATH 205 and MATH 203. 3 credit hours.

MATH 325 LINEAR ALGEBRA AND DIFFERENTIAL EQUATIONS studies elementary linear algebra, including matrices and determinants, vector spaces, linear transformations, solutions of linear systems, and differential equations including series of equations. Prerequisite: MATH 203. 4 credits.

MATH 331 GEOMETRY is a study of postulational development of Euclidean and non-Euclidean geometries. Prerequisite: MATH 202 or departmental approval. 3 credits.

MATH 441 REAL ANALYSIS studies differentiation, topology of the real line and metric spaces; theory of the integral, and convergence of series and sequences. Prerequisite: MATH 203. 3 credits.

MATH 470 COMPUTATIONAL METHODS provides the essential elements of numerical analysis and computational methods, particularly emphasizing recursive and iterative processes, mathematical modeling, and the analysis of structured algorithms. Prerequisites: MATH 197 (Applied Calculus), MATH 205 (Statistics I), MATH 200 (Discrete Mathematics), and proficiency writing and executing C++ computer programs. 3 credits.

MATH 490 MATHEMATICS SENIOR SEMINAR is a culminating undergraduate experience in mathematics. It provides an opportunity for student to work with a specific topic from the spectrum of mathematical knowledge. An individual research project will be required. Prerequisite: Senior standing and at least 24 credits in mathematics courses. 3 credits.

MEDICAL ASSISTANT PROGRAM

MA 100 INTERPERSONAL COMMUNICATION presents an overview of interpersonal communication and works to improve students interpersonal communication skills. Includes principles of verbal and nonverbal communication, fundamental writing skills, and how to adapt communication for individual needs. Students will be able to initiate, recognize and respond to verbal, nonverbal, and written communication. 3 credit hours.

MA 110 PSYCHOLOGY is an introductory survey course acquainting the student with the procedures, principles, theories, and vocabulary of psychology as a science. It includes the basic principles, developmental stages of the life cycle, mental health and applied psychology. Also covered are the effects of heredity, environment, and culture on development. 3 credit hours.

MA 130 CARDIOPULMONARY RESUSCITATION provides instruction in the American Heart Association training for Healthcare Providers. Covers rescue breathing, cardiopulmonary resuscitation, use of an AED, and how to care for choking victims. Techniques for caring for infants, children and adults are covered. 1 credit hour.

MA 140 MEDICAL LAW AND ETHICS is a lecture discussion course designed to present legal guidelines and requirements for health care. Included are topics such as personal attributes of health care workers, job readiness issues, workplace dynamics, and different allied health professions and credentialing. Medical ethics and bioethics are discussed as well as risk management issues as they relate to the practice of medicine and the practice of medical assisting. Students will learn to identify and respond to issues of confidentiality, perform within legal and ethical boundaries, establish and maintain the medical record, and document appropriately. 2 credits.

MA 150 PHARMACOLOGY provides students with an introduction to pharmacology. It covers all categories of drugs, their generic equivalents, and their actions as well as the body systems affected by them. The course includes dosage calculation, adverse reactions, contraindications, precautions, interactions, administration, and patient management. 3 credits.

MA 210 ADMINISTRATIVE PROCEDURES I introduces the student to basic medical office functions, bookkeeping and basic accounting, insurance billing and coding, and facility management. The student will learn to perform clerical functions, bookkeeping procedures, prepare special accounting entries, and process insurance claims. Practice with EMR systems is also included. 3 credits.

MA 220 ADMINISTRATIVE PROCEDURES II continuation of Administrative Procedures I. Additional practice related to the medical office, job interviewing techniques and resume preparation also included. 3 credits.

MA 230 ANATOMY AND PHYSIOLOGY I teaches the basic structure of medical terms and how to build words from word parts. This course also includes applications of medical terminology and correct pronunciation of medical terms. It covers the anatomy and physiology of body systems including the digestive, urinary, and musculoskeletal. It presents common pathology and diseases of each system along with diagnostic and treatment modalities. 3 credit hours.

MA 240, ANATOMY AND PHYSIOLOGY II covers body systems including respiratory, cardiovascular, blood and lymphatic, integumentary, endocrine, and sense organs. It integrates medical terminology with each body system. It also includes pathology and diseases of each system along with diagnostic and treatment modalities. 3 credit hours.

MA 250 LABORATORY PROCEDURES I is designed to instruct in the collection and preparation of laboratory specimens. It covers information about the laboratory setting, including CLIA. Routine laboratory testing in the areas of hematology and blood chemistry will be performed on blood specimens collected in class by the venipuncture or skin puncture methods. 3 credits.

MA 260 LABORATORY PROCEDURES II students will learn the importance of quality control, and instructing patients in proper collection techniques. Male reproductive health and colon procedures are covered as well as information on radiology and diagnostic procedures. Routine laboratory testing in the areas of urinalysis, microbiology, and serology is performed on collected specimens. 3 credits.

MA 270 CLINICAL PROCEDURES I presents information about medical asepsis and infection control, sterilizing and sanitizing equipment, and obtaining and recording vital signs. Students learn proper patient preparation for and how to assist the physician with different types of examinations. Students demonstrate their ability to perform skills through competency testing. Theory is presented in conjunction with planned student activities. 3 credits.

MA 280 CLINICAL PROCEDURES II instructs students in administration of medication, injections, assisting with minor office surgery, performing eye and ear assessments, the use of physical agents to promote tissue healing, and emergency procedures. There is also a section on cardiopulmonary procedures and electrocardiography. Students demonstrate their ability to perform skills through competency testing. Theory is provided in conjunction with planned activities. 3 credits.

MA 300 MEDICAL ASSISTANT PRACTICUM provides the student with an opportunity to demonstrate application of learned concepts, principles, and procedures required to assist the physician in daily office activities within a supervised ambulatory health care setting. Each student must complete a minimum of 160 hours. 3 credit hours.

MUSIC

MUS 080 RECITAL/CONCERT/CONVOCATION is for 0 credits, however, attendance is required of all music majors every semester. Passing 7 of 8 semesters of MUS 080 is required before proceeding to recital. In order to satisfy this requirement, evidence of 4* attended programs each semester must be filed with the Music Office. * In the event that 4 campus concerts/recitals are not scheduled, the minimum number will be set by the Department Chair for that semester. If a student needs to be excused from convocation due to a class conflict, he or she must clear it with advisor. 0 credits.

MUS 100 PIANO CLASS FOR BEGINNERS provides group instruction emphasizing the development of basic keyboard skills and instruction in reading both G and F clef notation. No prerequisite. 3 credit hours.

MUS 130 GUITAR CLASS is a beginning level applied guitar course with an emphasis on basic classical/finger style technique. Previous knowledge of music and/or guitar is not required. The course will teach the basics of single note-reading, basic chords, and the application of basic chord to beginning song accompaniment. 1 credit hour.

MUS 171 CREATIVE ARTS – MUSIC provides students with an opportunity to experience music in its many forms by learning the elements of music and studying how these elements are used in various styles. This course is for non-music majors only. 3 credit hours.

MUS 180 CHAPEL RINGERS consists of 11-13 handbell ringers, and performs primarily for on-campus chapel services and concerts. Membership is by audition only - preferably for the entire academic year. 1 credit hour.

MUS 181 WIND ENSEMBLE is the premiere university instrumental ensemble which performs concerts throughout the academic year. The ensemble maintains a repertoire of both secular and sacred music, and performs in both worship and concert settings. Participation in annual winter tour is required. Membership is by audition only. 1 credit hour.

MUS 182 CONCORDIA CHORALE is a large mixed ensemble up to 90 voices which sings in several major on-campus settings and for weekly chapel services. Open to all students, faculty, and staff. Membership is by audition only. 1 credit hour.

MUS 184 KAMMERCHOR is a highly select mixed voice ensemble which performs at a variety of campus and off-campus activities and takes an annual tour. Preference is given to sophomores through seniors, or to those who demonstrate solid choral background. Participation is expected for the entire academic year. Membership is by audition only. 1 credit hour.

MUS 185 THE ALLELUIA RINGERS is a select handbell choir of 13 ringers, which performs in worship and concert both on and off campus. Membership is by audition only, preferably for the entire academic year. 1 credit hour.

MUS 186 SMALL ENSEMBLE studies and performs the various small chamber wind literature from 1650 to the present. The ensemble seeks to provide a comprehensive study of performance repertoire from a wide range of composers. 1 credit hour.

MUS 187 FALCON PEP BAND is a small instrumental ensemble with a repertoire of high-energy, high-volume popular music performed at designated home football and basketball games. 1 credit hour.

MUS 188 JAZZ ENSEMBLE studies and performs the repertoire of the various jazz idioms including swing, be-bop, blues, big-band and contemporary fusion. The ensemble seeks to provide a comprehensive study of the performance repertoire for both the players and its audiences. Membership is by audition only. 1 credit hour.

MUSIC 190 STRING ENSEMBLE/CHAMBER ORCHESTRA is a dual format ensemble which covers the historical span of string repertoire from Baroque to 20th Century. Fall semester concentrates on string orchestra; spring semester adds requisite wind, brass and percussion. 1 credit hour.

MUS 191 SELAH is a select ensemble for women's voices that performs at a variety of campus and off-campus activities. Preference is given to those who demonstrate solid choral background. Ordinarily participation is expected for the entire academic year. Membership is by audition only. 1 credit hour.

MUS 192 UNIVERSITY BAND is an instrumental ensemble that gives students the opportunity to continue to use instrumental musical skills on campus in a concert band setting. UBand performs a repertoire of sacred and secular music at concerts throughout the academic year. Membership is by audition only. 1 credit hour.

MUS 204 KEYBOARD SKILLS aims to improve musicianship through application of the keyboard as a learning tool. Keyboard technique, sight-reading at the piano, harmonization of melodies, performance of harmonic progressions, figured bass realization, simple accompanying, and improvisation will be elements of this class. Course is offered every fall semester. Prerequisite: MUS 240 & 241 or permission of the instructor. 2 credit hours.

MUS 240 MUSIC THEORY I enables students to explore musical concepts through analysis, sight-singing and aural training, and composition. Harmonic studies include primary chords in root positions and cadential preparations. A grade of "C" or better is required to advance to MUS 241. 3 credit hours.

MUS 241 MUSIC THEORY II is a continuation of Music Theory I with special emphasis on primary chords in inversion, seventh chords, secondary dominants and chromatic materials. A grade of "C" or better is required to advance to MUS 242. Prerequisite: MUS 240 or consent of instructor. 3 credit hours.

MUS 242 MUSIC THEORY III is a continuation of Music Theory II with special emphasis on secondary functions, modulation, altered chords, and chromatic harmony. Prerequisite: MUS 241 or consent of instructor. A grade of "C" or better is required to advance to MUS 243. 3 credit hours.

MUS 243 MUSIC THEORY IV is a continuation of Music Theory III with special emphasis on extended harmonies, formal analysis, and twentieth-century techniques. A grade of "C" or better is required to continue in the music department class sequence. Prerequisite: MUS 242. 3 credit hours.

MUS 250 BEGINNING CONDUCTING studies the fundamental and working knowledge of rudimentary conducting principles including baton techniques, beat patterns, analytical skills, non-verbal expression and fundamental gestures. This course will also introduce some of the essential administrative duties germane to the ensemble director. Prerequisite: MUS 240. 3 credit hours.

MUS 271 MUSIC HISTORY I surveys the history of music from the Medieval through the Baroque periods. It introduces and develops the musical forms pertinent to the respective periods, as well as their parallel correlation to the artistic, literary, architectural and socio-economic aspects of general historical development. The class encourages, develops and reinforces analytical and research skills. Prerequisite: MUS 241 or consent of instructor. 3 credit hours.

MUS 272 MUSIC HISTORY II surveys the history of Western Civilization's concert music from the Pre-Classical Period through the end of the Romantic Period (ca. 1900). Additionally, it introduces and explores the musical forms pertinent to the respective style periods, as well as their parallel correlations to the artistic, literary, architectural and socio-economic aspects of general historical development. Prerequisite: MUS 271. 3 credit hours.

MUS 273 MUSIC HISTORY III blends the study of traditional Twentieth Century concert music with an introduction to the wide variety of music traditions from around the globe. It discusses the manner in which music symbolizes a people's way of life and represents a distillation of cultural style. Further, it explores how changing technologies shape the sounds, settings, and significance of musical experience. This course is designed to create a dialogue between traditional Western concert music and global music in an interactive context. 3 credit hours.

MUS 315 TECHNIQUES OF TEACHING VOICE studies laryngeal structure and function, as well as the structure and mechanics of breath apparatus as applied to the singing voice. This course allows the student to gain practical experience in applying concepts learned in both individual and group settings. 2 credit hours.

MUS 351 ADVANCED CONDUCTING further develops beginning conducting skills with special emphasis on effective rehearsal techniques. The student has the opportunity to gain some practical experience in both instrumental and choral conducting. Prerequisite: MUS 250. 3 credit hours.

MUS 356 TECHNIQUES OF TEACHING BRASS includes instruction in the physiology of the brass embouchure and its development. This class covers the basic techniques for teaching tone and technique on trumpet, French horn, euphonium, trombone and tuba from elementary to high school levels. It also includes some literature reference and application of solo and ensemble performance. 2 credit hours.

MUS 357 TECHNIQUES OF TEACHING WOODWINDS includes instruction of the physiology of the woodwind embouchure and development. This course covers the basic technique for teaching tone and technique on flute, oboe, clarinet and saxophone. 2 credit hours.

MUS 358 TECHNIQUES OF TEACHING PERCUSSION includes instruction in the physiology of the percussion grip and its development. This course covers the basic techniques for teaching technique and rudiments on snare drum, bass drum, timpani, auxiliary and mallet percussion and includes some literature references and application of solo and ensemble performance. 2 credit hours.

MUS 359 TECHNIQUES OF TEACHING STRINGS includes instruction in basic string technique and its development. Covers the basic technique on violin, viola, cello, double bass. This class also includes some literature references and application of solo and ensemble performance. 2 credit hours.

MUS 399 JUNIOR RECITAL provides experience in applied music. This course may be taken in place of the student's applied music courses in the semester during which the recital is given. Prerequisite: Departmental approval. 1 or 2 credit hours.

MUS 422 ORGAN LITERATURE surveys the vast and varied gamut of organ literature, especially music appropriate for worship, including discussion of registration and performance practice. 3 credits.

MUS 442 FORM AND ANALYSIS is a study of traditional music forms and structures and their organizing principles. It will familiarize students with the musical parameters and events that indicate important considerations in the design of a composition. Prerequisite: MUS 243 or consent of instructor. 3 credit hours.

MUS 445 COMPOSING AND ARRANGING explores the role of the musician as composer and arranger. Assignments related to the specific needs of the parish and school: orchestration, harmonization, arrangement and composition of original material. Prerequisite: MUS 242 or consent of instructor. 3 credit hours.

MUS 461 MUSIC IN WORSHIP explores the principles and practice of liturgical music in Lutheran worship. The study includes historical background but stresses practical current issues. 3 credit hours.

MUS 465 SURVEY OF CHRISTIAN HYMNODY explores the development of hymnody from Bible times to the present and helps develop knowledge of the large scope of hymnic literature and its ever-changing usage in worship. 3 credit hours.

MUS 469 ISSUES IN CHURCH MUSIC identifies current significant worship issues facing church musicians, provides opportunities for comparing and contrasting approaches to dealing with these issues, and acquaints the student with important resources for making effective decisions in the current American worship milieu. 3 credits.

MUS 485 HANDBELL METHODS AND MATERIALS provides basic techniques of handbell ringing; experience in performing handbell music, and planning and organizing a handbell choir. 3 credit hours.

MUS 491 PARISH MUSIC PRACTICUM allows the student to gain first-hand experience in parish musical work. This course is a requirement for the Director of Parish Music major. Prerequisite: successful passing of keyboard proficiency exam. 1 or more credit hours.

MUS 499 RECITAL provides a culminating experience in applied music. This course is taken in place of the student's applied music courses in the semester during which the recital is given. Prerequisite: Departmental approval. 1 or 2 credit hours.

Required for K-12 Education but credited through the Education Department – ED 379 covers philosophical foundations of music education, levels of objectives with emphasis at the program and instructional level, characteristics of children and adolescents relevant to teaching music, classroom and rehearsal management, and methods for teaching music to students in grades K-12. Prerequisites: Upper Division status or consent of instructor and ED 370. 3 credit hours.

APPLIED MUSIC

Private study is offered in voice, piano, organ and most wind and string instruments. All instruction is obtained through a "permit to register" card from the Department of Music. Beginning level voice and piano students may be advised to begin with Class Voice and Class Piano. Prospective organ students need a solid keyboard background before beginning organ instruction. There is an addition per credit fee for applied music (not for class voice and piano).

MUS 201, MUS 301	Applied Piano	1-2 cr./sem.	MUS 233, MUS 333	Applied Percussion	1-2 cr./sem.
MUS 211, MUS 311	Applied Voice	1-2 cr./sem.	MUS 234, MUS 334	Applied String	1-2 cr./sem.
MUS 221, MUS 321	Applied Organ	1-2 cr./sem.	MUS 235, MUS 335	Applied Guitar	1-2 cr./sem.
MUS 232, MUS 332	Applied Brass	1-2 cr./sem.	MUS 236, MUS 336	Applied Woodwinds	1-2 cr./sem.

Students may transfer applied instruction from another recognized **educational institution** to Concordia University subject only to **departmental** review.

NURSING

NURS 100 INTRODUCTION TO PROFESSIONAL NURSING describes basic principles of nursing, and addresses issues such as entry into practice, nursing employment opportunities, and nursing roles. Roles of the professional nurse and nurse theories will be examined. Beginning nursing student. 2 credits.

NURS 106 (HUM 106) NURSING AND YOU an approach to Holistic Nursing considers the relationship between the successful nurse and a study of the Humanities, particularly as it relates to the human condition. The nurse who understands the essence of what it is that motivates the crown of God's creation, humankind, will better be able to use a holistic approach to nursing care and will understand self and patient better. The student will survey approaches to the study of literature, music and art, and will continue to develop critical and analytical skills that will enhance nursing care and, at the same time, lead to a richer personal life. Course meets Humanities requirement. 4 weeks - 3 credits.

NURS 202 GERONTOLOGICAL NURSING explores the health needs of the older client. Primary, secondary, and tertiary preventions are discussed as they relate to retaining, attaining, and maintaining the older client's line of defense. Course Prerequisites: NURS 203, NURS 222, NURS 232, and NURS 250. Prior or concurrent enrollment in NURS 255, and concurrent enrollment in NURS 212 and NURS 213. 3 credits.

NURS 203 PROFESSIONAL CORE FOUNDATIONS identifies the philosophical basis, conceptual framework and responsibilities of the professional nurse while assisting students to formalize their decision to study professional nursing. Prerequisite: NURS 100, BIO 149, BIO 171, BIO 172 & CHEM 105. 4 credits.

NURS 212 GERONTOLOGICAL NURSING PRACTICUM provides guided clinical experience correlated with theoretical content of NURS 202, NURS 203, NURS 213, NURS 222, NURS 232, NURS 250 and NURS 255. Course Prerequisites: NURS 203, NURS 222, NURS 232 and NURS 250. Prior or concurrent enrollment in NURS 255 and concurrent enrollment in NURS 202 and NURS 213. 2 credits.

NURS 213 FOUNDATIONAL NURSING SKILLS I focuses on professional psychomotor nursing skills and therapeutic communication that complements didactic content of NURS 202. Provides reinforcement of psychomotor experiences in the clinical setting. Prerequisites: NURS 222 & NURS 250. Taken concurrently with NURS 202, NURS 212 and NURS 255. 1 credit.

NURS 222 NURSING PATHOPHYSIOLOGY explores various altered health states and their variances from wellness in the human body. Course discussion includes essential concepts of disease processes by body system, core body functions, general mechanisms, and systemic manifestations of altered health across the lifespan. This course will enable students to apply this knowledge to clinical practice and complements other course offerings at this level of study. Taken concurrently with NURS 250. Prerequisites: NURS 100, BIO 149, BIO 171, BIO 172 & CHEM 105. 3 credits.

NURS 232 WELLNESS ASSESSMENT identifies nursing's role in assessing deviations from wellness and the way in which individuals maintain lines of defense. Nursing laboratory work required. Prerequisites: BIO 149, BIO 171, BIO 172, CHEM 105, NURS 100. Prior or concurrent enrollment in NURS 203, NURS 222 and NURS 250. 3 credits.

NURS 250 NURSING PHARMACOLOGY I is an introductory pharmacology course and is designed to assist the nursing student to understand the basic concepts of pharmacology, drug therapies for disease states as they relate to retaining, attaining, or maintaining a patient's line of defense. Prerequisites: NURS 100, BIO 149, BIO 171, BIO 172 CHEM 105, & MATH 128 or waiver (see progression policy). Taken concurrently with NURS 222. \geq C in College algebra (or waiver with a score of 4 or 5 on the AP Calculus Exam, or CLEP credits for College Algebra). 2 credits.

NURS 255 NURSING PHARMACOLOGY II continues to build upon NURS 250. The course is designed to assist the nursing student to understand the basic concepts of pharmacology, drug therapies for disease states as they relate to retaining, attaining or maintaining a client's line of defense. Prerequisites: NURS 203, NURS 222 & NURS 250. 2 credits.

NURS 301 DIMENSIONS OF PROFESSIONAL NURSING Dimensions of Professional Nursing demonstrates the incorporation of the Neuman Systems Model (NSM) within the nursing process. The student will also be introduced to the history, mission, and philosophy of CUW and the School of Nursing, legal aspects of nursing, and the profession/vocation of nursing. The student will also explore his/her professional presentation, and written professional presentation through use of APA writing style. 3 credits.

NURS 303 PSYCHOLOGICAL WELLNESS focus is on the principals and practice of nursing in the mental health setting. Theory and treatment of special populations and people with both chronic and acute psychiatric needs. Prerequisites: NURS 202, NURS 212, NURS 213, NURS 255. Taken concurrently with NURS 315. 3 credits.

***NURS 305 LEGAL/ETHICAL ASPECTS OF NURSING** is a course in which the student will identify various ethical theories and define one's own value system. This course will then explore who the defined theoretical frameworks and value system support the nurse's legal responsibilities. The ethical/legal issues discussed will relate to the practice of nursing. 3 credits.

NURS 310 MEDICAL-SURGICAL NURSING I focuses on foundational nursing management when assisting clients requiring medical-surgical interventions. Prerequisites: NURS 202, NURS 212, NURS 213, NURS 222, NURS 232 & NURS 255. Concurrent enrollment in NURS 311. 3 credits.

NURS 311 MEDICAL-SURGICAL NURSING I PRACTICUM provides guided clinical experience with patients in an acute medical-surgical setting. Prerequisites: NURS 202, NURS 212, NURS 213 & NURS 255. Concurrent enrollment in NURS 310. 2 credits.

NURS 313 FOUNDATIONAL NURSING SKILLS II focuses on professional psychomotor nursing skills and therapeutic communication that complements didactic content of NURS 310. Provides reinforcement of psychomotor experiences in the clinical setting. Prerequisites: NURS 202, NURS 212, NURS 213, NURS 255, taken concurrently with NURS 310, NURS 311. 1 credit.

NURS 315 PSYCHOLOGICAL WELLNESS PRACTICUM provides guided clinical practice within both acute and chronic mental health settings. Taken concurrently with NURS 303. Prerequisites: NURS 202, NURS 212, NURS 213, NURS 255. 1 credit.

***NURS 331 HISTORY OF NURSING** is a course which introduces students to the concept that nursing today was formed by its history. Students will explore the development of the nursing profession, the impact of social and scientific changes on nursing, and nursing's impact on society. 3 credits.

NURS 335 NURSING RESEARCH Introduces students to the research process, synthesis of research findings and application of evidence in practice. 3 credits.

NURS 340 COMMUNITY WELLNESS focuses on nursing responsibilities in assisting individuals, families, and groups to meet stressors and retain, attain, and maintain system stability within the community setting. Taken concurrently with NURS 341. Prerequisites: NURS 202, NURS 212, NURS 213, NURS 255. 3 credits.

NURS 341 COMMUNITY WELLNESS PRACTICUM provides the student with an opportunity to integrate previous knowledge with community health nursing and to apply this within a nursing process framework to individuals and aggregates in various community site settings. Taken concurrently with NURS 340. Prerequisites: NURS 202, NURS 212, NURS 213 & NURS 255. 1 credit.

NURS 342 COMMUNITY WELLNESS This course provides an overview of the concepts and theories related to public health/community nursing. It explores role of the nurse in developing and implementing preventions for sustaining and promoting health among diverse populations in community. Principles of epidemiology, public health, population-focused practice, and community assessment are included. 6 credits.

NURS 345 MEDICAL-SURGICAL NURSING II Continuing focus on foundational nursing management when assisting clients requiring medical-surgical interventions. Prerequisites: NURS 310, NURS 311. Concurrent enrollment in NURS 346. 3 credits.

NURS 346 MEDICAL-SURGICAL NURSING II PRACTICUM provides guided clinical experience with clients in an acute medical-surgical setting. Prerequisites: NURS 310, NURS 311. Concurrent enrollment in NURS 345. 2 credits.

***NURS 360 CULTURAL DIVERSITY IN NURSING** This course will focus on developing an appreciation for diversity and germinate strategies for providing culturally congruent competent nursing care to a multi-cultural society. Prerequisite: Senior standing. 3 credits.

NURS 400 MEDICAL-SURGICAL NURSING III focuses on nursing management and clinical reasoning used in assisting clients experiencing major and/or complex alterations in wellness in the medical-surgical setting. Prerequisites: NURS 335, NURS 345, NURS 346. Concurrent enrollment in NURS 401. 3 credits.

NURS 401 MEDICAL-SURGICAL NURSING III PRACTICUM provides guided clinical experience with patients requiring advanced nursing management and clinical reasoning skills in an acute medical-surgical setting. Prerequisites: NURS 335, NURS 345, NURS 346. Taken concurrently with NURS 400. 2.5 credits.

NURS 410 MEDICAL-SURGICAL NURSING IV Continuing focus on nursing management and clinical reasoning used in assisting clients experiencing major and/or complex alterations in wellness in the medical-surgical setting. Prerequisites: NURS 400, NURS 401. Concurrent enrollment in NURS 440 and NURS 441. 3 credits.

NURS 420 CRITICAL CARE NURSING provides both classroom and guided clinical experience with adult clients in a critical care setting. It continues to build on previous nursing courses and will focus on stressors, lines of defense, nursing diagnosis development, secondary nursing preventions, and scientific rationale in giving nursing care to critically ill clients. (offered occasionally) 3 credits.

NURS 422 FAMILY CENTERED NURSING: PEDIATRICS introduces students to the stressors encountered and nursing preventions required to retain, attain, and maintain system stability with pediatric patients and families. Taken concurrently with Nursing 423. Prerequisites: NURS 335, NURS 345, NURS 346. 3 credits.

NURS 423 FAMILY CENTERED NURSING: PEDIATRIC PRACTICUM provides guided clinical experience with childrearing families in a variety of settings and agencies. Taken concurrently with NURS 422. 1 credit.

NURS 425 FAMILY CENTERED NURSING: OBSTETRICS & WOMEN'S HEALTH focuses on stressors encountered and nursing preventions required to retain, attain, and maintain system stability throughout a woman's life, from menarche through post-menopause. Content includes gynecologic health concerns, obstetrics, and neonatal care. Taken concurrently with NURS 426. Prerequisites: NURS 335, NURS 345, NURS 346. 3 credits.

NURS 426 FAMILY CENTERED NURSING: OBSTETRICS & WOMEN'S HEALTH PRACTICUM provides guided clinical experience with childbearing families and women's health in a variety of settings. Taken concurrently with NURS 425. Prerequisites: NURS 335, NURS 345 & NURS 346. 1 credit.

NURS 440 LEADERSHIP & MANAGEMENT: IN AN EVOLVING HEALTHCARE SYSTEM explores the principles of effective leadership/management skills in managing the health needs of individuals and groups. Prerequisites: NURS 400, NURS 401. Taken concurrently with NURS 410 and NURS 441. 3 credits.

NURS 441 LEADERSHIP & MANAGEMENT PRACTICUM: IN AN EVOLVING HEALTHCARE SYSTEM afford students the opportunity to apply the principles of effective leadership/management skills in the clinical setting. Prerequisites: NURS 400, NURS 401. Taken concurrently with NURS 410, NURS 440. 2.5 credits.

***NURS 442: COMPLEX NURSING SYSTEMS AND PRACTICUM FOR RNS** Explores the principles of effective leadership/management skills in managing the health needs of individuals and groups. 6 credits.

NURS 450 GLOBAL EDUCATION allows students to study and experience the history, culture, and health beliefs of Nicaragua. 3 credits. Prerequisite: Student must have junior or senior nursing status. 3 credits.

NURS 451 GLOBAL EDUCATION allows students to study and experience the history, culture, and health beliefs of Costa Rica. 3 credits. Prerequisite: Student must have junior or senior nursing status. 3 credits.

NURS 452 GLOBAL EDUCATION allows students to study and experience the history, culture, and health beliefs of various countries. 3 credits. Prerequisite: Student must have junior or senior nursing status. 3 credits.

NURS 460 CULTURAL DIVERSITY IN NURSING focuses on developing an appreciation for diversity and strategies for providing culturally congruent competent nursing care with a multi-cultural society. Prerequisites: Student must have junior or senior nursing status. N460 Prerequisites: Students must have senior status. 3 credits. (optional)

NURS 477 INTRODUCTION TO INTEGRATIVE AND COMPLEMENTARY THERAPIES provides an overview of a variety of complementary therapies outside the realm of conventional medical options used in the United States. Content includes alternative, manipulative, biologically based, energy therapy and mind-body interventions. 3 credits.

***NURS 492: SEMINAR IN CONTEMPORARY NURSING** This course is a faculty advised seminar in which the student presents an in-depth, independent study of current topics, and issues affecting contemporary nursing practice. This is the last course in the BS-N Completion program the student takes prior to graduation. 3 credits.

NURS 494 INTRODUCTION TO EKG INTERPRETATION introduces the nursing student to basic rhythms of the heart. Junior or Senior level elective. 1 credit. (optional)

***B.S.N. Completion Program only**

PHILOSOPHY

PHIL 101 PHILOSOPHY: THEORY AND PRACTICE is an entry level philosophy course for freshmen and sophomores. It offers an accessible introduction to the basic questions of philosophy in epistemology, metaphysics and ethics, and trains students in the use of the tools of philosophical analysis. Students also learn to explore the implications of philosophy for their academic discipline and vocation. 3 credits.

PHIL 201 CENTRAL TEXTS OF PHILOSOPHY familiarizes the student with many of the basic, historical and contemporary texts of philosophy. It teaches students how to read philosophical texts effectively, by analyzing their claims, and evaluating their arguments. Pre-requisite: PHIL 101. 3 credits.

PHIL 211 ELEMENTARY LOGIC is an grounding in both informal and formal logic. The course studies the nature and types of argument and methods for distinguishing good and bad reasoning. Formal methods include the use of truth-tables and natural deduction. 3 credits.

PHIL 221 HUMAN DIGNITY Human rights are regularly played as trump cards in politics and ethics. Rights talk tends to polarize public opinion, encourages uncritical support, and elicits extreme reactions from both secularists and religionists. But what are human rights? And, by the way, who counts as human? This course is a philosophical consideration of issues bioethical, legal, ethical, ontological, and political that affect our understanding of human dignity. For students preparing for vocations in these areas, it will enable them to think with logical acumen and to serve with a motivating knowledge of the dignity inherent in being human. 3 credits.

PHIL 240 ENVIRONMENTAL ETHICS is a grounding in the theory and practice of environmental ethics. The course studies both secular and religious principles that impact environmental care, and examines the foundations and consequence of anthropocentric, biocentric, and ecocentric approaches and "deep ecology," in dialogue with a developed biblical concept of stewardship. 3 credits.

PHIL 250 MORAL PHILOSOPHY is a course of study which examines the central ethical systems of philosophy in dialogue with Christian presuppositions and with a Lutheran understanding of Law and Gospel. Participants will study classical and contemporary sources of ethical foundations in the Western tradition. Analytical methods of philosophical inquiry are explained and applied. Case studies provide occasions for fostering in-depth class discussions and application of ethical theories, principles, and tools. 3 credits.

PHIL 275 ATHENS AND THE CROSS is a focused study of the interaction between Pauline theology and Greek culture, mythology, and philosophy. Students will learn key dimensions for comparing worldviews, study the major Greek myths, and become acquainted with the main ideas of ancient Greek philosophy, with a special emphasis on the stoic and epicurean philosophy which Paul directly engaged. Thus equipped, students travel to Greece to follow "in the footsteps of St. Paul" and integrate the experience and knowledge gained on the tour with their classroom instruction. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credit hours.

PHIL 309 HISTORY AND PHILOSOPHY OF SCIENCE studies the development of science and scientific methodology from classical antiquity to the contemporary scene. There is a special emphasis on the changing fortunes of design as a scientific category. Students learn how theological categories provide the metaphysical, epistemological and ethical foundation for the rise of modern science, and critically evaluate the contrasting, contemporary attitude of methodological naturalism. 3 credits.

PHIL 311 THE CHRISTIAN MIND is a course in critical and philosophical thinking from a distinctively Christian perspective. The focus is what it means to love God with all our mind, developing a biblical, Christian worldview that has something to say about secular as well as sacred topics. The course shows how the Christian mind transformed civilization and how it continues to contrast with various secular perspectives such as materialism, pragmatism and postmodernism. 3 credits.

PHIL 325 CHRISTIAN APOLOGETICS is an introduction to the art of defending the truth claims of the Christian faith. Students learn the biblical warrant for apologetics, the merits of rival methodologies, and study philosophical, scientific, and historical evidences. They are equipped to respond to the skeptical challenges of atheism and the contrary claims of rival religions. 3 credits.

PHIL 326 LITERARY PHILOSOPHY Honors crosslisted as ENG 326. 3 credits.

PHIL 333 C. S. LEWIS: HIS LIFE AND CHRISTIAN PHILOSOPHY is a focused study of the life and works of C. S. Lewis. This course gleans philosophically important lessons about faith, reason, world views, and the imagination by a close examination of the trials and triumphs faced by C. S. Lewis both in his personal spiritual life and his public career as a major Christian apologist. It then considers a representative selection of his works, drawn from the many genres to which he contributed, including formal apologetics, science fiction, fantasy, and literary criticism. 3 credits.

PHIL 334 CHRIST AND CULTURE examines the interaction between the Christian and the surrounding culture in both Western and non-Western settings. The classic typology of H. Richard Niebuhr is presented and critically evaluated. The implications of the doctrines of vocation and of the two kingdoms are explored. Public theology is defined, and students learn to appreciate the distinctive approaches to public theology within different denominations. A wide range of contemporary issues facing the Christian is studied. Throughout the course, there is particular emphasis of the merits of the Lutheran "paradox" model for interaction with culture, along with due consideration of the strengths and weaknesses of other models. 3 credits.

PHIL 343 THE CHRONICLES OF NARNIA AND PHILOSOPHY focuses on how Lewis incarnated philosophical ideas in the imaginary worlds of the Chronicles of Narnia. From the creation to the end of Narnia, students will trace Lewis's defense of the supernatural, objective moral values and the value of faith against materialist skepticism. 3 credits.

PHIL 350 BIOETHICAL DILEMMAS IN CONTEMPORARY SOCIETY will study basic concepts concerning in vitro fertilization, genetic testing and therapy, stem cell research, cloning, organ transplantation, end-of-life care, human subject research, and access to health care. Students will examine how contemporary philosophers address bioethical issues. They will be enabled to articulate their perspectives and make informed decisions compatible with the Christian faith. This course is particularly suited for those in medical, biology, pre-seminary, lay ministry, teaching, and philosophy programs. 3 credits.

PHIL 370 PHILOSOPHY OF MIND is an in-depth exploration of the character of mind and of the relationship between the mind and the physical world. Students learn to evaluate the strengths and weaknesses of a variety of materialist, dualist, and neutral theories, and to see how they arise from and influence foundational worldviews. Pre-requisite: at least one other philosophy class or enrollment in the minor or major in psychology, or permission of instructor. 3 credits.

PHIL 371 PHILOSOPHY AND FILM is a systematic study of the means by which the medium of film communicates philosophical ideas and theories. Students study the major enduring problems of philosophy and how they are portrayed, developed, and evaluated by important films spanning many movie genres from popular and accessible action movies to the challenging works of avant-garde directors. This course may be taken as the core class in Philosophical Foundations, and is cross-listed as COMM 371. 3 credits.

PHIL 372 THE LORD OF THE RINGS AND PHILOSOPHY delves into the profound philosophical themes both surrounding and suffusing Tolkien's magnum opus. The course includes a study of Tolkien's professed methodology and refers to the background of Middle Earth painted in other works, but mainly focuses on how Tolkien develops and argues for and against specific philosophical theses within the text of *The Lord of the Rings*. Prerequisites: REL 100 and REL 110 or their equivalents. Crosslisted as COM 372. 3 credits.

PHIL 379 RELIGION AND THE LAW examines the nature of law as understood biblically, philosophically, and in relation to contemporary social issues. Legal reasoning and ethics will be treated, together with controversial subjects such as the Christian's responsibility to civil government, civil disobedience, abortion, euthanasia, homosexuality, the death penalty, and freedom of religion. The course deals with these issues from the perspective both of Anglo-American common law and of other legal systems (such as Muslim law), as well as that of international law. 3 credits.

PHIL 381 AESTHETICS Prerequisite: ART 285, 286. Crosslisted as ART 381.3 credits.

PHIL 400 ANCIENT PHILOSOPHY studies concepts and historical themes developed in ancient philosophical literature. The course will examine philosophers who lived during a thousand-year period, from approximately 600 BC to AD 400. Particular attention will be paid to the writings of Plato and Aristotle. Students will examine how ancient philosophers addressed issues still important today. Of interest will be the philosophers' perspectives on logic, physics, soul and mind, ethics, and God. Students will be enabled to articulate ancient philosophical perspectives in dialogue with the Christian faith. Prerequisites: PHIL 101. 3 credits.

PHIL 411 ADVANCED LOGIC explores the important results of mathematical logic for computability, first order predicate logic, and arithmetic. Students will learn to distinguish computable and non-computable functions, learn why there is no algorithm for evaluating arguments of first order logic, and explore the construction and implications of Gödel's famous theorems. Along the way, we consider the apparent philosophical and theological implications of these results for the nature of human reason. Pre-requisite: PHIL 211. 3 credits.

PHIL 425 ADVANCED CHRISTIAN APOLOGETICS provides a thorough immersion in a wide range of advanced topics in apologetics, including the epistemological need for apologetics, the defense of biblical authority, training in understanding and responding to the claims of rival cults, sects, and world religions, and specialized study in cultural, historical, legal, literary, medical and scientific apologetics and in the foundations of human rights. The 45 hours of instruction are supplemented by a substantial reading list. Classes are held at the International Academy of Apologetics, Evangelism and Human Rights in Strasbourg France. Students who wish to take this class for credit must register both for the International Academy (full details here: <http://www.apologeticsacademy.eu/>) and for PHIL 425. Pre-requisites: junior standing or above; Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credit hours.

PHIL 450 MODERN PHILOSOPHY surveys philosophy in the modern period (from the 16th to the 19th century) and then discusses foundational primary sources. Philosophers studied include Francis Bacon, René Descartes, Thomas Hobbes, Baruch Spinoza, John Locke, Gottfried Leibniz, George Berkeley, David Hume, Thomas Reid, Jean-Jacques Rousseau, and Immanuel Kant. The course emphasizes how each of these philosophers responded to his predecessors and how each provoked controversies in subsequent thought. Pre-requisite: PHIL 101. 3 credits.

PHIL 460 RESEARCH ETHICS provides a foundation for the responsible conduct of research. Students will identify key issues relating to ethical standards of research, and they will develop an understanding of their own personal responsibility for scientific integrity based on non-religious and Christian norms. This course will cover ethical issues involving human subject biomedical research, social science and behavioral research, animal research, plagiarism, scholarship misconduct, data fabrication, ownership and authorship issues, conflicts of interest, peer review, mentor/mentee relationships, whistleblowing, biosecurity, and others. An introductory course in philosophy, bioethics, or ethics is required. 3 credits.

PHYSICAL THERAPY (SEE GRADUATE CATALOG FOR COURSE DESCRIPTIONS)

PHYSICS

PHYS 107 ASTRONOMY is an introductory course that includes scientific and historical foundations of astronomy, solar system mechanics, Earth's seasons and sky motions, the life-cycle of stars, galaxies, solar systems, cosmology, and space exploration. Prerequisite: MATH 121. 3 credits.

PHYS 121 ELEMENTARY PHYSICS is a one-semester survey of physics including classical mechanics, heat and thermodynamics, wave motion and sound, electricity and magnetism, and relativity. Involves the use of algebra and includes mathematical problem solving. One laboratory per week. Prerequisite: MATH 121. 4 credits.

PHYS 151 GENERAL PHYSICS I is an introductory course that includes classical mechanics, mechanical waves and sound, fluids, and heat and thermodynamics. Involves the use of algebra and trigonometry, and emphasizes both numerical problem solving and building logical arguments based on physics concepts. Laboratory course. Prerequisite: MATH 128. 4 credits.

PHYS 152 GENERAL PHYSICS II is a continuation of PHYS 151 and includes classical electricity and magnetism, electric current and circuits, light waves, and geometric optics, the atom, nuclear reactions, and radiation. Laboratory course. Prerequisite: "C-" or better in PHYS 151. 4 credits.

POLITICAL SCIENCE

POLS 101 INTRODUCTION TO POLITICAL SCIENCE is an analysis of the structure and operation of the American political system, along with a comparison of the characteristics of liberal democracy with those of such competing ideologies as nationalism, communism, socialism, anarchism, and fascism. 3 credits.

POLS 201 AMERICAN GOVERNMENT studies the basic foundations and underlying principles of American national, state, and local government. Crosslisted JPP 101. 3 credits.

POLS 221 ENVIRONMENTAL POLICY This course provides an introduction to the study of environmental politics and policy in the United States. The course addresses how environmental policy is made at the local, state, and national level in policy issues such as air and water pollution, waste management, and energy. Through case studies, students learn to appreciate the scientific, political, and human dimensions of environmental policies. 3 credits.

POLS 255 THE PRESIDENCY studies both the person and the office of the president historically and contemporarily. Emphasis will be placed on the religion that American presidents bring to and practice in office. 3 credits.

POLS 285 AMERICAN POLITICS AND HEALTH CARE POLICY introduces the students to the policy-making process in the United States by focusing on the three branches of government - legislative, executive, and judicial - as well as the context of environment in which political decisions about health care policy are made. Activities will help students appreciate how the American political system has evolved, understand its everyday impact on the lives of students, and evaluate recommended changes to the system, particularly in the health care arena. 3 credits.

POLS 300 COMPARATIVE POLITICS introduces students to central concepts of comparative politics, including power, state formation, political economy, political culture, nationalism and identity, democratization, and globalization. Prerequisites for Political Science majors and minors: POLS 101 and POLS 201. 3 credits.

POLS 310 INTERNATIONAL RELATIONS introduces students to the fundamentals of international politics and international organization, particularly the United Nations and its specialized agencies. Prerequisites for Political Science majors and minors: POLS 101 and POLS 201. 3 credits.

POLS 325 POLITICAL COMMUNICATION is an inter-disciplinary class designed for the Honors Program that reviews the political dynamics of American Government in a context of oral and written communication strategies, rhetoric, political advertising, debates, and speech making. The class focuses on how people in our system form coalitions to impact society at the local, state, and national levels. Honors students only. Cross-listed COMM 325. 3 credit hours.

POLS 359 CONSTITUTIONAL LAW is the analysis of individual rights and responsibilities as developed by the United States Supreme Court in its interpretation of the United States Constitution. Crosslisted LEGL 359. 3 credits.

POLS 410 THE CHRISTIAN AND POLITICS examines the relationship between religion and politics in the United States and how Christians may respond to and be a part of the public square. Prerequisites for Political Science minors: POLS 101 and POLS 201. 3 credits.

POLS 491 SPECIAL TOPICS IN POLITICS allows in-depth study of an area of politics and government of mutual interest to staff and students. This course may be taken more than once as long as there is substantially different content in each course. Prerequisites for Political Science minors: POLS 101 and POLS 201. 3 credits.

PSYCHOLOGY

PSY 101 GENERAL PSYCHOLOGY is an introductory survey course acquainting the student with the procedures, principles, theories and vocabulary of psychology as a science. 3 credits.

PSY 201 INTERPERSONAL COMMUNICATION is an interdisciplinary study designed to improve the student's understanding of and skills in intra- and interpersonal communication. Emphasis will be placed on contributions from the fields of psychology, sociology and general semantics. Crosslisted COMM 201. Prerequisite: PSY 101. 3 credits.

PSY 205 THEORIES OF LEARNING is a focus on how people learn. Inseparable from a discussion of the history of psychology, PSY 205 presents information of basic learning theory along a timeline in the science of psychology. Classical conditioning, instrumental conditioning, and cognitive mapping, to name a few learning strategies, are described. The works of Thorndike, Tolman, and Skinner are highlighted along with the research of other learning theorists. Prerequisite: PSY 101. 3 credits.

PSY 221 CHILD DEVELOPMENT studies the developmental stages of becoming humans from birth to pre-adolescence involving primarily those psychobiological and psychosocial changes which are a concern for psychologists and educators. Special attention is given to the birth process, parenting, individual differences, emotional and intellectual development, as well as ethnic background, religious training and socio-economic affiliation. Prerequisite: PSY 101. 3 credits.

PSY 222 ADOLESCENT DEVELOPMENT studies the interaction of maturational, social, and self-reactive factors in human development during adolescence. Examines problems of personal, familial, social, and occupational adjustment. Prerequisite: PSY 101. 3 credits.

PSY 223 ADULT DEVELOPMENT examines the developmental tasks and stages of human beings from their entrance into early adulthood through death. Prerequisite: PSY 101. 3 credits.

PSY 230 LIFESPAN DEVELOPMENT surveys the developmental stages and the psychological growth of humans from conception to death. Not to be taken for credit if PSY 221, 222, and/or 223 are required. Prerequisite: PSY 101 or equivalent. No credit will be issued toward the major if MORE than one development course PSY 221, 222, or 223 is taken along with Life-Span. 3 credits.

PSY 245 EXPERIMENTAL PSYCHOLOGY AND RESEARCH METHODS provides practice in a variety of research methods and includes design of experiments, techniques for data collection, control of experimental events, and data analysis. Individual laboratory projects and preparation of scientific reports are required. Prerequisites: MATH 205 and PSY 101, computer literacy. 3 credits.

PSY 310 THEORIES OF PERSONALITY is a seminar focusing on various concepts of personality as addressed by theorists within the disciplines of psychology and sociology. Prerequisites: PSY 101 and PSY 221 or 222 or 223 or 230. 3 credits.

PSY 312 MARRIAGE AND FAMILY RELATIONS considers the major facets of marriage and family life within American culture. It emphasizes such aspects of marriage and the family as personality development, role and status sets, communication patterns, adjustment and conflict. Crosslisted SOC 312. Prerequisites: PSY 101 or SOC 101. 3 credits.

PSY 315 SOCIAL PSYCHOLOGY introduces basic concepts of social psychology, leadership as an aspect of social power, small group behavior, communication, development of attitudes and interactional dynamics. Prerequisites: PSY 101, PSY 201 and 221 or PSY 222 or 223 or 230. 3 credits.

PSY 331 CRIMINAL PSYCHOLOGY studies the psychological theories of crime causation. Crosslisted JPP 311. Prerequisites: PSY 101, PSY 315 and PSY 425. 3 credits.

PSY 354 GENDER AND COMMUNICATION studies the differences women and men exhibit when communicating. Verbal and nonverbal differences are studied, including why such differences occur. Gender-specific issues in dating, education, the family, religion, and the work place will be discussed. A student project focusing on how the media stereotypes male and female roles is required. Crosslisted COMM 354. 3 credits.

PSY 360 PSYCHOLOGY AND RELIGION explores the relationship between psychology and religion. Such a relationship has long been the subject of major concern to scholars as epitomized by the works of C.G. Jung, William James, V. Frankl, R. Otto, and many others. This is an excellent course for those who are majoring in psychology, religion, or social work. Prerequisites: PSY 310 and one of the following SOC 203 or REL 410. 3 credits.

PSY 425 ABNORMAL PSYCHOLOGY studies behavioral disorders in adults and children with special emphasis on the effects of social conditions and social change on the nature and incidence of maladaptive behaviors in American Society and on the major contemporary approaches to therapy used in the treatment of these disorders. Prerequisites: PSY 101, PSY 221 or 222 or 223 or 230 and PSY 310. 3 credits.

PSY 450 PRACTICUM IN PSYCHOLOGY offers students supervised practical experience in local agencies and institutions providing psychological services. Training, workshops, and/or associated readings are required. Prerequisites: senior standing and departmental approval. 3 credits.

PSY 460 PRINCIPLES OF COUNSELING introduces the student to the theory and practice of clinical psychology centering on major approaches to counseling and psychotherapy. Theory and practice are integrated and applied to practical settings and interpersonal relationships. Attention will be given to role playing, interviewing techniques, and the dynamics, purpose and goals of a helping relationship. Prerequisites: PSY 101, PSY 310 or consent of instructor. 3 credits.

PSY 490 SENIOR PROJECT/SEMINAR provides opportunity for students to work with special schools or topics in the fields of sociology, psychology, economics, political science and education. Individual research or group projects will be required. Enrollment for this course is during spring of the senior year. Prerequisite: PSY 245. 3 credits.

PSY 491 READINGS IN PSYCHOLOGY provides independent study and research under the direction of faculty member. 3 credits.

PSY 492 RESEARCH PROPOSAL This course focuses on preparing the senior seminar research project. Students are required to submit a formal research proposal; university approval of the proposal will be required. Enrollment for this course is during fall of the senior year. 1 credit.

REHABILITATION SCIENCE

BIO 301 ADVANCED FUNCTIONAL ANATOMY AND PHYSIOLOGY This course expands upon concepts introduced in Functional A&P I and II with emphasis on the structure and normal function of the organ systems and their common pathologies. Special emphasis will be placed on the muscular and nervous systems. The student will also be introduced to concepts of human movement, including anatomical terms or direction, fundamental planes and axes of movement, joint articulations and movements and the primary muscles that perform them. Pre requisite courses: BIO 181 & BIO 182 or equivalent. 4 credits.

MSRS 505 SCIENTIFIC WRITING IN REHABILITATION is intended to provide students with clear expectations about, and practice in, acceptable writing in English for graduate coursework. This course will: increase understanding of plagiarism and related ethical issues and increase knowledge of the structure of research papers in rehabilitation science. 4 credits.

MSRS 515 EVIDENCE-BASED PRACTICE IN REHABILITATION is designed to help practicing international occupational and physical therapists acquire skills related to consuming rehabilitation research. Students are exposed to basic concepts of research methodology and a review of conceptually-based statistics that further enhances skills with consuming the scientific literature. Students will practice reading and critiquing professional literature. 4 credits.

MSRS ADULT NEUROLOGICAL CONDITIONS AND PRACTICE ENVIRONMENTS is designed to include both traditional didactic teaching-learning experiences in the classroom and off-campus clinical experiences. The course will provide a common basis of scientific knowledge associated with practice in the area of adult neurological conditions. 4 credits.

MSRS 560 PEDIATRIC CONDITIONS AND PRACTICE ENVIRONMENTS is designed to provide an introduction to internationally trained therapists to the practice of pediatric physical and occupational therapy in the United States. In addition to exposure to various pediatric therapy settings, the students will apply critical reading and appraisal skills learned in the evidence-based practice class. 4 credits.

MSRS 610 INDUSTRIAL REHABILITATION AND PRACTICE ENVIRONMENTS is designed to help practicing international occupational and physical therapists acquire knowledge related to the practice of industrial rehabilitation. This course is designed to introduce students to work-related musculoskeletal injuries, basic ergonomic and prevention principles, job analysis, functional evaluation, work conditioning, work hardening, and worker's compensation insurance within both industrial and office environments. 4 credits.

MSRS 620 GERONTOLOGICAL CONDITIONS AND PRACTICE ENVIRONMENTS is designed to include both traditional didactic learning-teaching experiences in the classroom and off-campus clinical experiences. The course will provide a common basis of scientific knowledge associated with practice in the area of gerontological conditions. The off-campus clinical experiences are intended to provide opportunities for several observational experiences that are related to gerontological conditions. Students will be able to see a variety of clinical environments and patient conditions as well as observe assessment and treatment; students will not participate in performing assessments or treatments. 4 credits.

MSRS 630 ADULT ORTHOPEDIC CONDITIONS AND PRACTICE ENVIRONMENTS is designed to include both traditional didactic teaching-learning experiences in the classroom and off-campus clinical experiences. The course will provide a common basis of scientific knowledge associated with practice in the area of adult orthopedic conditions. This will include information in the following: 1) assessment; 2) theoretical basis of assessment and intervention; 3) interventions; 4) anatomy and kinesiology; 5) differential diagnosis and imaging; 6) management issues such as billing procedures, state and federal regulations of practice, policies unique to practice areas, disability models; and 7) evidence-based practice. 4 credits.

MSRS 650 RESEARCH DEVELOPMENT is designed to prepare students to be good consumers of research and develop the skills to complete a basic research project and apply concepts gained in the MSRS Program to practice as they return to their home country. 4 credits.

RSC 106 MEDICAL TERMINOLOGY RSC 106 introduces a word-building system for medical terms through the use of a programmed text and facilitates appropriate pronunciation and use of the words derived from Greek and Latin components. No prerequisites. 1 credit.

RSC 201 MEDICAL ETHICS AND REHABILITATION Medical Ethics and Rehabilitation is offered to provide students with the tools necessary to recognize and engage successfully the ethical challenges that arise in rehabilitation practice. Since today's medicine functions in a secular atmosphere, the student must be able to understand and converse with other health care professions concerning standard medical ethics concepts such as: autonomy, informed consent, patient confidentiality, life and death decision making, and professional responsibility. This course will also provide a brief overview of the most common ethical systems encountered in our pluralistic society in dialogue with Christian presuppositions and a Lutheran understanding of Law and Gospel. Case studies, course reading, lectures, and discussions will develop to articulate ethical challenges in rehabilitation and to make critical, informed, and Godpleasing ethical decisions. 3 credits.

RSC 304 TEACHING AND LEARNING IN REHABILITATION This course will introduce students to various learning theories and teaching strategies as it relates to rehabilitation. This exploration will pay particular attention to the needs of an adult learner. Activities will help students appreciate how teaching is a part of working in a rehabilitation setting. Concepts of motivation in learning will be explored along with the impact of physical, cognitive, and psychosocial deficits in learning. 3 credits.

RSC 310 CULTURE IN REHABILITATION This course will introduce students to the issues of cultural diversity in today's health care arena. The importance of recognizing cultural differences, the role of culture in health care, negotiating cultural differences in working with clients, planning for evaluations, and designing therapeutic interventions will be explored. In addition, language as a cultural barrier, the impact of professional jargon cross-culturally, and standardized instruments and language issues will be investigated. 3 credits.

RELIGION

***The basic courses in biblical content (REL 100, or 201 & 203) and in Christian Doctrine (REL 110 or 204) are prerequisites for every other theology course.**

REL 100 THE BIBLE is an overview of the Bible intended to acquaint the student with its background, content and messages. This introductory course satisfies the core curriculum requirements for Bible content for students who are not in a program that requires the enhanced church-work core. 3 credits.

REL 105 CHURCH LEADERSHIP SEMINAR introduces the students to the lay ministry program by seeking avenues for theological and spiritual formation to serve in the church. 1 credit.

REL 110 CHRISTIAN FAITH is an overview of Christian theology intended to acquaint the students with key theological concepts as they relate to everyday life. This introductory course satisfies the core curriculum requirement for Christian doctrine for students who are not in a program that requires the enhanced church-work core. 3 credits.

REL 201 THE OLD TESTAMENT is an overview of the Old Testament intended to acquaint the student with its background, content, and messages. This introductory course satisfies the core curriculum requirement for Bible content, but students who take it must also take REL 203 New Testament elsewhere in their programs. It is required for students in a church-work program. Prerequisite: enrollment in church-work program or permission of instructor. 3 credits.

REL 203 THE NEW TESTAMENT is an overview of the New Testament intended to acquaint the student with its background, content, and messages. The New Testament is read with a focus on the life of Jesus, his teaching and miracles, death and resurrection. The other major people of New Testament are also studied through their writings, especially the apostles Paul, Peter, and John. This introductory course forms a pair with REL 201 Old Testament for Bible content, and thus may not be counted as the elective third theology course in the core curriculum. Prerequisite: enrollment in church-work program or permission of instructor. 3 credits.

REL 204 BIBLICAL THEOLOGY is a systematic study of major areas of Christian doctrine with an emphasis on what Scripture says, as well as how Lutheran doctrine reflects what Scripture teaches. This introductory course satisfies the core curriculum requirement for Christian Doctrine, and is required for students in a church-work program. Prerequisite: enrollment in church-work program or permission of instructor. 3 credits.

REL 210 GREAT COMMISSION EVANGELISM presents an overview of the biblical basis for evangelism and an in-depth study of the basic components of the message and technique of Christian witness. Outreach elective (evangelism). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 215 FRIENDSHIP EVANGELISM develops the ability of the student to share the Gospel with a non-Christian in the context of a growing friendship. Prior enrollment in REL 210 is recommended. Outreach elective (evangelism). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 227 YOUTH MINISTRY I equips the student with the understanding, attitudes, and the theory needed to develop a ministry with and for youth in a congregation. Along with the scriptural and theoretical principles of youth ministry, this course prepares students for practical experiences encountered in REL 245 Ministry Practicum. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 229 RELIGIOUS EDUCATION OF YOUTH AND ADULTS equips the students with practical methods, skills, and resources to teach religion to youth and adults in a parish setting. Provides students with opportunities to strengthen their ability to communicate the Gospel effectively. Religious education elective. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 233 COMMUNICATING BIBLE MESSAGES examines the preparation and delivery of devotional messages based on a careful study of the biblical text. Classroom discussions center on the proper distinction between Law and Gospel, the correct interpretation of biblical texts, the structure of effective devotional messages, and the techniques of delivering these messages. Religious education elective. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 245 MINISTRY PRACTICUM is intended for students interested in practical experience in a specified area of church work. Forty hours for each credit earned will be spent in a parish or institution with involvement in hands on, supervised training with a skilled supervisor. Time will also be devoted to readings and discussion sessions. REL 245 may be repeated in subsequent semesters with different ministry specializations. Prerequisite: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]), a foundational course in the area of ministry specialization. 1-3 credits.

REL 275 THEOLOGY AND FILM explores the medium of film and how film may communicate biblical theology for a visual age. Motion pictures contain many theological ideas, and because films can be persuasive without arguing their case, it is important to be able to critique their content impartially, and to distinguish between an appreciation of artistic integrity and truth as revealed in Scripture. Special attention will be given to Christianity in the interrelationship of faith and culture. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 287 CHRISTIAN CARE GIVING offers the student preparing for full-time church work opportunity to understand and apply the theology of the cross and the practice of the church in Christian care giving. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3-4 credits.

REL 294 GENESIS covers the teachings of Genesis with special reference to the origins of the human race, the creation-evolution debate, the flood, and the patriarchs. Bible elective (OT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 298 FAITH AND CULTURE explores the role of religion in defining our way of life and self-understanding and how culture, in turn, may shape spirituality. Major world views and their influence on the faith experience will be analyzed. Special attention will be given to Christianity in this interrelationship of faith and culture. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 303 BIBLICAL FAITH AND PEOPLE OF COLOR is a study of biblical faith which allows the student to analyze the religious, cultural, and social milieus of the past, and to analyze the basic components of the Gospel message and techniques of strengthening human relationships. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 307 WISDOM OF ISRAEL is an examination of the wisdom literature of the Old Testament: Job, Psalms, Proverbs, Ecclesiastes, and the Song of Songs. The course studies biblical poetry, devotional literature, and the major questions of life. Bible elective (OT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 310 RELIGION IN AMERICA TODAY provides the student an overview of the religious life of people in America today. Such topics as the role of religion in society, culture and politics, the relation of church and state to one another, mainline Christian denominations, other major religions prevalent in America today, the ecumenical movement, Protestant traditions, the rise of sects and cults in America are all discussed. Comparative religions elective. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 311 CHURCH IN MISSION studies the mission of the Church with a vision toward contemporary ministry and outreach. Emphasis will be given to cross-generational and cross-cultural outreach methods. Outreach elective (evangelism). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 312 OFFICE OF THE PROFESSIONAL CHURCH WORKER studies the role of auxiliary ministries in the light of the New Testament and the Lutheran Confessions. It pays particular attention to church administration and conflict resolution in congregations. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 316 WORLD MISSIONS I explores the biblical foundations, the theology, and practice of Christian missionary work and provides students with some initial background in preparation for missionary service. Outreach elective (missions). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 326 WORLD MISSIONS II provides additional background information for students considering missionary service, continuing the exploration of missions begun in REL 316 World Missions I. This course looks into the history of missions, contemporary issues of missions, and the practice of missions. Outreach elective (missions). Prerequisite: REL 316. 3 credits.

REL 327 YOUTH MINISTRY II develops skills in youth ministry acquired in REL 227. Special attention is given to organizational competence at the beginning of service as a youth director, with emphasis in budgeting, staff relationships, and risk management. Students will explore obstacles teens encounter, and will develop short-term, Gospel-centered, ministry skills. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]); REL 227; REL 245 (may be taken concurrently). 3 credits.

REL 328 FAMILY AND YOUTH MINISTRY explores congregation ministry with and for families by providing students with an understanding of parent and child relationships, teen development, and the place of faith and the church in family life. Special attention is paid to family life education, intergenerational ministry, and strategic planning, with the goal of building ministries that strengthen family relationships. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 333 A SURVEY OF CHRISTIAN THOUGHT reviews how Christians have expressed the mystery and majesty of God's truth, from early Christian writers to the intellectual searchers of the twentieth century, from Augustine and Anselm to Bonhoeffer and Barth. This course familiarizes students with some of the most influential thinkers of Christianity. Students explore the themes that have fascinated generations of Christians through the centuries: What drives someone to martyrdom? Why did Christ have to be a man? Can we prove God's existence? Who can be saved through a cross? Why does the Church have sacraments? Must Christians be ignorant and stupid? Where do we go from here? Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 349 ACTS covers the book of Acts with special focus on the Apostle Paul. The course provides some background on key cities visited by Paul, places his teachings in context of the Greco-Roman world and that of first century Judaism, examines his use of the Old Testament, and compares Luke's presentation of Paul with the evidence from the letters of Paul. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 340 LIFE OF CHRIST studies the religious and social conditions of the world into which Christ came, His life and teachings as found in the four Gospels, with an overview of the opinions expressed in the apocryphal Gospels, the ancient Church, and modern historical criticism. Bible elective (NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 342 DEAD SEA SCROLLS investigates how these 2,000-year old documents have changed the way people think and write about the Bible and provide a valuable window into the early history of Jews and Christians. Students will be challenged to discover answers to the continuing questions of modern biblical and historical scholarship as it relates to the Christian faith. Bible elective (OT/NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 343 THE GOSPEL OF MARK studies the Gospel of Mark as a distinct presentation of the ministry of Jesus. The course will focus on Mark's choices of Jesus' miracles, parables, and travels. The deliberate structure of the Gospel will be highlighted. Bible elective (NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 344 LUKE/ACTS will study the main themes of Luke-Acts through a structural, Christ-centered, and historical approach. Selected passages will be given special attention as the portrait of Christ and the founding of his Church are unveiled. Issues that will merit special attention are: Jesus' kingship, His prophetic office, Christian worship in the Early Church, the mission of the Church, end times and Jesus' passion. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 345 JOHANNINE LITERATURE studies the writings of St. John in the New Testament, namely his Epistles, Gospel, and Revelation. Students examine the Johannine message concerning the person and work of Jesus Christ. Characteristic terms, themes, and doctrines are made the subject of special study. Bible elective (NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 346 PAULINE LITERATURE studies selected writings of the Apostle Paul to familiarize the student with the historical background, content, purpose, message, and distinctive characteristics of five of Paul's epistles. Bible elective (NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 347 LAW AND GOSPEL IN THE LIFE OF THE CHURCH leads the student to see more clearly the significance of two major Christian doctrines and the correct relationship between them for a Christian's life. Sections of Scripture, of the Lutheran Confessions, and of current theological literature are analyzed in the light of these fundamental teachings. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 351 PROPHETS OF ISRAEL studies Old Testament prophecy and the prophetic movement, including its origin, development, purpose, methodology, message, and impact. Bible elective (OT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 352 REVELATION AND END TIMES explores the doctrine of eschatology as it is revealed in the Scriptures. Special emphasis is placed on understanding apocalyptic literature as a key to interpreting the Book of Revelation. Texts from Daniel, Ezekiel, Matthew, and the writing of Paul are also examined as they relate to the full range of eschatological topics: the millennium, the rapture, Armageddon, the anti-Christ, death, Christ's second coming, resurrection, and the eternal state. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 356 LIFE OF PAUL gives an overview of the life and teachings of the Apostle Paul in terms of his place in the New Testament as an apostle of Jesus Christ against the background of his birth and development. Studies are based on selected texts from Acts and Pauline Epistles. Bible elective (NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 357 WOMEN IN THE CHURCH explores the multiple dimensions of women's gifts and activities as recorded in the Christian Scriptures and experienced throughout the history of Christianity, with particular interest in applying biblical principles to contemporary feminist perspectives as well as that of women in the church. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 376 CHRISTIAN ETHICS explores the distinct nature of Christian ethics in dialogue with other forms of ethical inquiries. Contemporary Christian responses to timely ethical issues will also be explored. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 383 THE GOSPEL OF LUKE surveys foundational principles and techniques in biblical interpretation using the Gospel of Luke. The life and ministry of Jesus is studied through the distinctive parables, songs, characters and events of Luke. Bible elective (NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 387 CHRIST'S PEOPLE THROUGH THE AGES surveys Christian history from Pentecost to the present. Distinctive eras in Christian history will be discussed, with attention to their main contours and the principal dynamic forces at work within them. Special attention is given to the development of world Christianity within the history of the church. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 388 VARIETIES OF BELIEF provides a framework for knowing about the teachings, practices, organization, and historical development of world religions and various Christian communities. Emphasis is also placed upon the Christian living in relation to the peoples of other faiths, especially in the North American context, with compassion, biblical confession, and a missional intention. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 389 MONASTIC ROOTS investigates the history, theology, and practice of monasticism in the light of the Reformation. Readings from Augustine, Benedict, and other monastic writers will be supplemented with materials from the pen of Martin Luther. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 390 SPIRITUALITY OF JAMAICA introduces students to a diversity of expressions of human spirituality in a distinctively different culture. On-site experiences of at least three spiritual movements will be investigated on the island of Jamaica. Winterim. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 404 LUTHERAN CONFESSIONS is an overview of the historical background and major teachings of the Lutheran Church as confessed in the Book of Concord. The entire Book of Concord is read focusing on the key doctrinal issues which the Lutheran Confessors highlighted. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 410 WORLD RELIGIONS surveys living non-Christian religions in terms of worship, beliefs, values, history, and their relationship to Christianity. Comparative religions elective. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 416 THE PRACTICE OF MISSIONS facilitates a supervised mission experience for students interested in local or international missions. Outreach elective (missions). Prerequisites: REL 316, completed Missions Internship Contract (available from the theology department). 3 credits.

REL 420 LAY MINISTRY INTERNSHIP is a course which puts theory into practice in a specialized setting unique to the individual student's need. The student intern is introduced to the congregational or institutional arena of professional church work. This presents the student intern the opportunity to experience the vocational option of service as a lay minister. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 430 CHRIST IN THE OLD TESTAMENT studies the messianic teachings found in the OT, traces their thematic development, identifies their fulfillment in the New Testament, and explores scholarly controversies about their interpretation. Bible elective (OT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 432 THE PSALMS is a study of the hymnal of ancient Israel, with its interpreters, historical context, and enduring liturgical and theological value. Bible elective (OT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 440 LUTHERAN WORSHIP: THEOLOGY AND PRACTICE introduces the terms, history and theology of worship in the Lutheran Church. The student is exposed to a variety of art forms and ways in which they can be incorporated into the worship experience. Along with learning the principles involved in developing and leading a worship service, the student practices these skills in class. This course is cross-listed as WAL 440. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 445 THE LIFE AND THOUGHT OF LUTHER is a study of Luther the man and the theologian in relation to the world in which he lived. The student will be asked to read and analyze some of Luther's major works. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 450 TOPICS IN THEOLOGY is an elective in which students travel to the annual Lutheran theological symposium in Fort Wayne. Students will attend the five day conference and participate in all conference activities related to both exegesis and theology. This course will include both pre-conference readings and a post-conference paper. Winterim. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 456 PASTORAL EPISTLES OF PAUL surveys the letters of 1-2 Timothy and Titus, relating Paul's concerns for the burgeoning church of the day to such contemporary issues as women in the church, the office of the ministry, and twenty-first century theological formulations. Bible elective (NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 458 HEBREWS AND THE TWO LETTERS OF PETER studies the background and content of these epistles of the New Testament. Students will be led to discover for themselves what these letters are teaching and to apply their messages to their own lives and to the Christian Church today. Bible elective (NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 476 THE HOLY LAND offers students the opportunity to experience the land of Israel in person. Students will walk the streets of Jerusalem and Bethlehem, sail on the Sea of Galilee, and taste the brackish waters of the Dead Sea. Guided sightseeing will be supplemented with on-site lectures by noted Bible scholars, museum visitations in Jerusalem, and background readings. Winterim. Bible elective (OT/NT). Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]). 3 credits.

REL 490 SENIOR SEMINAR I will lead students to demonstrate the ability to synthesize knowledge, skills, and attitudes from two or more areas in order to create and support a new point of view in a senior seminar project that contributes to the discipline, in a culminating undergraduate experience. Prerequisites: Bible Content (REL 100 [or 201 & 203]); Christian Doctrine (REL 110 [or 204]), senior standing. 3 credits.

REL 491 SENIOR SEMINAR II will lead students to demonstrate the ability to synthesize knowledge, skills, and attitudes from two or more areas in order to create and support a new point of view in a senior seminar project that contributes to the discipline, in a culminating undergraduate experience. Prerequisites: REL 490. 3 credits.

REL 495 LAY MINISTRY SEMINAR brings into focus the students' vocation and the utilization of their spiritual gifts in the service of the church. The participants will present, in light of Lutheran Confessional theology, their personal vocational goals to serve in the church. Prerequisites: Completion of Level I of the Lay Ministry Program and acceptance into Level II. 1 credit.

REL 525 CHRISTIAN DOCTRINE AT WORK presents the central teachings of Christianity as they relate to twenty-first century vocations in health care settings. This course is team taught by faculty from the Department of Theology and from the School of Pharmacy. Students will explore the biblical and confessional foundations of Christian doctrine and apply them to current cultural and vocational contexts. Prerequisites: REL 100 and admission to the Pharmacy school, or prior approval by the instructor. 4 credits.

SCIENCE

SCI 100 INTEGRATED SCIENCE studies selected topics from the natural sciences with emphasis on practical implications of an understanding of those topics. Laboratory course. 4 credits.

SCI 151 PHYSICAL SCIENCES is an integrated approach to the study of physics, chemistry, and astronomy suggested for education majors. Prerequisite: One year of college preparatory algebra in high school. Laboratory course. 4 credits.

SCI 152 LIFE SCIENCES is an integrated approach to the study of biology and environmental science suggested for education majors. Suggested pre-requisite: : SCI 151 or 1 year of high school chemistry. Laboratory course. 4 credits.

SCI 195 METEOROLOGY provides a physical description of the weather variables (temperature, wind, moisture, pressure, solar radiation, vorticity, etc.) and the relationships that exist among them. This knowledge will be used to explain weather events such as frontal passages, cloud formation, thunderstorms, and tornadoes. This course will also investigate techniques of forecasting future weather events. Cross-listed (The World's Climates) GEOG 295. 3 credits.

SCI 235 EARTH SCIENCE is an integrated study of the materials & physical features of Earth and the processes that form and shape them. Map skills are also developed. Cross-listed (Physical Geography) GEOG 311. Laboratory course. 4 credits.

SCI 246 OCEANOGRAPHY is a study of the chemical, geologic, physical, and biological features of Earth's oceans. Topics covered include the history of oceanography, chemistry and physical properties of sea water, waves, global currents & seas, and submarine morphology. Cross-listed (The World's Oceans) GEOG 246. Laboratory course. 4 credits.

SCI 275 COSMOGONY is the study of origins. Questions regarding the origin of the physical universe and life (including human beings) will be explored and possible answers will be offered. The two possible cosmogonic models, Evolution and Creation, will be treated in-depth from a scientific perspective. The nature of science and the differences between operational science and origin science will also be investigated. The primary emphasis of this course concerns scientific evidences for origins; however, philosophical and theological evidences will also be discussed. Prerequisite: Any college-level physical or biological science course. 3 credits.

SIGN LANGUAGE

SIGN 101 BEGINNING AMERICAN SIGN LANGUAGE I is designed for students who have had no formal learning of ALS. Students will develop skills in producing and understanding signs and will be introduced to deaf culture. 3 credits.

SOCIAL WORK

SW 100 INTRODUCTION TO SOCIAL WORK is a survey course designed to provide an overview of the profession of social work, its historical roots, and its current structures and issues. The functions of the social work profession in relation to other human service professions will be discussed. Students will understand the knowledge, skill, and value base of social work as developed and discussed in contemporary and historical literature. Key terms and concepts will be introduced as well as the role social work has played in response to social and economic justice issues, especially for populations at risk. 3 credit hours.

SW 205 INTRODUCTION TO SOCIAL WELFARE This course introduces the basic concepts of the U.S. social welfare system and includes a comparative approach to other countries. It provides an overview of governmental assistance programs and the impact of these programs on individuals and families. The course includes a historical and contemporary perspective on social welfare issues. It presents the impact of the economic, political, educational, and religious systems on social welfare systems. Special attention is given to social work values and practice, the strength-based approach, poverty and vulnerable populations. 3 credit hours.

SW 235 INTRODUCTION TO CHILD WELFARE The purpose of this course is to familiarize the student with the historical foundation and statutory basis for child welfare. The course examines all components of the child welfare system which will include discussion on child maltreatment and abuse. Students will gain a working knowledge of the definitions and theories of child abuse and neglect, family systems, and social policies that effects social work practice in child welfare. The various types of child abuse and child maltreatment will be discussed and examined throughout the course. Cross-listed as PSY 235. 3 credit hours.

SW 306 SOCIAL WELFARE POLICY AND PROGRAMS This course further develops an understanding of contemporary social welfare policies and programs, including private, public, and combined programs. Examines the various historical, political, economic, and societal influences on the development of social welfare policy and service delivery and/or the policy-making process. Provides a framework to analyze and evaluate social welfare policies and programs. Context for policy analysis includes human diversity, human rights, and social and economic justice. Policies related to child welfare, physical and mental health, assistance to the poor, social insurance, hunger, shelter, and civil rights based on gender, race and ethnicity, sexual orientation, disability, and immigration will be discussed. The importance of policy practice will be introduced and integrated through community interviews. Prerequisites: SW 100 and 205. 3 credits hours.

SW 310 SOCIAL WORK RESEARCH METHODS I This course introduces research methodology pertinent to the evaluation of human service programs, and discusses the rationale for conducting evaluations. Among the topics discussed are the relationship of evaluative efforts to program design and implementation, threats to validity of program evaluation, constructing a measurement plan and designs for program and evaluation. Program evaluation knowledge, skills and techniques, such as needs assessment, operationalization of variables, levels of measurement, statistical significance, efficiency and outcome evaluation are introduced. This course emphasizes this methodology when conducting formative evaluations, i.e., needs assessment, program development, market research. Prerequisites: SW 100, SW 205, MATH 205 and Social Work Major. 3 credit hours.

SW 326 SKILLS & METHODS OF SOCIAL WORK PRACTICE I: STRATEGIES FOR HELPING INDIVIDUALS This course is the first in a sequence of three required social work practice courses. Practice I focuses on the development of skills and strategies for helping individuals within a variety of social work and host settings. Key concepts of generalist practice are applied to the development of relationship building and interviewing skills. Generalist Practice is examined as a problem solving process which includes engagement, assessment, intervention, and evaluation. Students learn to view clients and client systems from a strengths perspective. Prerequisites: SW 100, SW 205 and Social Work Major. 3 credit hours.

SW 327 FIELD EDUCATION I is taken concurrently with SW 328, Field Seminar I. This course engages the student in the practice of beginning social work skills and tasks within an agency setting over a period of one semester. It is designed for the senior level student and requires an average of 16 hours per week in the agency for a minimum of 216 hours. Prerequisites: SW Major with senior standing. 4 credit hours.

SW 328 FIELD SEMINAR I is taken concurrently with SW 327, Field Education I. A seminar format will provide for the sharing of practice experiences and practice issues that occur during field practicum. Discussion topics will focus on agency orientation, self-awareness issues, engagement skills, critical thinking skills, ethical dilemma awareness and the development of the professional self. The seminar will provide for the integration of field experience with classroom learning through discussion and assignments. Prerequisites: SW Major with senior standing. 2 credit hours.

SW 346 HUMAN BEHAVIOR/THE SOCIAL ENVIRONMENT I This course will examine ecological systems theory. This course develops the person-in-environment concept in social work. Individuals grow and develop within the context of families, groups, organizations, and communities. This course also examines the relationships among human biological, social, psychological, and cultural systems as they affect and are affected by human behavior within the human life span. Prerequisites: SW 100 and SW 205. 3 credit hours.

SW 347 HUMAN BEHAVIOR IN THE SOCIAL ENVIRONMENT II This course further develops the person-in-environment concept in social work, with a specific focus on macro systems and their impact on society, and on human diversity. The course provides a framework for understanding and analyzing the forms and mechanisms of oppression and discrimination. The course includes theories used in macro practice and the development of a knowledge base with a macro perspective on families, groups, organizations, institutions, and communities. Students learn how diversity shapes the human condition and how culture affects the perception and interaction in the social environment. The course provides students with a knowledge base on the interactions among and between systems at all levels of practice, and how human behavior and the environment are impacted by the interactions. Prerequisites: SW 100 and SW 205. 3 credit hours.

SW 365 DRUGS, SOCIETY, AND HUMAN BEHAVIOR This course investigates the physiological, psychological and social implications of drug use and abuse. Common drugs such as nicotine, caffeine and alcohol as well as the less common and illegal drugs such as marijuana, LSD and cocaine are studied. Prerequisite: SOC 101 or PSY 101. Cross-listed as SOC 365. 3 credits hours.

SW 375 UNDERSTANDING DEATH AND DYING This course examines the role of family, church and other social institutions in our experiences with death and dying. The student will study current theories and practices related to death and dying from the standpoint of developmental and learning theory, and social and cultural attitudes and practices. Theories regarding grief and loss are included. The student will learn social work intervention skills and methods for working with the dying and survivors. Prerequisites: SOC 101 or PSY 101 and sophomore standing. Cross-listed as SOC 375. 3 credit hours.

SW 392 AGING AND THE SOCIAL ENVIRONMENT This course investigates the processes of human aging within the social environment. Social gerontology is concerned with the nonphysical aspects of aging. Particular emphasis is placed on its social, psychological, and spiritual aspects, although attention is given to the impact of aging on biological functioning. Group processes, ageism, and social forces that affect the aging process are examined. Cross listed as SOC 392. 3 credit hours.

SW 410 SOCIAL WORK RESEARCH METHODS II This course builds on SW 310 and introduces research methodology pertinent to the evaluation of human service programs and individual practice, and discusses the rationale for conducting such evaluations. The written research report is emphasized with student participation in a mock research project and written paper. Each section of the written research report is discussed in depth with continued knowledge building of research methodology. Among the topics discussed and practiced through assignments and written paper are writing a title, writing abstract, writing literature review, hypothesis formation, writing methodology (including operationalization of variables, research design, sampling, data collection tools, procedures, and ethics), writing results, writing discussion, and creating a reference list. Prerequisites: MATH 205 and SW 310. 3 credit hours.

SW 426 SKILLS & METHODS OF SOCIAL WORK PRACTICE II: HELPING GROUPS AND FAMILIES This course is designed to help students further develop their social work practice skills for helping groups and families. Students learn how group work is utilized as a method in social work practice. Various types of groups are examined including task groups, interdisciplinary team meetings, and treatment groups. Students learn skills for forming and conducting groups with different client groups. Generalist practice often requires viewing client situations from a family perspective. Students learn to apply concepts from systems theory to understanding the interpersonal dynamics of family functioning. Working with families and groups utilizes a professional problem solving process to engage, assess, intervene, and evaluate practice with groups. Prerequisites: SW 326. 3 credit hours.

SW 427 FIELD EDUCATION II is taken concurrently with SW 428, Field Seminar II. This course is designed for the senior level student and engages the student in supervised direct service activities within an agency setting. This course provides practical experiences in the application of theory and skills acquired in the social work curriculum. The placement requires an average of 16 hours per week in an agency for a minimum of 216 hours. Prerequisites: SW 327 and SW 328. 4 credit hours.

SW 428 FIELD SEMINAR II is taken concurrently with SW 427, Field Education II. A seminar format will provide a continuing forum for the integration of field experience with classroom learning through discussion and assignments. Discussion topics will focus on the professional use of self, the use of supervision in practice, on agency-specific policy analysis, and agency provision of service. Prerequisites: SW 327 and SW 328. 2 credit hours.

SW 436 SKILLS & METHODS OF SOCIAL WORK PRACTICE III: ADVOCACY & COMMUNITY CHANGE This course focuses on developing an understanding of larger systems, and skills for practice within that context. The material includes a macro level perspective of social justice, oppression and advocacy, and a review of various theoretical perspectives, including systems theory and the strengths perspective, as they apply to macro level practice. Discussion will surround an examination of traditional and nontraditional social action strategies, including community organization, development and advocacy. Students learn agency and legislative advocacy skills with a specific focus on human rights and social and economic justice. Social work values and ethical perspectives related to social change are analyzed. Prerequisites: SW 326 and SW 426. 3 credit hours.

SW 490 SENIOR INTEGRATIVE SEMINAR This course provides the student with the opportunity to integrate classroom and practicum experience for application in their entry level professional practice. This course is the culminating integrative process for baccalaureate generalist practice social work student to further develop and refine communication and problem solving skills, to exercise peer support and evaluation skills; to increase self-awareness through group interaction, values clarification, and discussion and analysis of policy and practice issues in the context of social work values and ethics. This course is a self-directed readings, critical inquiry, and discussion seminar. Prerequisites: SW 327 and SW 328. 3 credit hours.

SOCIOLOGY

SOC 101 INTRODUCTION TO SOCIOLOGY is an introduction to the study of social groups and social relationships. The course analyzes basic sociological concepts to acquaint the student with the fundamental laws governing human relationships. Problems of social structure, social processes and social motivations will be considered. 3 credits.

SOC 151 CRIMINOLOGY studies why people commit crimes. Crosslisted JPP 103. 3 credits.

SOC 203 CONTEMPORARY SOCIAL PROBLEMS provides the student with a perspective to view major problems confronting American Society. An eclectic approach is utilized in the analysis of these problems, selected research studies are evaluated and field research trips are conducted. Special attention is given to mental health, crime and delinquency, poverty, mass media and communications, prejudice and discrimination, and urbanization. 3 credits.

SOC 255 URBAN SOCIETY introduces the student to the complex nature of the urban area; sensitizes the student to the complexities of urban life; helps the student appreciate what it means to become meaningfully involved in their community and in today's urban society. The course examines racial and ethnic diversity, concepts of the city, historical urbanization in diverse cultures, transportation, housing, population shifts, urban economics, employment, education, industrialization, international population and urbanization, community organization and planning, the church and urban society. 3 credits.

SOC 300 GROUP DYNAMICS is an introduction to group processes and interpersonal relationships with an emphasis on community, identity, and leadership problem-solving activities. Crosslisted COMM 300. 3 credits.

SOC 312 MARRIAGE AND FAMILY RELATIONS considers the major facets of marriage and family life within American culture. It emphasizes such aspects of marriage and the family as personality development, role and status sets, communication patterns, adjustment and conflict. Crosslisted PSY 312. 3 credits.

SOC 343 WOMAN'S HEALTH reflects both her individual biology and her sociocultural, economic, and physical environments. A discussion of women's issues through the history of where women were, what they've accomplished, and what yet needs to be done in order for women to realize their potential. Topics include reproductive rights, professional opportunities, work and family, race, and crime and violence against women. This course can be used as an elective or to fulfill a requirement for the Secondary Education Broad Field Social Science major. 3 credits.

SOC 365 DRUGS, SOCIETY, AND HUMAN BEHAVIOR investigates the physiological, psychological and social implications of drug use and abuse. Common drugs such as nicotine, caffeine and alcohol as well as the less common and illegal drugs such as marijuana, LSD and cocaine are studied. Prerequisite: SOC 101 or PSY 101 Cross-listed with SW 365. 3 credits.

SOC 375 UNDERSTANDING DEATH AND DYING examines the role of family, church, and other social institutions in our experiences with death and dying. The student will study current theories and practices related to death and dying from the standpoint of developmental and learning theory, social and cultural attitudes and practices. The student will learn social work intervention and postvention skills and methods for working with the dying and survivors. Prerequisites: SOC 101 and PSY 101, or consent of instructor. Cross listed as SW 375. 3 credits.

SOC 392 AGING AND THE SOCIAL ENVIRONMENT investigates the processes of human aging within the social environment. Social gerontology is concerned with the nonphysical aspects of aging. Particular emphasis is placed on its social, psychological, and spiritual aspects, although attention is given to the impact of aging on biological functioning. Group processes, ageism, and social forces that affect the aging process are examined. Cross listed as SW 392. 3 credit hours.

SPANISH

SPAN 101 BEGINNING SPANISH I provides a foundation in basic Spanish grammar and vocabulary with practice in listening, speaking, reading, and writing. An orientation to Spanish-speaking countries, their culture, and practice time are integral parts of the course. No previous knowledge of Spanish is assumed. 4 credits.

SPAN 102 BEGINNING SPANISH II continues SPAN 101. Students continue to learn basic vocabulary and grammatical structures while further developing the four basic skills of listening, speaking, reading, and writing. Culture is presented throughout the course. Prerequisite: SPAN 101 or 2 years of previous Spanish courses. 4 credits.

SPAN 201 INTERMEDIATE SPANISH I reviews and builds upon grammar, increases vocabulary, and includes readings. Students continue to improve their skills as they gain knowledge and a greater understanding of the Spanish-speaking world. Prerequisite: SPAN 102 or 3 years of previous Spanish courses. 3 credits.

SPAN 202 INTERMEDIATE SPANISH II is a continuation of SPAN 201. Prerequisite: SPAN 201 or 4 years of previous Spanish courses. 3 credits.

SPAN 301 SPANISH CONVERSATION & COMPOSITION focuses intensively on enhancing conversational skills by increasing oral and auditory proficiency as well as on improving the writing skills through related activities. Prerequisite: SPAN 202 or more than 4 years of previous Spanish courses. 3 credits.

SPAN 307 APPLIED LINGUISTICS introduces the basic terminology and concepts of linguistics as applied to the Spanish language. It also presents the sound system, morphology, and syntax of Spanish as compared to English and investigates topics in language acquisition. Required for teaching majors/minors. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 315 TOPICS IN SPANISH CONVERSATION is designed for flexible scheduling and the ability to discuss a wide range of topics to serve the needs of majors, minors, and others who simply want to maintain and improve their language skills. This course will help students review and expand their vocabulary through out-of-class preparation on a variety of topics. Each 1-credit course will have a different topic, and majors and minors must take this course three different times for a total of three credits. 1 credit.

SPAN 321 SPANISH LITERATURE I surveys major literary developments in peninsular Spanish literature from its origin through the 18th century. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 322 SPANISH LITERATURE II surveys major literary developments in peninsular Spanish literature during the 19th and 20th centuries. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 323 LATIN AMERICAN LITERATURE studies selected literary works by Latin American authors. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 331 ADVANCED SPANISH GRAMMAR & COMPOSITION focuses on the review and syntax of the more difficult grammatical structures of the Spanish language and on writing and conversational skills at the advanced level. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 332 ADVANCED TOPICS IN SPANISH GRAMMAR works on perfecting usage of structures which typically are the most difficult to master. Students work toward achieving fluency in the language and on polishing their speaking and writing skills. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 341 CIVILIZATION & CULTURE OF LATIN AMERICA studies the history and cultures of Latin America from Pre-Columbian civilizations to the present. Taught in Spanish. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 351 CIVILIZATION AND CULTURE OF SPAIN AND SPANISH AMERICA I studies the history, the cultures and the political, economic and social changes on the Iberian peninsula and in the Americas from antiquity through the colonial period. Prerequisite: successful completion of SPAN 202 or equivalent, 4 years of Spanish in high school, or consent of instructor. 3 credits.

SPAN 352 CIVILIZATION AND CULTURE OF SPAIN AND SPANISH AMERICA II studies the history, the cultures and the political, economic and social changes on the Iberian peninsula and in the Americas from the late colonial period through the present. Prerequisite: successful completion of SPAN 202 or equivalent, 4 years of Spanish in high school, or consent of instructor. 3 credits.

SPAN 355 SPANISH AND SPANISH AMERICAN LITERATURE I surveys major literary developments and works in Spain and the Americas from the earliest days through about 1700. This course is required for majors. Minors must take either SPAN 355 or SPAN 356. Prerequisite: successful completion of SPAN 202 or equivalent. 4 years of Spanish in high school, or consent of instructor. 3 credits.

SPAN 356 SPANISH AND SPANISH AMERICAN LITERATURE II surveys major literary developments and works in Spain and the Americas from about 1700 to the present. This course is required for majors. Minors must take either SPAN 355 or SPAN 356. Prerequisite: successful completion of SPAN 202 or equivalent. 4 years of Spanish in high school, or consent of instructor. 3 credits.

SPAN 360 SPANISH FOR PROFESSIONS provides the student with practice of professional terminology necessary in fields such as the Medical Professions, Business, Accounting, Marketing, Finance, International Relations, Social Work, Education, Law, and Criminology. Some areas require background in the Spanish language, while for others the course can be tailored to the student's language level so that beginning and intermediate students also learn or review basic grammar. Content and times are arranged with the instructor. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 361 CIVILIZATION & CULTURE OF SPAIN examines Spain through its art, history, architecture, religion, music, literature, geography, culture, language, and people. It also looks at the influence of Roman, Muslim, Jewish, and Christian civilizations in Spain. Taught in Spanish. Prerequisite: SPAN 301 or consent of instructor. 3 credits.

SPAN 490 SEMINAR/CAPSTONE COURSE for Spanish majors. Under the guidance of a faculty member, the student develops a research project in a specific area of interest related to Spanish language, literature, or culture. At the discretion of the department, the student may be directed to study an area or areas needing additional exposure or reinforcement. Prerequisite: Senior standing or consent of instructor. 3 credits.

SPORT AND ENTERTAINMENT MANAGEMENT

SMA 290 INTRODUCTION TO SPORT AND ENTERTAINMENT MANAGEMENT This course exposes students to the expanding roles of sport and entertainment in society. Strong emphasis is placed on framing sport and entertainment management as a leading business sector in today's marketplace; thus the content includes a broad-based examination of the foundations of theory, techniques, culture and practices of management, and as applied to all segments of sport and entertainment business within the local, regional, national and international communities. 3 credits.

SMA 300 SOCIAL ASPECTS IN SPORT AND ENTERTAINMENT investigates sport as a microcosm of society and explores how the sports we play and our entertainment choices are influenced by cultural traditions, social values, and economic forces. The focus of this course will be on the examination of sport as a social institution and its integration within the greater societal structure. 3 credits.

SMA 310 LEGAL AND ETHICAL ISSUES IN SPORT AND ENTERTAINMENT This course creates awareness and understanding of the legal issues prevalent in the sport business industry today from a legal and ethical perspective; looking to integrate possible solutions from both a personal and professional perspective of morals and values. The course will examine policies and procedures of the United States legal system and the application of pertinent laws and legal concepts for the basis of sound and ethical decision making. 3 credits.

SMA 320 FACILITY DESIGN AND MANAGEMENT IN SPORT/ENTERTAINMENT is an examination of the concepts of design and management of sports and recreation facilities. This course will focus on various issues such as site selection, layout, plan and design, maintenance, staffing, fiscal management, and risk management. 3 credits.

SMA 330 SPORTS ECONOMICS AND FINANCE an in depth examination of economic impact interscholastic, intercollegiate and professional sports play in society. This course is a comprehensive investigation of fiscal policy and practice with focus on inputs and values from the sport and recreation industry and the impact on national economy. 3 credits.

SMA 340 SEM/HEEM FIELD EXPERIENCE I This is the first credit/course of three Field Experience requirements within Sport and Entertainment Management, as well as, Hospitality and Event Entertainment Management. This course is designed to assist in preparing students in the design, development and utilization of resumes and cover letters within the industry. 4 - 6 credits.

SMA 350 SPORT AND ENTERTAINMENT MARKETING This course is designed to introduce students to the application of basic principles of marketing to the sport and entertainment industry. Students will explore and analyze the central and fundamental principles and implications related to the following areas of sport/entertainment marketing including but not limited to market segmentation, pricing, brand activation and engagement marketing best practices, market research, and perceptions in consumer behavior. This course is designed to provide students with a contemporary understanding of marketing concepts as they are currently being applied in various sport and entertainment management contexts. 3 credits.

SEM 330 INTEGRATED PUBLIC RELATIONS & SOCIAL MEDIA This course provides a practical and conceptual foundation for students interested in sport, entertainment, hospitality, and event management. Students will explore the formalized working relationships between the mass media and professional organizations. The course focuses on the interactions among the people and organizations involved in the flow of information to the public, including the connection between the informational and commercial sides of communication and information management. Students will understand the professional and industry standards of using social media as an effective business tool for public relations, community relations, media relations and marketing efforts. Students will be challenged to develop effective content for various public relations and social media platforms; and will understand the importance of analytics, engagement of end markets and measurability of public relations and social media efforts. 3 credits.

SEM 410 INTEGRATED MARKETING AND DESIGN This course includes an in-depth study of marketing and the influence it has in accomplishing objectives in today's world of sport, entertainment, hospitality, and event management. It involves a thorough review of the product, be it a good or a service, and details for bringing it to market. Topics include fund raising, advertising, promotions, location, pricing, sponsorships, licensing, market segmentation and the role of research. Strong emphasis will be placed on the development of effective strategies and design of collaterals related to brand activation and consumer engagement. 3 credits.

SEM 420 EVENT PRODUCTION AND MANAGEMENT This course is designed to acquire an in-depth knowledge about the specialized field of event management; emphasis will be placed on the following broad based sectors including but not limited to sport, entertainment, and hospitality industries. Students will be provided with a complete understanding of management techniques and strategies required for successful planning, promotion, implementation, and evaluations. Students will study objectives, strategies, and tactics of event management; identify costs for events and potential revenue streams; select host cities and venues; understand the event planning process; and understand the accommodation and management of guests at events. Emphasis will be placed on the simulated production and management of an actual event. 3 credits.

THEATRE

THTR 100 CULTURAL EXPERIENCE THROUGH DIRECTED TRAVEL STUDY gives students the opportunity to travel to distant theatre centers in the United States and abroad, developing an interest and understanding of the nature of Theatre and its cultural influences. Students will see a variety of plays, interact with theatre artists, and view other cultural centers while traveling. 3 credit hours.

THTR 101 THEATER PRACTICUM allows students to earn credit for significant participation in an acting role, technical position, or dramaturg position on a Concordia Theatre production. Roles/positions are designated and approved by Theatre faculty. 1 credit hour.

THTR 120 ORIENTATION TO THEATER is an overview of theatre history, from the ancient civilizations of Egypt, Greece, and Rome to the 21st century. Students will gain knowledge of the impact of theatre on a variety of civilizations, learn the production process and how it has evolved through the generations, and develop an appreciation for theatre while examining genre, style, structure, purpose, and cultural context. 3 credit hours.

THTR 225 ON-CAMERA ACTING AND PRODUCTION is the course in which students will learn the methods and business of acting in film, television, commercials, industrials, and voice-over work. In addition, students will learn how to market themselves in the on-camera performance industry, including resume preparation, how to work with agents and casting directors, and utilizing the right marketing tools to secure work. 3 credit hours.

THTR 231 STAGECRAFT gives the student hands-on experience in the various areas of stagecraft including such topics as set design, construction, painting, and decorating; stage lighting; and the making and finding of stage properties. 3 credit hours.

THTR 254 PRODUCING CHILDREN'S THEATER examines the history of children's theatre with a special emphasis on the structure, style, organization, and creative development of the production process for creating quality theatre for children. Students will have the opportunity to adapt source material to create short skits to be performed for a children's audience, including biblical adaptations used for drama ministry outreaches. 3 credit hours.

THTR 261 ACTING I explores the history and theories of acting; and the techniques of voice, movement, improvisation, and character development for the stage. 3 credits.

THTR 263 ACTING I INTRODUCTION TO ACTING explores the history and theories of acting; and the techniques of voice, movement, improvisation, and character development for the stage. 3 credit hours.

THTR 268 MUSICAL THEATRE explores the history and theories of acting; and the techniques of voice, movement, improvisation, and character development for the stage. 3 credits.

THTR 269 MUSICAL THEATRE AND DANCE teaches students how to enhance their acting ability while performing on the musical stage. Song selection, vocal training, audition preparation, and choreography are explored to strengthen their performance skills. The semester culminates with a public performance. 3 credit hours.

THTR 310 THEATRE MANAGEMENT looks at the business side of theatre. Students will study box office procedures, budgeting, producing, and house management. 3 credit hours.

THTR 311 DRAMA MINISTRY examines how drama is used in churches and Christian theatre, film, and television programs. Students will have the opportunity to create ministry sketches to be performed at churches and various outreaches to disadvantaged youths in the Milwaukee area. 3 credit hours.

THTR 331 STAGECRAFT II takes the student into more advanced concepts of stage design, the preparation of models and related techniques. Prerequisite: THTR 231. 3 credit hours.

THTR 350 20TH CENTURY AMERICAN DRAMA studies the contributions of key American playwrights of the period. Writers to be studied may include Eugene O'Neill, Tennessee Williams, Arthur Miller, and Edward Albee. 3 credit hours.

THTR 363 ACTING II INTERMEDIATE ACTING builds on the foundation developed during THTR 261 and further expands stage acting skills and techniques through scene work and improvisational exercises. Prerequisite: THTR 261. 3 credit hours.

THTR 371 STAGE DIRECTING explores the creative process by which a director transforms a literary script into a live performance for the stage. The course covers such topics as selecting and preparing the script, planning rehearsals, developing stage pictures, creating tension, blocking, and types of rehearsals. Prerequisite: THTR 261, or permission of the instructor. 3 credit hours.

THTR 400 SPECIAL TOPICS IN THEATRE is a course with variable content offered as a high-level elective for theatre students. 3 credit hours.

THTR 430 PLAY WRITING surveys the history of play writing, considers the differences between writing plays and other types of creative writing, studies the necessary aspects of theatre, and gives students experience in writing for the stage. Prerequisites: ENG 104 and ENG 245. 3 credit hours.

THTR 463 ACTING III ADVANCED ACTING provides student actors with opportunities to expand their talents in a rehearsal environment and to display them in performance situations. Students will rehearse and publicly perform scenes from plays. Prerequisite: Audition or permission of the instructor. 3 credit hours.

THTR 460 ACTORS' WORKSHOP provides student actors with opportunities to expand their talents in a rehearsal environment and to display them in performance situations. Students will rehearse and publicly perform scenes from plays. Prerequisite: Audition or permission of the instructor. 3 credits.

AL 206 AMERICAN CINEMA introduces basic issues related to the phenomenon of American cinema. It looks at American film history from the 1890s through the 1990s, but it does not explore this history in a purely chronological way. It is a cultural history which focuses on topics and issues more than on what happened when. It also explores how Hollywood films work technically, aesthetically, and culturally to reinforce and challenge America's national self-image.

AL 270 INTERCULTURAL COMMUNICATION provides students with an opportunity to develop communication skills necessary for a diverse workforce. In this course students come to understand intercultural communication by discussing language, stereotypes, behavior and patterns. Students develop the ability to apply cultural concepts to modern business situations and relate across cultures within that setting.

Full Time Faculty

ALBANO, CHRISTIAN B.

Associate Professor of Pharmacy Administration
B.S., University of Illinois at Chicago; M.P.H.,
University of Minnesota; M.S., M.B.A., Ph.D., North Dakota
State University. At Concordia since 2012.

AMES, DIANE P.

Associate Professor of Nursing
B.A., University of Wisconsin-Eau Claire; B.S.N., Alverno
College; M.S.N., University of Wisconsin-Oshkosh; D.N.P.,
Concordia University Wisconsin. At Concordia since 2012

ARNESON, DEAN L.

Associate Professor of Pharmacy Administration
Dean, School of Pharmacy
Pharm.D., M.S., Ph.D., University of Nebraska Medical
Center. At Concordia since 2008.

ARNHOLT, PHILIP J.

Professor of Natural Science
B.S., M.S., Eastern Illinois University; Ph.D., University of
Nebraska; LCMS Colloquy, Concordia University Wisconsin.
At Concordia since 1971.

BARNETT, JON J.

Assistant Professor of Chemistry
B.S., University of Montevallo; Ph.D., Auburn University
At Concordia since 2008.

BARNHART, ROBERT C.

Professor of Physical Therapy
B.A., West Virginia Wesleyan College; M.S., University
of Tennessee-Knoxville; Sc.DPT, University of Tennessee
Health Science Center-Memphis. At Concordia since 2010.

BARTELME, KASSANDRA M.

Assistant Professor of Pharmacy Practice
B.S., University of Wisconsin-Madison; Pharm.D., University
of Minnesota Minneapolis.
At Concordia since 2011.

BAUM, JON E.

Professor of Business and Mathematics
B.S., Valparaiso University, M.S., M.B.A., Marquette
University; Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 1975.

BECK, JORDAN P.

Assistant Professor of Physical Chemistry
B.S., Ph.D., University of Illinois at Urbana-Champaign.
At Concordia since 2011.

BECKER, JENNIFER M.

Assistant Professor of Education
B.A., M.S., Concordia University Wisconsin.
At Concordia since 2014.

BELL, MARJORIE

Professor of Art
B.A., Augustana College; M.S., University of Wisconsin-
Milwaukee; Ed.D., Cardinal Stritch University.
At Concordia since 1994.

BELLONE, JESSICA

Assistant Professor of Pharmacy Practice
Pharm.D., Drake University. At Concordia since 2014.

BESSERT, BRUCE

Instructor of Natural Science
Director, Concordia Center for Environmental Stewardship
B.A., B.S., Concordia University, Nebraska; M.S., Concordia
University Wisconsin. At Concordia since 2008.

BICHLER, KATHERINE

Professor of Chemistry
B.S., Carroll University; Ph.D., Northwestern University.
At Concordia since 2008.

BIESBOER, ANN N.

Assistant Professor of Pharmacy Practice
Pharm.D., University of Wisconsin-Madison.
At Concordia since 2012.

BISHOP, JANE A.

Associate Professor of Business
B.S., M.P.A., University of Wisconsin-Oshkosh; Ph.D.,
Marquette University. At Concordia since 2014.

BLODGETT, MARGARET

Associate Professor of Occupational Therapy
B.S.O.T., University of Wisconsin-Madison; M.S., Cardinal
Stritch University; Ed.S., Nova Southeastern University;
Ph.D., Capella University. At Concordia since 1996.

BOOS, ERIC J.

Associate Professor of Legal Studies
B.S., St. Joseph's College; M.A., Bowling Green University;
Ph.D., Marquette University; LL.M., J.D., University of
Wisconsin Law School. At Concordia since 2013.

BORST, MICHAEL

Associate Professor of Occupational Therapy
B.A., Calvin College, M.S., Western Michigan University;
OTD, Rocky Mountain University of Health Professions.
At Concordia since 2007.

BORYS, DOUGLAS J.

Professor of Pharmaceutical Science
B.S., University of Minnesota; Pharm.D., Shenandoah
University. At Concordia since 2011.

BOWMAN, CHRISTINE

Assistant Professor of Occupational Therapy
B.S., Utica College of Syracuse University; MHMS,
Duquesne University. At Concordia since 2011.

BROWN, MICHAEL C.

Professor of Pharmacy Practice
B.S., Pharm.D., University of Wisconsin-Madison School
of Pharmacy. At Concordia since 2009.

BUCHNER, JENNA

Assistant Professor of Education
B.S., University of Wisconsin-Oshkosh; M.S., Concordia
University Wisconsin; Ph.D., Cardinal Stritch University
At Concordia since 2008.

BULL, BERNARD

Associate Professor of Education
Assistant Vice President of Academics for Continuing
and Distance Education
B.A., Concordia University Wisconsin; M.A., Concordia
University Chicago; M.L.S., University of Wisconsin
Milwaukee; Ed.D., Northern Illinois University.
At Concordia since 2006.

BUNYAN, SHERI

Assistant Professor of Physical Therapy
B.S., Northern Michigan University; M.P.T.,
The College of St. Catherine. At Concordia since 2009.

BURI, CARRIE

Assistant Professor of Business
B.A., M.S., Concordia University Wisconsin; Ed.D.,
Edgewood College. At Concordia since 2013.

BURLAGE, ROBERT S.

Professor of Pharmaceutical Science
B.A., Rutgers University; M.S., Duquesne University;
M.Phil., Columbia University; Ph.D., University of
Tennessee. At Concordia since 2011.

CANAPA, SALLY A.

Professor of English
B.A., M.A., Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 1990.

CARIO, WILLIAM R.

Professor of History
Senior Vice President of Academics
B.A., Concordia University Chicago; M.A., Ph.D.,
New York University. At Concordia since 1990.

CARUSO-HOWATT, ANNETTE

Professor of Health and Human Performance
B.S., Ithaca College; M.A., University of Maryland; Ed.D.,
Pennsylvania State University. At Concordia since 2001.

CASTILLO, UVIDELIO

Assistant Professor of Pharmaceutical Science
B.S., Colorado State University; M.S., Universidad de
Los Andes, Venezuela; Ph.D., Nagoya University, Japan.
At Concordia since 2013.

CERO-JAEGER, CATHY

Assistant Professor of Nursing
B.S.N., University of Wisconsin-Madison; M.S.N., University
of Wisconsin-Milwaukee. At Concordia since 2014.

CHAPPY, SHARON L.

Professor of Nursing
Dean, School of Nursing
B.S.N., University of Wisconsin-Oshkosh; M.S.N.,
University of Wisconsin-Madison; Ph.D., University of
Wisconsin-Milwaukee. At Concordia since 2014.

CODY, JOSHUA D.

Instructor of Art
B.A., Adams State University; M.S., Concordia University
Wisconsin. At Concordia since 2014.

CONDIE, BRAD

Professor of Business
B.A., Wheaton College; M.B.A., Keller Graduate School
of Management; M.A., Ph.D., Northwestern University.
At Concordia since 1991.

CRARY, WENDY M.

Associate Professor of Nursing
BSN, University of Wisconsin-Madison; MSN, Concordia
University Wisconsin; Ph.D., Cardinal Stritch University.
At Concordia since 2011.

CUNNINGHAM, CHRISTOPHER W.

Assistant Professor of Pharmaceutical Science
B.S., University of Maryland; Ph.D., University of Maryland
School of Pharmacy. At Concordia since 2011.

DAILEY, FRANK E.

Associate Professor of Pharmaceutical Science
B.S., M.S., University of Connecticut; Ph.D., University
of Michigan. At Concordia since 2011.

DEJONGH, BETH M.

Assistant Professor of Pharmacy Practice
Pharm.D., University of Minnesota-Duluth.
At Concordia since 2011.

DELLINGER, JOHN A.

Professor of Pharmaceutical Science
B.S., B.S., M.S., Ph.D., University of Illinois at Urbana-
Champaign. At Concordia since 2009.

DELWICHE, JENNIFER F.

Assistant Professor of Nursing
B.S.N., Viterbo College; M.S.N., Cardinal Stritch University.
At Concordia since 2007.

DeREMER, MARK A.

Professor of Accounting
B.B.A., M.B.A., University of Wisconsin; M.A., University of
Missouri-St. Louis; Ph.D., University of Texas at Austin.
At Concordia since 2013.

DOEBELE, ALEXA

Associate Professor of Music
B.M., Washington University; M.M.E., D.M.A.,
University of Colorado-Boulder.
At Concordia since 2009.

DVORAK, LEAH M.

Professor of Natural Science
Assistant Vice President of Academics for Faculty Development
B.A., Oberlin College; Ph.D., University of Wisconsin-
Madison. At Concordia since 2011.

DYSON, JOHN L.

Assistant Professor of Nursing
B.S.N., Concordia University Wisconsin; M.S.N., Alverno
College. At Concordia since 2011.

EHLERS, GREG G.

Associate Professor of Health and Human Performance
B.S., San Jose State University;
M.S.Ed., Ed.D., Northern Illinois University.
At Concordia since 2010.

EHLKE, ROLAND

Professor of Philosophy
B.A., Northwestern College; M.Div., S.T.M., Wisconsin
Lutheran Seminary; M.A., Ph.D., University of Wisconsin-
Milwaukee. At Concordia since 2000.

EVANS, DENNIS N.

Associate Professor of Mathematics
A.B., B.S., University of Missouri at Columbus; M.S., Ph.D.,
University of Illinois at Urbana-Champaign.
At Concordia since 2004.

EVANS, ELIZABETH L.

Associate Professor of Education
B.S., Carroll University; M.S., Ph.D., University of
Wisconsin-Milwaukee. At Concordia since 1998.

FEHRENBACHER, LYNNE A.

Assistant Professor of Pharmacy Practice
B.S., Pharm.D., University of Wisconsin-Madison.
At Concordia since 2011.

FEIERTAG, THOMAS

Associate Professor of Theology
B.A., Concordia Senior College, Fort Wayne;
M.Div., Concordia Theological Seminary, Fort Wayne.
D.Min., Trinity Evangelical Divinity School.
At Concordia since 2001.

FENNO, COLLEEN M.

Assistant Professor of English
B.A., University of Wisconsin-Madison; M.A., Ph.D.,
Marquette University. At Concordia since 2010.

FERGUSON, RANDALL L.

Associate Professor of Communication
Assistant Vice President Academics for Student Services
Director, First Year Experience
B.A., Concordia University, Ann Arbor; M.A., Bowling
Green State University; M.Div., Concordia Seminary,
St. Louis; Ph.D., University of Minnesota.
At Concordia since 1991.

FERRY, PATRICK T.

Professor of History
President
B.A., St. John's College; M.Div., Concordia Theological
Seminary, Fort Wayne; M.A., Ph.D., University of Colorado.
At Concordia since 1991.

FRANZ, ANN

Professor of Physical Therapy
B.S., University of Wisconsin-Madison; Ph.D.,
Medical College of Wisconsin.
At Concordia since 1996.

FREESE, JAMES

Professor of Music
B.A., M.C.M., Concordia University Chicago; D.Mus.,
Northwestern University. At Concordia since 2000.

GERHARDT, ARMIN H.

Associate Professor of Pharmaceutical Science
B.S., M.S., Ph.D., University of Wisconsin-Madison.
At Concordia since 2010.

GERKE, DALE A.

Associate Professor of Physical Therapy
B.A., Wisconsin Lutheran College; M.P.T., Concordia
University Wisconsin; Sc.D., Texas Tech University Health
Sciences Center. At Concordia since 2009.

GERMAN, BRIAN T.

Assistant Professor of Theology
B.A., Concordia University Wisconsin; M.Div., Concordia
Theological Seminary, Fort Wayne; Ph.D., Wycliffe College,
Toronto, Canada. At Concordia since 2014.

GERNER, STEVEN W.

Associate Professor of Education, Dean of Students
B.S., Martin Luther College; M.S., Concordia University
Wisconsin; Ed.D., Nova Southeastern University.
At Concordia since 2008.

GOELDNER, LYNNE

Professor of Psychology
B.A., Lawrence University; M.A., Northern Arizona
University; Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 1994.

GOLDBACH, WENDY

Assistant Professor of Occupational Therapy
B.S., University of Wisconsin-Milwaukee; M.Ed.,
Colorado State University; OTD, Temple University.
At Concordia since 2008.

GUNDERSON, BRIAN J.

Assistant Professor of Spanish
B.A., University of Minnesota-Duluth; M.A., Ph.D.,
Western Michigan University. At Concordia since 2014.

HAENDEL, ANGELA D.

Assistant Professor of Speech and Language Pathology
B.S.Ed., University of Wisconsin-Whitewater; M.S.,
University of Wisconsin-Milwaukee.
At Concordia since 2015.

HAN, BENJAMIN M.

Assistant Professor of Communications
B.S., University of Texas at Austin; M.A., University of
Southern California; Ph.D., New York University.
At Concordia since 2013.

HARRIES, BRIAN J.

Assistant Professor of English
B.A., M.A., Ph.D., University of Kansas.
At Concordia since 2010.

HARRISON, LOIS H.

Associate Professor of Physical Therapy
B.S., University of Wisconsin-Madison; M.S., DPT,
Rosalind Franklin University. At Concordia since 2006.

HEINAN, MICHELLE L.

Associate Professor of Physician Assistant Studies
B.S., Alderson-Broaddus College; M.S., Cardinal Stritch
University; Ed.D., Nova Southeastern University.
At Concordia since 2012.

HEINITZ, JAN

Associate Professor of Education
B.S., Concordia University, Nebraska;
M.S.E. Central Missouri State University; Ph.D.,
Marquette University. At Concordia since 1994.

HENSEL, LINDA S.

Associate Professor of Education
B.S., University of Wisconsin-Madison; M.E., Ph.D., Cardinal
Stritch University. At Concordia since 2006.

HOLTAN, SARAH E.

Associate Professor of Communication
B.A., Augsburg College, M.S., Concordia University
Wisconsin. Ph.D., Marquette University.
At Concordia since 2006.

HORDESKY, SCOTT M.

Assistant Professor of Pharmacy Administration
B.S., Marquette University; M.B.A., University of Chicago.
At Concordia since 2010.

HORGAN, JOHN

Assistant Professor of History
B.A., M.A., Marquette University; D.A., St. John's University.
At Concordia since 2008.

HRDI, CINDY M.

Assistant Professor of Speech and Language Pathology
B.S., Viterbo University; M.S., University of Wisconsin-
Milwaukee. At Concordia since 2015.

JACOBSEN, JOSEPH J.

Professor of Business
B.A., M.B.A., Concordia University Wisconsin; Ph.D.,
Marquette University. At Concordia since 2015

JAHNS, SANDRA E.

Instructor of Communication
B.B.A., M.B.A., University of Wisconsin-Whitewater.
At Concordia since 2012.

JASTRAM, NATHAN

Professor of Theology
B.A., University of South Dakota; M.Div. Concordia
Theological Seminary, Ft. Wayne; Ph.D., Harvard University.
At Concordia since 1999.

JOBE, BRENDA

Instructor of Nursing
B.S., South Dakota University; M.S. State University
of New York, Upstate Medical University.
At Concordia since 2006.

JUERGENSEN, JAMES D.

Associate Professor of Education
B.A., M.S., Concordia University Wisconsin; Ed.D., Cardinal
Stritch University. At Concordia since 2011.

KABARA, POLLYANNA M.

Assistant Professor of Physician Assistant Studies
B.A., University of Wisconsin-La Crosse; M.S., Finch
University of Health Sciences/The Chicago Medical School.
At Concordia since 2013.

KEIPER, VAL H.

Professor of Education
B.A., Concordia University Portland;
M.S., University of Wisconsin-Milwaukee; Ph.D., University
of Missouri. At Concordia since 1981.

KELLEY, MATTHEW T.

Assistant Professor of Physics
B.S., Marquette University; Ph.D., University of Nevada, Las
Vegas. At Concordia since 2012.

KENNEY, THERESA

Professor of Art
B.F.A., Milwaukee Institute of Art and Design;
M.F.A., Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 1999.

KING, THEODORE

Professor of Occupational Therapy
M.A., M.O.T., M.S., Western Michigan University;
B.S., Ph.D., Michigan State University.
At Concordia since 2009.

KOPP, MARY LOU

Associate Professor of Nursing
B.S.N, M.S.N., Concordia University Wisconsin;
Ph.D., Capella University. At Concordia since 2005.

KORTE, DON W., JR.

Professor of Natural Science
Interim Dean, School of Arts and Sciences
B.S., College of William and Mary; M.S., Murray State
University; Ph.D., University of Tennessee Center for the
Health Sciences; LCMS Colloquy, Concordia University
Wisconsin. At Concordia since 1994.

KORTE, MARY H.

Professor of Natural Science
B.S., College of William and Mary;
M.S., Southern Illinois University; Ph.D., Trinity College
and Theological Seminary; LCMS Colloquy, Concordia
University Wisconsin. At Concordia since 1995.

KOSINSKI, TRACY M.

Assistant Professor of Pharmaceutical Science
B.S., University of Wisconsin-Eau Claire; Pharm.D.,
University of Wisconsin-Madison. At Concordia since 2011.

KOSTRZEWA, AUDREY

Assistant Professor of Pharmacy Practice.
M.P.H., Pharm.D., University of Iowa.
At Concordia since 2013.

KRELL, JILL M.

Assistant Professor of Nursing
B.S., M.S.N., Concordia University Wisconsin.
At Concordia since 2010.

KREMER, KATHLEEN G.

Assistant Professor of Education
B.S., University of Wisconsin-Milwaukee; Ph.D.,
Marquette University. At Concordia since 2010.

KRENZ, DAVID C.

Professor of English
B.A., Concordia College, Fort Wayne; M.Div., Concordia
Seminary, St. Louis; M.A., Saint Louis University; Ph.D.,
University of Wisconsin-Milwaukee.
At Concordia since 1989.

KRUEGER, DOREEN R.

Professor of German and English as a Second Language
B.S., M.A., Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 1993.

KUHFUSS, KRISTINE M.

Assistant Professor of Nursing
B.S.N., University of Wisconsin-Oshkosh; M.S.N.,
Cardinal Stritch University. At Concordia since 2014.

KUKOR, STACEY L.

Instructor of Occupational Therapy
B.A., M.O.T., Concordia University Wisconsin.
At Concordia since 2013.

LaDISA, ANNE G.

Assistant Professor of Pharmacy Practice
Pharm.D., Drake University.
At Concordia since 2012.

LANE, JASON D.

Assistant Professor of Theology
B.A., Framingham State College; M.Div., S.T.M.,
Concordia Theological Seminary, Fort Wayne.
At Concordia since 2013.

LeBARON, ANN C.

Assistant Professor of Physician Assistant Studies
B.S.Ed., Northern Illinois University; M.S., University
Wisconsin-La Crosse. At Concordia since 2012.

LEMLEY, KATHY

Assistant Professor of Anatomy
B.A., University of Wisconsin-Madison; M.S., University
of Wisconsin-Milwaukee; Ph.D., Marquette University
At Concordia since 2007.

LEVEY, JANET A.

Assistant Professor of Nursing
B.S.N., DePaul University; M.S.N., Concordia University
Wisconsin ; Ph.D., Marquette University.
At Concordia since 2012.

LIESENER, KATHERINE L.

Assistant Professor of Health and Human Performance
B.S., University of Wisconsin-LaCrosse;
M.S., The University of Akron. At Concordia since 2007.

LINDGREN, AMY M.

Instructor of Education
B.A., M.S., Concordia University Wisconsin.
At Concordia since 2012.

LITMAN, MICHAEL

Associate Professor of Computer Science
B.S., M.S., Western Illinois University; Ph.D., Nova
Southeastern University. At Concordia since 2006.

LITTLE, LYNN

Assistant Professor of Music
B.M., B.M.E., Augustana College, Illinois; M.Mus., Indiana
University, Bloomington.
At Concordia since 1999.

LOCKLAIR, GARY

Professor of Computer Science
B.A., B.S.C.S., California State University, Sacramento;
M.S.C.S., University of Idaho; LCMS Colloquy,
Concordia University Wisconsin; Ph.D., Nova
Southeastern University. At Concordia since 1986.

LOPPNOW, JESSICA J.

Assistant Professor of Natural Science
B.S., University of Wisconsin-Eau Claire; Ph.D., University of
Wisconsin-Milwaukee. At Concordia since 2013.

LORENZEN, ASHLEY R.

Assistant Professor of Pharmacy Practice
B.A., William Jewell College; Pharm.D., University of
Missouri-Kansas City. At Concordia since 2014.

LOVERN, SARAH B.

Associate Professor of Physiology
B.S., Truman State University; Ph.D., University of
Wisconsin-Milwaukee. At Concordia since 2008.

LUEDERS BOLWERK, CAROL A.

Professor of Nursing
B.S.N., University of Wisconsin-Eau Claire; M.S.N.,
Marquette University; Ph.D. University of Wisconsin-
Milwaukee. At Concordia since 1987.

MACAFEE, TIMOTHY P.

Assistant Professor of Communication
B.A., M.A., University of Wisconsin-Milwaukee; Ph.D.,
University of Wisconsin-Madison. At Concordia since 2014.

MACKELLY, MATTHEW L.

Assistant Professor of Justice and Public Policy
B.S., North Dakota State University; J.D.,
Marquette University. At Concordia since 2013.

MAKSTENIEKS, SANTA

Professor of Natural Science
M.D., University of Tartu, Estonia.
At Concordia since 1996.

MASCHKE, TIMOTHY H.

Professor of Theology
B.A., Concordia Senior College, Fort Wayne; M.Div.,
S.T.M., Concordia Seminary, St. Louis; D.Min., Trinity
Evangelical Divinity School; Ph.D., Marquette University.
At Concordia since 1982

MASSEY, WILLIAM

Assistant Professor of Occupational Therapy
B.A.A., Central Michigan University; M.S., Southern Illinois
University; Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 2014.

McDONALD, ANN H.

Professor of Natural Science
B.S., Marquette University; Ph.D., Wayne State University. At
Concordia since 2000.

McGRAW, JOSEPH E.

Associate Professor of Pharmaceutical Science
B.S., University of Illinois at Urbana-Champaign;
M.P.H., Pharm.D., Ph.D., University of Illinois at Chicago.
At Concordia since 2010.

McGUIRE, RICHARD A.

Professor of Speech and Language Pathology
B.S., M.A., Northern Michigan University; Ph.D., Bowling
Green State University. At Concordia since 2015.

McKINNIS, MICHAEL S.

Instructor of Occupational Therapy
B.S., Auburn University; M.O.T., Concordia University
Wisconsin. At Concordia since 2013.

MEHLOS, SCOTT E.

Assistant Professor of Physician Assistant Studies
B.S., University of Wisconsin-Stevens Point; M.P.A.S.,
Marquette University. At Concordia since 2012.

MENCHACA, LOUIS A.

Professor of Music
B.A., St. Mary's University of Texas; M.A., Ph.D., Ohio State
University. At Concordia since 1992.

MENUGE, ANGUS J.

Professor of Philosophy
B.A., University of Warwick, England; M.A., Ph.D.,
University of Wisconsin-Madison. At Concordia since 1991.

MILLER, AARON M.

Assistant Professor of Physiology
B.S., University of Wisconsin-Madison; Ph.D., University of
Washington. At Concordia since 2010.

MOBLEY, SUSAN

Professor of History
B.A., University of Oklahoma; M.A., Ph.D., University of
Wisconsin-Madison. At Concordia since 1998.

MOBLEY, VAN

Associate Professor of History & Economics
B.A., Vanderbilt University; M.A., Ph.D., University of
Wisconsin-Madison. At Concordia since 2001.

MOESER, ELLIOTT

Associate Professor of Education
B.A., Midland College, Nebraska; M.A., University of Wisconsin-Milwaukee; Ph.D., University of Minnesota.
At Concordia since 2014.

MONTREAL, STEVEN

Professor of Political Science, Registrar
B.A., University of Wisconsin-Green Bay; M.A., Mankato State University; Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 1995.

MORZY, JEAN M.

Instructor of Nursing
B.S.N., Alverno College; M.S.N., Western Governor's University. At Concordia since 2014.

MOSEMANN, BRIAN M.

Assistant Professor of Theology
B.S., Concordia University Nebraska; M.Div., S.T.M.,
Concordia Seminary, St. Louis. At Concordia since 2010.

MOSER, CHRISTINE I.

Professor of Occupational Therapy
B.S., Mount Mary College; M.S., Ph.D., University of Wisconsin-Milwaukee; OTR. At Concordia since 1995.

MUCINO, GABRIEL

Instructor of Spanish
B.A., Cardinal Stritch University; M.A., Marquette University.
At Concordia since 2010.

MUDGE, RONALD R.

Associate Professor of Theology
B.A., University of Michigan; M.Div., Ph.D.,
Concordia Seminary, St. Louis. At Concordia since 2007.

MUELLER, LOIS M.

Professor of Health and Human Performance
B.A., Carthage College; M.S., State University of New York;
Ed.D., University of Northern Colorado.
At Concordia since 1978.

MUELLER, ROBERT M.

Assistant Professor of Pharmacy Practice
B.A., Pharm.D., University of Minnesota, Minneapolis.
At Concordia since 2013.

MUSIL, ELIZABETH A.

Assistant Professor of Pharmacy Practice
B.S., Pharm.D., University of Wisconsin-Madison.
At Concordia since 2010.

MUMME, JONATHAN W.

Assistant Professor of Theology
B.A., Concordia University Chicago; M.Div., Concordia Seminary, St. Louis; Th.D., Eberhard-Karls-Universität, Tübingen, Germany. At Concordia since 2014.

MUTH, NICOLE

Assistant Professor of Education and Mathematics
B.A., Concordia University Wisconsin; M.A., University of Texas at Dallas; Ph.D., Northcentral University.
At Concordia since 2006.

NELSON, STEVEN T.

Associate Professor of English
B.B.A., M.A., Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 2009.

NELSON, REID

Assistant Professor of Health and Human Performance
B.S., University of Wisconsin-Stevens Point; M.S., Illinois State University; Ph.D., University of Minnesota-Minneapolis.
At Concordia since 2002.

NELSON, STEVEN T.

Assistant Professor of English
B.B.A., M.A., Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 2009.

NEMEC-KESSEL, CHARLENE

Assistant Professor of Art
B.F.A., M.F.A., The School of the Art Institute of Chicago. At Concordia since 2012.

OBERDECK, JOHN W.

Professor of Theology
B.A., Concordia Senior College, Ft. Wayne; M.S.Ed.,
University of Wisconsin-Milwaukee; M.Div., Concordia Seminary, St. Louis; Ph.D., University of Missouri-Columbia. At Concordia since 2002.

OLDANI, MICHAEL J.

Associate Professor of Pharmacy Administration
B.S., University of Wisconsin-Parkside; M.S., University of Wisconsin-Milwaukee; Ph.D., Princeton University.
At Concordia since 2015.

ORR, TINA E.

Assistant Professor of Nursing
B.S., M.S., Cardinal Stritch University.
At Concordia since 2013.

OUTHOUSE, DANA S.

Assistant Professor of Accounting
B.S., Marquette University; M.B.A., Loyola University.
At Concordia since 2013.

PAAVOLA, DANIEL E.

Professor of Theology
B.S. Moorhead State University; M.Div., Concordia Theological Seminary, Ft. Wayne; Th.M. Princeton Theological Seminary; Ph.D., Concordia Seminary, St. Louis. At Concordia since 1996.

PAAPE, ADAM D.

Assistant Professor of Education
B.A., M.S., Concordia University Wisconsin; Ed.D.,
George Fox University. At Concordia since 2010.

PALY, ELIZABETH L.

Assistant Professor of Physical Therapy
B.S., Marquette University; DPT, Concordia University Wisconsin. At Concordia since 2013.

PARKS, ANN M.

Assistant Professor of Pharmacy Practice
Pharm.D., University of Wisconsin-Madison.
At Concordia since 2012.

PARVE, JULIE A.

Associate Professor of Nursing
B.S., Marian College; M.S.N., D.N.P., Concordia University Wisconsin. At Concordia since 2013.

PEASE, BETSY J.

Assistant Professor of History
B.A., University of Wisconsin-Madison; M.A., University of Chicago; Ph.D., Indiana University. At Concordia since 2014.

PEPPARD, SARAH R.

Assistant Professor of Pharmacy Practice
Pharm.D., University of Wisconsin-Madison.
At Concordia since 2011.

PETERS, JENNIE L.

Assistant Professor of Nursing
B.S.N., M.S.N., D.N.P. University of Wisconsin-Milwaukee.
At Concordia since 2015.

PETERSEN, CHERYL M.

Professor of Physical Therapy
B.S., M.S., University of Minnesota; DPT, Concordia University-Wisconsin; D.H.S., University of Indianapolis.
At Concordia since 2002.

PETERSEN, GARY W.

Associate Professor of Education
B.A., Carthage College; M.S., University of Wisconsin-Milwaukee; Ed.D., Cardinal Stritch University.
At Concordia since 2010.

PICKART, MICHAEL A.

Associate Professor of Pharmaceutical Science
B.S., M.S., Ph.D., University of Wisconsin-Madison.
At Concordia since 2012.

PICKETT, RACHEL F.

Associate Professor of Clinical Psychology
B.A., Clarke College, Dubuque, Iowa; M.A., Ph.D. Southern Illinois University at Carbondale. At Concordia since 2009.

PINGEL, JAMES

Associate Professor of Education
B.A., Concordia University Wisconsin; M.A., Marquette University; M.A., Concordia University Wisconsin; Ph.D., Cardinal Stritch University. At Concordia since 2014.

POTRATZ, JEFFREY P.

Assistant Professor of Biochemistry
B.S., Wisconsin Lutheran College; Ph.D., The University of Texas at Austin. At Concordia since 2015.

RAMSEY, JACQUELINE

Assistant Professor of Spanish
B.A., University of Richmond; M.A., University of Wisconsin-Madison. At Concordia since 2001.

RAY, SARAH C.

Assistant Professor of Pharmacy Practice
Pharm.D., Creighton University. At Concordia since 2012.

RINKA, JOSEPH R. G.

Assistant Professor of Pharmacy Practice
Pharm.D., University of Wisconsin-Madison.
At Concordia since 2010.

ROUTIER, WANDA J.

Assistant Professor of Education
B.A., Bluffton University; M.A., Hampton University; Ed.D., Nova Southeastern University. At Concordia since 2011.

SALESKA, THOMAS J.

Professor of Natural Science
B.S., Concordia University Chicago; M.S., University of Houston; Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 1993.

SAMUEL, LINDA M.

Professor of Occupational Therapy
Dean, School of Health Professions
B.S., M.S., University of Wisconsin-Milwaukee; Ph.D., Marquette University; OTR. At Concordia since 1995.

SCHEEL, CARRIE J.

Associate Professor of Occupational Therapy
B.S., Mount Mary College; M.S., University of Wisconsin-Milwaukee; Ed.D., Cardinal Stritch University.
At Concordia since 1995.

SCHEPPA, TIMOTHY

Assistant Professor of Business
B.S., University of Wisconsin-Madison; M.S., University of Wisconsin-Milwaukee; ASA. At Concordia since 1999.

SCHNAKE, RICHARD

Associate Professor of Education
B.S., Concordia Teachers College, Seward, NE; M.A., Concordia Seminary, St. Louis; Ph.D., Marquette University, Milwaukee. At Concordia since 1999.

SCHULZ, GREGORY P.

Professor of Philosophy
B.A., Northwestern College; M.Div., Wisconsin Lutheran Seminary; D. Min., Concordia Theological Seminary, Fort Wayne; Ph.D., Marquette University.
At Concordia since 2013.

SEM, DANIEL S.

Professor of Business and Pharmaceutical Science
Dean, School of Business Administration
B.S., University of Wisconsin-Milwaukee; Ph.D., University of Wisconsin-Madison. At Concordia since 2011.

SERWE, KATRINA M.

Assistant Professor of Occupational Therapy
B.S., M.S., University of Wisconsin-Milwaukee.
At Concordia since 2011.

SHAWHAN, JEFFREY

Associate Professor of Art
B.A., University of Wisconsin-Parkside; M.F.A., University of Wisconsin-Milwaukee. At Concordia since 1998.

SIGMUND, KEMERY

Assistant Professor of Health and Human Performance
B.A., Hope College; M.S., Illinois State University.
At Concordia since 2014.

SMITH, DARRIN M.

Assistant Professor of Health and Human Performance
B.S., Concordia University Wisconsin; M.S., Western Illinois University-Macomb. At Concordia since 2010.

SMITH, STEVEN

Assistant Professor of Theology
Campus Pastor
B.A., University of Michigan; M.Div., S.T.M., Concordia Seminary, St. Louis. At Concordia since 2002.

SNIEG, DAVID W.

Instructor of Sport and Entertainment Management
B.S., University of Wisconsin-Parkside; M.S., Cardinal Stritch University. At Concordia since 2014.

SOENKSEN, JASON R.

Associate Professor of Theology
B.A., Concordia University Chicago;
M.A., Washington University; M.Div., Concordia Seminary, St. Louis.; Ph.D., Hebrew Union College, Cincinnati, OH. At Concordia since 2005.

SOKOLOWSKI, DIANE S.

Assistant Professor of Nursing
B.S., Carroll College; M.S.N., University of Phoenix.
At Concordia since 2011.

ST. LOUIS, PATRICK D.

Instructor of Health and Human Performance
B.S., M.S., Concordia University Wisconsin.
At Concordia since 2013.

STEELE, PATRICK W.

Associate Professor of History
B.A., M.A., University of Wisconsin-Milwaukee; Ph.D., Marquette University. At Concordia since 2013.

STOEHR, NANCY A.

Assistant Professor of Pharmaceutical Science
Pharm.D., University of Wisconsin-Madison.
At Concordia since 2012.

STONE, GAYLUND K.

Professor of Art
A.B., Princeton University; M.Ed., Southwestern Oklahoma State University; Ph.D., University of Wisconsin-Milwaukee. At Concordia since 1991.

STREMSKI, ERNEST S.

Associate Professor of Pharmacy Science
B.S., University of Wisconsin-La Crosse; M.D., The Medical College of Wisconsin; M.B.A., Cardinal Stritch University. At Concordia since 2010.

STRYCKER, PAUL D.

Assistant Professor of Physics
B.S., University of Notre Dame; M.S., Ph.D., New Mexico State University. At Concordia since 2014.

TALBOT, ELIZABETH B.

Professor of Social Work
B.S., M.S., Northern Illinois; M.S.W., Aurora University; Ph.D., Loyola University. At Concordia since 2014.

THEESFELD, MELISSA L.

Assistant Professor of Pharmacy Practice
B.S., Pharm.D., University of Wisconsin-Madison.
At Concordia since 2011.

THOMPSON, DYLAN J.

Assistant Professor of Chemistry
B.S., Hillsdale College; Ph.D., Purdue University.
At Concordia since 2014.

THORPE, JENNIFER L.

Assistant Professor of Health and Human Performance
B.S., University of Wisconsin-Milwaukee; M.S., University of Illinois at Urbana-Champaign. At Concordia since 2010.

TOMESCH, HARALD G.

Professor of Theology
B.A., Concordia University Ann Arbor; Th.M., Wycliffe College, Toronto, Canada; M.Div., Th.D., Concordia Seminary, St. Louis. At Concordia since 2010.

TOPPE, MICHAEL P.

Assistant Professor of Physician Assistant Studies
B.A., University of Wisconsin-Madison; M.S., University of New England, Portland, Maine. At Concordia since 2014.

TRAYNOR, ANDREW P.

Associate Professor of Pharmacy Practice
Pharm.D., University of Minnesota.
At Concordia since 2010.

TRAYNOR, LAURA M.

Associate Professor of Pharmacy Practice
Pharm.D., University of Minnesota.
At Concordia since 2010.

TUFFEY, TRACY L.

Assistant Professor of Clinical Psychology
B.A., Alverno College; M.S.W., University of Wisconsin-Milwaukee. At Concordia since 2009.

UDEN, MICHAEL D.

Professor of Education
Dean, School of Education
B.A., M.S., Concordia University Wisconsin.
Ph.D., University of Wisconsin - Madison
At Concordia since 1998.

ULMEN, BRENDA F.

Assistant Professor of Nursing
B.S., M.S.N., Concordia University Wisconsin;
At Concordia since 2013.

VAN HART, ROCHELLE M.

Assistant Professor of Natural Science
B.S., Mt. Mary College; M.S., University of Wisconsin-Madison; Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 2011.

VAN ORNUM, SCOTT G.

Assistant Professor of Chemistry
B.S., University of Wisconsin-Stevens Point; Ph.D., University of Wisconsin-Milwaukee. At Concordia since 2010.

VANG, MAY

Assistant Professor of Education
B.S., University of Wisconsin-Milwaukee; M.A., Cardinal Stritch University; Ph.D., University of Wisconsin-Milwaukee.
At Concordia since 2014.

VERNON, GIANNINA M.

Assistant Professor of Nursing
B.S., M.S.N., Concordia University Wisconsin.
At Concordia since 2010.

VOIGT, KIMBERLY

Assistant Professor of Physician Assistant Studies
B.S., University of Wisconsin-Madison; M.P.A.S., Marquette University. At Concordia since 2013.

VON DER HEYDE, REBECCA L.

Associate Professor of Occupational Therapy
B.A., Purdue University; M.S., Washington University;
Ph.D., Saint Louis University.
At Concordia since 2013.

VOSS, KEVIN E.

Associate Professor of Philosophy
Director of the Concordia Center for Bioethics
B.S., D.V.M., University of Minnesota; M.Div., Concordia Seminary, St. Louis; Ph.D., Saint Louis University.
At Concordia since 2003.

WAHL, ROBERT S.

Assistant Professor of Computer Science
M.S., North Central College, Naperville, Illinois.
At Concordia since 2011.

WALMSLEY, ANGELA L. E.

Associate Professor of Mathematics
B.S., University of Illinois at Urbana-Champaign; M.Ed., University of Dublin; Trinity College; Ph.D., Saint Louis University. At Concordia since 2015.

WATRY, MEGHAN M.

Instructor of Occupational Therapy
B.A., Wisconsin Lutheran College; MOT, Concordia University Wisconsin. At Concordia since 2013.

WALZ, JEFFREY S.

Associate Professor of Political Science
B.A., Valparaiso University; M.A., Ph.D., University of Nebraska. At Concordia since 1997.

WEBER, THOMAS

Associate Professor of Mathematics
B.S., Concordia University Nebraska; M.S., Akron University;
Ph.D., Wayne State University. At Concordia since 1999.

WILLIAMS, LOREN-ASHLEY

Assistant Professor of Pharmacy Practice
B.S., Marquette University; Pharm.D., University of Illinois at Chicago. At Concordia since 2012.

WILMETH, THOMAS L.

Professor of English
B.A., University of Northern Iowa; M.A., Ph.D., Texas A&M University. At Concordia since 1991.

WITT, STEVEN C.

Associate Professor of Education
B.S., Dr. Martin Luther College; M.Ed., Concordia University at Austin. Ph.D., Curtin University, Perth, Australia.
At Concordia since 2008.

WITTE, CYNTHIA

Associate Professor of Nursing
B.S.N., M.S.N., Concordia University Wisconsin;
D.N.P., Rush University. At Concordia since 1999.

WOLF, MARK

Professor of Communication
B.A., M.A., Ph.D., University of Southern California.
At Concordia since 1996.

WOODALL, LORI

Assistant Professor of Theater
B.A., University of Wisconsin-Madison; M.F.A., California Institute of the Arts. At Concordia since 2014.

YAHNKE, DAVID

Associate Professor of Natural Science
B.S., Michigan State University; M.D., Medical College of Wisconsin. At Concordia since 2000.

YOUNG, MICHAEL E.

Associate Professor of Natural Science
B.S., Michigan State University; Ph.D., Washington University. At Concordia since 2013.

ZAVALA, PEDRO J.

Associate Professor of Pharmaceutical Science
B.S., Seton Hall University; M.S., Ph.D., University of Florida.
At Concordia since 2011.

ZIETLOW, PAUL H.

Associate Professor of Communication
B.A., Capital University; M.Div., Trinity Lutheran Seminary;
M.A., Ph.D., Ohio State University.
At Concordia since 1992.

ZUPEC, NICHOLAS M.

Assistant Professor of Pharmacy Practice
B.S., Marquette University; Pharm.D., University of Illinois at Chicago. At Concordia since 2015.

THE FAMILY EDUCATION RIGHTS AND PRIVACY ACT

Consistent with the Family Educational Rights and Privacy Act (FERPA) or 1974, as amended by S. J. Res 40 (12-30-74), the following statement represents the position of Concordia University Wisconsin with respect to the confidentiality of student records.

The Act assures students "the right to inspect any and all official records, files, and data directly related..." to themselves, and assures the student an opportunity for debate or correction of inaccurate, misleading, or otherwise inappropriate data in the student's file.

The Act provides that no party may review a student's record with the exception of the following, who do not need written consent of the student to view a record: other school officials, officials of other schools or systems in which the student intends to enroll, authorized representatives of (1) the Comptroller General of the U.S., (2) the Secretary of H.E.W., (3) administrative head of an education agency and (4) state educational authorities. Persons working in connection with a student's application for, or receipt of, financial aid. Any other than those listed above can obtain access to a student's file only upon written release from the student. This record will be available for inspection only by the student. The following procedure has been established for CUW students.

A written request, signed by the student shall be presented to the Registrar or appropriate office. The Registrar, or other appropriate office will arrange a time and date, within 45 days after receipt of the request, for the student to review the record.

The following types of information are considered directory information and may be included in publications or disclosed upon request without consent of the student, but only after public notice of these categories of information has been given in order to allow sufficient time for the student to inform the institution that any and all of this information should not be released without prior consent, such requests can be made in writing to the Registrar's Office:

- student's name
- address including e-mail
- telephone number
- dates of attendance
- photo
- class standing and class schedules
- previous institution(s) attended
- major field of study
- awards
- honors (including Dean's List)
- degree(s) conferred (including date)
- past and present participation in official recorded sports activities
- physical factors (height, weight of athletes)
- date and place of birth

The Act provides the student the right to file with the U.S. Department of Education a complaint concerning alleged failures by the education institution to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office - U.S. Department of Education
600 Independence Avenue, SW - Washington, DC 20202-4605

CAMPUS SAFETY AND CAMPUS CRIME REPORT

The safety of all members of our campus community is a high priority at Concordia University Wisconsin. Become an informed member of our campus community to protect yourself and welcome visitors.

A copy of Concordia University's annual campus security report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by the University; and on public property within, or immediately adjacent to and accessible from the campus. This report also includes institutional policies concerning campus security/safety, such as alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

You may obtain a copy of this report through any one of the means listed below by contacting the Student Life Office of Concordia University requesting either a written copy or an electronic copy (sent via e-mail).

US Mail: Concordia University Wisconsin - Student Life Office
12800 North Lake Shore Drive - Mequon, WI 53097

E-mail: student.life@cuw.edu
Location: Luther Hall, Room 127 (above address)

GRIEVANCE PROCEDURE

Students with grievances may wish to consult with their academic advisor or the appropriate division chairperson. Procedure for the process involved in working through a grievance is spelled out in the Student Handbook.

NON-DISCRIMINATION POLICIES

Concordia University Wisconsin admits qualified students of any age, sex, race, color, national or ethnic origin, physical or mental conditions, or developmental disability, to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Concordia University Wisconsin does not discriminate on the basis of race, color, national or ethnic origin, age, sex, physical or mental condition, or developmental disability in the administration of its admission policies, education policies, scholarship and loan programs, athletic and extra-curricular programs or other school-administered programs. Concordia University does not discriminate on the basis of handicap. (c.f. Section 504 of the Rehabilitation Act of 1973).
